1	Cllr Rohit Grover	Please could you confirm the criteria that determines how often each pavement within the Borough is litter-picked, and whether a record is kept of the last time each pavement within the Borough has been litter-picked?	Cllr Dean Cohen (Chairman of the Environment Committee)	<p>When designing the current Street Cleansing operation, officers used benchmark data from other London Borough's and discussed the approach taken regarding cleansing in town centres and residential areas.</p> <p>In addition to this we used local knowledge from cleaning staff and supervisors, as well as background data collected as part of the NI195 process.</p> <p>Criteria and frequency are shown below :-</p> <ol style="list-style-type: none"> 1. 4	Cllr Ross Houston	<p>Can I ask how the Leader would respond to the following constituent who has written in? "I am at a loss. I have been privately renting within the borough for three years. I work full time earning a wage of £30k. I have two children ages 12 and 17. Both in full time education within the borough both high achievers. I am about to be homeless. My current rent is £1100 per month. I have never been in arrears. All bills and taxes are up to date. My ultimate main concern is I cannot find a suitable home to rent on my income. The current rental market</p>	Cllr Tom Davey (Chairman of Housing Committee)	<p>Barnet Council's Allocations Scheme actively rewards those who work, volunteer, or who are in education, placing households who make a community contribution into Band 2 of the scheme, which is a higher band than those who do not.</p> <p>Demand for accommodation far exceeds the current supply of affordable LBB and housing association properties. Since the start of 2015/16 fewer than 500 secure LBB and HA properties (of all bedroom sizes and including sheltered accommodation) have been let. In comparison Barnet Homes have received some 2209 applications for housing assistance during the same time period.</p>	Given the borough has <i>[inaudible]</i> how are we going to extend those <i>[inaudible]</i> because actually what this answer <i>[inaudible]</i>	I would urge the councillor to do his utmost in his role on the Barnet Group or Barnet Homes to ensure that Barnet Homes deliver the <i>[inaudible]</i> affordable housing that we are encouraging them to deliver.

		<p>exceeds my income . I am finding it difficult for landlords and letting agents to accept housing benefit. I am told I cannot be accepted on the housing register because I have not been in the borough for five years. I have also been told I cannot get any help because I am earning a full time wage this I should rent privately. Which brings me back to letting agents and landlords not accepting housing benefit. I am also told once I've been in the borough for five years I could be housed in another borough which I'm told in most cases is either Luton - Thurrock somewhere far which would be impossible for me to travel for work and travel for the children schooling. So my question to you is - in order to find housing</p>		<p>It is highly unlikely that any applicant will be offered a LBB or Housing Association property unless they are either in Band 1 or Band 2. Therefore there is a disadvantage for any particular resident giving up work, as they would go into a lower band in the allocations scheme.</p> <p>Every person who applies for assistance with their housing undergoes a comprehensive housing assessment, which takes into account a range of important issues including that of children's education. The aim of the assessment is to ensure that any accommodation offered is suitable taking into account the needs of individual households as well as the current availability of accommodation.</p> <p>To be able to join Barnet Council's Allocations Scheme, an applicant must have lived in the borough for 5 years continuously. If the applicant does not have this residential history, they do not qualify to be banded onto the Scheme. This</p>

5	Cllr Brian Gordon	How were the free parking facilities during the recent festive period managed by the Council and received by the general public?	Cllr Dean Cohen (Chairman of the Environment Committee)	Residents were pleased with this programme. 6	Cllr Gill Sargeant	The new SPD for Grahame Park assumes that organisations such as Barnet College and the new offices will have spare accommodation for community groups. Is the Council aware that this may not be sufficient?	Cllr Richard Cornelius (Leader of the Council)	No. The Grahame Park draft SPD provides policy guidance for stage B of the regeneration programme whereas facilities such as the new college and office are part of stage A. However, the re-provision of stage B social facilities such as the Centre for Independent Living (CIL) and Colindale library are included in stage A as part of the new college building which is scheduled for completion in July 2016. All of the remaining social facilities (health, children's, community) as well as some retail space will be re-provided as part of stage B. The draft SPD provides policy guidance on how this will be achieved and a detailed planning application covering the whole concourse area will follow later in 2016.	The college and the offices in <i>[inaudible]</i> in Colindale would have community facilities. These are to be built before Part B becomes aware and there is a great need for additional facilities, are the council aware that these might not be sufficient in the interim for coping with <i>[inaudible]</i> that are needed?	<i>[inaudible]</i> It is something that needs to be kept under review. We must provide the facilities that are needed and we don't want to have expensive temporary facilities set up when other ones are <i>[inaudible]</i>

