Total	(17,269)	(19,577)	(12,269)	(10,677)	(8,109)	(67,901)

Appendix C - Adults & Safeguarding Committee

Line ref	Opportunity Area	Description of saving	Consultation (Hov are we consulting on this proposal)		Impact Assessment		Budget				S	avings pe	r annum				
				Impact on Service Delivery	Impact on Customer Satisfaction	Equalities Impact	2014/15 £000	201 £000	5/16 FTE	2016 £000	/17 FTE	201 £000	7/18 FTE	2018 £000	/19 FTE	2019 £000	9/20 FTE
Efficiency E1	Adults Social Care	Savings through supporting people in the community as opposed to high cost care packages and residential placements The 'Community Offer' delivers savings through supporting people in the community and offering alternative ways to meet statutory social care needs as opposed to high cost care packages and residential placements. This will lead to increased use of universal services, enablement, telecare, equipment and direct payments instead of a traditional home care and residential care. The 'Community Offer' will be delivered by multi-disciplinary teams of social workers, occupational therapists, telecare and direct payments advisors. The net cost of supporting someone on a community alternative is cheaper than traditional care. This is an on-going initiative.	year.	Potential increase in personal budgets. Potential increase in take up of telecare and assistive technology (local target). However, the service has been experiencing increasing safeguarding referrals and this proposal could compromise our ability to safeguard vulnerable residents as our overall capacity to assess, manage and review people's support is decreased. Custome service contact centre will also work on development of approach in relation to CSG provider, carers and self- funders.	if not carefully managed, supported and communicated Potential decrease in custome satisfaction and increase in complaints. However aim is to increase customer satisfaction	High - This change affects both staff and residents. Adult Social Care workforce analysis has demonstrated that it is mainly female and over the age of 40 years. Any staff changes will need to access disproportionality across the service. The organisational management of change policy will need to be followed. Customer, impact - As services are re-configured access account will need to be taken of different groups support needs to access prevention and early intervention services including information and advice, the use of technology to self assess and use of a range of different support planning and monitoring services. EIA 1 for residents updated, minimal positive impact.	14,554	(858)									
E2	Older Adults and Younger Adults (all groups)	Savings through supporting people in appropriate housing as opposed to high cost placements Reduction in cost of residential third party placements by: Innovative use of support and housing options to deliver savings whilst ensuring promoting choice and independence for customers. The savings proposals are: • Full year impact of Re-commissioning our Floating Support contract • Develop additional Sheltered Plus accommodation - Housing options will be subject to discussion and consulation with individual service users on their individual needs on a case by case basis.	General Consultation. Floating support consultation took place in 2013	This is dependent on appropriate and accessible housing stock. Potential increase in use of telecare and assistive technology (local target). Potential improvement in customer satisfaction. This is also dependent on enablement and intermediate care developments.	Low - Services users an enabled to stay at home for longer	Low - the increase use of telecare and assistive technology will ensure that more people are enabled to live at home for longer. However, there is a dependency on influencing regeneration and new builds to ensure that developments are suitable for people with disabilities and that sufficient accommodation exists in the borough to ensure people with a disability can live in the borough. the increase in enablement service will also contribute to the reduction of short term residential care use. EIA 2 for residents updated minimal negative impact.	20,747	(704)									
E3	Across Services	Savings through supporting people by increasing investment in carers support to prevent/reduce the need for funded care Savings to be achieved through efficiently coordinating and personalising services for carers so that there is a clear 'Carers Offer' throughout the carers journey. This will help the carer sustain their role, and reduce the need to access specialist services including hospital and residential care. In 2012/13 2,179 carers had an assessment, of these it is assumed that 25% support individuals that would otherwise be in residential care. Increasing this by 5% would generate sufficient savings to meet this target and aid people to live more independently with more choice and control. However this will in practice mean that people will receive lower cost packages which could be perceived negatively.	General Consultation	Low - Increase support to carers will enable them to continue to care and remain independent. For young carers they will be supported to access education and employment along side their caring duties.	Low - Improved customer satisfaction	Low - this proposal will improve services to a protective group. EIA 3 for carers completed, minimal positive impact.	2,003	(550)									
E4	Across Services	Savings through decreasing external third party expenditure on day care costs by increased access to universal leisure services and specific renegotiations. Savings to be achieved through: (1) Partnership working with leisure services to offer more mainstream leisure activities reducing dependence on specialist day care provision, using a dedicated leisure co-ordinator. (2) Reviewing provision of transport in relation to day activities.	General Consultation	Current saving is predicated on a 10% reduction of external spend with day car providers and therefore the impact on service delivery is expected to be low. Further analysis is required once work is completed on what the synergies are.	this will need to be reviewed depending on model used.	Expected to be medium - this proposal will have a positive impact on service users as they will have more choice, will be kept under review as model develops Could be challenge in from service users and carers in relation to any changes to transport. EIA 4 completed, minimal positive impact.	6,474	(660)									
E5	Younger Adults: Mental Health	Savings through sharing funding arrangements with MHT Individuals who have received treatment under the mental health act on a section 3 at the point of discharge are subject to section 117 aftercare. There is an agreement currently that anyone subject to S117 will automatically be jointly funded between health and social care. The proposed changes would not impact on the Council's ability to provide these services.	General Consultation	This saving assumes that new models of mental health services being introduced will result in less people requiring ongoing support to manage their care and support needs and therefore facilitate changes staffing model in Mental Health Trust. Potential increase in numbers of Personal Budgets .	customer satisfaction	Medium - There maybe a disproportionate impact on people who use mental health services, particularly those from BME communities. Further assessment will be needed to undertaken to fully analysis the impact. EIA 5 completed, significant positive impact.	4,865	(401)									
E6	Across Services	Savings through reduction in staffing costs Reductions in back office transactional functions through new ways of working and exploring new innovative models.	General consultation and specific consultation is likel with staff	This saving is focused on exploring new models of delivering back office savings, and opportunities through the new ly commissioning council model and therefore no impact on service delivery i anticipated.	clearly mapped and considered from customer perspective to manage possible negative	Low - None of the proposals target services d which support people from specific ethnic, religious, sex or gender groups. Consequently, no differential impact has been identified in relation to those dimensions of equality. This will need to be kept under review as plans are developed, going forward. EIA 6 completed, impact not known.	14,753	(300)	6								

