Summary

The Better Care Fund (BCF) is the current national policy approach for integrating health and adult social care. It has been running since 2014-15. The BCF spans both the NHS and local government and seeks to join-up health and care services, so that people can manage their own health and wellbeing and live independently in their communities for as long as possible. The policy brings together resources from the NHS and local government and requires local plans to be produced and overseen by each Health and Wellbeing Board across England.

The Barnet Health and Wellbeing Board's (HWB) BCF plan has a total pooled budget of £36,828,790, for the financial year 2019-20. The plan supports the core work programmes

of care closer to home and the UEC pathway including transfers of care.

Usually, national BCF guidance is issued each December for the following financial year's BCF plans. The Barnet HWB then approves the Barnet BCF plan in the subsequent spring, for submission to NHS England, and the plan is then enacted for the new financial year. However, for the period 2019-20, the detailed national BCF planning requirements and timescales for submission were published on 18th July 2019. The published national planning requirements set a date of 27th September 2019 for submission of the BCF plan to NHS England (NHSE).

As the plan was requested part way through 2019-20, our 2019-20 BCF plan focuses on continuation and the transitioning of good practice to business as usual.

As the publication of the planning requirements came out after the July 2019 HWB meeting and the BCF submission date of 27th September was before the Board's October meeting, Officers submitted the plan on the required date, with a note that it was subject to approval at the HWB meeting on the 3rd October 2019.

This report presents the 2019-20 BCF Plan for approval.

Officers Recommendations

- 1. That the Health and Wellbeing Board approve the Barnet Better Care Fund plan for 2019-20.
- 2. That the Health and Wellbeing Board (HWB) note that progress will be monitored by the Health and Wellbeing Board Joint Executive Group (HWBJEG) and regularly reported to the HWB.

1. WHY THIS REPORT IS NEEDED

- 1.1. This report updates the HWB on the BCF Plan 2019-20 and asks the HWB to approve the plan, following its submission to NHS England (NHSE) on 27th September 2019.
- 1.2. The Better Care Fund (BCF), one of the biggest incentives for the integration of health and social care, requires Clinical Commissioning Groups (CCG) and Local Authorities to pool budgets and to agree an integrated spending plan for how they will use their allocation.

2. BACKGROUND

2.1. The BCF has been in place since 2014-15. The BCF is a mechanism for joint health and social care planning, service commissioning and delivery of activity to patients'/residents.

- BCF has been created to provide residents with integrated health and social care services, resulting in an improved experience and better quality of life.
- 2.2. The planning requirements document is issued from central government and the CCG and Council work together to produce a robust delivery plan. With the planning guidance there is also an indication of the funding that will support the plan in our area if it meets the requirements.
- 2.3. There are four national conditions that have to underpin our plan:
 - 1. Plans to be jointly agreed
 - 2. NHS contribution to adult social care to be maintained in line with the uplift to CCG Minimum Contribution
 - 3. Agreement to invest in NHS commissioned out-of-hospital services, which may include 7-day services and adult social care
 - 4. Managing Transfers of Care: A clear plan for improved integrated services at the interface between health and social care that reduces Delayed Transfers of Care (DToC), encompassing the High Impact Change Model for Managing Transfers of Care. As part of this all Health and Wellbeing Boards adopt the centrally-set expectations for reducing or maintaining rates of DToC during 2019-20 into their BCF plans.
- 2.4. There is an expectation that the submission will include:
 - a. New focus on the link to the NHS Long Term Plan
 - b. Allocations have been agreed with a slight increase (5.3%) in funding allocation from NHS England.
 - c. Additional funding in line with the guidance
- 2.5. As per the policy and planning requirements, the Barnet BCF Plan in 2019-20 continues the work set out in the previous two-year plan. This refreshed plan incorporates adjustments/improvements based on what has worked well to date, and lessons learned from what has worked less well. It takes into consideration the wider work underway via the North Central London (NCL) Sustainability and Transformation Partnership (STP) programme, the local initiatives led by the Primary Care Networks (PCNs) and the Urgent & Emergency Care (UEC) boards. It also includes a response to new NHS England guidance on the ambitions of the NHS Long Term Plan (LTP).

3. Progress to Date

- 3.1. Locally, schemes within the BCF plan have resulted in a number of shared Council and CCG achievements:
 - Achievement of the DTOC targets for the period 2017-19
 - Achievement of the residential and enablement metrics
 - Increased number of patients being managed in the community. Only between 0-1 percent of patients managed by the rapid response service were re-referred to acute services within 7 days.
 - Improvements in the discharge to assess pathways
 - Transformation of community based services, including rapid response

- 3.2. Our BCF initiatives aim to improve the experience of Barnet residents in receipt of support from the health and social care system. Much effort has been made to ensure that the respective parts of the health and social care system are working in an integrated way. Initiatives supporting this approach include:
- 3.2.1. The discharge to assess pathways (D2A) which started has a pilot in 2017 has been embedded within the system.
- 3.2.2. The enhanced care homes programme, providing "Significant 7" training and medicines management support to homes has supported the system to reduce the number unplanned admissions or attendances from care homes participating in the scheme. The training enables staff to spot deteriorating patients and initiate preventative support (where applicable). The training offered covers:
 - Dementia Awareness,
 - End of Life.
 - Communication
- 3.3. However, the BCF plan did not achieve its target for a reduction in non-elective admissions. This remains an area for improvement and a programme delivery risk along with the delayed transfer of care target in 2019-20.
- 3.4. Full details of the 2017-19 plan are available in the link in section 7.3.

