

**Location**                      **Land Rear Of 32 Nether Street North Finchley London N12 7NL**

**Reference:**                      **16/5611/FUL**                      Received: 24th August 2016

Accepted: 30th August 2016

Ward:                              West Finchley                      Expiry 25th October 2016

Applicant:                      Mr J Ward

Proposal:                      Erection of a end of terrace two storey dwelling with rooms in  
roofspace with provision of cycle storage, refuse and recycling,  
amenity space

**Recommendation:** Approve subject to conditions

- 1 The development hereby permitted shall be carried out in accordance with the following approved plans:

1517.P.01 (Existing Location Plan, Block Plan & Site Plan)

1517.P.03 (Proposed Plans)

1517.P.04 (Proposed Elevations & Sections)

Design and Access Statement (dated 24/08/16)

Reason: For the avoidance of doubt and in the interests of proper planning and so as to ensure that the development is carried out fully in accordance with the plans as assessed in accordance with Policies CS NPPF and CS1 of the Local Plan Core Strategy DPD (adopted September 2012) and Policy DM01 of the Local Plan Development Management Policies DPD (adopted September 2012).

- 2 This development must be begun within three years from the date of this permission.

Reason: To comply with Section 51 of the Planning and Compulsory Purchase Act 2004.

- 3 a) No development works shall take place until details of the proposed facing brick and slate roof covering materials to be used for the external surfaces of the building(s) hereby approved have been submitted to and approved in writing by the Local Planning Authority.

b) The development shall thereafter be implemented in accordance with the materials as approved under this condition.

Reason: To safeguard the character and visual amenities of the site and wider area and to ensure that the building is constructed in accordance with Policies CS NPPF and CS1 of the Local Plan Core Strategy (adopted September 2012), Policy DM01 of the Development Management Policies DPD (adopted September 2012) and Policies 1.1, 7.4, 7.5 and 7.6 of the London Plan 2015.

4 a) No development shall take place until details of the levels of the building(s), road(s) and footpath(s) in relation to the adjoining land and highway(s) and any other changes proposed in the levels of the site have been submitted to and approved in writing by the Local Planning Authority.

b) The development shall thereafter be implemented in accordance with the details as approved under this condition and retained as such thereafter.

Reason: To ensure that the development is carried out at suitable levels in relation to the highway and adjoining land having regard to drainage, gradient of access, the safety and amenities of users of the site, the amenities of the area and the health of any trees or vegetation in accordance with policies CS NPPF, CS1, CS5 and CS7 of the Local Plan Core Strategy (adopted September 2012), Policies DM01, DM04 and DM17 of the Development Management Policies DPD (adopted September 2012), and Policies 7.4, 7.5, 7.6 and 7.21 of the London Plan 2015.

5 No site works or works on this development including demolition or construction work shall commence until a Demolition and Construction Management and Logistics Plan has been submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be implemented in full accordance with the details approved under this plan. The Demolition and Construction Management and Logistics Plan submitted shall include, but not be limited to, the following information:

- i. details of the routing of construction vehicles to the site, hours of access, access and egress arrangements within the site and security procedures;
- ii. site preparation and construction stages of the development;
- iii. details of provisions for recycling of materials, the provision on site of a storage/delivery area for all plant, site huts, site facilities and materials;
- iv. details showing how all vehicles associated with the construction works are properly washed and cleaned to prevent the passage to mud and dirt onto the adjoining highway;
- v. the methods to be used and the measures to be undertaken to control the emission of dust, noise and vibration arising from construction works;
- vi. a suitable and efficient means of suppressing dust, including the adequate containment of stored or accumulated material so as to prevent it becoming airborne at any time and giving rise to nuisance;
- vii. noise mitigation measures for all plant and processors;
- viii. details of contractors compound and car parking arrangements;
- ix. Details of interim car parking management arrangements for the duration of construction;
- x. Details of a community liaison contact for the duration of all works associated with the development.

The development shall thereafter be implemented in accordance with the measures detailed within the statement.

