Agenda Item 8 - Members Item, Cllr Dean Cohen

Cranbourne Gardens/Leaside Crescent junction

Almost all the houses immediate adjacent to the Cranbourne Gardens Leaside Crescent intersection have young children. Due to the width of the road, cars make the turn at high speed making crossing the road very dangerous. Cars do not stick to the correct lane when turning due to the width of the road. We all feel some sort of crossing island will make the intersection much safer.

Mr Daniel Goldberg
