# Overview

The Youth Assembly is a group of young people who live, work or study in Barnet and come together to debate local issues that are important to them at Hendon Town Hall. This is the third year that the Youth Assembly has operated in the London Borough of Barnet, and this year 39 members signed up.

The role of a Youth Assembly Member is to vote on the motions that they raise, with successful motions being presented to the Children's Education and Safeguarding Committee for consideration at the end of the intake's term (June 2018). The purpose of the body is to provide young people in the borough with an opportunity to improve their public speaking skills by debating in the town hall, and to stimulate change in respect to issues that are important to young people in the borough.

The meetings of Cohort 2 of the Youth Assembly took place on the following dates:

- 12 October 2017
- 16 November 2017
- 7 December 2017
- 24 January 2018
- 15 March 2018
- 12 April 2018
- 6<sup>th</sup> June – CES Committee

Meetings took place from 6PM and lasted until 8PM, and adhered to the following format:

- 6.00PM – Guest speaker, including questions
- 6.45PM – Break (including some food and drinks)
- 7.00PM – Raising and debating of motions
- 8.00PM – Close.

This year each meeting focused on a specific theme. For the first half of the meetings, the Assembly heard from prominent and influential speakers on the relevant theme. In the second half of the meeting, members raised and debated motions related to the meeting's theme. The guest speakers and themes for the meetings were as follows:

## Motions, debating & voting

The main part of what a Youth Assembly Member's role is to raise, debate and vote on motions. An overview of what a motion is (in the context of Youth Assembly meetings), and the process that was followed at meetings, is as follows:

- A motion is simply a statement, or request, that a member wants the Youth Assembly to consider. The motion might be '*I request the council to publicly endorse lowering the voting age to 16*'. The person that submits the motion will introduce it to the Assembly, giving reasons why it's important to them.

- The Assembly will then have the chance to debate or ask questions to the motion raiser. Based on the discussion, the motion raiser can then either put their statement directly to a vote, or choose to reword it (for instance to '*I request the council to publicly endorse lowering the voting age to 16 and agree to lobby Barnet's MPs on the matter*') and then put it to a vote.
- If a motion is successful (that is to say a majority of members agree with the request) then it will be put into a report that will be presented to the Children's, Education and Safeguarding Committee on 6 June 2018.

Members were advised that they could be critical of motions, and they did not have to approve every motion – if they didn't agree, they were encouraged to say so. Part of the Youth Assembly is public debating; their voice was regarded as important as the next one. They were also advised to be realistic with their motions and to be clear with what they wanted to achieve.

The successful and unsuccessful motions are found at the end of the document. Every successful motion has a response from a senior officer of the council.

If members want to follow up on their motions then they should email [youthassembly@barnet.gov.uk](mailto:youthassembly@barnet.gov.uk)

The progress of these, and previous motions, will be found on the website in the following months. Members will be able to track how their motions have got on, and see what impact they've had on their local area.

<b><i>I would like the Council to pressure the Government to work with social media companies to combat hate crime online (such as publishing clear guidelines on what hate crime is), as well as working with schools to educate young people on what constitutes hate crime and its impact. E.g. funding organisations that go into schools and working with organisations like the BMFF.</i></b>	For: 12 Against: 0 Abstentions: 0	Inter-Faith	<p>Barnet Community Safety Team works closely with Barnet Mencap to deliver Hate Crime training to faith communities in partnership with the BMFF as well as with organisations who work with people with disabilities. There are currently <a href="#">nine Hate Crime</a> reporting centres around Barnet that are open to anyone who has experienced hate crime. The recent end of year report submitted by Barnet Mencap, that will go to the Mayor's Office For Policing and Training (MOPAC), highlights the fact that more funding is needed for school workshops. The Community Safety Team encourages people of all ages and backgrounds to also report Hate Crime through the website <a href="#">True vision</a> or by downloading <a href="#">the Self Evident App</a>. The Council has a Schools Prevent Officer that will advise Barnet schools on how to better report Hate Crime and direct them towards the websites and the apps available, so that students can be better informed.</p> <p>Communications and Strategy Team</p>

<b><i>Encourage the council to commit to redevelopments that do not reduce the amount of social housing.</i></b>	For: 8 Against: 0 Abstain: 1	UNICEF part 2	<p>Estate regeneration is a complex process which must take account of the specific circumstances of each site, including local infrastructure needs, local housing need (tenure mix, affordability and unit size), other local development opportunities, placemaking, viability and the nature of the surrounding area.</p> <p>Historically on some estates the council has purposely chosen to reduce the number of social rented units in order to promote a more diverse housing stock. We always try to ensure that there isn't a loss of affordable housing on new schemes. However this requirement has had to be balanced with the need to make the schemes viable (which will enable regeneration and new homes to be delivered), and the importance of creating a mixed tenure community. We are also providing a number of surplus</p>

<b><i>Educating and encouraging young people on the subject of self defence. For example including this in Physical Education lessons or through workshops.</i></b>	For: 9 Against: 0 Abstain: 0	UNICEF part 2	<p>This is an interesting idea. I would encourage young people to take up a local martial art or self-defence course should this be of interest to the student. There are plenty of local courses for most ages and abilities. It would also have the secondary benefit of physical activity &amp; exercise. I would suggest raising with the School Head to see if this can be included in P.E. in the future.</p>

We always want to do more.</p> <p>Councillors do attend care homes to understand the needs of children in care. There is also mandatory training for Councillors on their corporate parenting role. This involves children and young people in care.</p> <p>We will ensure that feedback is given by the Voice of the Child team to all motions.</p>

The Voice of the Child</p>

MOTION	VOTE	THEME	OFFICER RESPONSE
<p><i>structure for young people is inherently flawed by the fact that members are not elected – though the assembly is relatively large, its members do not have a mandate to represent the views of the young people of Barnet, only to speak their own views and suggest their own thoughts. It is true that the assembly encourages more young people to be involved with democracy, and it is also true that the policy it suggests is useful. However, Barnet's young people need a structure where elected members with a mandate to create policy can meet regularly with local councillors and have more power and autonomy to have their policy suggestions become reality. A potential solution to this problem would be to create a Youth Council, elected by postal ballot by all young residents of Barnet, giving young people an experience of how the real council runs by replicating its structure to a degree, and giving them the opportunity to suggest policy and campaign towards it becoming a reality. This requires reassurances from Barnet's elected councillors that policy raised by the youth democratic structures will be enacted.</i></p>	<p>Abstentions: 0</p>		<p>Coordinator is waiting the young person's proposal on how the Assembly could be structured and links in to UKYP. The Voice of the Child Coordinator will work with Governance and young people to discuss how this proposal could be achieved.</p>
