Existing Polling Place(s):	Proposed Polling Place:	Polling District Proposed Boundary Changes:
CDB:	St John's Church Hall,	Combine CDB and CDD by removing
Portable Offices at Corner of Regal	Friern Barnet Lane	the north-south border between them
Drive and Balmoral Avenue.		that runs between them (shown by
<u>CDD</u> :		dashed purple line on map), to create
Hindu Multi-Cultural Centre,		larger single polling district (new CDB).
Lyndhurst Avenue		

Review Commentary: Number of Electors: CDB=2565, CDD=1115

The polling place for CDB is the 'Corner of Regal Drive and Balmoral Avenue', where it is necessary to position two Portable Offices to act as polling stations. The Portable Offices are located close to the New Southgate over-ground train station, but they do present a severe obstruction, during the days they are on-site, to an emergency access road for the Friern Bridge Retail Park. They also reduce residents vehicular access to Balmoral Avenue, which the Presiding Officer for the May 2015 elections recorded as 'a H&S risk' in their log book on polling day.

Portable Offices offer very poor access to electors with mobility issues and some disabilities, but they do need to be used in a limited number of locations across the borough where no polling facilities in a permanent building and with DDA compliant access can be identified within or near the polling district. It is however considered that, the proposal to combine polling districts CDB and CDD and locate the polling place for this new larger CDB polling district at St John's Church Hall, allows superior polling facilities to be offered to those electors disadvantaged by the use of portable offices, without significantly affecting any other electors within the (new) district. In addition there would be some reasonable cost-savings achieved by not using portable offices and by virtue of the new location, removing the requirement altogether for a further polling place at the Hindu Multi-Cultural Centre in Lyndhurst Avenue.

Returning Officer's Proposal:

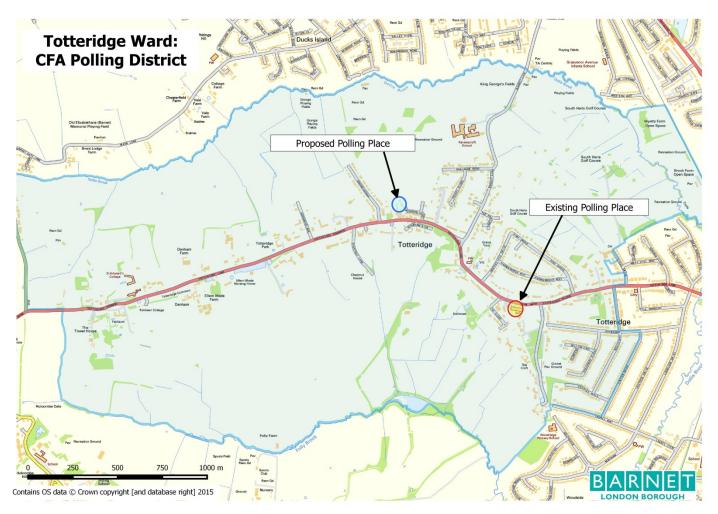

Combine polling districts CDB and CDD and place the polling place at St John's Parish Centre, Friern Barnet Road, N11 3EQ

Representations Received:

From the Agent for Theresa Villiers, MP for Chipping Barnet:

"...we feel it important that a polling station should remain at the junction of Balmoral Avenue and Regal Drive.

If a polling station is located there, it means that commuters using the Tube can vote on their way to / from work easily. If they need to walk in the opposite direction to St John's before work or after a long day, this may discourage people from voting."

Existing Polling Place(s):	Proposed Polling Place:	Polling District Proposed Boundary Changes:
St Andrew's JMI Primary School, Totteridge Lane	Totteridge Village Hall, Badgers Croft	None

Review Commentary: Number of Electors: CFA=1639

Following a representation received from the Chair of Governors at St Andrews Primary School (the current polling place in the CFA Polling District), the three suggested alternatives were visited and their suitability for use as a polling place was assessed. Only the Village Hall in Badgers Croft was assessed as having facilities and accessibility that matched (or even improved upon) those offered by the school. The Village Hall at Badgers Croft is very central to the polling district, though a little further away from the area within the polling district that most electors reside than the school. It does though have excellent parking facilities and is served by the same public transport (buses) as the school.

