<h2>Summary</h2>
<p>This report seeks approval from the Committee to approve a new Street Trading Policy which is then recommended to full council for adoption.</p>

<h2>Recommendations</h2>
<p>1. This report asks the Committee to consider and approve the proposed revisions/amendments to the London Borough of Barnet’s Street Trading Policy, and to recommend to full council for its meeting on 16th December 2014</p>

1. WHY THIS REPORT IS NEEDED

In January 2008 the London Borough of Barnet adopted the current regime in relation to street trading. The Introduction of this street trading regime allowed for the effective control of the street scene in the borough. The Council is currently able to attach relevant conditions to ensure good practice and exercise control over issues such as nuisance and crime and disorder. Where there is non-compliance, licences can be revoked and appropriate enforcement action taken.

There are currently approximately 70 temporary street trading licences and 6 permanent pitches in the borough.

The current street trading policy was adopted in July 2013.

This policy is reviewed and assessed by the Licensing Team on a regular basis to ensure that it satisfies the interests of both the authority and the residents and that it is in keeping with trends identified within the business community. It has become evident that there is a desire from local traders for more regular markets and street markets within the borough. This is also an option that is being considered and encouraged by the council's Regeneration Team.

It was felt that the current street trading Policy did not adequately address the processes and procedures for allowing regular street markets to be held within the borough in line with the current trend.

The proposed new policy is attached at Appendix 1. A 6 week consultation has been under taken on this policy between 22nd September 2014 and the 7th November 2014

The consultation document was sent to the Police, all Members, all current holders of a street trading licence in Barnet and the Environmental Health and Highways departments of the London Borough of Barnet. It was also placed on the consultations area of the council's website.

A total of three responses were received, two did not have a view on the policy and one disagreed with the policy. However the person who disagreed in relation to the policy raised issues in relation to enforcement around street trading rather than the policy document. A breakdown of responses can be found in Appendix 2.

2. REASONS FOR RECOMMENDATIONS

The London Borough of Barnet has very recently been contacted by traders in relation to setting up new street markets within the borough. It is widely recognised that street markets can benefit an area not only in terms of regeneration, economic development and culture and tourism, but also in relation to health, community cohesion, the environment and the availability of affordable and ethnically diverse food.

Currently the policy contains a section relating to street markets, however this section is restrictive in the time limits it imposes and also may not provide adequate control over the market traders. Therefore to be able to help encourage well controlled and beneficial street markets in the borough this section has been reviewed and amended.

In November 2013 the Licensing Committee agreed for a draft policy to be issued for consultation. However since that time the London Borough of Barnet has been approached by a number of businesses and individuals interested in street trading and street markets. As a result of this increase in demand a further interim review has been undertaken of the street trading regime – the result of this is a few minor amendments having been made to the draft policy.

The licensing team is therefore seeking further approval from the Licensing Committee in relation to the new draft policy.

The London Borough of Barnet will be undertaking a further review of their strategy in relation to regeneration of the town centres which will have an impact on street trading. It is therefore likely that further reviews of this policy will be made within the near future.

The policy may be changed at any time after adoption (after further consultation) and will be regularly reviewed.

3. ALTERNATIVE OPTIONS CONSIDERED AND NOT RECOMMENDED

The Licensing Committee could decide not to accept the proposed amendments to the Street Trading Policy. However there has been an increase in the number of street market requests in the past few years. The London Borough of Barnet needs to ensure that their policy remains relevant to street markets and retains the appropriate level of control and supervision over these markets.

4. POST DECISION IMPLEMENTATION

If approved by the Committee, the Committee will recommend that the Policy be adopted at a meeting of the Full Council on 16th December 2014

5. IMPLICATIONS OF DECISION

5.1 Corporate Priorities and Performance

Street trading supports objectives contained within the Corporate Plan. In particular, in relation to “maintaining the right environment for a strong and diverse local economy” as street trading can contribute to the economic, cultural, environmental and social wellbeing of the borough.

Street trading also supports the Sustainable Community Strategy 2010-2020 in relation to helping create a successful London Suburb as street trading supports enterprise within the London Borough of Barnet.

5.2 Resources (Finance & Value for Money, Procurement, Staffing, IT, Property, Sustainability)

Administration and enforcement of street trading will be carried out by the Licensing team, together with support from Legal Services and from Governance Services, when arranging and co-ordinating arrangements for hearings in relation to Permanent Pitches.

The current fees were set in 2008 and are being reviewed at the same time as the policy, any expenditure will be contained within the licensing departments budgets.

5.3 Legal and Constitutional References

The London Local Authorities Act 1990 (as amended) allows such Authorities to license street markets. Definitions for 'Street Trading' and 'Streets' can be found in section 21 of the London Local Authorities Act 1990 (as amended) ("the Act"). Under the Act the Council is responsible for granting, renewing, varying or revoking all street trading licences. This function is generally undertaken by the Licensing Sub-Committee under delegation from the Licensing Committee (the Committee) Annex A of the Council's constitution. Street trading without the required licence is an offence under section 38 of the London Local Authorities Act 1990 and carries a maximum fine of £1,000 upon conviction. The trader's goods may be seized and where appropriate an application made to Magistrates for a forfeiture order. Additionally prosecutions may be taken for obstruction of the highway under section 137 of the Highways Act 1980. To ensure consistency in decision making an agreed sound policy is needed.

5.4 Risk Management

The lack of a sound policy or the adoption of an unsound policy may result in poor decisions being taken and could cause difficulty to businesses and residents. This would leave the authority open to challenge by way of Judicial Review in relation to the policy and/or appeal of a Licensing Committee decision to the Magistrates' Court. This would adversely affect the Council's reputation.

5.5 Equalities and Diversity

The Council has a legal obligation under section 149 of the Equality Act 2010 to have regard to the need to eliminate unlawful discrimination and to promote equality of opportunity and good relations between persons of different groups.

When considering street trading applications, only issues provided for in the London Local Authority Act 1990 (as amended), in addition to the authority's street trading policy will be taken into account. This will ensure a consistent approach is adopted. Under the terms of the policy, every application will be considered on its own merits, regardless of the race, colour, nationality, ethnic origin, sex, marital status, disability or age of the individuals involved.

The community in Barnet has a richness of diversity with a broad range of cultural activities and entertainments. Applications will be dealt with in accordance with the Act

5.6 Consultation and Engagement

The policy was consulted upon for the 6 weeks prior to the 7th November 2014, in accordance with best practice. All replies have been taken into account.

The consultation document was sent to the Police, all Members, all current holders of a street trading licence in our area and the Environmental Health and Highways departments of the London Borough of Barnet

The policy's seem to be only for current street traders not the people with shops who take up half the high way and show no regard	The policy is in relation to street trading and is centred around the application process. Any enforcement action would be taken in line with our enforcement policy. Which is a separate policy. This is stated in this policy.