4. The Better Care Fund 2019-20

- 4.1. The 2019-20 plan is an opportunity for Barnet to drive progress on the key strategic aims of promoting people's wellbeing as detailed in the HWB strategy.
- 4.2. To refresh the BCF Plan, we undertook a systematic review of services funded by the BCF. The review found that majority of the schemes supported or enabled the delivery of the BCF metrics and conditions, however, there were a small number of reallocations due to service(s) being decommissioned or transformed over the course of the two-year period:
- 4.2.1. Primary Prevention Early intervention (including Risk). Funding originally supported the implementation of a primary care risk stratification tool and IT Interoperability. Tool was decommissioned in 2017 on the basis that it was not adding value to the process of identifying patients with higher needs. As part of the management of patient flows from acute into a community setting the funding contributed to offsetting increased activity levels in the community equipment service.
- 4.2.2. Seven-day community support: The integrated locality team (BILT) service was decommissioned in 2018-19. Funding was re-allocated to the transformed community based planned and unplanned services commissioned from Central London Community Health Trust (CLCH). Funding for the council post was re-allocated to support the delivery of seven-day support.
- 4.2.3. Shared care record Funding redistributed to support social care demand pressures as the programme of work is being developed via the Health Information Exchange work being progressed at a NCL STP level.

- 4.3. The vision for the final year of this Better Care Fund period is to continue to invest in community based services that will enable the local health and care system to deliver services closer to home at the right time in the right place.
- 4.4. As a continuation of the 2017-19 plan, the BCF Plan 2019-20 as shown in Appendix A is presented for review and support by the Health and Wellbeing Board.

5. CHANGES AND NEW DEVELOPMENT TO THE 2017-19 PLAN

- 5.1. Financial:
- 5.1.1. The funding allocations for the 19/20 BCF are summarised below:

Funding Sources	Allocation
DFG	£2,542,210
Minimum CCG Contribution	£24,947,930
iBCF	£7,891,161
Winter Pressures Grant	£1,447,489
Additional LA Contribution	£0
Additional CCG Contribution	£0
Total	£36,828,790

- 5.1.2. Allocations have been agreed with a slight increase (5.3%) in funding allocation from NHS England¹. This was determined after the completion of CCG operating plans which were compiled on the basis of a 1.79% uplift for all CCGs.
- 5.1.3. Additional funding from NHSE (subject to approval) has been made available to the health and wellbeing area for social care schemes. Winter Pressures Funding is pooled in the BCF for the first time and must be used to address demand pressures on the NHS during Winter. The funding is paid to LA with social care responsibilities as a direct grant with a requirement to pool it in their local BCF plan.
- 5.2. The table below show how the uplift in the BCF is reflected in the BCF plan.

New Schemes for 19/20		
LBB Support Team to manage patients discharges from acute settings	Social Care	£247,304

¹ https://www.england.nhs.uk/wp-content/uploads/2019/07/better-care-fund-ccg-minimum-allocations-2019-20.xlsx

Total		£1,364,227

5.3. BCF Planning Timescales

National Deadlines	Date
Request additional social care funding	6 th September
BCF planning submission from local Health and Wellbeing Board areas (agreed by CCGs and local government). All submissions will need to be sent to the local BCM, and copied to england.bettercaresupport@nhs.net	By 27 September
Scrutiny of BCF plans by regional assurers, assurance panel meetings, and regional moderation	By 30 October
Regionally moderated assurance outcomes sent to BCST	By 30 October
Cross regional calibration	By 5 November
Assurance recommendations considered by Departments and NHSE	5 – 15 November
Approval letters issued giving formal permission to spend (CCG minimum)	Week commencing 18 November
All Section 75 agreements to be signed and in place	By 15 December

6. ALTERNATIVE OPTIONS CONSIDERED AND NOT RECOMMENDED

6.1. N/A

7. POST DECISION IMPLEMENTATION

7.1. Not applicable. All areas are required to submit a BCF Plan.

8. IMPLICATIONS OF DECISION

8.1. **Corporate Priorities and Performance**

- 8.1.1. The BCF plan aligns with the overarching aims of the Barnet Joint Health and Wellbeing Strategy 2015 to 2020: Keeping Well; and Promoting Independence as well as the Barnet Corporate Plan, Barnet 2024.
- 8.2. Resources (Finance & Value for Money, Procurement, Staffing, IT, Property, Sustainability)

8.2.1 A breakdown of the proposed spend is set out in the main BCF plan for 2019-20, summary below.

8.3. Social Value

- 6.3.1 The Public Services (Social Value) Act 2012 requires people who commission public services to think about how they can also secure wider social, economic and environmental benefits.
- 6.3.2 Therefore, prior to initiating a procurement process, commissioners should consider whether and how the services they procure or the procurement methodology could secure additional value and benefits for their area or stakeholders.
- 6.3.3 Social Value will be considered during any procurement and review activity detailed as part of the BCF plan for 2019-20. Our plans clearly recognise the importance of addressing wider factors such as education, employment, income and welfare. These wider factors can both impact on and be impacted by the health and wellbeing of an individual or population, and need to be considered in order to make sustainable improvements to health and wellbeing