Returning Officer's Proposal:

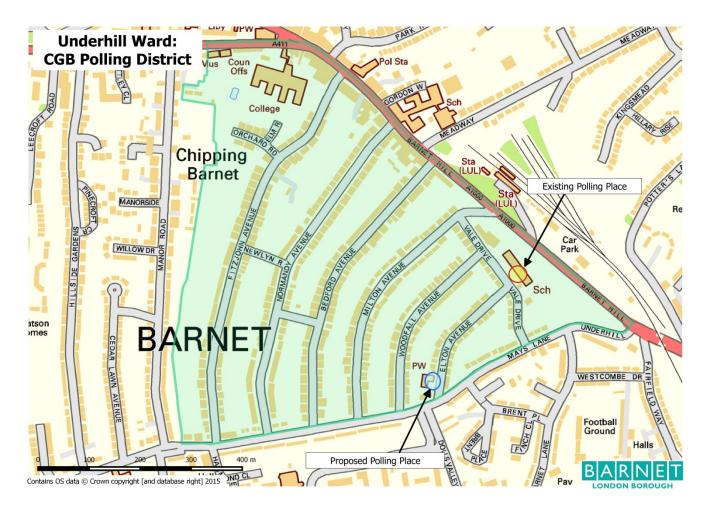

Locate the Polling Place for CFA at Totteridge Village Hall, Badgers Croft for future elections.

Representations Received:

From the Chair of Governors, St Andrew's School:

"The Board of Governors have decided that the school should not be used as a polling station in future. Please remove the school from the relevant list."

"...alternative (polling) venues: St Andrew's Church has a Church Hall or the Totteridge and Mill Hill Cricket Club is just down the road and there is Badgers Croft Village Hall just up the road."

Existing Polling Place(s):	Proposed Polling Place:	Polling District Proposed Boundary Changes:
	Underhill Baptist Church Hall, Elton Avenue	None

Review Commentary: Number of Electors: CGB=1572

Following a representation from the Chair of Governors at St Catherine's Primary School, the suggested alternative venue of the Underhill Baptist Church Hall was visited and assessed on its suitability for use as a polling place. Although the parking is limited (as it is at the school), the hall has step-free access and excellent internal facilities. The proposed location is actually very close to the existing site and it is not considered that any electors would be disadvantaged by moving the polling place as requested.

Returning Officer's Proposal:

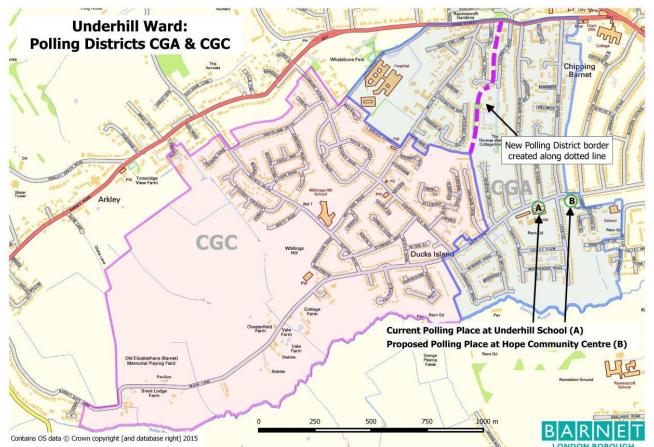

Locate the Polling Place for CGB at Underhill Baptist Church Hall, Elton Avenue for future elections.

Representations Received:

From the Chair of Governors, St Catherine's RC School:

"I would like to start a process in moving this polling station to the Baptist Church Hall 200 metres from the school.