Line ref	Opportunity Area	Description of saving	Consultation (How are we consulting on this proposal)		Impact Assessment		Budget				Sa	ivings per a	annum		
							2014/15	201		2016		2017/		2018/19	2019/20
				Impact on Service Delivery	Impact on Customer Satisfaction	Equalities Impact	£000	£000	FTE	£000	FTE	£000	FTE	£000 FTE	£000 FTE
E7	Younger Adults	Savings through HRA investment in new build which will result in reduction in high cost placements Savings to be achieved through increasing independent living options for Younger Adults with physical/learning disabilities and Mental Health issues. This proposals includes a new build programme using HRA monies for wheelchair accessible housing and working with Barnet Homes and the private rented sector to source suitable accommodation for younger adults. Housing options will be subject to discussion and consultation with individual service users on their individual needs. Barnet Homes will carry out specific consultations with tenants and RE through the statutory planning process, where required.	General Consultation.	Medium - This proposal would lead to lower net costs of supporting people with physical disabilities. It is heavily dependent on securing HRA investment.	should widen the opportunities	Medium - this proposal will have a positive impact on one of the protective characteristic groups. EIA 7 completed, significant positive impact.	15,487	(1,513)							
E8	Across Services (procurement spend)	Savings from renegotiation of existing contracts Procurement savings achieved through: - working with providers to contain inflationary pressures	General Consultation	Low - service delivery is not anticipated to be negatively impacted.	Low - will need to manage any provider changes.	Medium - review of equalities impact on all commissioning decision to ensure any differential impact is understood and appropriately responded to. Impact not known. This EIA will be reviewed after the consultation.	5,266	(600)							
E9	Across Services	Savings through reduction in expenditure by working with CSG provider Stretch of demand management and efficiency saving proposals to be identified through working with CSG provider to improve efficiency and self service, targeting the following: - Developing new model of Social Care in relation to Care Act - Reducing demand for high cost placements by providing advice and signposting at first point of contact - Reducing costs of third party spend through procurement activity - Combining Adults Social Care duty functions and elements of the assessment process with the Adult Social Care Direct in CSG	General Consultation	Expected to be low - The Customer Services Transformation programme has started to develop Customer Services that provide a more efficient customer experience, deliver more customer contact through channels which are mos cost effective, ensuring good service to customers. Act as an advocate to ensure customers receive services that respond effectively to their needs and provide information and insight needed to work with service providers inside and outside of the council. Further improvements in a single front door, improved information and advice and improvements in a web based self service, are aimed at managing demand more effectively but are also about making sure that service users, their carers and the wider residents of Barnet are able to have as much choice and independence for as long as possible.	This will need to be kept under review as new plans are developed with the CSG provider and will be given due consideration before any decision is taken for implementation.	Medium - Customer impact - As services are re-configured access account will need to be taken of different groups support needs to access prevention and early intervention services including information and advice, the use of technology to self assess and use of a range of different support planning and monitoring services. The development of these services is in line with personalisation but will require different levels of support to manage this change. We recognise that select groups within the community (for example older people, learning disabilities, people with high level needs, people whose first language isn't English) will rely on additional support. When commissioning new services, the council will need to work with providers to ensure they meet their equality duties in particular regarding access to services, outreach and marketing of services and monitoring of use. Impact not known.	8,141	(2,000)							
E10	Older Adults and Younger Adults (all groups)	Savings through reduction in placement costs for residents permanently settled out of the borough Where an individual has chosen, as they have capacity, or have moved to another authority in accordance with their families' wishes, (ascertained through a best interest decision where an individual does not have capacity), the receiving authority will be given 3 months' notice regarding transfer of responsibility, which includes any required social care funding. This proposal is not expected to negatively impact service delivery.	General Consultation	Funding debate between local authorities unlikely to impact negatively on service delivery.	Funding debate between local authorities unlikely to impact negatively on customer satisfaction	Low - no differential impact. EIA10 completed, significant positive impact.	13,460	(838)							
E11	3rd Party Spend	Budget proposals for 2016-20 include efficiency savings on third party contracts by approximately 2% per annum. The main areas of contract spend in this area are for the provision of care. The overall budget envelope includes provision for contract inflation of 2.5% per annum, so this saving could be made either from containing inflation on contracts, commissioning different models of service delivery or through improved contract management and negotiation of better rates. The bulk of contract spend in Adults and Communities is on contracts for care services with external providers, including Your Choice Barnet, Fremantle Trust, Jewish Care (the top 3 contracts by overall spend), home care providers, meals on wheels, equipment. There is only 1 block contract - for residential care with Fremantle trust. Other contracts are based on purchasing specific care for individuals (spot/personal budget) without guaranteed volumes. The remit of the Committee also includes contracts with the voluntary sector for prevention services (e.g. Age UK Barnet, Carers Centre).	budget consultation	This proposal increases efficiency of third party contract spend. It is not expected to impact on service delivery. However as most of the spend is on individual care packages, this will need to be risk assessed on a service by service basis.	spend. It is not expected to have a negative impact on	It is not considered that there is an t equalities impact for the proposal. This will be kept under review as the specific proposals develop	78,048			(666)		(652)		(639)	(627)
E12	Staffing Efficiencies	Budget proposals for 2016-20 include workforce efficiency savings of approximately 10% of the relevant delivery unit employee budgets. As government funding for local government services continues to reduce, all Council delivery units will need to review their workforce budgets to ensure that they can improve efficiency by 10% by 2020. Corporate initiatives such as the review of terms and conditions, and the unified pay project, will support delivery units in achieving this saving. Delivery units will also need to review performance management, use of agency staff, management layers and staffing levels p to ensure that this saving can be achieved.	This will be subject to formal consultation with staff affected in 2015 before the saving can be implemented in 2016	This proposal generates a 10% reduction in employee costs to 2020. It is not expected to impact on service delivery	reduction in employee costs to	There is a potential staffing equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	14,971			(375)		(442)		(442)	(442)
E13	Shared services & new delivery models	Identification of alternative delivery model(s) and / or shared service options that can reduce the cost of the adult social care system (staffing costs) and then better utilise the demand management levers (e.g. self-management, early intervention, telecare, enablement, creative support planning) to reduce care costs.	Consultation plan to be developed	Low - should improve the efficiency of delivery.	Not expected to have any impact on customer satisfaction.	There is a potential staffing equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	89,377			(226)		(579)		(579)	(578)