Reason: To ensure that the proposed development does not prejudice the amenities of occupiers of adjoining residential properties and in the interests of

highway and pedestrian safety in accordance with policies CS9, CS13 , CS14, DM01, DM04 and DM17 of the Barnet Local Plan and polices 5.3, 5.18, 7.14 and 7.15 of the London Plan.

- 6
- a) A scheme of hard and soft landscaping, including details of existing trees to be retained and size, species, planting heights, densities and positions of any soft landscaping, shall be submitted to and agreed in writing by the Local Planning Authority before the development hereby permitted is commenced.
  - b) All work comprised in the approved scheme of landscaping shall be carried out before the end of the first planting and seeding season following occupation of any part of the buildings or completion of the development, whichever is sooner, or commencement of the use.
  - c) Any existing tree shown to be retained or trees or shrubs to be planted as part of the approved landscaping scheme which are removed, die, become severely damaged or diseased within five years of the completion of development shall be replaced with trees or shrubs of appropriate size and species in the next planting season.

Reason: To ensure a satisfactory appearance to the development in accordance with Policies CS5 and CS7 of the Local Plan Core Strategy DPD (adopted September 2012), Policy DM01 of the Development Management Policies DPD (adopted September 2012), the Sustainable Design and Construction SPD (adopted April 2013) and 7.21 of the London Plan 2015.

- 7
- a) Before the development hereby permitted is first occupied, details of enclosures and screened facilities for the storage of recycling containers and wheeled refuse bins or other refuse storage containers where applicable, together with a satisfactory point of collection shall be submitted to and approved in writing by the Local Planning Authority.
  - b) The development shall be implemented in full accordance with the details as approved under this condition prior to the first occupation and retained as such thereafter.

Reason: To ensure a satisfactory appearance for the development and satisfactory accessibility; and to protect the amenities of the area in accordance with policies DM01 of the Adopted Barnet Development Management Policies DPD (2012) and CS14 of the Adopted Barnet Core Strategy DPD (2012).

- 8
- a) No development shall take place until a scheme of hard and soft landscaping to the front forecourt area, including details of existing trees to be retained and size, species, planting heights, densities and positions of any soft landscaping, has be submitted to and agreed in writing by the Local Planning Authority.
  - b) All work comprised in the approved scheme of landscaping shall be carried out before the end of the first planting and seeding season following occupation of any part of the buildings or completion of the development, whichever is sooner, or commencement of the use.
  - c) Any existing tree shown to be retained or trees or shrubs to be planted as part of the approved landscaping scheme which are removed, die, become severely

damaged or diseased within five years of the completion of development shall be replaced with trees or shrubs of appropriate size and species in the next planting season.

Reason: To ensure a satisfactory appearance to the development in accordance with Policies CS5 and CS7 of the Local Plan Core Strategy DPD (adopted September 2012), Policy DM01 of the Development Management Policies DPD (adopted September 2012), the Sustainable Design and Construction SPD (adopted April 2013) and 7.21 of the London Plan 2015.

- 9 a) The site shall not be brought into use or first occupied until details of the means of enclosure, including boundary treatments, have been submitted to and approved in writing by the Local Planning Authority.

b) The development shall be implemented in accordance with the details approved as part of this condition before first occupation or the use is commenced and retained as such thereafter.

Reason: To ensure that the proposed development does not prejudice the appearance of the locality and/or the amenities of occupiers of adjoining residential properties and to confine access to the permitted points in the interest of the flow of traffic and conditions of general safety on the adjoining highway in accordance with Policies DM01, DM03, DM17 of the Development Management Policies DPD (adopted September 2012), and Policies CS NPPF and CS1 of the Local Plan Core Strategy (adopted September 2012).

- 10 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification), no development otherwise permitted by any of Classes A, B, D and E of Part 1 of Schedule 2 of that Order shall be carried out within the area of site hereby approved.

Reason: To safeguard the amenities of neighbouring occupiers, the health of adjacent TPO trees and the general locality in accordance with policies DM01 of the Development Management Policies DPD (adopted September 2012).

