Unnecessary/No problems/exiting hrs work well

Too expensive/Don't want to pay or can not afford the extra costs

Money making scheme

Displaced parking/traffic

Visitor problems/tradesmen and worker problems/Detrimental to residents lives/detrimental to elderly and families

Hours too long

Not on Saturdays

Detrimental to local business/amenities

Not enough resident bays

Suffer parking problems in road/parking congestion/no space overnight due to high number of resident vehicles etc

Suggested amendments, changes, additional requestsetc

Want to be able to park on their crossover during the day

Extend hours into a wider area

Would be detrimental to school drop off and pick up times

Parents would not be able to park further away from the school in order to walk their children to and from school as they do now

Parents would not be able to park close to the school

Child safety concerns

Would reduce parking opportunity for parents during pick up and drop off

Detrimental to the school/staff/visitors/volunteers/Parent

Believes the school was not consulted and given the opportunity to comment

School already has a very strong 'walk to school' STP in place/would be detrimental to this and the voluntary one-way system

1	1	1							1	
1	1			1						Signed petition. Objection letter states he was not asked to sign a petition. Pays high council tax so parking should be included
	1	1	1	1	1	1	1	1	1	Suffers from parking problems but can not afford the increase in costs and there would not be enough space. Could put an additional bay o/s 20 and 22/24.
1	1		1	1					1	Implement the extended hours in the top section of Dollis Park only - from main rd to Cruch Crescent
1		1								Parking problems due to Offices and Gym in Dollis Park. Large lorries visiting these buildings are dangerous. The parking situation is dangerous for the school. Would like 20mph speed limit.
									1	Parking problems due to Offices and Gym in Dollis Park. Would definitely like extended hours up to Chruuch Crescent. Worried about local building/planning applications will result in making parking worse - increase hrs to 8am-8pm
									1	Need to enforce the waiting restrictions outside the Gym - no. 4 Dollis Park and extend w/r here to aat. Also would like some of the general permit bays in the area converted to resident only instead
	1			1						Council should use other means to deter people using their cars, such as provide cycles and cycle parking etc. Liaise/engage with businesses to get them to encourage their staff and customers to use car parks, public transport and/or park responsibly - council led descussion
1	1	1	1	1		1			1	Council should use other means to deter people using their cars, such as provide cycles and cycle parking etc. Liaise/engage with businesses to get them to encourage their staff and customers to use car parks, public transport and/or park responsibly - council led descussion not needed so far down the road. OAP - can't afford changes
1	1			1		1			1	
1	1		1	1						
1	1		1	1					1	If proposals go ahead, they should be extended all the way down Dollis Park
1	1	1	1	1						Will not solve the problems

Will not solve problem, only move it. Have an additional time slot/operational period in the day instead of all day

Will not solve problems. Too expensive and restrictive for elderly people
Concerned on the impact/safety issues on the school

retired. No problems during 1 hour operational time, people move their cars - maybe a 2 hour zone would help.
a 2 hour zone would be sufficient. Situation is livable

consultation period too short. No evidence that parking is a problem. Surveys should be carried out in favour of of restrictions/need them but can't afford them
Would like hours extended in the whole of Church Cres and in Clifton Ave

Extend hrs in a wider area. No need to extend on a sat. Weekday hrs shuld be 9-5 to allow for school drop off. Worried about local development in Dollis Park. Chruch Crescent needs a passing place

In favour of the aat proposals and the additional bay proposals
Not always possible to park right outside house but can always find space close by
Not always possible to park right outside house but can always find space close by
Insufficient justification for proposals in Church Crescent, Only top of Dollis Park has probs
Parking is heavy but there are spaces - its not unreasonable to exect not to be able to park outside your house

Problems only at the op of Dollis Park
Residents own too many cars and restrictions on the number of permits allowed would cause problems for many households if hrs extended

Should carryout parking surveys to see who is parking here

Worried about rising costs of permits and vouchers. If proposals are implemented the extended hrs should be introduced in other surrounding roads

Too many posts have been put up in the area and is a waste of money.
CPZ does not make life easier/parking harder - will result in more driveways being created

Do not want a CPZ
If it goes ahead - only extend in Dollis Park
permit and voucher allowance is too restrictive
Problems are only in Dollis Park. In favour of the extra bays and the DYLS

1	1			1				1						1
			1	1								1		
1			1	1										
			1											1
		1		1	1									1
		1	1		1									
		1		1					1					
		1		1	1									
2	4	4	7	5	0	0	3	0	0	0	0	1	3	

Create more parking away from residential roads to help solve the problem.
if goes ahead, include Clifton Ave
The CPZ does not solve problems as reduces no of spaces. Enforce inconsiderate parking ie one vehicle taking up two spaces. Problems only at the top of Dollis Park. Different timings wld creat too much confusion
Will not solve problems
Extend in Clifton Aven and other surrounding roads
Extend in Clifton Ave

Do not want CPZ in Clifton Ave

1			1										1											1	1					Belives whole area is to be extended
1													1											1	1