6.4 Legal and Constitutional References

- 6.4.1 The BCF is allocated to Local Areas and placed into pooled budgets under joint governance arrangements detailed in s75 Agreements for Integrated Care between CCGs and Councils (Section 75 of the NHS Act 2006, provides for CCGs and local authorities to pool budgets). In Barnet, s75 Agreements and spend are monitored by the HWBJEG which reports its minutes to the HWB.
- 6.4.2 Under the Council's constitution, Responsibility for Functions (Article 7) the Health and Wellbeing Board has the following responsibility within its Terms of Reference:

(3); 'To work together to ensure the best fit between available resources to meet the health and social care needs of the population of Barnet (including children), by both improving services for health and social care and helping people to move as close as possible to a state of complete physical, mental and social well-being. Specific resources to be overseen include money for social care being allocated through the NHS; dedicated public health budgets; and Section 75 partnership agreements between the NHS and the Council.'

(9); Specific responsibility for:Overseeing public healthDeveloping further health and social care integration

6.5 Risk Management

- 6.5.1 Risk management is an integral part of the BCF plan and there is an embedded risk management plan within the Section 75 pooled budget agreement.
- 6.5.2 Development of the refreshed BCF plan has involved a comprehensive review of the spending plan for 2019-20. HWBJEG have led the detailed work to review the performance of the BCF plan between 2017-19.
- 6.5.3 As part of managing the resilience across the system, partners have considered the overall pressures within the BCF spending plan, the level of investment needed to meet the BCF metrics and national conditions.
- 6.5.4 The HWBJEG is the executive for the BCF pooled budget and delivery of the BCF Plan, therefore the HWBJEG will receive progress updates, finance and risk reports and monitor the delivery of the Section 75. The HWBJEG reports, with its minutes, to the HWBB.

6.6 Equalities and Diversity

6.6.1 Section 149 of the Equality Act 2010 sets out the public sector equality duty which obliges the council and CCG to have due regard to the need to: eliminate unlawful discrimination, harassment, victimisation; advance equality of opportunity between those covered by the Equalities Act and those not covered e.g. between disabled and non-disabled people; and foster good relations between these groups. The protected characteristics are age, disability; gender reassignment; pregnancy and maternity; religion or belief; sex; sexual orientation.

6.7 Corporate Parenting

- 6.7.1 In line with Children and Social Work Act 2017, the council has a duty to consider Corporate Parenting Principles in decision-making across the council.
- 6.7.2 There are no implications for Corporate Parenting in relation to this report.

6.8 Consultation and Engagement

6.8.1 The content of our BCF plan has been discussed with providers as an integral part of our strategic planning processes. The starting point for all discussions has been our jointly agreed JSNA and the priorities and plans agreed by the HWB.

6.9 Insight

- 6.9.1 Our Better Care Fund (BCF) Plan for 2019-20 is informed by the:
 - Refreshed Barnet Joint Strategic Needs Assessment (JSNA)
 - Contract management performance data and any service reviews/evaluations as appropriate
 - The NHS Long Term Plan

Overview

Note on entering information into this template

Throughout the template, cells which are open for input have a yellow background and those that are pre-populated have a grey background, as below:

Data needs inputting in the cell

Pre-populated cells

Note on viewing the sheets optimally

For a more optimal view each of the sheets and in particular the drop down lists clearly on screen, please change the zoom level between 90% - 100%. Most drop downs are also available to view as lists within the relevant sheet or in the guidance sheet for readability if required.

The details of each sheet within the template are outlined below.

Checklist (click to go to Checklist, included in the Cover sheet)

- 1. This section helps identify the data fields that have not been completed. All fields that appear as incomplete should be complete before sending to the Better Care Support Team.
- 2. It is sectioned out by sheet name and contains the description of the information required, cell reference for the question and the 'checker' column which updates automatically as questions within each sheet are completed.
- 3. The checker column will appear 'Red' and contain the word 'No' if the information has not been completed. Clicking on the corresponding 'Cell Reference' column will link to the incomplete cell for completion. Once completed the checker column will change to 'Green' and contain the word 'Yes'
- 4. The 'sheet completed' cell will update when all 'checker' values for the sheet are green containing the word 'Yes'.
- 5. Once the checker column contains all cells marked 'Yes' the 'Incomplete Template' cell (below the title) will change to 'Complete Template'.
- 6. Please ensure that all boxes on the checklist are green before submission.

2. Cover (click to go to sheet)

- 1. The cover sheet provides essential information on the area for which the template is being completed, contacts and sign off.
- 2. Question completion tracks the number of questions that have been completed; when all the questions in each section of the template have been completed the cell will turn green. Only when all cells are green should the template be sent to england.bettercaresupport@nhs.net
- 3. Please note that in line with fair processing of personal data we collect email addresses to communicate with key individuals from the local areas for various purposes relating to the delivery of the BCF plans including plan development, assurance, approval and provision of support.

We remove these addresses from the supplied templates when they are collated and delete them when they are no longer needed.

Please let us know if any of the submitted contact information changes during the BCF planning cycle so we are able to communicate with the right people in a timely manner.

4. Strategic Narrative (click to go to sheet)

This section of the template should set out the agreed approach locally to integration of health & social care. The narratives should focus on updating existing plans, and changes since integration plans were set out until 2020 rather than reiterating them and can be short. Word limits have been applied to each section and these are indicated on the worksheet.

