Pages 25 - 32

1 Devonshire Crescent, London, NW7 1DN

16/0823/HSE

Further comments received from Councillor Khatri (speaking in the capacity of a local resident and neighbour).

The proposal is still an over development and disproportionate to the existing dwelling house. The property is 15m from the rear of the property at 78 and closer at 80 – 82. How does this fit in with the 21m rule?

This extension and roof structure is going to be overbearing to the properties at 82, 80, 78 & 76 Devonshire Road which properties back on to 1 Devonshire Crescent. There is a flat roof section which may facilitate a loft conversion in the future and this work may not be recognised were it to happen.

The view is going to be dominant from the rear of properties and be overbearing. This would negatively affect the streetscene. This would be the biggest change to a property in the locality. There would be a significant loss of light for 2 Devonshire Crescent.