7	Cllr Brian Gordon	The Government is looking to introduce more intrusive regulations on faith schools in terms of the content of teaching of religion, the principal object of which is to try and curb the dissemination of extremist views and the radicalisation of pupils. Does the Chairman have any knowledge as to how such measures might impact on the broad range of faith schools we have in this Borough?	Cllr Reuben Thompstone (Chairman of Children, Education, Libraries and Safeguarding Committee)	We hope to steer the government towards a sensible set of regulations.	Could Cllr Thompstone take into account the fact that there are many faith schools which are worried about plans to interfere with the way which conventional religions are taught and also the conduct of some Ofsted inspectors in recent times who have asked young children in faith schools very inappropriate questions about sexuality and other things <i>[inaudible]</i> religious principles in quite a sensitive way. <i>[inaudible]</i> the right way to combat real racism.	I certainly will take that into account.
8	Cllr Arjun Mitra	How many children under 18 who are Barnet residents have been kept in police cells overnight and over weekends in the last 6 months?	Cllr David Longstaff (Chairman of Community Leadership Committee)	According to the Metropolitan Police, in Barnet over the last 6 months (between July and December) 137 young people aged under 18 have been kept in police custody overnight. And 20 young people have been kept police custody over the weekend.	No supplementary	N/A

9	Cllr John Hart	What measures are being taken in Barnet to join the national Clean for the Queen anti-litter campaign to mark her Majesty's 90th Birthday?	Cllr Dean Cohen (Chairman of the Environment Committee)	The Clean for the Queen event should be supported by Barnet. Although the initial focus is on keeping Barnet clean, the campaign presents a wider opportunity to push the important community participation agenda, which is a core part of our Corporate Plan, by promoting existing initiatives to help people, get involved in keeping their local areas clean, safe and well looked after. Currently options are being looked at in regard to selecting local sites to launch the event. We will look to engage with local groups including Friends Groups and resident groups.	<i>[Inaudible]</i>	
10	Cllr Claire Farrier	The former child guidance centre on the North Road estate in Burnt Oak is derelict and at risk of vandalism or fire. The area is used for anti-social activities including use of alcohol and illegal drugs. Planning permission was given for a school on this site, but nothing has happened since. Could	Cllr Dan Thomas (Chairman of Assets, Regeneration & Growth Committee)	The site was sold on 2 Feb 2015 to the NOAM Educational Trust. 11	Cllr John Hart	In view of the dearth of grave space, has any re-consideration been given to woodland burials in Barnet	Cllr Richard Cornelius (Leader of the Council)	Officers are assessing the longer term requirement for burial land within the Borough, and will consider natural burials as part of this project. However, I suspect the problem will be the reluctance of those who live near suitable sites to agree to such burials.	Is the Leader afraid of ghosts <i>[inaudible]</i>	Graveyards have never been popular with residents.
12	Cllr Geof Cooke	Here are some comparative costs for inserting a new station on an existing railway line in London: Langdon Park (DLR, £10.5m including bridge and lifts 2007) b. Mitcham Eastfields	Cllr Richard Cornelius (Leader of the Council)	It is not considered that the emerging redevelopment proposals for the Business Park would provide sufficient development to justify a new station; hence a new station is not included in the Planning Brief. 14	Cllr Adam Langleben	To ask the Leader whether as part of the agreement with Genesis over the regeneration of the Grahame Park estate there is a clause which ensures that all socially rented properties will remain rented out as a social rent in perpetuity unless the right to buy is exercised?	Cllr Tom Davey (Chairman of Housing Committee)	Yes. Both the Grahame Park PDA and nominations agreements ensure that newly provided, socially rented properties in the ownership of the housing association remain rented out in perpetuity, unless Right to Buy is extended and exercised.	<i>[inaudible]</i> Q14 and Q34 are the same one regarding Grahame Park, one regarding West Hendon and this clarifies that units on the Grahame Park Estate will not be rented out <i>[inaudible]</i> and will be rented out by <i>[inaudible]</i> future. <i>[inaudible]</i>	Yes, I accept the facts, thank you.
15	Cllr John Hart	How many penalties for littering have been issued in Barnet during 2013-14 and 2014-15?	Cllr Dean Cohen (Chairman of the Environment Committee)	During 2013-2014 eight fixed penalty notices (FPN's) were issued for littering and during 2014-2015 two FPN's were issued for a littering offence. 16	Cllr Alan Schneiderman	How much money was paid using parking meters during the pre-Christmas weekends when parking should have been free? Will all of this be refunded as it should be?	Cllr Dean Cohen (Chairman of the Environment Committee)	Despite the wide publicity and signage placed on the parking meters themselves, a number of parking payments were made over the three weekends which totalled £2,521.55. All payments were made via Debit/Credit cards, the details of which are held by the Council's bank. The bank has been instructed to process refunds for all transactions over the three weekends. A number of repayments have already been made and we are advised that the remainder will be done imminently.	Cllr Cohen seems to be blaming the residents who paid. He says there are signs at the parking meters. In fact, on the first few occasions there were no signs at all on the parking meters. Small signs on the lampposts some way away from the meters. After this was raised some small signs were again put on the sides of the meter and the bottom of the meter but incidentally not over the screen of the meter which would have actually <i>[inaudible]</i> the residents from paying. When will he actually get this Christmas parking scheme right and actually <i>[inaudible]</i>	The scheme was very successful. A small number of people paid but they will be refunded.