- 1. Approach to integrating care around the person. This should set out your approach to integrating health and social care around the people, particularly those with long term health and care needs. This should highlight developments since 2017 and cover areas such as prevention.
- 2 i. Approach to integrating services at HWB level (including any arrangements at neighbourhood level where relevant). This should set out the agreed approach and services that will be commissioned through the BCF. Where schemes are new or approaches locally have changed, you should set out a short rationale.
- 2 ii. DFG and wider services. This should describe your approach to integration and joint commissioning/delivery with wider services. In all cases this should include housing, and a short narrative on use of the DFG to support people with care needs to remain independent through adaptations or other capital expenditure on their homes. This should include any discretionary use of the DFG.
- 3. How your BCF plan and other local plans align with the wider system and support integrated approaches. Examples may include the read across to the STP (Sustainability Transformation Partnerships) or ICS (Integrated Care Systems) plan(s) for your area and any other relevant strategies.

You can attach (in the e-mail) visuals and illustrations to aid understanding if this will assist assurers in understanding your local approach.

5. Income (click to go to sheet)

- 1. This sheet should be used to specify all funding contributions to the Health and Wellbeing Board's Better Care Fund (BCF) plan and pooled budget for 2019/20. On selected the HWB from the Cover page, this sheet will be pre-populated with the minimum CCG contributions to the BCF, DFG (Disabled Facilities Grant), iBCF (improved Better Care Fund) and Winter Pressures allocations to be pooled within the BCF. These cannot be edited.
- 2. Please select whether any additional contributions to the BCF pool are being made from Local Authorities or the CCGs and as applicable enter the amounts in the fields highlighted in 'yellow'. These will appear as funding sources when planning expenditure. The fields for Additional contributions can be utilised to include any relevant carry-overs from the previous year.
- 3. Please use the comment boxes alongside to add any specific detail around this additional contribution including any relevant carry-overs assigned from previous years. All allocations are rounded to the nearest pound.
- 4. For any questions regarding the BCF funding allocations, please contact England.bettercaresupport@nhs.net

6. Expenditure (click to go to sheet)

This sheet should be used to set out the schemes that constitute the BCF plan for the HWB including the planned expenditure and the attributes to describe the scheme. This information is then aggregated and utilised to analyse the BCF plans nationally and sets the basis for future reporting and to particularly demonstrate that National Condition 2 and 3 are met.

The table is set out to capture a range of information about how schemes are being funded and the types of services they are providing. There may be scenarios when several lines need to be completed in order to fully describe a single scheme or where a scheme is funded by multiple funding streams (eg: iBCF and CCG minimum). In this case please use a consistent scheme ID for each line to ensure integrity of aggregating and analysing schemes.

On this sheet please enter the following information:

1. Scheme ID:

- This field only permits numbers. Please enter a number to represent the Scheme ID for the scheme being entered. Please enter the same Scheme ID in this column for any schemes that are described across multiple rows.

2. Scheme Name:

- This is a free field to aid identification during the planning process. Please use the scheme name consistently if the scheme is described across multiple lines in line with the scheme ID described above.
- 3. Brief Description of Scheme
- This is free text field to include a brief headline description of the scheme being planned.
- 4. Scheme Type and Sub Type:
- Please select the Scheme Type from the drop-down list that best represents the type of scheme being planned. A description of each scheme is available at the end of the table (follow the link to the description section at the top of the main expenditure table).
- Where the Scheme Types has further options to choose from, the Sub Type column alongside will be editable and turn "yellow". Please select the Sub Type from the drop down list that best describes the scheme being planned.
- Please note that the drop down list has a scroll bar to scroll through the list and all the options may not appear in one view.
- If the scheme is not adequately described by the available options, please choose 'Other' and add a free field description for the scheme type in the column alongside.
- While selecting schemes and sub-types, the sub-type field will be flagged in 'red' font if it is from a previously selected scheme type. In this case please clear the sub-type field and reselect from the dropdown if the subtype field is editable.
- 5. Planned Outputs
- The BCF Planning requirements document requires areas to set out planned outputs for certain scheme types (those which lend themselves to delivery of discrete units of delivery) to help to better understand and account for the activity funded through the BCF.
- The Planned Outputs fields will only be editable if one of the relevant scheme types is selected. Please select a relevant unit from the drop down and an estimate of the outputs expected over the year. This is a numerical field.
- 6. Metric Impact
- This field is collecting information on the metrics that a chem will impact on (rather than the actual planned impact on the metric)
- For the schemes being planned please select from the drop-down options of 'High-Medium-Low-n/a' to provide an indicative level of impact on the four BCF metrics. Where the scheme impacts multiple metrics, this can be expressed by selecting the appropriate level from the drop down for each of the metrics. For example, a discharge to assess scheme might have a medium impact on Delayed Transfers of Care and permanent admissions to residential care. Where the scheme is not expected to impact a metric, the 'n/a' option could be selected from the drop-down menu.
- 7. Area of Spend:
- Please select the area of spend from the drop-down list by considering the area of the health and social system which is most supported by investing in the scheme.
- Please note that where 'Social Care' is selected and the source of funding is "CCG minimum" then the planned spend would count towards National Condition 2.
- If the scheme is not adequately described by the available options, please choose 'Other' and add a free field description for the scheme type in the column alongside.
- We encourage areas to try to use the standard scheme types where possible.
- 8. Commissioner:
- Identify the commissioning entity for the scheme based on who commissions the scheme from the provider. If there is a single commissioner, please select the option from the drop-down list.
- Please note this field is utilised in the calculations for meeting National Condition 3.
- If the scheme is commissioned jointly, please select 'Joint'. Please estimate the proportion of the scheme being commissioned by the local authority and CCG/NHS and enter the respective percentages on the two columns alongside.
- . Provider:
- Please select the 'Provider' commissioned to provide the scheme from the drop-down list.
- If the scheme is being provided by multiple providers, please split the scheme across multiple lines.
- 10. Source of Funding:
- Based on the funding sources for the BCF pool for the HWB, please select the source of funding for the scheme from the drop-down list
- $If the scheme is funding across \ multiple \ sources \ of funding, please \ split \ the \ scheme \ across \ multiple \ lines, \ reflecting \ the \ financial \ contribution \ from \ each.$
- 11. Expenditure (£) 2019/20:
- Please enter the planned spend for the scheme (or the scheme line, if the scheme is expressed across multiple lines)
- 12. New/Existing Scheme
- Please indicate whether the planned scheme is a new scheme for this year or an existing scheme being carried forward.

