1 RECOMMENDATIONS

1.1 That the Committee note the contents of the report

2 RELEVANT PREVIOUS DECISIONS

2.1 The Audit Committee on 9 June 2005 included in the work programme for 2005-6 a report on the Internal Audit Annual Report 2004-5.

3 CORPORATE PRIORITIES AND POLICY CONSIDERATIONS

3.1 The Council is committed to Best Value and to show that services represent value for money and that there is a continuous drive to improve quality, efficiency and effectiveness of the service (Corporate Plan).

4 RISK MANAGEMENT ISSUES

- 4.1 The purpose of the Internal Audit Annual Report 2004-5 is to highlight to the Chief Executive, Audit Committee, lead member, Corporate Management Team and External Audit, the findings of Internal Audit work conducted in 2004-5 (for work that has not previously been reported in the 2004-5 Interim Annual Report).
- 4.2 The report identifies those areas which are of significant risk in the work undertaken by Internal Audit during this period.

5 FINANCIAL, STAFFING, ICT AND PROPERTY IMPLICATIONS

5.1 None

6 LEGAL ISSUES

6.1 None.

7. CONSTITUTIONAL POWERS

7.1 Constitution Part 3 Paragraph 2 details the functions of the Audit Committee including "Satisfying the Council that the internal auditor carries out sufficient systematic reviews of the internal control arrangements, both operational (relating to effectiveness, efficiency and economy) and financial".

8. BACKGROUND INFORMATION

Introduction

8.1 The report provides summary details of all Internal Audit reports which have been agreed and finalised with clients as at 30 June 2005. The report identifies those areas which are of significant risk

Executive Summary

- 8.2 Although it is impractical to give an overall opinion on the control environment, generic control weaknesses are identified in the analysis document at Appendix B. As can be seen, the most recurring areas of weakness are:
 - Either no or inadequate policies and procedures (26 instances out of a total 159 recommendations made).
 - Recommendations in this area do not necessarily mean that policies and/or procedures do not exist but that improvements or additions to existing policies and/or procedures may be required.
 - Inadequate monitoring of management information to ensure objectives are achieved (17/159) and
 - Lack of monitoring and administrative controls over the reliability and integrity of data (15/159)
- 8.3 The first two of these were identified as key weaknesses in the Internal Audit interim annual report for 2004-5 and all three in the annual report for 2003-4.
- 8.4 We have made recommendations to address all weaknesses in the respective reports, which, if implemented, will improve the overall control environment.
- 8.5 39% of recommendations were 'priority 1' i.e. 'significant risk that either objectives will not be met efficiently and effectively or that fraud or irregularity will not be prevented or detected'.
- 8.6 58% of recommendations were 'priority 2' i.e. 'only limited assurance that objectives will be met efficiently and effectively and that fraud or irregularity will be prevented or detected'.

Follow-ups

8.7 All Internal Audit work where a recommendation has been made is followed up as a matter of course. The annual report provides summaries of the findings at follow-up audits. Follow-up excerpts also indicate how the level of audit assurance has changed as a result of management implementation of recommendations. Details of the assurance revisions on the 50 follow-ups conducted in the report period are detailed below.

| Risk Category | No. |
|--------------------------------|-----|
| High to low/Medium to Low: | 22 |
| High to Medium: | 6 |
| Low to Low: | 4 |
| High to High/Medium to Medium: | 18 |
| Total | 50 |

Corporate Governance and Risk Management

Corporate Governance

8.8 We conducted a corporate governance review in 2002-3 The follow-up review was completed in 2003-4 and concluded that significant improvements have been made but identified that further improvements are required regarding performance management, risk management and financial systems. At the time of writing this report we are finalising the fieldwork on a further audit review of corporate governance. The findings of this review will be reported in the interim annual audit report 2005-6 which will be reported to this Committee on 21st December 2005.

Risk Management

8.9 We undertook a formal audit of the processes and arrangements in place to deliver an embedded risk management structure in 2003-4. The overall conclusion was limited assurance that objectives would be achieved as implementation was at an early stage. Robson Rhodes conducted a further full audit of Risk Management in 2005-6 which included following up the recommendations made in the Internal Audit report. We have relied on the work of external audit in this area. External Audit's final report came to the conclusion that:

'the current arrangements and processes form a good foundation for further developing risk management so that the areas for improvement identified during our review can be addressed.'

Anti-Fraud Work

8.10 The Corporate Anti Fraud Team (CAFT) was set up on 1 April 2004. Internal Audit continues to liaise closely with the team to ensure that maximum improvements are delivered to the Council's control environment. CAFT report independently to the Audit Committee.

9. LIST OF BACKGROUND PAPERS

9.1 None

2004/05 Annual Audit Plan Update @ 30th June 2005

Notes:

1. Audit work highlighted in red is additional work not shown on original 2004/05 Audit Plan which includes:

Newly commissioned work Work carried forward from 2003/04 Work deferred from 2003/04

- 2. Under 'Original Quarter Planned' numbers in brackets indicate new start quarter for jobs which have been moved.
- 3. Under 'Title of Audit/Project' titles in italics indicate that the audit has been renamed.
- 4. Under 'Job Type' the key is as follows:

KC = Key Control

P = Project

S = System

F = Follow-up

CF = Carry Forward job
