Summary
This is a report on the volumes of applications that have been received into the Licensing Department in 2013-2014

Recommendations
1. That the Licensing committee consider and note the following report on the volumes of work into the licensing department in relation to applications for 2013-2014.

1. WHY THIS REPORT IS NEEDED

The Licensing Act 2003 makes the Council the Licensing Authority for licensing the sale of alcohol, the provision of regulated entertainment and late night refreshment in pubs, off-licences, clubs and restaurants in the Borough. There are approximately 1,000 licensed premises within the London Borough of Barnet.

The Gambling Act 2005 makes the Council the licensing authority for gambling premises in the Borough. The Council has a number of important regulatory functions in relation to gambling. These include licensing premises, regulating gaming and gaming machines in clubs, granting permits to what the Guidance refers to as 'family entertainment centres' for the use of certain lower stake gaming machines, regulating gaming and gaming machines on alcohol licensed premises, granting permits for prize gaming, and registering small society lotteries.

There are currently 72 gambling premise licences in the borough. There are approximately 34 permits and 55 Small Society Lottery registrations

2. REASONS FOR RECOMMENDATIONS

Attached at Appendix 1 is information on the volumes of work undertaken in relation to applications by the Licensing Authority in 2013-2014.

A comparison of the work flow for the past three years shows that the volume of work again remains fairly static. In some applications there has been a decrease in applications and others an increase.

There has been a slight increase in the number of minor variations which may be that more businesses are recognising this as a useful application process in relation to small changes to their premises.

For the first time in a number of years there has been a decrease in the number of Temporary Event Notices (TENs) applied for. The Licensing Department are unsure of why this has decreased this year. It may be that many of the premises who were applying for TENs have now applied for or varied the premises licence. However we plan to look into this further to ensure that the right information is out there for businesses in relation to when they need a TEN.

The data indicates that there has been a large increase in the number of sub committees meetings. Part of this is due to an increase in the number of postponed or withdrawn applications that are then heard on another day. Sub Committee meetings can only be postponed in the public interest. A number of meetings have been adjourned in the public interest, this year the main reason is applicant availability issues. It has been deemed that postponement in these cases is in the public interest. A number of hearings were withdrawn as agreement was reached between the applicant and the representee prior to the hearing

The other reason for an increase in hearings is the increase in the number of reviews held. These reviews were all brought by the metropolitan police and included a number of summary and expedited reviews which means a short turn around time between application and first summary hearing (48 hours).

In 2013-2014 no sub-committee decisions were appealed, which indicates that there is good decision making undertaken by the committee

4. POST DECISION IMPLEMENTATION

5. IMPLICATIONS OF DECISION

5.1 Corporate Priorities and Performance

Timely legal and fair decisions support objectives contained within the Corporate Plan. In particular in relation to a “successful London suburb” by ensuring that only legal, well regulated licensable activity occurs within the borough

5.2 Resources (Finance & Value for Money, Procurement, Staffing, IT, Property, Sustainability)

Administration and enforcement of the relevant Acts are carried out by the Licensing team, together with support from Legal Services and from Governance Services, when arranging and co-ordinating arrangements for hearings where there are objections. The costs associated with this work are met within existing budgets.

5.3 Legal and Constitutional References

The Licensing Act 2003 placed the responsibility for making local licensing policies and considering applications for licenses on local authorities acting as licensing authorities. The Gambling Act 2005 performed a similar role in respect of gambling premises.

5.4 Risk Management

It is prudent to monitor performance to ensure that the Licensing function is delivered efficiently and effectively.

In particular it is important for the Licensing Authority to monitor the number of appeals made against decisions and the outcomes of these appeals. Low levels of appeals and instances of the Courts upholding the Licensing Authorities decisions are good indicators that the Licensing Authority is making made legal and fair decisions within statutory timescales

5.5 Equalities and Diversity

The Council has a legal obligation to have due regard to the need to eliminate unlawful discrimination and to promote equality of opportunity and good relations between persons of different groups.

When considering applications and representations, only issues provided for in the relevant legislation and associated Guidance, in addition to the licensing authority's policy will be taken into account. This will ensure a consistent approach is adopted. Under the terms of the policy, every application will be considered on its own merits, regardless of the race, colour, nationality, ethnic origin, sex, marital status, disability or age of the individuals involved.

The community in Barnet has a richness of diversity with a broad range of cultural activities and entertainments. Applications will be dealt with in accordance with the Act. Guidance will only be issued and conditions will only be imposed that are reasonable, proportionate and strictly necessary for the promotion of the four licensing objectives.

Summary
This report seeks approval from the Committee to engage in consultation on a draft Street Trading Policy.

Recommendations
<ol style="list-style-type: none"> 1. That the draft Street Trading Policy be approved for consultation and that Officers be instructed to report to the next Licensing Committee meeting on the outcome of the consultation

1. WHY THIS REPORT IS NEEDED

In January 2008 the London Borough of Barnet adopted the current regime in relation to street trading. The Introduction of this street trading regime has allowed for the effective control of the street scene. The Council is able to attach relevant conditions to ensure good practice and control issues such as nuisance, crime and disorder. Where there is non compliance, licences can be revoked and appropriate enforcement action taken.