This is the only detailed information on BCF schemes being collected centrally for 2019/20 and will inform the understanding of planned spend for the iBCF and Winter Funding grants.

7. HICM (click to go to sheet)

National condition four of the BCF requires that areas continue to make progress in implementing the High Impact Change model for managing transfers of care and continue to work towards the centrally set expectations for reducing DToC. In the planning template, you should provide:

- An assessment of your current level of implementation against each of the 8 elements of the model from a drop-down list
- Your planned level of implementation by the end March 2020 again from a drop-down list

A narrative that sets out the approach to implementing the model further. The Narrative section in the HICM tab sets out further details.

8. Metrics (click to go to sheet)

This sheet should be used to set out the Health and Wellbeing Board's performance plans for each of the Better Care Fund metrics in 2019/20. The BCF requires plans to be agreed for the four metrics. This should build on planned and actual performance on these metrics in 2018/19.

- 1. Non-Elective Admissions (NEA) metric planning:
- BCF plans as in previous years mirror the latest CCG Operating Plans for the NEA metric. Therefore, this metric is not collected via this template.
- 2. Residential Admissions (RES) planning:
- This section requires inputting the information for the numerator of the measure.
- Please enter the planned number of council-supported older people (aged 65 and over) whose long-term support needs will be met by a change of setting to residential and nursing care during the year (excluding transfers between residential and nursing care) for the Residential Admissions numerator measure
- The prepopulated denominator of the measure is the size of the older people population in the area (aged 65 and over) taken from ONS subnational population projections.
- The annual rate is then calculated and populated based on the entered information.
- Please include a brief narrative associated with this metric plan
- 3. Reablement (REA) planning:
- This section requires inputting the information for the numerator and denominator of the measure.
- Please enter the planned denominator figure, which is the planned number of older people discharged from hospital to their own home for rehabilitation (or from hospital to a residential or nursing care home or extra care housing for rehabilitation, with a clear intention that they will move on/back to their own home).
- Please then enter the planned numerator figure, which is the planned number of older people discharged from hospital to their own home for rehabilitation (from within the denominator) that will still be at home 91 days after discharge.
- The annual proportion (%) Reablement measure will then be calculated and populated based on this information.
- Please include a brief narrative associated with this metric plan
- 4. Delayed Transfers of Care (DToC) planning:
- The expectations for this metric from 2018/19 are retained for 2019/20 and these are prepopulated.
- Please include a brief narrative associated with this metric plan.
- This narrative should include details of the plan, agreed between the local authority and the CCG for using the Winter Pressures grant to manage pressures on the system over Winter.

9. Planning Requirements (click to go to sheet)

This sheet requires the Health & Wellbeing Board to confirm whether the National Conditions and other Planning Requirements detailed in the BCF Policy Framework and the BCF Requirements document are met. Please refer to the BCF Policy Framework and BCF Planning Requirements documents for 2019/20 for further details.

The Key Lines of Enquiry (KLOE) underpinning the Planning Requirements are also provided for reference as they will be utilised to assure plans by the regional assurance panel.

- 1. For each Planning Requirement please select 'Yes' or 'No' to confirm whether the requirement is met for the BCF Plan.
- 2. Where the confirmation selected is 'No', please use the comments boxes to include the actions in place towards meeting the requirement and the target timeframes.

10. CCG-HWB Mapping (click to go to sheet)

The final sheet provides details of the CCG - HWB mapping used to calculate contributions to Health and Wellbeing Board level non-elective activity figures.

4. Strategic Narrative

Selected Health and Wellbeing Board: Barnet

Please outline your approach towards integration of health & social care:

When providing your responses to the below sections, please highlight any learning from the previous planning round (2017-2019) and cover any priorities for reducing health inequalities under the Equality Act 2010.

Please note that there are 4 responses required below, for questions: A), B(i), B(ii) and C)

Link to B) (i) Link to B) (ii)

Link to C)

A) Person-centred outcomes

Your approach to integrating care around the person, this may include (but is not

limited to):

Prevention and self-care

- Promoting choice and independence

Reducing health inequalities

Health of people in Barnet is generally better than the England average. c14% (9,700) of children live in low income families. Life expectancy for both men/women is higher than the England average.