- 11 Notwithstanding the provisions of any development order made under Section 59 of the Town and Country Planning Act 1990 (or any Order revoking and re-enacting that Order) no windows other than those expressly authorised by this permission, shall be placed at any time in the side elevation facing the existing car park.

Reason: To safeguard the privacy and amenities of occupiers of adjoining residential properties in accordance with policy DM01 of the Development Management Policies DPD (adopted September 2012).

- 12 Before the development hereby permitted is first occupied or the use first commences the parking spaces shown on Drawing No. 1517.P.03 shall be provided and shall not be used for any purpose other than the parking of vehicles in connection with the approved development.

Reason: To ensure that parking is provided in accordance with the council's standards in the interests of pedestrian and highway safety, the free flow of traffic and in order to protect the amenities of the area in accordance with Policy DM17 of

the Development Management Policies DPD (adopted September 2012) and Policies 6.1, 6.2 and 6.3 of the London Plan 2015.

- 13 No construction work resulting from the planning permission shall be carried out on the premises at any time on Sundays, Bank or Public Holidays, before 8.00 am or after 1.00 pm on Saturdays, or before 8.00 am or after 6.00pm pm on other days.

Reason: To ensure that the proposed development does not prejudice the amenities of occupiers of adjoining residential properties in accordance with policy DM04 of the Development Management Policies DPD (adopted September 2012).

- 14 Prior to the first occupation of the new dwellinghouse(s) (Use Class C3) hereby approved they shall all have been constructed to have 100% of the water supplied to them by the mains water infrastructure provided through a water meter or water meters and each new dwelling shall be constructed to include water saving and efficiency measures that comply with Regulation 36(2)(b) of Part G 2 of the Building Regulations to ensure that a maximum of 105 litres of water is consumed per person per day with a fittings based approach should be used to determine the water consumption of the proposed development. The development shall be maintained as such in perpetuity thereafter.

Reason: To encourage the efficient use of water in accordance with policy CS13 of the Barnet Core Strategy (2012) and Policy 5.15 of the March 2016 Minor Alterations to the London Plan and the 2016 Mayors Housing SPG.

- 15 Prior to the first occupation of the development hereby approved it shall be constructed incorporating carbon dioxide emission reduction measures which achieve an improvement of not less than 6% in carbon dioxide emissions when compared to a building constructed to comply with the minimum Target Emission Rate requirements of the 2010 Building Regulations. The development shall be maintained as such in perpetuity thereafter.

Reason: To ensure that the development is sustainable and minimises carbon dioxide emissions and to comply with the requirements of policies DM01 and DM02 of the Barnet Development Management Polices document (2012), Policies 5.2 and 5.3 of the London Plan (2015) and the 2016 Mayors Housing SPG.

- 16 Notwithstanding the details shown in the drawings submitted and otherwise hereby approved, prior to the first occupation of the new dwellinghouse(s) (Use Class C3) permitted under this consent they shall all have been constructed to meet and achieve all the relevant criteria of Part M4(2) of Schedule 1 to the Building Regulations 2010 (or the equivalent standard in such measure of accessibility and adaptability for house design which may replace that scheme in future). The development shall be maintained as such in perpetuity thereafter.

Reason: To ensure the development meets the needs of its future occupiers and to comply with the requirements of Policies 3.5 and 3.8 of the March 2016 Minor Alterations to the London Plan and the 2016 Mayors Housing SPG.

- 17 Provisions shall be made within the site to ensure that all vehicles associated with the construction of the development hereby approved are properly washed and cleaned to prevent the passage of mud and dirt onto the adjoining highway.

Reason: To ensure that the development does not cause danger and inconvenience to users of the adjoining pavement and highway.

