**Title of paper:**

**Priorities for Children and Young People in Barnet (Report of Children's Trust Board Event on 5 March 2015)**

**Summary of paper:**

This paper sets out the main points of discussion and views from participants in the conference session held by the Children's Trust Board on the Thursday 5<sup>th</sup> March 2015. The main aim of the session was to provide an opportunity for key stakeholders, children and young people to come together to discuss and share their priorities to inform the future delivery of the wide range of services provided by partner organisations of the Children's Trust Board.

Representatives from a range of organisations attended an initial session (session one) designed for partners responsible for commissioning and delivering services to children and young people. The afternoon was then joined by around 20 young people who participated in a session (session two) led by the council's participation officer. The afternoon ended with an opportunity for the young people to put questions to a panel of key experts, chaired by the Chairman of the council's Children, Education, Libraries and Safeguarding Committee (session three).

The feedback from the session will be considered by the Children's Trust Board to inform its review of future priorities for the partnership.

**Action required by board:**

Partners at the Children's Trust Board are asked to note the priorities outlined in the paper