There are inequalities in life expectancy in Barnet by gender, locality/ward and the level of deprivation. Life expectancy at birth in females (85.0 years) and overall life expectancy for both the male and female populations in Barnet is higher than the average for England (male = 79.4 years, female = 83.1 years).

Next Steps:

- Where commissioned services involve a change or transformation of service delivery, the project is subjected to an equalities impact assessment.
- Enhance our prevention programmes with the aim of supporting people to stay well and when people become unwell, to recover quickly.
- Ensure that mental health services continue to have equal priority to physical health services.
- Providing consistent standard of care available to everyone and reduce variation.

Prevention/self-care

Barnet continues to focus on prevention/early intervention for people with care needs and their carers using the strengths-based approach which enables people to focus on their own strengths/assets and recognises what goals they want to achieve, and looks at what community resources are available to support them. We have a diverse/accessible prevention "offer". Our 2017-19 plan included the following initiatives:

- Prevention & wellbeing coordination service Telecare
- community dementia support carers support
- Later Life planning and advice social prescribing

Wellbeing Hub: an integrated primary/community based, stepped care provision of mental health support. The aim of the service is to delay/reduce/prevent people's needs for more formal health and social care interventions and deliver a truly integrated 'Whole System' model of provision ensuring that; the 'Right service is delivered at the right time at the first point of contact for the service user'.

Dementia hub: rolled out widely, offering support for adults with dementia and their carers. Attendees have access to Dementia Advisors/Dementia Cafes/ community activities and day opportunities/information and advice.

Later Life Planning: offers information/advice/support including advice on welfare/benefits/housing/support services as well as advice and practical support on keeping healthy and active.

Access services including primary and social care assessment:

Early identification and proactively targeting of those at risk of becoming frail or unwell via our care closer to home programme has enabled our local providers to work in an integrated manner, evidenced through the PCN2 multi-disciplinary team approach which provides proactive support for patients.

B) HWB level

(i) Your approach to integrated services at HWB level (and neighbourhood where applicable), this may include (but is not limited to):

- Joint commissioning arrangements
- Alignment with primary care services (including PCNs (Primary Care Networks))
- Alignment of services and the approach to partnership with the VCS (Voluntary and Community Sector)

Joint Commissioning Arrangements

The finances of the BCF are contained within a Section 75 agreement signed by the CCG and Council. Barnet has a joint commissioning unit responsible for leading on joint initiatives and procurements. Jointly commissioned services include

- Community Equipment service
- Care Quality Team
- Barnet Integrated learning disability team

Alignment with Primary Care

Our 2017-19 plan was delivered through a shared Care Closer to home programme. Below is a summary of achievements:

Delivery of Care Closer to Home Integrated Networks (CHINs) and Quality Improvement Support Teams (QISTs).

We mobilised three CHINs between 2017-19; following the introduction of primary care networks (PCNs), we subsequently transformed our CHINs and have 7 PCNs that now provide 100% coverage across the borough. Summary of progress:

- The first Barnet PCN centred on a group of five practices located in Edgware/Burnt Oak/Watling Way. Together these practices had a registered population of c.50,000, equating to c.12.5% of the Borough's total GP registered population and focused on Diabetes and paediatric access. Outputs Includes o A successful bid to the Diabetes Transformation programme for money to support diabetes management in primary care via a D-QIST project The project initiated during quarter four 2017-2018 with the local community service provider to deliver the three diabetes treatment targets. The offer includes support to maximise early identification and support and the proactive management of high blood pressure, atrial fibrillation, chronic kidney disease and diabetes. We are currently evaluating the outcomes from the pilot.

o Multi-agency support offer: The Council worked with the PCN to establish links between the PCN and services provided/supported by the Council that support residents' physical, mental, emotional and financial wellbeing e.g. the Burnt Oak Opportunity Support Team (BOOST) a multi-agency team with staff from Job Centre Plus, Barnet Homes, and the Council's Benefits Service and Education and Skills Team. BOOST helps people to become more involved with their wider community and overcome barriers to employment.

Developing an enhanced and expanded model of multi-disciplinary working across Barnet for older people and those with long term conditions.

- The second PCN centred across a group of practices in the North Locality focused on frailty, based on prevalence and demography. Outputs Include:
- Delivering support in advanced care planning and the management of the frail elderly.
- PCN2 led on redesigning the local frail elderly multi-disciplinary team (MDT).
- 2 and developing a GP led model delivered at practice/PCN level
- Our third PCN selected Paediatrics as their clinical focus and commencing the development of the new service model / pathway.

Demand Management - Community Admission Avoidance Schemes

Schemes implemented to reduce the level of admissions to RFL Hospitals from Barnet care homes, which are proving successful: These include:

- Significant 7 training to care and nursing home staff; the training offered covers:
- Dementia Awareness,

- 1

(ii) Your approach to integration with wider services (e.g. Housing), this should include:

- Your approach to using the DFG to support the housing needs of people with disabilities or care needs. This should include any arrangements for strategic planning for the use of adaptations and technologies to support independent living in line with the

As part of implementing the last two-years BCF plan stakeholders and commissioners, within the health and wellbeing area, have worked towards delivering the objectives set out in our local Accommodation Strategy for Vulnerable People.

The strategy clearly details the rational for:

- a rapid increase in extra care units,
- new models of step up/step down provision
- and an integrated approach to DFGs, enablement and community equipment.