### **Informative(s):**

- 1 In accordance with paragraphs 186 and 187 of the NPPF, the Local Planning Authority (LPA) takes a positive and proactive approach to development proposals, focused on solutions. The LPA has produced planning policies and written guidance to assist applicants when submitting applications. These are all available on the Council's website. The LPA has negotiated with the applicant/agent where necessary during the application process to ensure that the proposed development is in accordance with the Development Plan.
- 2 The Community Infrastructure Levy (CIL) applies to all 'chargeable development'. This is defined as development of one or more additional units, and / or an increase to existing floor space of more than 100 sq m. Details of how the calculations work are provided in guidance documents on the Planning Portal at [www.planningportal.gov.uk/cil](http://www.planningportal.gov.uk/cil).

The Mayor of London adopted a CIL charge on 1st April 2012 setting a rate of £35 per sq m on all forms of development in Barnet except for education and health developments which are exempt from this charge. Your planning application has been assessed at this time as liable for a £4,270 payment under Mayoral CIL.

The London Borough of Barnet adopted a CIL charge on 1st May 2013 setting a rate of £135 per sq m on residential and retail development in its area of authority. All other uses and ancillary car parking are exempt from this charge. Your planning application has therefore been assessed at this time as liable for a £16,470 payment under Barnet CIL.

Please note that Indexation will be added in line with Regulation 40 of Community Infrastructure Levy.

Liability for CIL will be recorded to the register of Local Land Charges as a legal charge upon your site payable should you commence development. Receipts of the Mayoral CIL charge are collected by the London Borough of Barnet on behalf of the Mayor of London; receipts are passed across to Transport for London to support Crossrail, London's highest infrastructure priority.

You will be sent a 'Liability Notice' that provides full details of the charge and to whom it has been apportioned for payment. If you wish to identify named parties other than the applicant for this permission as the liable party for paying this levy, please submit to the Council an 'Assumption of Liability' notice, which is also available from the Planning Portal website.

The CIL becomes payable upon commencement of development. You are required to submit a 'Notice of Commencement' to the Council's CIL Team prior to

commencing on site, and failure to provide such information at the due date will incur both surcharges and penalty interest. There are various other charges and surcharges that may apply if you fail to meet other statutory requirements relating to CIL, such requirements will all be set out in the Liability Notice you will receive. You may wish to seek professional planning advice to ensure that you comply fully with the requirements of CIL Regulations.

If you have a specific question or matter you need to discuss with the CIL team, or you fail to receive a 'Liability Notice' from the Council within 1 month of this grant of planning permission, please email us at: [cil@barnet.gov.uk](mailto:cil@barnet.gov.uk).

#### Relief or Exemption from CIL:

If social housing or charitable relief applies to your development or your development falls within one of the following categories then this may reduce the final amount you are required to pay; such relief must be applied for prior to commencement of development using the 'Claiming Exemption or Relief' form available from the Planning Portal website: [www.planningportal.gov.uk/cil](http://www.planningportal.gov.uk/cil).

You can apply for relief or exemption under the following categories:

1. Charity: If you are a charity, intend to use the development for social housing or feel that there are exception circumstances affecting your development, you may be eligible for a reduction (partial or entire) in this CIL Liability. Please see the documentation published by the Department for Communities and Local Government at [https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/6314/19021101.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/6314/19021101.pdf)

2. Residential Annexes or Extensions: You can apply for exemption or relief to the collecting authority in accordance with Regulation 42(B) of Community Infrastructure Levy Regulations (2010), as amended before commencement of the chargeable development.

3. Self Build: Application can be made to the collecting authority provided you comply with the regulation as detailed in the [legislation.gov.uk](http://legislation.gov.uk)

Please visit <http://www.planningportal.gov.uk/planning/applications/howtoapply/whattosubmit/cil> for further details on exemption and relief.

- 3 The applicant is advised that any development or conversion which necessitates the removal, changing, or creation of an address or addresses must be officially registered by the Council through the formal 'Street Naming and Numbering' process.

The London Borough of Barnet is the Street Naming and Numbering Authority and is the only organisation that can create or change addresses within its boundaries. Applications are the responsibility of the developer or householder who wish to have an address created or amended.