	d was mating in day and a															
R1	d, promoting independer Savings through supporting people in the community as opposed to high cost care packages and residential placements	Continuation of the 'Community Offer' delivering savings through supporting people	required	Medium	Medium. Eligible needs must still be met. However, some users/relatives may still prefer traditional care and find creative options less palatable	There is a potential equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	71,526		(350)		(350)		(300)			
R2	Carers intervention programme - Dementia	Helping older people with dementia to remain at home This proposal recommends investment in order to develop an intensive evidence- based model of support for Barnet carers of people with dementia, in order to increase carer sustainability, delay residential care and manage adult social care demand.	Have undertaken review of services which included views from carers and people with early onset dementia.	Enhanced carers offer	Should increase	There is a potential equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	28,571		(125)		(125)		(125)		(125)	
R3	Housing Revenue Account	Generating general fund savings from providing specialist integrated housing for older people based on the provision of 52 flats with 50% high needs, 25% medium needs and 25% low needs.		More choice for older people, reduced take up of residential care	Should increase	There is a potential equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	28,571		(95)		(285)					
R4	Independence of Young People	Implement a 0-25 disabilities service that better brings together health, care and education to ensure that growth is enabled for young people with disabilities. This should reduce the cost to adult social care arising from lower care package costs for those transitioning at the age of 18 over this period. than has been the case for past transitions cases.		Should enable less dependence on social care and more fulfilling lives. Eligible needs must still be met. However, some users/relatives may still prefer traditional care and find creative options less palatable	Should lead to better outcomes but may be difficulties in embedding new way of working	There is a potential equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	37,639		(125)		(125)		(125)		(125)	
R5	Older Adults - carers in work	Support to help people remain caring and in work by increasing support to carers and employers in the borough enabling carers to remain in work and caring. Savings are from cost avoidance of increased homecare support.	To be scheduled	Should improve	Should improve	There is a potential equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in the relevant budget year.	5,906				(141)		(152)			
R6	Older Adults - DFGs	Increasing choice in retirement and for younger disabled adults - investment in an increased advice and support service promoting adaptions and moving to a more suitable home. Savings are based on incremental impact of adaptation/move avoiding costs of enablement, increased homecare and residential care admission.	Research underway	Should improve	Should improve	It is not considered that there is an equalities impact for this proposal. This will kept under review during the consultation period.	28,571								(405)	
R7	Older Adults - retirement abroad	Increasing choice in retirement - 40% of people want to retire abroad + providing information & support through a national partner with appropriate expertise will help them realise this. Savings based on cost avoidance of homecare based on people taking advantage of the service and delaying their take up of social care.	Research underway	Should improve	Should improve	There is a potential equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in the relevant budget year.	28,571						(162)		(162)	
R8	Personal assistants	Develop methods of increasing numbers of personal assistants in Barnet, as an alternative to home care agencies. Service users directly employ the personal assistant and therefore are able to personalise and control their care and support to a very high level. Savings are based on an average reduction of care costs per user per year of £1,000, as a result of increased control of care and support plans and lower over head costs than home care agencies. Currently (October 2014), 1,788 service users receive their home care support from a home care agency.	Consultation with service users planned as part of homecare tender.	Low	Should improve - more choice	There is a potential equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	5,906		(60)		(140)					

Line ref	Opportunity Area	Description of saving	Consultation (How are we consulting on this proposal)		Impact Assessment		Budget				\$	Savings pe	r annum				
					1	1	2014/15	201	5/16	2010	8/17	201	7/18	2018	2/19	201	19/20

R9	Support for Working age adults	Review support packages and develop support plans (with appropriate enabling / transition) to meet needs at a lower cost. This is likely to include the following: Increase the supply and take-up of supported living and independent housing opportunities supporting transitions from those currently in residential settings. Develop a more creative and cost effective review and support planning process. Ensure that this considers how technology can enable people with learning disabilities to live more independently. Improve the carer's offer and support planning process to ensure carers feel able to continue to support an individual for as long as they can. Stimulate the market to encourage providers who can effectively focus on enablement and development. Develop the employment support offer for adults with learning disabilities and ensure there are sufficient employment opportunities available in the borough.	budget consultation	TBD	High - likely to require changes to packages of care	There is a potential equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	37,639			(425)		(425)		(425)		(425)	
R10	Grants payment	Reduction in grant funding for voluntary organisations providing universal / low level / early intervention services	Part of general budget consultation	TBD	TBD	There is a potential equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	1,800			(59)

