Opposition Policy Item: Councillor Alison Moore

10:10 Campaign

Council believes we must do everything possible to reduce the council's carbon footprint, and help contribute towards an overall reduction in carbon emissions in Barnet, London and the UK.

Council notes the 10:10 campaign to unite every sector of British society to achieve a 10% cut in the UK's carbon emissions in 2010.

Council asks Cabinet to sign-up to the 10:10 campaign and in doing so encourage partners, contractors, staff and residents to do the same.
