Officer Contact Details	Dawn Wakeling, Strategic Director Adults, Communities and Health Email: dawn.wakeling@barnet.gov.uk Tel: 0208 359 6474

Summary

This is an update on the progress of the North Central London Sustainability and Transformation Plan (NCL STP) which covers five of the London boroughs of Barnet, Camden, Enfield, Haringey and Islington.

Recommendations

- 1. That the Health and Wellbeing Board notes and comments on the North Central London Sustainability and Transformation Plan.**

1. WHY THIS REPORT IS NEEDED

- 1.1 In December 2015, the NHS shared planning guidance 16/17 – 20/21 outlined a new approach to help ensure that health and care services are built around the needs of local populations. Every health and care system has been working together to produce a multi-year Sustainability and Transformation Plan (STP), showing how local services will evolve and become sustainable over the next five years – ultimately delivering the Five Year Forward View vision.
- 1.2 Local health and care systems have come together in STP ‘footprints’ with Barnet included in the North Central London sub-regional area. The twenty-

one health and care organisations within these geographic footprints are working together to improve the health of local people, narrow the gaps in the quality of care and establish financially sustainable local Health and Social economies.

- 1.3 Appendix A provides an updated plan for transforming the health and social care economies across North Central London. This document reflects the work undertaken over the last twelve.

2. REASONS FOR RECOMMENDATIONS

- 2.1 The STP guidance is clear about the crucial role of Health and Wellbeing Boards, highlighting that success requires the engagement of all partners across a local system. The guidance goes on to encourage STPs to build on the work of the local Health and Wellbeing Board, including local needs assessments and Joint Health and Wellbeing Strategies.
- 2.2 The Board has received updates on the progress to develop the NCL STP in July, September and November 2016. The NCL STP was submitted to NHS England on the 21 October 2016 and has been published on the Council's website.

3. ALTERNATIVE OPTIONS CONSIDERED AND NOT RECOMMENDED

- 3.1 Not applicable in the context of this report.

4. POST DECISION IMPLEMENTATION

- 4.1 The Health and Wellbeing Board will receive further progress update reports at future meetings.

5. IMPLICATIONS OF DECISION

5.1 Corporate Priorities and Performance

- 5.1.1 The requirement for STPs came out of the NHS shared planning guidance 16/17 – 20/21 and supports the delivery of the Five Year Forward View.
- 5.1.2 The STP reflects local and regional need and builds on local strategic plans (such as the Corporate Plan, Joint Health and Wellbeing Strategy and CCG Operating Plan).

5.2 Resources (Finance & Value for Money, Procurement, Staffing, IT, Property, Sustainability)

- 5.2.1 The NCL STP (appendix A) outlines that there is a substantial financial challenge facing health organisations in NCL and outlines the STP plans to reduce this gap.

5.3 Social Value

- 5.3.1 The Public Services (Social Value) Act 2013 requires people who commission public services to think about how they can also secure wider social, economic and environmental benefits. Before commencing a procurement

process, commissioners should think about whether the services they are going to buy, or the way they are going to buy them, could secure these benefits for their area or stakeholders.

5.4 Legal and Constitutional References

5.4.1 Under the Council's Constitution, Responsibility for Functions, Annex A, the Health and Wellbeing Board has the following responsibility within its Terms of Reference:

- To work together to ensure the best fit between available resources to meet the health and social care needs of the population of Barnet (including children), by both improving services for health and social care and helping people to move as close as possible to a state of complete physical, mental and social wellbeing. Specific resources to be overseen include money for social care being allocated through the NHS; dedicated public health budgets; the Better Care Fund; and Section 75 partnership agreements between the NHS and the Council.
- To directly address health inequalities through its strategies and have a specific responsibility for regeneration and development as they relate to health and care. To champion the commissioning of services and activities across the range of responsibilities of all partners in order to achieve this.
- To promote partnership and, as appropriate, integration, across all necessary areas, including the use of joined-up commissioning plans across the NHS, social care and public health. To explore partnership work across North Central London where appropriate.
- Specific responsibilities for: Overseeing public health; Developing further health and social care integration.

5.5 Risk Management

5.5.1 N/A.

5.6 Equalities and Diversity

5.6.1 All public sector organisations and their partners are required under s149 of the Equality Act 2010 to have due regard to the need to:

- a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
- b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

5.6.2 The protected characteristics are age; disability; gender reassignment; pregnancy and maternity; race; religion or belief; sex and sexual orientation.

5.7 Consultation and Engagement

5.7.1 A public consultation event was held on the 27 September in Barnet.

5.7.2 A programme of further public consultation is being developed.

5.8 **Insight**

5.8.1 The STP has used local Joint Strategic Needs Assessments and Case for Change information.