Appendix C - Policy & Resources Committee

Line ref	Opportunity Area	Description of saving	Consultation (How are we consulting on this proposal)	Impact	t Assessment		Budget				Savings p	er annum			
							2014/15	201		2016/17		017/18	2018/19	201	
				Impact on Service Delivery	Impact on Customer Satisfaction	Equalities Impact	£000	£000	FTE	£000 F	TE £000	FTE	£000 FTE	£000	FTE
Efficiency E1	Electoral Registration	Savings through reduced canvassing costs aided by increase in online registration. This is a 2015/16 saving and we believe there are savings to be achieved in electoral registration through increased online registration. Over the next 12 months work will be underway to ensure this saving is achievable through this mechanism.		Early indications from the initial implementation of IER (that introduced online registration) is that canvass costs are actually likely to increase. As electors remain on the register without having to re-register every year it appears likely (based on the 'transitional canvass) to have the effect that responses to the HEF (the new annual canvass form) will actually be much lower than in recent years. The IER legislation however still requires a canvasser to visit every property that does not respond to the HEF. In addition - changes to legislation introduced with IER mean that there is an obligation upon the ERO to canvass throughout the whole year (when previously canvassing has only been required within a specified period of approx. 3 months). These changes, along with evidence that (existing and potential) electors lack of familiarity with the new requirements of electoral registration mean that until IER is established as BAU (realistically in 2016/17) - accurate budget requirements (including indicating increases/savings) will remain very difficult to project.	The current evidence from a significant proportion of customer contacts is that the new (statutory) requirements of IER are more difficult to understand. This means that is considered likely that any reduction in resource will quickly result in higher levels of complaints.	impact on employees https://www.gov.uk/gover it nment/uploads/system/up loads/attachment_data/fil e/61334/Equality-Impact-	49,990	(50)							
E2	Governance	Savings through reduction in printing and courier costs Efficiencies from reduction in printing of committee papers as a result of investment in members IT. This reduction will mean that papers to Members will not be distributed twice weekly by courier service. This will be enabled by Members using computers to read papers and hard copies being available in Hendon Town Hall. Officer hard copies will also not be available. Over the next 12 months work will be underway to ensure this saving is achievable through this mechanism.	N/A	The reduction will mean that papers to Members will not automatically be distributed by courier twice weekly by the service. This will be possible by use of computers by Members to read papers and distribution of papers through group rooms at HTH. Officer hard copies will also not be available.	Change will need to be managed carefully and supporting IS infrastructure improved if members are not to be dissatisfied. This was initially rolled out for 14/15 bu after early problems with Members new IT equipment hard copies are still being provided for time being. A limited number of hard copies will still be available including for public attending meetings so no adverse impact on public.	delivery. No internal EIA it is required because the proposals do not impact on employees. Members will receive appropriate training.	87,677	(50)							
E3	CSG	Savings through reduction in contract costs Contractual savings from CSG contract for support and customer services. The contract went live in September 2013 and saving will be delivered in full. The quality of service specified will be as good as, if not better, than current delivery.	N/A	The output specifications for CSG services require the quality of services to be at least as good as current service performance. More information on impact on service delivery in December report to Cabinet http://barnet.moderngov.co.uk/documents/s6649/NSCSO.pdf	respect of customer services include upgrading IT infrastructure and significant improvements to the quality o	undertaken for the changes envisaged. http://barnet.moderngov.c	34,860	(2,100)							
E4	Legal Services/ Governance	Savings through reduction on spend on external barristers Reduction in expenditure on external lawyers based on use of panel of barristers where better rates have been agreed. This is not expected to have an impact on service delivery.	N/A	Low	Low	None anticipated. No external EIA is required because the proposal does not impact on service delivery.		(200)							
E5	Across Service	Savings through reduction in staff costs There are savings to be achieved through a further staffing restructure across the Commissioning Group.	Consultation with staff and trade unions	Low	Low	Staff equalities impact assessment to be carried out	6,077	(276)	4						
EG	Across Service	Savings through reduction in expenditure on fees London Councils have reduced their grants programme significantly over the last 2 years. Barnet Council's contribution to the London Councils fund – by way of a levy – has also reduced. This saving can therefore be achieved within the existing agreement with London Councils.	N/A	Low	No impact	No impact. It is not considered that there is an equalities impact for this proposal. This will be kept under review during the consultation period.	1,145	(249)							
E7	Across Service	This proposal is in respect of reducing the cost of the remaining Council IT expenditure that does not form part of the CSG contract. The total of this spend across the organisation is approximately £1m per annum. This proposal would reduce this by approximately 10% in 2016/17.		This proposal increases efficiency of IT expenditure. It is not expected to impact on service delivery.	This proposal increases efficiency of IT expenditure. It is not expected to have a negative impact on customer satisfaction.	It is not expected to have	1,114			(140)					
E8	3rd Party Spend	Budget proposals for 2016-20 include efficiency savings on third party contracts by approximately 2% per annum. This saving is in respect of the Commissioning Group and Assurance contract spend. The main areas of contract spend in this area include communications and engagement contracts, internal audit and insurance. The overall budget envelope includes provision for contract inflation of 2.5% per annum, so this saving could be made either from containing inflation on contracts, or through improved contract management and negotiation of better rates.		This proposal increases efficiency of third party contract spend. It is not expected to impact on service delivery	This proposal increases efficiency of third party contract spend. It is not expected to have a negative impact on customer satisfaction.	This proposal increases efficiency of third party contract spend. It is not expected to have an equalities impact.	1,156			(62)	(46)		(45)	(44)	

