1. RECOMMENDATIONS

- 1.1 That, having considered the performance of the Pension Fund for the quarter to 31 March 2013, the Committee instruct the Chief Operating Officer and Chief Finance Officer to address any issues that it considers necessary.**

2. RELEVANT PREVIOUS DECISIONS

- 2.1 Council – 11th September 2007 – Minute 64.
- 2.2 Pension Fund Committee – 4 February 2010, (Decision Item 6) –The Pension Fund Committee adopted the revised investment strategy
- 2.3 Pension Fund Committee – 18 March 2013, Item 6 .The Pension Fund Committee instructed that any additional funding from contributions be invested equally with both fund managers reversing the decision made at the December meeting to restrict new funding to Newton

3. CORPORATE PRIORITIES AND POLICY CONSIDERATIONS

- 3.1 To ensure that the pension fund is being invested prudently and to the best advantage in order to achieve the required funding level. Effective monitoring of the Pension Fund will provide support towards the Council's corporate priorities.

4. RISK MANAGEMENT ISSUES

- 4.1 A key risk is that of poor investment performance. The performance of Fund managers is monitored by the committee every quarter with reference to reports from JLT Investment Consulting, the Pension Fund investment adviser, and the WM Company Ltd, a company that measures the performance of pension funds. If fund manager performance is considered inadequate, the fund manager can be replaced.
- 4.2 Risks around safeguarding of pension fund assets are highlighted in the current economic climate following sovereign debt crisis in the Euro zone. Fund managers need to have due regard to longer term investment success, in the context of significant market volatility. Both Newton's and Schroder's will attend this Committee to update on their approach in this context.

5. EQUALITIES AND DIVERSITY ISSUES

- 5.1 Pursuant to the Equalities Act 2010, the council is under an obligation to have due regard to eliminating unlawful discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act; advancing equality of opportunity between persons who share a relevant 'protected characteristic' and those who do not share it; and fostering good relations between persons who share a relevant 'protected characteristic' and persons who do not share it. The 'protected characteristics' are: age, disability,

gender reassignment, pregnancy, and maternity, race, religion or belief, sex and sexual orientation

- 5.2 The rules governing admission to and participation in the Pension Fund are in keeping with this public sector equality duty. Good governance arrangements and monitoring of the pension fund managers will benefit everyone who contributes to the fund.

6. USE OF RESOURCES IMPLICATIONS (Finance, Procurement, Performance & Value for Money, Staffing, IT, Property, Sustainability)

- 6.1 As administering authority for the London Borough of Barnet Pension Fund, the Council is required to invest any funds not required for the payment and administration of pension fund contributions and benefits.

- 6.2 The Pension Fund has appointed external fund managers to maximise pension fund assets in accordance with the fund investment strategy. The Pension Fund is a long term investor and volatility of investment return is expected, though in the longer term, the appointed fund managers are expected to deliver positive returns in accordance with the fund benchmarks. The Scheme benchmark is a liability driven benchmark and is dependent on the movement in gilt yield. The Growth portfolio targets of the respective Diversified Growth Funds are Newton; LIBOR +4%, and Schroder; RPI+5%.

- 6.3 The total value of the pension fund's investments including internally managed cash was £801.692 million as at 31 March 2013, (compared to £757.533 million as at 31 December 2012, £748.813 million as at 30 September 2012, £716.617million as at 30 June 2012 and £708.877 million at 31 March 2012). The graph in Appendix A shows how the market value of the fund has grown since 2006. The total market value of externally managed investments rose by £38.56 million over the quarter.

- 6.4 Over the quarter at a total scheme level, the Fund's externally managed investments produced return of 5.1% and outperformed the liability benchmark return for the quarter by 1.7%. All the growth and bond funds produced positive absolute returns and outperformed their respective benchmarks.

- 6.5 Both the Newton and Schroder diversified growth funds underperformed equities in rising markets (as expected for DGF Funds but outperformed against their respective targets ;(Newton; LIBOR +4%, and Schroder; RPI+5 %.) Over the quarter, the Newton Real Return DGF out performed, 6.0% return versus a benchmark return of 1.1%. One year return was 10.0% compared to a benchmark return of 4.6%. But the high weighting to cash dragged performance. Schroder DGF out performed for the quarter, 6.2% versus a benchmark return of 2.2%. One year return was 9.8% versus benchmark return of 8.4%.

- 6.6 For the quarter, the Newton Corporate Bond portfolio marginally outperformed, returning 1.7% against its benchmark of 1.3% and over the year the Fund tracked the benchmark with a 14.2% performance return. Schroder's Corporate Bond portfolio marginally outperformed the benchmark for the quarter returning 1.7% and against benchmark return of 1.6%. Over the year the Schroder corporate bond return was 12.2% versus the benchmark return of 11.9%.

- 6.7 For Legal and General, overseas equities outperformed strongly by 0.5%, against the benchmark of 14.4%, and the fixed interest fund also outperformed by 0.1% against the benchmark of 1.7%
- 6.8 When compared to the WM Local Authority Universe (Appendix C), the Fund underperformed the average local authority over the quarter by 3.6%. The Fund has underperformed relative to the local authority universe over one year by -2.2% and over three years by -1.1%.