Disabled Facility Grant (DFG)

With the DFG forming part of our overall approach to supporting the local agenda on prevention and early intervention it is anticipated that our integrated approach towards commissioning services will continue to ensure that people access to the support to enable them to remain at home and in their communities for as long as possible.

Grants are administered by RE (Regional Enterprise) This contract is between the council and a joint venture company jointly owned by Capita and the council

Achievements:

- The Council invested £55 million capital funding to build an additional 200 extra care housing units, including for couples.
- o Ansell Court, a dementia friendly scheme with 53 flats (51 x 1 bedroom flats and 2 x 2 bedroom flats), is the first week of April 19.
- o The next scheme is scheduled to commence building works in 2020.
- All referrals of adults for DFG are assessed by our social work team and occupational therapists who work together to apply our 'strengths based approach' having 'good conversations' at the start of the application for DFG supported people along appropriate pathways.
- We have established processes for considering new accommodation and support e.g. A key step is to consider extra care as a high quality and sustainable option alongside additional telecare and equipment.
- We provide equipment, minor adaptations, telecare, housing options and support to move as well as the major adaptations funded by the DFG.

Our aim in 2019-20 is to continue to:

- support more people of all ages to live in suitable housing so they can stay independent for longer and join up action across housing, health and social care to achieve this.
- Use to DFGs, in conjunction with the Council's Accommodation Strategy to secure early discharge from hospitals and reduce non-elective admissions.

C) System level alignment, for example this may include (but is not limited to):

· How the BCF plan and other plans align to the wider integration landscape, such as STP/ICS plans

- A brief description of joint governance arrangements for the BCF plan

Alignment to the wider integration landscape

Whilst this plan is in part a continuation of the 2017-19 plan, it has been significantly refreshed/expanded to incorporate our increased ambition, including the delivery of key initiatives from the NCL STP.

In addition, CCG and Central London Community Healthcare (CLCH) (in-year) have revised the structure of services initiating a Transformation plan for CLCH community teams to further integrate forming just two teams enabling better sharing of resources/ improved communication/joint working that will enable greater efficiencies in service delivery (increased cross-cover and training) and improved patient experience. This means that therapists/nurses who were part of a separate team are now pooled into a planned care or unplanned care team working on shared care plans. The revised service structure is as follows

Planned Care

- 1. Integrated Care Falls Prevention Service
- 2. Early Supported Discharge for Stroke patients
- 3. Intermediate Care Therapy
- 4. Continence Service: Specialist Nursing Bladder & Bowel
- 5. Inpatients (Stroke & Rehabilitation)
- 6. Barnet Integrated Locality Team (BILT) Case Management
- 7. District 24 hour Community Nursing

Unplanned Care

- 1. Rapid Response Service
- 2. Discharge to assess pathways

Integrated Care Falls Prevention Service

Service delivers a consultant led service in a clinic setting and falls assessments by trained therapists. The assessments have since been moved to be 'everybody's business within the newly formed planned care team, meaning that more therapists will be trained to undertake falls assessments and prevention interventions.

- The service, an integral part of a falls prevention system, identifies patients susceptible to fall; supporting them and their carers in managing falls/osteoporosis; strengthening the preventative and self-care pathway.
- Carers are also at risk of falling due to the nature of the role and early identification prevents falls in this group.
- Team, works closely with community rehabilitation, community nursing, social care, GPs, primary and secondary care services and the voluntary sector to provide a comprehensive Falls Prevention Service. Therapists also visit people in their community to educate and raise awareness of key falls risk factors and how to reduce or avoid them.

Outcomes

100% of patients receive self-management information on falls prevention, and on average across 2017-19 86% of patients showed a reduction in fear of fulling (a key predictor of future falling) on discharge, with 99% on average showing and increase of 6 or more points on the Berg Balance Score on discharge.

7. High Impact Change Model

Explain your priorities for embedding elements of the High Impact Change Model for Managing Transfers of Care locally, including:

- Current performance issues to be addressed

- The changes that you are looking to embed further - including any changes in the context of commitments to reablement and Enhanced Health in Care Homes in the NHS Long-Term Plan

- Anticipated improvements from this work

The detailed expenditure tab demonstrates the breadth of the Barnet BCF plan in investing in NHS commissioned services out of hospital. This includes not only NHS community services and social care services but a range of prevention services and enablement services targeted at helping resident in community settings. Where residents do require a stay in hospital Barnet has commissioned services to enable them to be discharged to the most appropriate setting to support in

8.2 Delayed Transfers of Care

	19/20 Plan	Overview Narrative
Delayed Transfers of Care per day (daily delays) from hospital (aged 18+)	20.6	Achievements From 2017-19 the targets have been achieved through a mixture of service improvement, use of the Improved Better Care Fund and crucially, work with NHS Trusts to ensure joined up working. A number of innovative programmes have been initiated through the Barnet BCF to reduce the pressure across the health and social care system and will continue to support the system in 2019-20. These include: - Establishment of new discharge pathways including the enhanced nursing service - Mobilising additional community capacity, opening Adams ward

Please set out the overall plan in the HWB area for reducing Delayed Transfers of Care to meet expectations set for your area. This should include any assessment of how the schemes and enabling activity for Health and Social Care Integration are expected to impact on the metric. Include in this, your agreed plan for using the Winter Pressures grant funding to support the local health and care system to manage demand pressures on the NHS, with particular reference to seasonal winter pressures.