Line ref	Opportunity Area	Description of saving	Consultation (How are we consulting on this proposal)	Impac	t Assessment		Budget				Sa	vings pe	r annum		
				Impact on Service Delivery	Impact on Customer Satisfaction	Equalities Impact	2014/15 £000	201 £000	5/16 FTE	201 £000	6/17 FTE	201 £000	7/18 FTE	2018/19 £000 F	2019/20 TE £000 FTE
E9	Workforce savings	Budget proposals for 2016-20 include workforce efficiency savings of approximately 10% of the relevant delivery unit employee budgets. As government funding for local government services continues to reduce, all Council delivery units will need to review their workforce budgets to ensure that they can improve efficiency. At this stage, it is expected that this saving can be met without impacting on service delivery, but this assumption will need to be tested throughout the period to 2020. Corporate initiatives such as the review of terms and conditions, and the unified pay project, will support delivery units in achieving this saving. Delivery units will also need to review performance management, use of agency staff, management layers and productivity to ensure that this saving can be achieved. For the commissioning group and assurance, workforce savings are already being delivered for 2015/16, so this saving will be in addition to plans already under development.	This will be subject to formal consultation with staff affected in 2015 before the saving can be implemented in 2016	This proposal generates a 10% reduction in employee costs to 2020. It is not expected to impact on service delivery	This proposal generates a 10% reduction in employee costs to 2020. It is not expected to impact on customer satisfaction	There is a potential staffing equalities impact and this will be kept under review during the consultation period. An Equalities Impact Assessment will come back to PRC in 2016 for 16/17 proposals.	5,664			(580)		(50)			
E10	Members allowance	The bulk of this saving has already been achieved through a revised Scheme of Members Allowances that was agreed by Council on 15 July. The new scheme of Allowances- reflecting the replacement of Cabinet and Scrutiny with eight theme committees- produced a saving of £90,358. In addition, a further £29,541 was saved as no Member may receive more than one Special Responsibility Allowance and some of the SRA paying posts were held by members already in receipt of an SRA. There are underspends in the budget that will fund the remaining savings.		This saving is not anticipated to impact on service delivery.	a This saving will not have an adverse impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	This saving is not expected to have an adverse equality impact.	1,315			(140)					
E11	Shared services & outsourcing	There are a number of opportunities to share services with other local authorities in respect of services in the commissioning group and assurance. These services include health and safety, emergency planning, insurance, internal audit and governance. In practice, this saving would involve shared management of these functions between Barnet and another local authority. Similar arrangements are already in place with Harrow and Brent Council and other bodies in respect of legal services and public health. To generate a saving of £105k, this would involve sharing 2 to 3 management posts with another borough for these services. No firm proposals are currently in place to deliver this saving, but options are being considered to ensure that this is deliverable before 2018.	Part of general budget consultation and would be subject to formal consultation with affected managers of these teams in advance of implementation.	This proposal is in respect of sharing management costs of back office functions with another borough and is not expected to have a service impact.	This proposal is in respect of sharing management costs of back office functions with another borough and is not expected to have an impact on customer satisfaction.	There is a potential staffing equalities impact and this will be kept under review. An Equalities Impact Assessment will come back to PRC in the relevant budget year.	-							(105)	
E12	Minimum Revenue Provision	The Council is required to budget each year for costs associated with the repayment of principle on borrowing costs. This is known as "minimum revenue provision", and is prescribed as part of CIPFA accounting guidance. A review has been undertaken of the Council's MRP calculation, and it concludes that the annual charge is £1m more prudent than is necessary. This dates back to the original calculation made when the current capital financing regime came into place in 2004. This approach has been agreed with the Council's external auditors and is still considered to be a prudent approach.	Part of general budget consultation	This saving is in respect of a revision in capital financing costs and is not expected to have an impact on service delivery	This saving is in respect of a revision in capital financing costs and is not expected to have an impact on customer satisfaction	This saving is in respect of a revision in capital financing costs and is not expected to have an equalities impact	24,025			(1,000)					
E13	Redundancy Payments	Barnet Council revised its redundancy terms and conditions back in 2011 which led to a reduction in individual redundancy payments. This approach was consistent with many other Councils at the time. This, along with a lower level of redundancies per annum (partly arising from the outsourcing of services to CSG and Re) means that the annual budget that the Council sets aside for redundancy can be reduced by £1m per annum.	Part of general budget consultation	This saving is in respect of a reduction in redundancy costs and is not expected to have an impact on service delivery	This saving is in respect of a reduction in redundancy costs and is not expected to have an impact on customer satisfaction	No external EIA is required because the proposal does not impact on service delivery, no internal EIA is required because the proposals do not impact on employees.	5,427			(1,100)					
E14	Stop Contributions	Reduction in spending on annual subscriptions and membership fees to organisations which the Council is currently a member of. Review of spending on annual subscriptions and membership fees to take place in 2015, with recommendations on where to make savings.		Impact likely to be low. To assessed during review of spending on subscriptions and fees.	Impact likely to be low. To assessed during review of spending on subscriptions and fees.	Impact likely to be low. To assessed during review of spending on subscriptions and fees.	678			(400)					
E15	Borrowing costs and interest on deposits	The Council sets aside a budget each year to fund future borrowing costs for additional capital expenditure. This budget is approximately 4.5% of additional capital costs. Over recent years, the Council has not borrowed to fund additional capital expenditure, instead it has used cash balances. In addition, the interest rate on loans is currently less than 4%, leading to an annual saving. If future borrowing costs remain below 4%, then a saving of £3m over the period to 2020 is achievable. If interest rates increase, then the Council will be able to generate additional interest income on deposits, so this saving would also be achievable.	Part of general budget consultation	This saving is in respect of treasury costs and is not expected to have an impact on service delivery	This saving is in respect of treasury costs and is not expected to have an impact on customer satisfaction	This saving is in respect of treasury costs and is not expected to have an equalities impact.	24,025			(1,000)		(1,000)		(1,000)	
E16	Workforce savings	Savings on management and operational costs by merging Barnet's senior management team, commissioning, strategy and corporate functions with another Local Authority - similar to the 'Tri-Borough' model of Westminster, Hammersmith & Fulham and Kensington & Chelsea	Consultation with affected staff in 2017 before final decision taken by Committee	Impact likely to be low on front line services - this is focused on streamlining senior management	Impact likely to be low on fror line services - this is focused on streamlining senior management	t Likely to be limited and relates to equalities impact on Council workforce. Full EIA to be conducted before final decision taken in 2018.	1,597							(639)

