1. MATERIAL CONSIDERATIONS

National Planning Policy Framework

The Mayor's London Plan: July 2011: 3.4, 3.5A, 3.5B, 7.4A

Relevant Unitary Development Plan Policies: GBEnv1, GBEnv2, D1, D2, D3, D4, D5, H1, H2, H16, M11, M13, M14, CS2, CS8, CS13, IMP1 and IMP2.

Core Strategy (Examination in Public version) 2012: CS4, CS5.

Development Management Policies (Examination in Public version) 2012: DM01, DM06, DM14.

Barnet's emerging Local Plan is made up of a suite of documents including the Core Strategy and Development Management Policies Development Plan Documents (DPD). Until the Local Plan is complete, 183 policies within the adopted Unitary Development Plan (UDP) remain. The replacement of these 183 policies is set out in both the Core Strategy and Development Management Policies DPD.

Barnet's Local Plan is at an advanced stage following submission in August / September 2011. The National Planning Policy Framework (NPPF) (para 216) sets out the weight that can be given to emerging policies as a material consideration in the determination of planning applications.

The Development Management Policies document provides the borough wide planning policies that implement the Core Strategy. These policies will be used for day-to-day decision making.

Barnet's Local Plan is at an advanced stage following submission in August / September 2011. Therefore weight can be given to it as a material consideration in the determination of planning applications.

2. PLANNING APPRAISAL

Site Description and Surroundings:

The application site is located at the junction of Hendon Lane and Waverley Grove in a residential area of Finchley. The site was redeveloped as flats but was previously occupied by detached house. Although the area is mainly characterised by houses in single family occupancy there are examples of flatted developments in the vicinity including Waverley House on Waverley Grove, Broughton Park, off Waverley Grove and Ibis Court and Portland Court on Hendon Lane. The area around the site is relatively open and the site's boundary treatment highly visible in the streetscene.

Proposals and Planning Considerations:

The proposals seek permission to vary condition 5 of planning permission C01206Q/06 dated 29/01/2007.

Permission C01206Q/06 was for:

"Demolition of existing house, swimming pool and garage and construction of a three-storey building (with rooms in roofspace) to provide 9No. self-contained flats. Provision of basement parking. Amendment to planning permission Reference C01206N/05 including amendment to approved landscaping plan and enclosure of proposed terrace at first floor level".

Condition 5 of the consent read:

"Before the development hereby permitted is brought into use or occupied the site shall be enclosed except at the permitted points of access in accordance with details previously submitted to and approved in writing by the Local Planning Authority".

The reason for imposing the condition was to ensure that the proposed development does not prejudice the appearance of the locality and/or the amenities of occupiers of adjoining residential properties and to confine access to the permitted points in the

interest of the flow of traffic and conditions of general safety on the adjoining highway.

Condition 5 was discharged in 2008 under reference F/03708/08. Details submitted included the construction of a close boarded fence along the boundaries with pavements.

Those details were never implemented and enforcement action was instigated. The current application seeks permission for a different means of enclosure consisting of a low brick wall and thick evergreen hedging (*Photinia fraseri* "Red Robin").

The hedging has been planted for more than one year and is now established without breaks. It provides an attractive enclosure to the site and it is considered that it is more esthetically pleasing than the previously approved close boarded fence. The existing means of enclosure does not prejudice the appearance of the locality and provide a good level of privacy and protection for the occupiers of the ground floor flats. The low wall and landscaping do not affect highway safety.

It is recommended that the application should be approved and that condition 5 should be reworded as follows: "The site enclosure and landscaping details consisting of a low brick wall and associated planting shall be permanently retained as shown on drawing AA688.01".

Other relevant planning conditions should be attached to any new consent as suggested above.

3. COMMENTS ON GROUNDS OF OBJECTIONS

Planning matters are considered to have been covered above.

4. EQUALITIES AND DIVERSITY ISSUES

The proposals do not conflict with either Barnet Council's Equalities Policy or the commitments set in our Equality Scheme and supports the council in meeting its statutory equality responsibilities.

5. CONCLUSION

It is recommended that the application should be approved and that condition 5 should be reworded as follows: "The site enclosure and landscaping details consisting of a low brick wall and associated planting shall be permanently retained as shown on drawing AA688.01".