Please note that the plan figure for Greater Manchester has been combined, for HWBs in Greater Manchester please comment on individuals HWBs rather than Greater Manchester as a whole. Please note that due to the merger of Bournemouth, Christchurch and Poole to a new Local Authority will mean that planning information from 2018/19 will not reflect the present geographies.

Theme	Code	Planning Requirement A jointly developed and agreed plan	Key considerations for meeting the planning requirement These are the Key Lines of Enquiry (KLOEs) underpinning the Planning Requirements (PR) Has a plan; jointly developed and agreed between CCG(s) and LA; been submitted?	Please confirm whether your BCF plan meets the Planning Requirement?	Please note any supporting documents referred to and relevant page numbers to assist the assurers	Where the Planning requirement is not met, please note the actions in place towards meeting the requirement	Where the Planning requirement is not met, please note the anticipated timeframe for meeting it
	PR1	A jointly developed and agreed plan that all parties sign up to	Has a plant; jointly developed and agreed between CLG(s) and LC been submitted? Has the HWB approved the plan/delegated approval pending its next meeting? Have local partners, including providers, VCS representatives and local authority service leads (including housing and DFG leads) been involved in the development of the plan? Do the governance arrangements described support collaboration and integrated care? Where the strategic narrative section of the plan has been agreed across more than one HWB, have individual income, expenditure, metric and HICM sections of the plan been submitted for each HWB concerned?	Yes	Barnet BCF Plan		
NC1: Jointly agreed plan	PR2	A clear narrative for the integration of health and social care	Is there a narrative plan for the HWB that describes the approach to delivering integrated health and social care that covers: - Person centred care, including approaches to delivering joint assessments, promoting choice, independence and personalised care? - A clear approach at HWB level for integrating services that supports the overall approach to integrated care and confirmation that the approach supports delivery at the interface between health and social care? - A description of how the local BCF plan and other integration plans e.g. STP/ICSs align? - Is there a description of how the plan will contribute to reducing health inequalities (as per section 4 of the Health and Social Care Act) and to reduce inequalities for people with protected characteristics under the Equality Act 2010? This should include confirmation that equality impacts of the local BCF plan have been considered, a description of local priorities related to health inequality and equality that the BCF plan will contribute to addressing. Has the plan summarised any changes from the previous planning period? And noted (where appropriate) any lessons learnt?	Yes	BCF Summary of schemes page 5 & 6		
	PR3	A strategic, joined up plan for DFG spending	Is there confirmation that use of DFG has been agreed with housing authorities? Does the narrative set out a strategic approach to using housing support, including use of DFG funding that supports independence at home. In two tier areas, has: - Agreement been reached on the amount of DFG funding to be passed to district councils to cover statutory Disabled Facilities Grants? or - The funding been passed in its entirety to district councils?	Yes	strategic narrative Bi

Yes	BCF Summary of schemes page 4		
NC3: NHS commissioned Out of Hospital Services	PR5	Has the area committed to spend at equal to or above the minimum allocation for NHS commissioned out of hospital services from the CCG minimum BCF contribution?	Does the total spend from the CCG minimum contribution on non-acute, NHS commissioned care exceed the minimum ringfence (auto-validated on the planning template)?	Yes	BCF Summary of schemes page 4		
NC4: Implementation of the High Impact Change Model for Managing Transfers of Care	PR6	Is there a plan for implementing the High Impact Change Model for managing transfers of care?	Does the BCF plan demonstrate a continued plan in place for implementing the High Impact Change Model for Managing Transfers of Care? Is there are confirmed the current level of implementation and the planned level at March 2020 for all eight changes? Is there an accompanying overall narrative setting out the priorities and approach for ongoing implementation of the HICM? Does the level of ambition set out for implementing the HICM changes correspond to performance challenges in the system? If the current level of implementation is below established for any of the HICM changes, has the plan included a clear explanation and set of actions towards establishing the change as soon as possible in 2019-20?	Yes	BCF Summary of schemes page 7,8,9,10		

Agreed expenditure plan for all elements of the BCF	PR7		Have the planned schemes been assigned to the metrics they are aiming to make an impact on? Expenditure plans for each element of the BCF pool match the funding inputs? (auto-validated) Is there confirmation that the use of grant funding is in line with the relevant grant conditions? (tick-box) Is there an agreed plan for use of the Winter Pressures grant that sets out how the money will be used to address expected demand pressures on the Health system over Winter? Has funding for the following from the CCG contribution been identified for the area? - Implementation of Care Act duties? - Funding dedicated to carer-specific support? - Reablement?	Yes	Barnet BCF Plan	
	PR8	Indication of outputs for specified scheme types	Has the area set out the outputs corresponding to the planned scheme types (Note that this is only for where any of the specified set of scheme types requiring outputs are planned)? (auto-validated)	Yes	Barnet BCF Plan	
Metrics	PR9	Does the plan set stretching metrics and are there clear and ambitious plans for delivering these?	Is there a clear narrative for each metric describing the approach locally to meeting the ambition set for that metric? Is there a proportionate range of scheme types and spend included in the expenditure section of the plan to support delivery of the metric ambitions for each of the metrics? Do the narrative plans for each metric set out clear and ambitious approaches to delivering improvements?