Line ref	Opportunity Area	Description of saving	Consultation (How are we consulting on this proposal)		Impact Asses	sment	Budget				S	avings pe	r annum				
				Impact on Service Delivery	Impact on Customer Satisfaction	Equalities Impact	2014/15 £000	2015 £000	/16 FTE	201 £000	6/17 FTE	2017 £000	/18 FTE	2018 £000	/19 FTE	2019 £000	19/20 FTE
Efficiency E1	Development and Regulatory Services	Savings through reduction in contract costs Contractual savings resulting from the joint venture for the provision of development and regulatory services. The contract went live in October 2013 and saving will be delivered in full. The quality of service specified will be as good as, if not better, than current delivery.	Through budget and DRS process	Will be carried out as part of the DRS project.	Expect this to improve	EIA impact assessed in original tender and contract. http://barnet.moderngov.co.u k/documents/s6649/NSCSO.pdf This will be reviewed after consultation.	(115)	(300)	0								
E2	Accommodation Strategy	The current MTFS for 2014-16 already includes circa. £3m per annum of savings on the cost of office accommodation arising from the exit of NLBP4 and consolidation of staff into vacant space in Barnet House and NLBP2. Current plans suggest that the total saving from the exit of NLBP4 could be more than £3m per annum subject to confirmation of costs of moving and costs of dilapidations. This, along with further savings that could arise from exiting from Barnet House as part of a move to Colindale, would generate further savings of approximately £1m per annum by 2017. In addition, rationalisation of the Council's wider estate and opportunities to generate greater income on the commercial portfolio are expected to generate income and cost reductions totalling £1m by 2017.		This saving is in respect of reduced accommodation costs and is not expected to have an impact on service delivery	This saving is in respect of reduced accommodation costs and is not expected to have an impact on customer satisfaction	There is a potential equalities impact and this will be kept under review. An Equalities Impact Assessment will come back to PRC in the relevant budget year.	£8.6m					(2,000)					
E3	Contract Reduction	There is a potential opportunity for additional savings from the Re contract or additional income to be generated from these services over and above the contractual guarantee. £800k represents about 6% of the gross spend Re services, and it is considered that this is a realistic target for additional savings for 2016/17.	Part of general budget consultation	This saving is in respect of the Re supply chain management and is not expected to have an impact on service delivery	This saving is in respect of the Re supply chain management and is not expected to have an impact on customer satisfaction	This saving is in respect of the Re supply chain management and is not sexpected to have an equalities impact				(800)							
E4	Highways	The Council has generated a saving from being part of a pan-London contract for highways works (known as the LOHAC contract). This is expected to deliver savings of £550k per annum while still delivering the same level of service in respect of highways maintenance.	Part of general budget consultation	This saving is in respect of the renegotiation of highways contracts and is not expected to have an impact on service delivery	This saving is in respect of the renegotiation of highways contracts and is not expected to have an impact on customer satisfaction					(550)							
E5	Highways	The Council can generate a saving of £200k per annum on highways maintenance works by exploring cheaper alternatives to paving stones on footways. In many instances alternatives to paving stones are more effective, particularly on tree lined streets.	budget consultation	This saving is not expected to impact on service delivery	There may be an adverse customer perception of highways by using tarmac as opposed to paving stones	There is a potential equalities impact and this will be kept under review. An Equalities Impact Assessment will come back to PRC in February 2016	These all form part of the RE contract, which has a gross budget of 10,668 and managed budgets of 1,065			(200)							
E6	Highways	There is an opportunity to claim money back from third parties in respect of damage to highways and footways. This will result in additional income for the Council.	Part of general budget consultation	This saving is not expected to impact on service delivery	There may be an adverse impact on customer satisfaction from greater enforcement in this area	This saving is not expected to have an adverse equalities impact	1			(100)							
E7	Highways	The Council incurs significant cost each year as a result of insurance claims in respect of the state of highways and footways. A more robust approach to dealing with these claims could result in a reduction in annual expenditure on insurance claims by £50k per annum. No change of policy.	Part of general budget consultation	This saving is not expected to impact on service delivery	There may be an adverse impact on customer satisfaction from this approach	This saving is not expected to have an adverse equalities impact. No change of policy.	5			(50)							
E8	Regeneration	The Council incurs significant expenditure each year on regeneration projects across the borough and this expenditure forms part of the Re contract price. A review of this expenditure has been undertaken and it is considered that £500k per annum of this expenditure can be charged to existing capital programme budgets over the period 2016-20.		This saving will not have an impact on service delivery	This saving will not have an impact on customer satisfaction	This saving will not have an equalities impact				(500)							
Total								(300)	0	(2,200)	0	(2,000)	0	0	0	0	0
Growth and Inco	Increase in CT and BR	The Council's regeneration schemes are currently projecting an increase in Council Tax and business rates over the period 2016-20. This income is over and above the current baseline for both Council Tax and Business rates which will therefore support the Council's budget in terms of additional income.		This proposal will generate additional income for the Council and is not expected to impact on service delivery.	This proposal is no expected to have an adverse impact on customer satisfaction.	This proposal is not expected to have an adverse equalities impact	Budget for CT income is 179,985 and BR is 34,500			(2,435)		(553)		(1,417)		(472)

Part of General Budget Consultation	This saving is not anticipated to impact on service delivery.	This saving will not hav an adverse impact on customer satisfaction.	e Low - The introduction of area-based cleansing may impact on the scheduling of mechanical sweeping. This may impact on residents with disabilities. Linked to savings E2. EIA completed, neutral.	4,255	(350)	20								
E7	Streetscene	Reduction in tree inspections and maintenance Savings will be delivered through a reduction in tree inspections for discretionary areas of the service, whilst essential inspections are maintained.	Part of General Budget Consultation		This saving may have an adverse impact on customer satisfaction.	It is not considered that there is an equalities impact for this proposal. This will be kept under review during the consultation period.	3,744	(50)									
E8	Streetscene	Waste & Recycling route optimisation The development of the more efficient collection of domestic waste and recycling will result in the removal of a number of collection rounds.	Part of General Budget Consultation	This saving is not anticipated to impact on service delivery.	This saving may have an adverse impact on customer satisfaction.	It is not considered that there is an equalities impact for this proposal. This will be kept under review during the consultation period.	4,966	(217)	4								
E9	Commercial	Savings through transforming services to reduce expenditure There is planned efficiency in delivering winter gritting through the reduced deployment of winter gritting machines from nine to seven. There will be an associated reduction in lease charges and operating costs.		To be reviewed	To be reviewed	It is not considered that there is an equalities impact for this proposal. This will be kept under review during the consultation period.	422	(50)									

