MANAGER  
Agenda item 13.1

12. **The amendment in the name of Councillor Monroe Palmer referred to in Item 6 of the Democratic Services Manager report was incomplete. The first sentence had been omitted. The Complete amendment is set out below.**

*“Replace the second paragraph with the words*

Council believes that Cyprus can succeed as an independent state only with reconciliation and respect for the fundamental rights of both the Greek and the Turkish communities. Council believes that the government of the United Kingdom, the European Union and the United Nations should seek a solution that balances the interests of the two communities within a democratic federal state with a single international identity, its independence being guaranteed by the United Nations. Further, that a future settlement of property rights must recognise the legitimate claims of the Greek Cypriot population who were evicted in 1974 - an issue of particular concern to the citizens of the Municipality of Morphou with whom the London Borough of Barnet is twinned”.

**Delete** the third paragraph.”