Occupiers of properties which have not been formally registered can face a multitude of issues such as problems with deliveries, rejection of banking /

insurance applications, problems accessing key council services and most importantly delays in an emergency situation.

Further details and the application form can be downloaded from: <http://www.barnet.gov.uk/naming-and-numbering-applic-form.pdf> or requested from the Street Naming and Numbering Team via [street.naming@barnet.gov.uk](mailto:street.naming@barnet.gov.uk) or by telephoning 0208 359 7294.

- 4 If the development is carried out it will be necessary for any existing redundant vehicular crossover(s) to be reinstated to footway by the Highway Authority at the applicant's expense. You may obtain an estimate for this work from the Environment, Planning and Regeneration Directorate , Building 4, North London Business Park (NLBP), Oakleigh Road South, London N11 1NP.
- 5 The applicant is advised that for construction works adjacent or affected public highways, the Council's First Contact should be contacted on 0208 359 2000 for any necessary Highways Licences or any highway approvals deemed necessary.

## **Officer's Assessment**

### **1. Site Description**

The application site is an area of car parking located towards the southern end of Coleridge Road and forms part of the grounds of Saint Michael's Catholic Grammar School. The site lies to the front of the church building used by the school and adjoins the adjacent property of no.1 Coleridge Road.

Coleridge Road is a residential street characterised by two storey Victorian semi-detached and terraced dwellings of a variety of styles.

### **2. Site History**

Reference: 16/3455/FUL

Address: Land Rear of 32 Nether Street, London, N12 7NL

Decision: Refused

Decision Date: 03 August 2016

Description: Erection of an end of terrace two storey dwelling with rooms in roofspace with provision of cycle storage, refuse and recycling, amenity space.

### **3. Proposal**

The application seeks to construct an end of terrace two storey dwelling with rooms in the roofspace to provide accommodation for the school's caretaker. The existing car park access and crossover will be relocated further south within the site.

A number of changes have been made to the proposal following the previous refusal. These include:

- Lowering the height of the front projecting gable;
- Removal of false front door;
- Reduction of scale of proposed rear dormer;
- Reduction of depth of rear elevation;
- Increased rear garden area.

### **4. Public Consultation**

Consultation letters were sent to 116 neighbouring properties.

8 responses have been received, comprising 8 letters of objection.

The objections received can be summarised as follows:

- Additional dwelling and pastiche design would detract from the character of the streetscene;
- Existing view of the church would be blocked;
- Increase parking pressure;
- Loss of amenity with regards to loss of light and overlooking;
- Existing church doorway would be blocked in the proposed rear garden;
- Removal of street tree;
- Noise and congestion issues.

### **5. Planning Considerations**

## 5.1 Policy Context

### National Planning Policy Framework and National Planning Practice Guidance

The determination of planning applications is made mindful of Central Government advice and the Local Plan for the area. It is recognised that Local Planning Authorities must determine applications in accordance with the statutory Development Plan, unless material considerations indicate otherwise, and that the planning system does not exist to protect the private interests of one person against another.

The National Planning Policy Framework (NPPF) was published on 27 March 2012. This is a key part of the Governments reforms to make the planning system less complex and more accessible, and to promote sustainable growth.

The NPPF states that 'good design is a key aspect of sustainable development, is indivisible from good planning, and should contribute positively to making places better for people'. The NPPF retains a presumption in favour of sustainable development. This applies unless any adverse impacts of a development would 'significantly and demonstrably' outweigh the benefits.

### The Mayor's London Plan 2016

The London Development Plan is the overall strategic plan for London, and it sets out a fully integrated economic, environmental, transport and social framework for the development of the capital to 2050. It forms part of the development plan for Greater London and is recognised in the NPPF as part of the development plan.

The London Plan provides a unified framework for strategies that are designed to ensure that all Londoners benefit from sustainable improvements to their quality of life.

### Barnet's Local Plan (2012)

Barnet's Local Plan is made up of a suite of documents including the Core Strategy and Development Management Policies Development Plan Documents. Both were adopted in September 2012.