Line ref	Opportunity Area	Description of saving	Consultation (How are we consulting on this proposal)		Impact Assessm	ent	Budget				Savi	ngs per a	nnum				
				Impact on Service Delivery	Impact on Customer Satisfaction	Equalities Impact	2014/15 £000	201 £000	5/16 FTE	2016 £000	/17 FTE	2017 £000	7/18 FTE	2018 £000	3/19 FTE	2019 £000	9/20 FTE
E10	Commercial	Savings through transforming services to reduce expenditure The councils sign shop will aim to generate new additional income from external commercial sources. To generate this increased level of income and new business there may be a requirement to invest in new assets.		To be reviewed	To be reviewed	It is not considered that there is an equalities impact for this proposal. This will be kept under review during the consultation period.	(44)	(80)									
E11	Fleet	Improving fleet efficiency: The service will continue to reduce the unit cost of maintenance by improving supply chain arrangements and the effectiveness and efficiency of the fleet workshop e.g. through increased preventative maintenance resulting in fewer unplanned repairs.	Part of general budget consultation	This saving is not anticipated to impact on service delivery.	This saving will not have an adverse impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	This saving is not expected to have an adverse equality impact.	2,177			(125)							
E12	Grounds Maintenance	Community management of bowling greens: Under this proposal the management of bowling greens would transfer from the Council's responsibility to a range of locally-based community organisations.	Part of general budget a consultation - Detailed consultation will be undertaken with bowing clubs	anticipated to impact on service	This saving will not have an adverse impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	There is a potential equalities impact This will be reviewed as proposals develop and ahead of implementation of the savings. An Equalities Impact Assessment will come back to PRC in February 2016	135			(50)		(50)					
E13	Parking	Re-procure the Parking Contract: The current contract for parking and enforcement services is due to expire in 2017. A decision to re-procure the service will allow further cost savings to be identified.	Part of general budget consultation - Soft market testing will be undertaken to consult potential partners	anticipated to impact on service	This saving will not have an adverse impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	This saving is not expected to have an adverse equality impact.	3,028							(150)			
E14	Street Lighting PFI	PFI further Street lighting savings: The current street lighting PFI requires the contractor to maintain quality standards relating to lighting levels. Completion of the project to implement a central management system will allow for lighting levels to be remotely controlled, for instance by reducing the brightness of some street lights, or making greater use of LED lighting for example on footpath assets.	Part of general budget consultation. Changes could be piloted as par of the introduction.	in service standards	This saving may have an adverse impact on customer satisfaction.	There is a potential equalities impact This will be reviewed as proposals develop and ahead of implementation of the savings. An Equalities Impact Assessment will come back to PRC in February 2016.	6,082			(90)							
E15	Street Lighting PFI	Sharing the PFI Client function: The Street Lighting PFI contract was procured jointly with LB Enfield. Given that the specification and types of work undertaken by the contractor are similar in both boroughs it would be possible to establish a smaller, shared client to undertake contract management functions across both Boroughs.	Part of general budget consultation	This saving is not anticipated to impact on service delivery.	This saving may have an impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	There is a potential equalities impact This will be reviewed as proposals develop and ahead of implementation of the savings. An Equalities Impact Assessment will come back to PRC in February 2016.	6,082			(20)							
E16	Street Lighting PFI	Lighting specification changes within the contract: This proposal will see the Council seek to agree with the Contractor a revision to the current specification to reduce the level of night inspections, increase the period in which fault repairs neet to be completed along with combining various routine maintenance activities such as cleaning, bulk lamp changing and inspection activities.		in service standards	This saving may have an impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	There is a potential equalities impact This will be reviewed as proposals develop and ahead of implementation of the savings. An Equalities Impact Assessment will come back to PRC in February 2016.	6,082			(90)							
E17	Waste	Waste minimisation: Measures to reduce the amount of waste collected will see the Council incur lower costs going forward. This proposal includes both a focus on behaviour change and changes to collection, for example by reducing the size of wheeled bins from 240l to 180l or increasing the availability of recycling bins. Experience from authorities that have implemented such measures demonstrates their positive impact on the amount of waste generated resulting from residents changing their behaviours. This item is connected with and dependent on success with saving R4.	Part of general budget consultation	This saving is not anticipated to impact on service delivery.	This saving will not have an adverse impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	There is a potential equalities impact This will be reviewed as proposals develop and ahead of implementation of the savings. An Equalities Impact Assessment will come back to PRC in the relevant budget year.	11,324							(100)		(100)

Growth and Incon	Streetscene	Additional income through the improved utilisation of parks assets The existing park assets will be used to generate higher levels of income, through improved marketing and the letting of the assets such as cafes and pavilions.	More detailed consultation will take place from January 2015 as part of wider consultation on the draft Parks & Open Spaces strategy	This saving is not anticipated to impact on service delivery.	This saving will not have an adverse impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	elt is not considered that there is an equalities impact for this proposal. This will be kept under review. This will be included in Parks & Green Spaces strategy EIA.	3,744	(100)								
G2	Streetscene	Income from central government Income from Central Government relating to maintaining weekly refuse collection	Part of General Budget Consultation	This saving is not anticipated to impact on service delivery.	This saving will not have an adverse impact on customer satisfaction.	elt is not considered that there is an equalities impact for this proposal. This will be kept under review during the consultation period.	(832)	(427)								
G3	Commercial	Controlled parking zone The council will provide residents parking permits to residents within the controlled parking zone for Saracens rugby club residential areas. This is part of the agreed parking enforcement for the local area on match days. The rugby club will pay for these permits, resulting in additional income.		To be reviewed	To be reviewed	It is not considered that there is an equalities impact for this proposal. This will be kept under review during the consultation period.	(7,381)	(40)								

Line ref	Opportunity Area	Description of saving	Consultation (How are we consulting on this proposal)		Impact Assessmo	ent	Budget				Savir	igs per a	nnum				
				Impact on Service Delivery	Impact on Customer Satisfaction	Equalities Impact	2014/15 £000	201: £000	5/16 FTE	2016 £000	/17 FTE	201 £000	7/18 FTE	2018 £000		2019/2 £000	/20 FTE
G4	Greenspaces	Invest in 3G Pitches (x3): This proposal will see the Council secure additional investment (in partnership with funding bodies such as The Football Foundation) in modern 3G sports pitches across the borough. The Council will benefit from a mechanism for sharing the additional income generated from new pitches with any delivery partner.	Part of general budget consultation	This saving is not anticipated to impact on service delivery.	This saving will not have an adverse impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	This saving is not expected to have an adverse equality impact.	New income stream - currently £0							(100)			
G5	Waste	Income generation from Non-Statutory Waste Services: A challenging income generation target across a range of chargeable services including but not limited to: bulky waste collection, special collections, additional collections, and the identification of new services where charging the user more in order to offset the impact of wider budget reductions is appropriate. To be delivered through a fundamental review of all transactional services e.g. development of the trade and commercial waste services including recycling and review of all income streams in the service to identify new or improved income opportunities. Further work to be done with commercial waste to both obtain contracts and offer recycling etc.	Part of general budget consultation	This saving is a change to service delivery.	This saving will not have an adverse impact on customer satisfaction	This saving is not expected to have an adverse equality impact.	New income stream - currently £0			(770)							
Total								(567)	0	(770)	0	0	0	(100)	0	0	0
Reducing demand,	promoting independe	l nce	<u> </u>	<u> </u>	<u> </u>	<u> </u>			<u> </u>	<u> </u>	<u> </u>						
R1	Street cleansing & Parks	Optimisation of street cleansing, parks and tree services: Including route optimising routes, removing duplication, making better use of more efficient technology. This proposal will also include: enforcement; littering, dog fouling, flytipping. Also, increasing income from wider parks assets Revised scheduling of highways grounds maintenance including grass cutting and annual bedding.	Part of general budget consultation	This saving is not anticipated to impact on service delivery.	This saving is not expected to have an adverse impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	There is a potential equalities impact This will be reviewed as proposals develop and ahead of implementation of the savings. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.				(150)		(200)					
R2	Waste	Household Waste Recycling Centre opening hours: The Council manages a Household Waste Recycling Centre at Summers Lane where residents can dispose of over 40 different types of waste. The facility currently opens 7 days a week from 8am to 4pm Monday to Saturday and 9am to 4pm on Sunday's. Under this proposal the facility will reduce its opening hours to focus on period of peak and higher usage.	Part of general budget consultation - proposals for new operating hours will be consulted upon.		This saving will have an adverse impact on customer satisfaction	There is a potential equalities impact This will be reviewed as proposals develop and ahead of implementation of the savings. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	826			(20)							
R3	NLWA	Movement to menu pricing within the North London Waste Authority from the historic levy based system: The current cost of waste disposal is based on a long-standing system where each Council pays an average price per tonne in proportion to its relative size. This payment is made two years in arrears. The introduction of menu pricing will see the Council pay a price per tonne specifically for the type and volume of waste sent for disposal within the year that the disposals occurs. This will incentivise Council's to minimise waste and will generate a saving based on Barnet sending less waste for disposal compared with other members of the North London Waste Authority.	Part of general budget consultation	This saving is not anticipated to impact on service delivery.	This saving will not have an adverse impact on customer satisfaction and it is possible that it may enhance perception that the Council provides value for money.	This saving is not expected to have an adverse equality impact.	10,194			(1,900)							
R4	Street Scene Waste Offer	Revised waste offer to increase recycling: The Council collects residual waste, recyclables, and food waste from all households. The proposal is for a comprehensive and targeted communications and engagement campaign which aims to change resident behaviours and drive up recycling rates in order to reduce collection and disposal costs. This includes making it easier to recycle food waste and compulsory recycling of dry and food waste; increasing recycling in flats; and optimising waste collection routes. This scale of savings assumes a step change in resident behaviour towards recycling driven by a better understanding of the costs of waste collection and disposal.	Part of general budget consultation	This saving is anticipated to impact on service delivery.	This saving is expected to have a short term adverse impact on customer satisfaction.	This saving is not expected to have an adverse equality impact.	2,036			(300)		(350)