18	Cllr Pauline Coakley Webb	At the last council meeting I asked for a complete list across of vacancies across all services, for how long each post had not been filled and information of job title. I was told that areas like CSG and Re do not keep an establishment list and as such there are no vacancies. That there never any vacancies within CSG and Re is clearly short on facts since you can never recruit unless you have a vacancy. I am asking again and this time in particular relating to the CSG and Re contracts, how many posts are unfilled / vacant in these services, how long have the posts been vacant and please provide information by job title. 24	Cllr Nagus Narenthira	Does the leader feel responsible for the difficulties faced by all residents in Barnet? If so, why is he not intending to adopt the roads in Pulse development and provide affordable parking so that the developers do not get away with paying exorbitant rates to buy parking spaces when they buy properties in this development?	Cllr Dan Thomas (Chairman of Assets, Regeneration & Growth Committee)	LB Barnet is adopting the main spine road leading to the Fairview Development from Colindale Avenue. Side roads off the main spine road were not offered for adoption by the developers. With the ongoing changes to the capital's socio-economic geography, notably the fact that inner London is almost uniformly seeing reductions in deprivation whilst outer London is seeing widespread increases, does the Leader agree that the time is right to look again at the relative levels of per head funding when the government is working on the details of how the forthcoming full Business Rate Retention</p>	Cllr Richard Cornelius (Leader of the Council)	<p>The whole system is grossly unfair. The distortions of the Prescott era have not been corrected.</p> <p>Barnet's allocation of Settlement Funding Allocation per head in 2015/16 is amongst the lowest in London. Data collected by Index of Multiple Deprivation shows that between the period 2004-2013 outer London boroughs have seen increases in deprivation whilst inner London boroughs have seen significant reductions and therefore historic funding formulas reflecting need are out dated, overly complex and opaque. 34	Cllr Adam Langleben	To ask the Leader whether as part of the agreement with Metropolitan over the regeneration of the West Hendon estate there is a clause which ensures that all socially rented properties will remain rented out as a social rent in perpetuity unless the right to buy is exercised?	Cllr Tom Davey (Chairman of Housing Committee)	Yes. The West Hendon PDA and associated Nominations Agreement ensure that newly provided, socially rented properties in the ownership of the housing association remain as social rented properties in perpetuity, unless Right to Buy is extended and exercised.	<i>[inaudible]</i> Does the chair of the committee acknowledge this is the end of social housing long term on Grahame Park area?	No.
35	Cllr Graham Old	As a gauge of the affordability of housing in Barnet, how does the ratio of house prices to earnings compare to that in other neighbouring boroughs?	Cllr Tom Davey (Chairman of Housing Committee)	The table below shows the latest (2015 provisional) ratios of median house prices to median earnings in Barnet and in neighbouring boroughs. According to this measure, Barnet is similar to Harrow, Brent and Haringey; more expensive than Hertsmere and Enfield; and less expensive than Camden.	No supplementary	N/A

