1.	<p><b>Fitzjohn Avenue car park</b></p> <p><b>Submitted by John Dix</b></p> <p><b>Ward: Underhill</b></p> <p>Fitzjohn Avenue car park has parking spaces which are particularly narrow. Even with a small car this has led to my car being blocked in because cars are parked too closely together to open the doors and door dings on my car where other have hit it trying to get in. Can Barnet reconsider the markings in the car park. This is a matter I have raised in the past but nothing has changed.</p>	<p><b>Jamie Blake, Mario Lecordier, Caroline Woolf, Lisa Wright</b></p>

12	<p><b>Victoria Road New Barnet</b></p> <p><b>Submitted by David Howard</b></p> <p><b>Ward: East Barnet</b></p> <p>Last year the environment committee agreed for road safety and speed reducing measures to the south end of Victoria Road New Barnet. 8 months late that work has been completed and is partially successful. The committee agreed to consider the north end of the road when works were complete on the three Tesco housing sites and as part of the temporary enabling works when the large development on the former gas works started. Work has started on that site and there are still problems with speeding traffic and unsuitable vehicles on the section from Park Road to East Barnet Road. This problem will be made considerably worse as the contamination clearance lorries ( one every</p>	<p><b>Lisa Wright</b></p>

13	<p><b>swimming pool and leisure centre in Victoria Recreation Ground New Barnet</b></p> <p><b>Submitted by David Howard</b></p> <p><b>Ward: East Barnet</b></p> <p>The council has submitted a planning application for a swimming pool and leisure centre in Victoria Recreation Ground New Barnet. At the opposite end of the Rec One housing are going to build about 360 new homes. We welcome both developments in principle and will make our comments through the planning system. However between the two sites is the remnant of the Rec looking very sad and neglected. We were promised an outside physical exercise trail last year and other improvements to the rec eg possible toddlers play area in addition to the reprovisioned older childrens play area and possibly a skate board park. We know how long the Council processes take and want to start planning now for the future of the Recreation Ground remaining after the other developments are completed</p> <p>NBCA is asking the council to arrange a meeting with the relevant officers, NBCA and the local community to discuss the options and for</p>	<p><b>Jenny Warren</b></p>

14	<p><b>Traffic congestion has got worse in the New Barnet Area</b></p> <p><b>Submitted by David Howard</b></p> <p><b>Ward: Various</b></p> <p>With each passing year traffic congestion has got worse in the New Barnet Area especially on East Barnet Road between the railway bridge and Margaret Road. The large redevelopment on the former gas works will make matters worse</p> <p>NBCA is asking for a site meeting with the relevant highways officers, Councillors, NBCA , local residents and shopkeepers to consider what could be done to reduce the problem</p>	<p><b>Lisa Wright</b></p>