Appendix C - Children, Education, Libraries & Safeguarding Committee

Line ref	Opportunity Area	Description of saving	Consultation (How are we consulting on this proposal)		Impact Assessment		Budget				Savings pe	r annum				
				Impact on Service Delivery	Impact on Customer Satisfaction	Equalities Impact	2014/15 £000	2015/16 £000 F	201 TE £000	16/17 FTE	201 £000	7/18 FTE	2018 £000		2019/ £000	20 FTE
Efficiency E1	Special educational needs transport savings	- targeting individual cases in which transport is not required - route optimisation	June to the 12th September 2014	The remodelling and re- commissioning of SEN transport could result in a change in the service delivered, and so have the potential to impact on children and young people. The increased use of direct payments and independent travel training might lead to fewer children requiring transport which may result in some reduction in net costs.	Changes to the way in which the service is delivered could make some parents and children less satisfied and others more satisfied. The implementation of any change would seek to minimise disruption for individual children.	There is a potential equalities impact. Children and young people with disabilities could be negatively and/or positively impacted by this proposal. A full EIA will be submitted to PRC in February 2015.	4,318	(500)								
E2	Across Services (workforce)	Savings from reduction in staff related costs Workforce savings delivered from transforming the Family Services workforce to ensure there are the right structures in place to deliver the best outcomes for children and families with reduced resources. This involves ensuring there are sufficient social workers, managers are closer to frontline delivery and staff are well trained and supported.		The proposed changes have been designed to minimise risk where possible, although risk cannot be eliminated. Their potential to impact on service delivery will be closely monitored.	These proposals are unlikely to have a significant impact on customer satisfaction, although this will be closely monitored.		16,770	(1,151)	88							
E3	Across Services (procurement spend)	Savings through reduction in expenditure by renegotiating existing contracts and reducing external third party costs Procurement savings achieved through mitigating inflation associated with costs of supporting high cost, high need services by negotiating with suppliers to contain inflation, and finding efficiencies in the way services are purchased. Work is on-going to negotiate with suppliers and not expected to impact service quality.		This would be achieved through smarter commissioning and is unlikely to result in a significant change in the service delivered	The impact on customer satisfaction will depend on the efficiencies made. A significant impact is not anticipated but will be monitored.	This proposal is unlikely to have a significant equalities impact. No external EIA is required because the proposal does not impact on service delivery. No internal EIA is required because the proposals do not impact on employees.	16,967	(523)								
E4	3rd Party Spend	Budget proposals for 2016-20 include efficiency savings on third party contracts by approximately 2% per annum. The overall budget envelope includes provision for contract inflation of 2.5% per annum, so this saving could be made either from containing inflation on contracts, or through improved contract management and negotiation of better rates.	consultation	This proposal increases efficiency of third party contract spend. It is not expected to impact on service delivery	This proposal increases efficiency of third party contract spend. It is not expected to have a negative impact on customer satisfaction.	It is not considered that there is an equalities impact for the proposal. This will be kept under review as the specific proposals develop	7,351		(81)		(135)		(134)		(188)	
E5	Workforce Savings	Budget proposals for 2016-20 include workforce efficiency savings of approximately 10% of the relevant delivery unit employee budgets. As government funding for local government services continues to reduce, all Council delivery units will need to review their workforce budgets to ensure that they can improve efficiency by 10% by 2020. Corporate initiatives such as the review of terms and conditions and the unified pay project will support delivery units in achieving this saving. Delivery units will also need to review performance management, use of agency staff, management layers and productivity to ensure that this saving can be achieved.	to formal consultation with	This proposal generates a 10% reduction in employee costs to 2020. It is not expected to impact on service delivery	This proposal generates a 10% reduction in employee costs to 2020. It is not expected to impact on customer satisfaction	There is a potential equalities impact and this will be kept under review as proposals develop. An Equalities Impact Assessment will come back to PRC in the relevant budget year.	17,557						(900)		(900)	
E6	Operational efficiency	Savings to be achieved by improving operational efficiency. A review will be undertaken in 2015 to identify specific measures but these are likely to include redesigning processes, improved case management and improved administration.	General consultation	This proposal should improve the efficiency of delivery.	This proposal is not expected to have any impact on customer satisfaction.	There is a potential equalities impact and this will be kept under review as proposals develop. An Equalities Impact Assessment will come back to PRC in February 2016 for 16/17 proposals.	50,267		(1,346)
