Following the publication of the officer's report, a letter has been received from the solicitors practice acting on behalf of one neighbour. This letter states that, given the conditions proposed to be attached to the permission concerning tree protection, they consider their objection to have been addressed.

The Committee report was published before the end of the neighbour consultation period. One additional objection has been received.

The comments made are mainly the same as other objections to the proposals.

One concern raised related to a lack of on-site amenities provided to future occupiers.

However, it should be noted that this application proposes the provision of private amenity space in the form of a roof terrace.