36	Cllr Alan Schneiderman	How much money does the Council expect to make from charging residents £30 to take wedding photos in Barnet's parks? How will this be enforced? Are there any plans to charge for taking other photos?	Cllr Dean Cohen (Chairman of the Environment Committee)	This is not being progressed. 41	Cllr John Marshall	So far, how much has been saved by the CSG partnership?	Cllr Richard Cornelius (Leader of the Council)	The reduction in core contract price to the end of 2015/16 is £7.5m per year. Procurement savings and council tax income of £8.5m has been achieved to date.	Would the Leader agree that these ... savings are very welcome. The alternative would be higher council tax or fewer services.	Of course I can join with Cllr Marshall in celebrating the savings achieved and the further savings that will be achieved. 43	Cllr John Marshall	How does the cost of providing back office services now compare to the rest of London?	Cllr Richard Cornelius (Leader of the Council)	When compared with all London boroughs, Barnet has the third lowest costs in London (per head) for our corporate and democratic services overheads.	Would the Leader not agree this is another piece of good news that means better services are provided, that the council tax doesn't have to pay for <i>[inaudible]</i> bureaucracy <i>[inaudible]</i>	Indeed, of course I agree. It's very nice to have questions where I can agree with the questioner and it is very important that we keep the cost of running Barnet low and are constantly vigilant to make sure that every possible saving is made for the tax payer. Whatever we do, we must remember the council has no money, the money comes from the tax payers.

47	Cllr Val Duschinsky	Does the Leader agree that the building of new state of the art leisure facilities in East Barnet and at Copthall, when coupled with the creation of a Youth Zone in Montrose Park, shows that the council has strong plans to invest across the borough to support all Barnet's residents access quality sports and recreation facilities?	Cllr Richard Cornelius (Leader of the Council)	Absolutely. The Council is investing £30m in our two leisure facilities. This and the creation of a Youth Zone, provide a significant opportunity for Barnet to create destinations which enable health improvement and enhanced recreation for Barnet residents. This is a major investment in a more active and healthy Borough for all ages. As we build these new centres, we will keep all our existing leisure centres open so there will be no disruption to residents' opportunities to enjoy sport and physical activities. 48	Cllr Geof Cooke	Do you agree that two miles between railway stations is twice the normal interval in densely populated parts of outer London and that Barnet residents living near the midpoint between Oakleigh Park and New Southgate deserve access to the rail network within walking distance?	Cllr Richard Cornelius (Leader of the Council)	The two stations are 1.89 miles apart, a not untypical distance between suburban railway stations. There is no normal interval and the area between the two stations has reasonable bus links to the New Southgate and Arnos Grove stations. The train has to move occasionally and not be stopping all the time.	<i>[Inaudible]</i>	Cllr Cooke is the world's greatest expert on the underground and railway but the Totteridge / Woodside Park are on the Northern Line which is a tube service and the other line he refers to is a train service which runs all the way to Welwyn Garden City.

67	Cllr Adam Langleben	In October I asked: "Does the Leader not agree that residents living on regeneration estates which are under construction for long periods of time may be more likely to face health issues, especially mental health issues, due to living in such surroundings and if so what advice does he have for those affected?" I received a two letter	Cllr Dan Thomas (Chairman of Assets, Regeneration & Growth Committee)	Construction by neighbours is stressful. Regeneration of an estate is going to be the same but on a larger scale. Given the need to rebuild homes at West Hendon and in other areas, these inevitable consequences have to be mitigated. The completion of the developments will improve the quality of life for residents and neighbours. Public health considerations are of course taken into account.