- Relevant Core Strategy Policies: CS NPPF, CS1, CS5, CS9.
- Relevant Development Management Policies: DM01, DM02, DM17.

The Council's approach to development as set out in Policy DM01 is to minimise the impact on the local environment and to ensure that occupiers of new developments as well as neighbouring occupiers enjoy a high standard of amenity. Policy DM01 states that all development should represent high quality design and should be designed to allow for adequate daylight, sunlight, privacy and outlook for adjoining occupiers. Policy DM02 states that where appropriate, development will be expected to demonstrate compliance to minimum amenity standards and make a positive contribution to the Borough. The development standards set out in Policy DM02 are regarded as key for Barnet to deliver the highest standards of urban design.

### Supplementary Planning Documents

Residential Design Guidance SPD (adopted October 2016)

- Design of new residential development relates to its setting and local character;

- Proposed density is suited to the site and to the wider context;
- Proposal responds positively to reinforcing or improving local character.

Sustainable Design and Construction SPD (adopted October 2016)

- Provides detailed guidance that supplements policies in the adopted Local Plan, and sets out how sustainable development will be delivered in Barnet.

## **5.2 Main issues for consideration**

The main issues for consideration in this case are:

- Whether harm would be caused to the character and appearance of the existing site, the street scene and the wider locality;
- Whether harm would be caused to the living conditions of neighbouring residents;
- Whether adequate accommodation is provided for future occupiers;
- Highways issues.

## **5.3 Assessment of proposals**

### Impact on character and appearance of the existing site, streetscene and amenity of neighbouring residents

Development Plan policies require that proposals are based on an understanding of local characteristics and should preserve or enhance local character and respect the appearance, scale, mass and height of surrounding buildings, spaces and streets.

The setting of Coleridge Road is characterised by a mixture of Victorian two storey semi-detached and terraced dwellings which all have a small front garden and a long narrow garden to the rear. Overall, it is considered that the proposal with the series of amendments made, appropriately replicates the existing design, massing and bulk of the existing properties along this street. The additional of a new dwelling would not be at odds with the character of the street and would contribute to Barnet's housing stock. The final finishing materials will be examined through condition to ensure that they best match the surrounding properties.

It is acknowledged that the setting of the church building carries some importance in the local character of this street and there is currently an uninterrupted view of the gable end through the car park. By virtue of extending from the existing terrace, the overall view of the elevation will be partially obstructed. However, as the building is not statutory or locally listed or the site located within a conservation area, the impact on the setting of this building is not considered to form significant weight to form an individual reason for refusal. The agent has confirmed that the existing side entrance to the church building is no longer in use and therefore its incorporation into the proposed rear garden is not considered to be detrimental.

Taking account of the site's orientation and proposed layout and height, the proposal is not considered to result in any significant issues of overlooking or overshadowing. In addition, it is noted that the adjacent neighbouring property, no.1, has erected a long monopitch perspex structure on the ground floor which extends from the rear elevation along the shared side boundary. Given that the proposed dwelling would not extend beyond the original rear elevation of the neighbouring property, it is not considered that the proposal would a significant adverse impact on the adjacent property. Given the separation distance

between the properties on the opposite side of Coleridge Ridge are not considered to be negatively affected by the proposal.

#### Provision of accommodation for future occupiers

The proposal seeks a three bedroom house of 122sq m GIA, with kitchen/living/dining rooms on the ground floor, 2 bedrooms and bathroom on the first floor and a third bedroom/ensuite in the loft. This would comply with minimum space standards required by the London Plan 2016 and as such Policy DM02.

The outdoor amenity space has been increase to provide 47m<sup>2</sup> of private amenity space to the rear. This would now comply with Barnet's Sustainable Design and Construction SPD (2016). An area of bin storage is designated to the front of the site, along with provision for cycle storage. No information has been provided whether these areas will be enclosed or open and so a condition will be attached seeking for this information.