Every time there is an election the education of 450 children and their families is disrupted for a day"

Existing Polling Place(s):	Proposed Polling Place (s):	Polling District Proposed Boundary Changes:
CGA : Underhill Junior School CGC : St Stephen's Church Hall	CGA : Hope Community Centre, Mays Lane CGC : No Change	Move Bells Hill and some adjoining streets into CGC (as indicated on Map above)

Review Commentary: Number of Electors: CGA=3352, CGC=3351

Following the receipt of a representation proposing that electors in Bells Hill and it's adjoining roads would benefit from being able to vote at St Stephen's Church Hall (due to the steepness of Bells Hill and some of its adjoining roads) a review of the polling district borders was conducted. It is considered that for the vast majority of affected electors (797 as at 4 Jan 2016) it will be more convenient and accessible for them to vote at St Stephen's Church Hall.

Information about a new community centre on Mays Lane ('Hope Community Centre') was sent to the Electoral Services office and a review was conducted to assess its suitability for use as a polling place. The facilities and accessibility at the venue are excellent and it is considered of benefit to many local residents if the polling place for CGA is located there, in order that Underhill School does not need to close on future polling days.

Returning Officer's Proposal:

Locate the Polling Place for CGA at Hope Community Centre for future elections. Move part off the polling district border between CGC and CGA to allow electors from Bells Hill and adjoining roads to vote at St Stephen's Church Hall in CGC.

<u>Representations Received:</u> From the Labour Group:

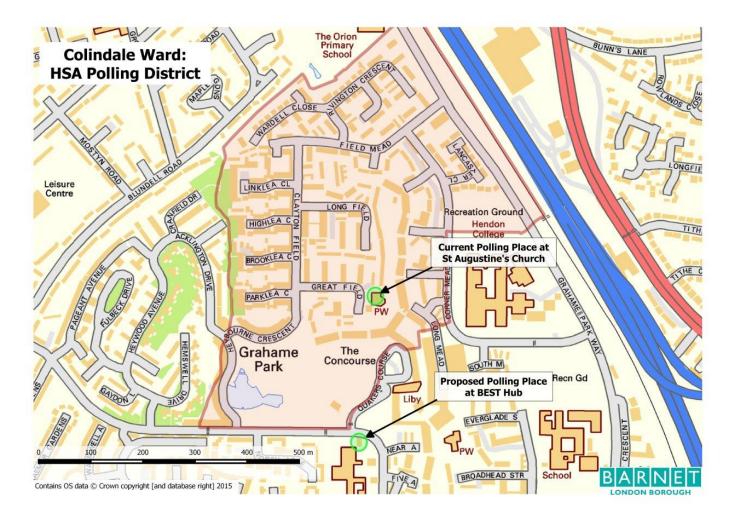

"People living in Bells Hill going north from Dellors Close and all the roads off Bells Hill up to and including West End Lane and The Croft should be able to vote in St Stephens Church Hall. This transfer from CGA to CGC would reduce the journey to the polling station for those electors."

30	Edgware	HUB	Edgware Parish Hall	No Change
31	Edgware	HUC	St Peter's Church Hall	Move to: New Community Centre, (Hayling Way / Green Lane)

Existing Polling Place(s):	Proposed Polling Place:	Polling District Proposed Boundary Changes:
St Augustine's Church, Great Field	BEST Hub, Lanacre Avenue	None

Review Commentary: Number of Electors: HSA=1966

A number of concerns were raised by the Presiding Officers and the Electoral Services team throughout the delivery of the General Election in May 2016, regarding the suitability of the venue at St Augustine's Church for use as a polling place. The main hall (used at past elections) has been declared unsafe for use and in the areas that were used for polling; there were multiple leaks in the roof despite some temporary repair work being undertaken shortly before polling day. The only alternative venue found that can serve the electors of HSA is located at the Barnet Education Skills and Training (BEST) Hub on Lanacre Avenue. Although this venue actually is a few metres outside of the polling district, it has excellent facilities and due to the reasonably small geographical size of HSA, it is not considered that electors will be particularly disadvantaged by its location. There is an option to make a small adjustment to the borders of HAS so that it includes the BEST Hub, but this would serve no purpose other than to bring a small area into the polling district that contains no electors or that has any potential future electors.