There are currently approximately 70 temporary street trading licences and 6 permanent pitches in the borough.

The current street trading policy was adopted in July 2013.

2. REASONS FOR RECOMMENDATIONS

The London Borough of Barnet has very recently been contacted by traders in relation to street markets within the borough. It is widely recognised that street markets can benefit an area not only in terms of regeneration, economic development, culture and tourism, but also in relation to food and health, community cohesion and the environment.

Currently the policy has a section in relation to street markets, however this section is restrictive in the time limits it imposes and also may not provide adequate control over the market traders. Therefore to be able to help encourage well controlled and beneficial street markets in the borough these sections have been reviewed and amended.

In November 2013 the Licensing Committee agreed for a draft policy to be consulted on. However since that time the London Borough of Barnet has been approached by a number of businesses and individuals interested in street trading and street markets. As a result of this increase in demand a further interim review has been undertaken of street trading– the result of this is a few minor amendments made to the draft policy. Therefore the need to seek further approval in relation to the new draft policy.

The London Borough of Barnet will be undertaking a further review of their strategy in relation to regeneration of the town centres and therefore street trading. So it is likely that further reviews of the policy will be made before the end of the year.

The policy may be changed at any time after adoption (after further consultation), and will be regularly reviewed.

The proposed draft street trading policy for agreement prior to formal consultation can be found in Appendix 1.

3. ALTERNATIVE OPTIONS CONSIDERED AND NOT RECOMMENDED

4. POST DECISION IMPLEMENTATION

If approved by the Committee, the street trading policy will be submitted for consultation with all relevant stakeholders during the next 6 weeks, in accordance with best practice. All replies will be taken into account and the policy, revised as necessary, will be submitted to this Committee for final approval at its next meeting. The Committee will then be asked to recommend that the Policy be adopted at a meeting of the full Council.

5. IMPLICATIONS OF DECISION

5.1 Corporate Priorities and Performance

Street trading supports objectives contained within the Corporate Plan. In particular, in relation to “maintaining the right environment for a strong and diverse local economy” as street trading can contribute to the economic, cultural, environmental and social well being of the borough.

Street trading also supports the Sustainable Community Strategy 2010-2020 in relation to helping create a successful London Suburb as street trading supports enterprise within the London Borough of Barnet.

5.2 Resources (Finance & Value for Money, Procurement, Staffing, IT, Property, Sustainability)

Administration and enforcement of street trading will be carried out by the Licensing team, together with support from Legal Services and from Governance Services, when arranging and co-ordinating arrangements for hearings in relation to Permanent Pitches.

The current fees were set in 2008 and are being reviewed at the same time as the policy, any expenditure will be contained within the licensing departments budgets

5.3 Legal and Constitutional References

The London Local Authorities Act 1990 allows such Authorities to license street markets. To ensure consistency in decision making an agreed sound policy is needed.

Constitution, Responsibility for Functions, Annex A details the functions of the Licensing Committee including street trading.

5.4 Risk Management

The lack of a sound policy or the adoption of an unsound policy may result in poor decisions being taken and could cause difficulty to businesses and residents. This would leave the authority open to challenge by way of Judicial Review in relation to the policy and/or appeal of a Licensing Committee decision to the Magistrates' Court. This would adversely affect the Councils reputation.

5.5 Equalities and Diversity

The Council has a legal obligation to have due regard to the need to eliminate unlawful discrimination and to promote equality of opportunity and good relations between persons of different groups.

When considering street trading applications, only issues provided for in the London Local Authority Act 1990 (as amended), in addition to the authority's street trading policy will be taken into account. This will ensure a consistent approach is adopted. Under the terms of the policy, every application will be considered on its own merits, regardless of the race, colour, nationality, ethnic origin, sex, marital status, disability or age of the individuals involved.

The community in Barnet has a richness of diversity with a broad range of cultural activities and entertainments. Applications will be dealt with in accordance with the Act

5.6 Consultation and Engagement

If approved by the Committee, the street trading policy will be submitted for consultation with all relevant stakeholders during the next 6 weeks, in accordance with best practice. All replies will be taken into account and the policy, revised as necessary, will be submitted to this Committee for final approval at its next meeting. The Committee will then be asked to recommend that the Policy be adopted at a meeting of the full Council.

The consultation document will be sent to the Police, all Members, all current holders of a street trading licence in our area and the Environmental Health and Highways departments of the London Borough of Barnet

In so far as is possible, the consultation document will be emailed to the relevant consultees, a hard copy will be sent where this is not appropriate. All of the consultation documents will also be published on the Council's website.

A specific consultation response document has also been produced. This can be found in Appendix 2 and this will be sent out with the consultation