#### Highways issues

Policy DM17 requires a provision of 1 to 1.5 spaces for a 2 to 3 bedroom unit. It is proposed to provide 1 space within the existing car park site as the dwelling is proposed for the school caretaker. The loss of staff parking will be relocated within the wider school site. Therefore, the on street parking conditions would remain unchanged and there would be detrimental impact to the street with regards parking.

### **5.4 Response to Public Consultation**

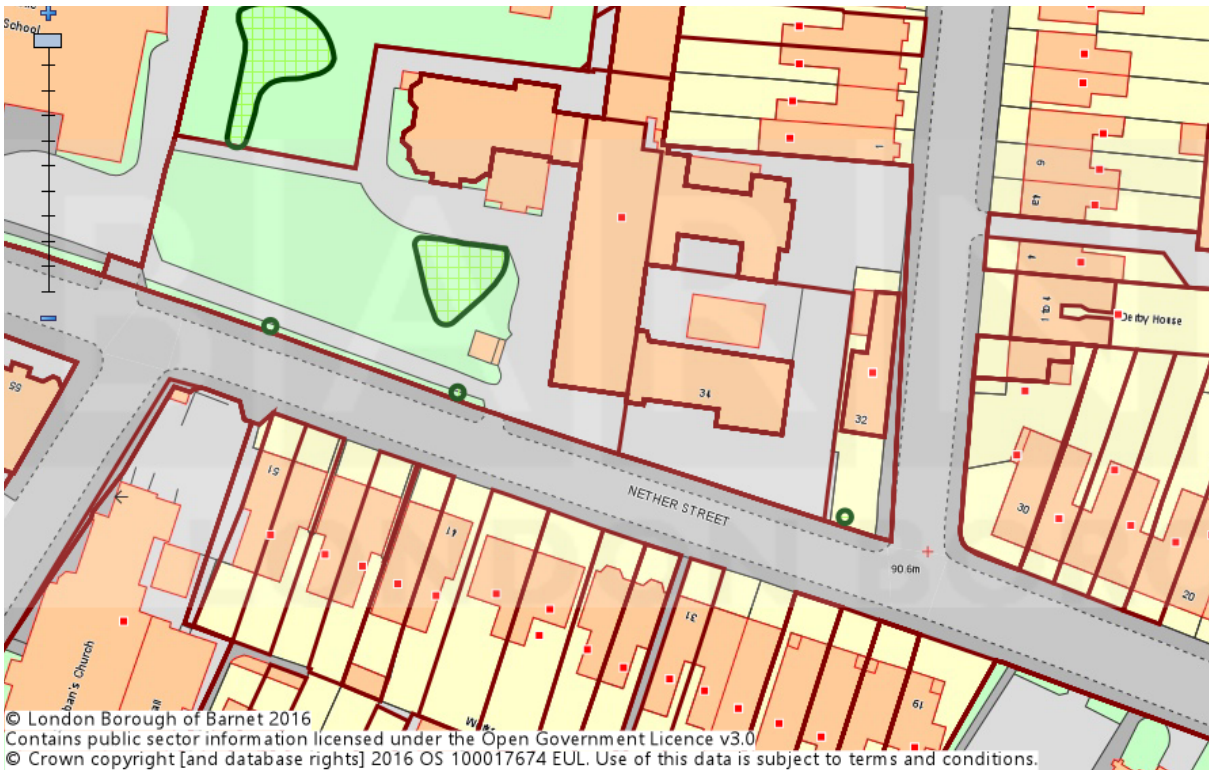

The majority of comments raised in the letters of objections have been addressed throughout the report.

### **6. Equality and Diversity Issues**

The proposal does not conflict with either Barnet Council's Equalities Policy or the commitments set in the Equality Scheme and supports the Council in meeting its statutory equality responsibilities.

### **7. Conclusion**

Having taken all material considerations into account, it is considered that subject to compliance with the attached conditions, the proposed development would have an acceptable impact on the character and appearance of the application site, the street scene and the locality. The development is not considered to have an adverse impact on the amenities of neighbouring occupiers. This application is therefore recommended for approval.