Returning Officer's Proposal:

Locate the Polling Place for HSA at BEST Hub, Lanacre Avenue for future elections.

Representations Received:

None

Existing Polling Place(s):	Proposed Polling Place:	Polling District Proposed Boundary Changes:	
Barnfield School	St Alphage Church Hall	None	

Review Commentary: Number of Electors: HTC=2758

Concern was raised during the delivery of the General Election in May 2015 about the safety of the access route for electors from Silkstream Road into the polling place at Barnfield School. The doorway to the polling venue is located underneath a covered archway that is used by vehicles throughout the day and there is no designated space available for pedestrians. As there is very limited parking nearby, all electors must access this polling venue on foot.

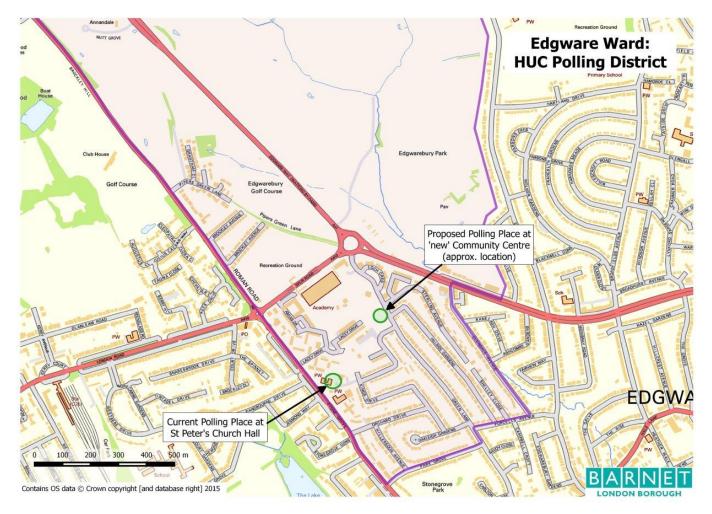

The proposed polling place at St Alphage Church Hall has superior facilities available inside compared with the school venue and there is much safer access for electors from the street. Although the proposed polling location is a few hundred metres further away from the London Underground station at Burnt Oak, it is well served by local buses and there is some on-street parking available nearby.

Returning Officer's Proposal:

Locate the Polling Place for HTC to St Alphage Church Hall for future elections.

Representations Received:

None

Existing Polling Place(s):	Proposed Polling Place:	Polling District Proposed Boundary Changes:
St Peter's Church Hall	New-build Community Centre (Hayling Way/Green Lane)	None

Review Commentary: Number of Electors: HSA=1966

During the summer of 2015, Electoral Services were informed that St Peter's Church Hall was due to be demolished before the end of March 2016 (as part of the redevelopment of the local area). Upon review it was found that a new community centre is being built nearby and that St Peter's Church Hall would not be demolished until this new centre was open. Although it has not been possible to visit and assess the new centre, as it is being built in compliance with DDA legislation it is expected to be well-suited for use as a polling place. Although Electoral Services has been informed that St Peter's Church Hall will still be available if the new centre is not ready before the GLA elections on 5 May 2016, there is an additional contingency offered by the London Academy Secondary School which is situated nearby within the polling district and this would be used if no other venues are available.

Returning Officer's Proposal:

Locate the Polling Place for HUC at the newly built Community Centre on Hayling Way for future elections.

In the event that this venue is not available before May 2016, the polling place will either remain at St Peter's Church Hall or be located within the London Academy for the GLA elections on 5 May 2016 (and any other elections held before the new Community Centre is ready).

Representations Received:
