### 1. **RECOMMENDATIONS**

- 1.1 That the 2012/13 performance report, revenue budget and capital outturn position be noted.
- 1.2 That the capital approvals and slippage of £20.168m as outlined in tables 9 and 10 be approved.
- 1.3 That Directors take appropriate action to improve performance against those corporate performance, Human Resources (HR), project and risk measures where Quarter 4 performance remains a challenge (Sections 9.3, 9.4, 9.10 and Appendix A).
- **1.4** That the earmarked reserves and provisions contained in table 7 be approved.
- **1.5** That provision for bad debt position contained in table 14 be approved.
- **1.6** That the final Special Parking Account, as set out in Appendix E, be noted.
- **1.7** That the Corporate Risk Register be noted in Appendix G.
- **1.8** That the Barnet Homes leaseholder contributions in table 13 be noted.
- 1.8 That the agency staff costs for the financial year 2012/13 in table 15 be noted.
- 1.9 That the proposed 2012/13 capital additions and deletions totalling £0.165m as set out in Appendix D and the related funding implications in 2012/13 as set out in table 11 be approved.
- 1.10 That the proposed 2013/14 capital additions totalling £2.446m as set out in Appendix D and the related funding implications in 2013/14 as set out in table 12 be approved.
- 1.11 That the following virements in 2013/14 and on-going be approved:
  - £0.305m is requested to move Electoral Registration from NSCSO to the Assurance Directorate. (Paragraph 9.15.1)
  - £0.360m is requested between Grants Awarded and Adults (Voluntary Organisations) in relation to the Barnet Community Advice Bureau contract. (Paragraph 9.15.1)
  - £0.328m is requested within Adults to transfer from non-employee costs to employee costs. There is a nil impact within the Adults Directorate. (Paragraph 9.15.1)
  - £0.086m is requested within Insurance in order to carry out a budget realignment following the restructure as set out in DPR No 1984 "People Changes for Commissioning Group". (Paragraph 9.15.1)
- **1.12** That the following debt write offs should be noted:
  - Housing debts of £0.493m and £0.303m for Housing Revenue Accounts and General Fund respectively have been written off by the Head of Customer Service and Head of Finance at Barnet Homes Ltd. (Paragraph 9.16.1)
  - Private Sector Tenancy Scheme's unrecoverable rent and deposits individually under £0.005m and totalling £1.738m have been written off under Delegated Powers (DPR ref 2060). (Paragraph 9.16.2)

- Special Parking Account debt write offs of £3.841m have been written off under Delegated Powers (DPR ref 2065). (Paragraph 9.16.3)
- 1.13 That the following inflation transfers from contingency for 2013/14 and on-going be approved (Paragraph 9.17.1):
  - £0.066m for DRS
  - £0.329 for NSCSO
- 1.14 That the spend of £7.183m on the contract with the One Barnet Implementation Partner (Agilisys / Impower) for the period up to the end of April 2013 be noted.
- **1.15** That the following transfers to and from the Transformation reserve be approved:
  - £1.734m from the Transformation Reserve to fund the additional expenditure on 'Wave 1' of the One Barnet Transformation Programme. (Paragraph 9.18.13)
  - £1.000m from the Health and Social Care Integration Project to the Transformation Reserve. (Paragraph 9.18.13)
- 1.16 That the re-allocation of £0.447m of One Barnet projected underspends to fund additional budget on the corporate restructure, community safety, Registration & Nationality Service Review, mortuary service review, and a One Barnet Wave 2 Contingency sum to be allocated by the One Barnet Programme Board during the life of the programme be approved. (Paragraph 9.18.13)
- 1.17 That the following transfer from the Risk reserve be approved
  - £0.500m to fund the legal costs associated with resisting the Judicial Review legal challenge against the awarding of the NSCSO contract. (Paragraph 9.18.15)
- 1.18 Approve reporting of equalities measures in 2013/14 (as set out in Appendix I).

### 2. RELEVANT PREVIOUS DECISIONS

- 2.1 Council, 06 March 2012 (Decision item 4.1.1) approved the Council Budget and Council Tax 2012/13.
- 2.2 Cabinet Resources Committee, 20 June 2012 (Decision item 9) approved the Outturn Report 2011/12.
- 2.3 Cabinet Resources Committee, 18 October 2012 (Decision item 12) approved the Quarter 1 Monitoring 2012/13.
- 2.4 Cabinet Resources Committee, 17 December 2012 (Decision item 5) approved the Quarter 2 Monitoring 2012/13.
- 2.5 Cabinet Resources Committee, 25 February 2013 (Decision item 18) approved the Quarter 3 Monitoring 2012/13.
- 2.6 Council, 05 March 2013 (Decision item 8.1.1) approved the Council Budget and Council Tax 2013/14.

### 3. CORPORATE PRIORITIES AND POLICY CONSIDERATIONS

- 3.1 Robust budget and performance monitoring are essential to ensuring that there are adequate and appropriately directed resources to support delivery and achievement of Council priorities and targets as set out in the Corporate Plan. In addition, adherence to the Prudential Framework ensures capital expenditure plans remain affordable in the longer term and that capital resources are maximised.
- 3.2.1 Relevant Council strategies and policies include the following:
  - Corporate Plan 2013/14;
  - Medium Term Financial Strategy;
  - Treasury Management Strategy;
  - Debt Management Strategy;
  - Insurance Strategy;
  - Risk Management Strategy; and
  - Capital, Assets and Property Strategy.

### 4. RISK MANAGEMENT ISSUES

- 4.1 The revised forecast level of balances needs to be considered in light of the risks identified in 4.2 below.
- 4.2 Various projects within the Council's revenue budget and capital programme are supported by time-limited grants. Where there are delays to the implementation of these projects, there is the risk that the associated grants will be lost. If this occurs either the projects will be aborted or a decision to divert resources from other Council priorities will be required.

### 5. EQUALITIES AND DIVERSITY ISSUES

- 5.1 Under the Equality Act 2010, the council and all other organisations exercising public functions on its behalf must have due regard to the need to: a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act; b) advance equality of opportunity between those with a protected characteristic and those without; c) promote good relations between those with a protected characteristic and those without. The 'protected characteristics' referred to are: age; disability; gender reassignment; pregnancy and maternity; race; religion or belief; sex and sexual orientation. With respect to a) the 'protected characteristics' also include marriage and civil partnership.
- 5.2 Having 'due regard' means: (i) consciously thinking about the three aims as part of the decision-making process; (ii) that an incomplete or erroneous appreciation of the duties will mean that due regard has not been given to them; and (iii) that the duty must be exercised in substance, with rigour and with an open mind.
- 5.3 Financial monitoring is important in ensuring resources are used to deliver equitable services to all members of the community.

# 6. USE OF RESOURCES IMPLICATIONS (Finance, Procurement, Performance and Value for Money, Staffing, ICT, Property, Sustainability)

6.1 Robust budget and performance monitoring plays an essential part in enabling an organisation to deliver its objectives efficiently and effectively.

- 6.2 Use of Resources implications are covered within Section 9 of the body of the report and in the attached appendices.
- 6.3 The final outturn of £280.166m has resulted in an increase in General Fund balances from £15.780m to £15.830m. The General Fund balances therefore remain above the recommended target level of £15m.

### 7. LEGAL ISSUES

- 7.1 Section 151 of the Local Government Act 1972 provides that: "without prejudice to section 111, every local authority shall make arrangements for the proper administration of their financial affairs and shall secure that one of their officers has responsibility for the administration of those affairs". Section 111 of the Local Government Act 1972, empowers local authorities to take action which is calculated to facilitate, or which is conducive or incidental to, the discharge of any of its functions.
- 7.2 Section 28 of the Local Government Act 2003 (the Act) imposes a statutory duty on a billing or major precepting authority to monitor, during the financial year, its income and expenditure against the budget calculations. If the monitoring establishes that the budgetary situation has deteriorated, the authority must take such action as it considers necessary to deal with the situation. Definition as to whether there is a deterioration in an authority's financial position is set out in sub-section 28(4) of the Act.

# 8. CONSTITUTIONAL POWERS (Relevant section from the Constitution, Key/Non-Key Decision)

- 8.1 The Council's Constitution, in Part 3, Responsibility for Functions, sets out in paragraph 3.6 the functions of the Cabinet Resources Committee including:
  - (a) Monitor the trading position of appropriate Council services, carry out debt analysis and look at income sources and charging policies;
  - (b) To write off debt;
  - (c) To determine external or cross-boundary trading limit; and
  - (d) Approval of schemes not in performance management plans but not outside the Council's budget or policy framework.
- 8.2 The Council's Constitution, Part 4, Financial Regulations Part 1 section 4.17 requires the Chief Finance Officer to report in detail to Cabinet Resources Committee at least four times a year on the revenue and capital budgets and wider financial standing in addition to two summary reports at the beginning and end of the financial year.

### 9. BACKGROUND INFORMATION

### 9.1 2012/13 Revenue Monitoring

9.1.1 The final outturn summary of 2012/13 is reflected in table 1 below. This provides a comparison of the final outturn position to the revised budget position. A breakdown of revenue monitoring by each service directorate is set out in Appendix B.

### Table 1: 2012/13 Revenue Outturn Analysis – Summary

9.1.2 The Council has an improved position at the end of 2012/13. The result is that the Council's level of balances have increased slightly from £15.780m last year to £15.830m this year. This is in excess of the target level of general fund balances of £15m.

Budgeted Use of Balances	-
Outturn Variation	(50)
General Fund Balances 31st March 2012	(15,830)

- 9.1.3 Within the overall position there are the following overspends:
  - Commercial Services overspend of £0.171m. This is made up a shortfall in income projections for Property Services & Asset Management and a shortfall in savings in Corporate Procurement. This was partially offset by an underspend on supplies and services in Information Systems where some processes were no longer required.
  - Corporate Governance overspend of £0.165m. This is due to transition costs, pressures from disbursements and shortfall of income in Legal Services reduced by underspends on members allowances and training.
  - Environment, Planning and Regeneration overspend of £0.020m. This includes small overspends in Parking and Housing.
- 9.1.4 There are underspends or nil variances across the other services. The largest underspends being in the Children's Services (£0.838m) which is primarily due to vacancies, reduced staffing costs and planned savings for 2013/14 being achieved early;

and in Adult Social Care (£0.190m) where income from health has been higher than expected and there have been savings on housing related support.

### 9.2 Variance from the Quarter 3 Report

9.2.1 The table 3 below compares the Quarter three position and the Final Outturn positions. Comments are provided where there are variances between the positions.

	Variance			
	£'000	£'000	£'000	
Adult Social Care	(190)	(237)	47	There were significant off setting shifts Q3 to Outturn on almost all care service
				delivery areas due to the volitility of demand and high cost individual placements.
				Grant income forecast in Q3 for the year was revised to a nil figure for Outturn
				after further review of collectability.
Central Expenses	-	(550)	550	
Chief Executive	(10)	262		Specific projects were financed form reserves and specific grants.
Childrens Services	(838)	(189)	(649)	The overall position at final out-turn was better off than at quarter 3 due to:
(excl. DSG)				Children in Care overspend less than anticipated; delayed eCAF IT system and
				unfilled vacancies; underspend in Education Welfare Service due to staff
				vacancies and additional income received; and reduction in management costs
				through the sharing of a single Director across Children's and Adults.
Dedicated Schools	-	(1,282)	1,282	The final underspend on the DSG was £2.083m, £801k higher than the £1.282m
Grant				underspend forecast at Quarter 3, but this was transferred to a reserve. The
				increased underspend was due to lower than anticipated spend on statements for
				children with special education needs (SEN); additional resource provisions in
				schools (ARP's) and additional primary classes; and recoupment in primary,
				secondary and special schools.
Commercial	171	599	. ,	The reduction is due to the better than anticipated procurement savings delivered
Services				in the last quarter.

### 9.3 Year End Performance Against the 2012/13 Corporate Plan Targets

- 9.3.1 A total of 43 indicators out of 50 were reported in quarter 4 of the 2012/13 financial year. Of the indicators that reported, 62.8% of Corporate Plan targets were met (27 targets rated as green) and 37.2% missed (9 targets rate as red, 7 green-amber), representing a considerable improvement compared with both quarter 1 of 2012/13 (47% of targets met) and the end of 2011/12 (44% of targets met). 29 Corporate Plan Indicators (CPI) show a positive or neutral direction of travel, 13 CPIs demonstrate a negative direction of travel. 1 CPI has reported no change. When compared to other local authorities in London, Barnet remains in the top four London councils for the proportion of services rated as both 'high performing and low cost'.
- 9.3.2. There are a number of areas where particularly strong performance or improvement against Corporate Plan indicators has been reported in quarter 4:
  - Achieving the completion of new homes in the borough with the overall number of affordable homes built in 2012/13 at 298, and 469 new dwellings on regeneration estates.
  - Satisfaction with the libraries remains high, with 89% of library users surveyed reporting that they were satisfied with the service, exceeding the target for 2012/13 of 86%.
  - The end of year target for Council Tax collection was exceeded (96.59%).

- In Adult Social Care and Health, over 56% of service users felt they have choice and control influencing decisions that affect them meeting the target in quarter 4.
- Adult Services also reported an increase in the proportion of service users taking their personal budget as a direct payment, and an increase in the proportion of people aged 65+ who are still at home 91 days after discharge into rehabilitation services.
- Children's' Services, achieved significant success, as the number of children subject to a Child Protection Plan has decreased to 206.
- 9.3.3 A number of operational activities have strong performance throughout 2012/13: contract compliance remains high; corporate contract renegotiation has achieved an average of 8.7% saving per contract a significant increase across the year; and 99.5% FOI requests are responded to in time.
- 9.3.4 There are a smaller set of performance challenges where additional action is required to achieve performance improvement.
  - The average length of time spent in temporary emergency accommodation increased from 29.1 weeks to 30.1 weeks, significantly above the target.
  - Performance of the Planning Service remains below target though has improved significantly over the course of 2012/13 with a slight increase in the backlog of planning applications in quarter four 2012/13.
  - In Environment Planning and Regeneration the amount of household waste being recycled, composted and reused was 31% in quarter 4 compared to 34.8% in quarter 4 2011/12 (figures are a quarter in arrears). While the rolling 12 month average remains at 34%, there is a risk that the final data for 2012/13 (provided in arrears) could see the performance for the year drop beneath 34% target.
  - A large proportion of the council's capital budget allocated for spend in 2012/13 was reprofiled to 2013/14.
- 9.3.5 A number of ongoing performance challenges continue in quarter 4:
  - The average number of complaints responded to within policy guidelines in 2012/13 was 79%, below target.
  - Performance within Customer Services in quarter 4 stood at 65% of calls answered within 20 seconds, compared to a target of 75%. Council Tax and Environment and Operations call centres both answered fewer than 50% of calls within 20 seconds.
  - Staff absence levels remain above the target of 6 days at 7.7 days.

### 9.4 <u>Performance on HR/People Measures</u>

- 9.4.1 A total of 30 key projects have been monitored over quarter 4. Of these, four projects reported as red due to milestone or general project slippage. The projects are:
  - Multi-Agency Safeguarding Hub (MASH) in the Children's Service: Delays in lease arrangements mean that the MASH will not be operational until July 2013.
  - North London Waste Alliance (NLWA): Procurement in Waste is marked as red due to the completion date of the project slipping back.
  - Depot Relocation programme: Arrangements to house all depot elements are yet to be confirmed and a final cost model has not been implemented.
  - Flood Risk Alleviation Scheme: Rated red due to delayed regulations and appointing of consultants to carry out watercourse surveys.

### 9.5 Housing Revenue Account

9.5.1 The Housing Revenue Account (HRA) has reported an underspend of £8.266m in 2012/13. This surplus is transferred to HRA balances and has resulted in a balance at 31 March 2013 of £16.072m

#### **Table 9: Capital Programme approvals**

9.9.4 In addition to approval sought within this report for slippage, approval has already been granted by the Cabinet Resources Committee throughout the year to reschedule expenditure on various capital projects into 2013/14. By considering these approvals alongside the approvals sought within this report, an assessment of the overall picture of capital programme performance during 2012/13 can be made.

### 9.10 Performance on Key Projects, including those in the One Barnet Programme

9.10.1 Further details of the key projects can be found in Appendix A.

### 9.11 Barnet Homes Leaseholder Contributions

9.11.1 Barnet Homes collects leaseholder contributions towards the cost of improvements and major works in the council's social housing stock. There was some significant slippage in works starting on site due to some teething problems with the new contracts launched in April 2012. This resulted in higher billing in the second half of the year due to the bottleneck effect.

9.11.2 Payments in respect of major works projects are, more often than not, subject to consolidation and then extended payment arrangements; these would not be considered to be bad debt as long as the terms of the agreement are adhered to. The 'over-one year' element could also be largely attributed to the initial start of works billing for the Granville Road project (£0.899m).

### 9.15 Virements

- 9.15.1 In accordance with the financial regulations the following virements require Member approval (recommendation 1.11) and are detailed further in Appendix F.
  - £0.305m is requested within Assurance Group to move Electoral Registration from NSCSO to the Assurance Directorate. There is a nil impact within the Assurance Group.
  - £0.360m is requested between Grants Awarded and Adults (Voluntary Organisations) in relation to the Barnet Community Advice Bureau contract.
  - £0.328m is requested within Adults to transfer from non-employee costs to employee costs. There is a nil impact within the Adults Directorate.
  - £0.086m is requested within Insurance in order to carry out a budget realignment following the restructure as set out in DPR No 1984 "People Changes for Commissioning Group".

### 9.16 Write Off and Deletion of Debt

- 9.16.1 The amounts of Housing debt write offs to be noted are £0.493m and £0.303m for Housing Revenue Accounts and General Fund respectively. The write offs are authorised by the Head of Customer Service and Head of Finance at Barnet Homes Ltd.
- 9.16.2 The write off of the Council's Private Sector Tenancy Scheme's unrecoverable rent and deposits individually under £0.005m and totalling £1.738m have been written off under Delegated Powers (DPR ref 2060). No further debt has been accumulated since 2009/10 and the current debt is uncollectable. The debt is fully provided for by a bad debt provision.
- 9.16.3 Special Parking Account debt write offs of £3.841m have been written off under Delegated Powers (DPR ref 2065).

### 9.17 Movements to and from Contingency

9.17.1Table 3 details the inflation request for 2013/14 and on-going (Recommendation 1.13). The inflation for DRS relates to rates and highways and the NSCSO is due to rates.

### 9.18 One Barnet Transformation Programme

### One Barnet Transformation Programme, 'Wave 1'

- 9.18.1 On 29 November 2010 Cabinet approved the allocation of £9.2m to deliver 'Wave 1' of the One Barnet Transformation Programme. An additional £0.627m was approved at CRC on 18 October 2012,bring the current budget to £9.847m.
- 9.18.2 This programme of more than twenty projects was expected to deliver £102m in savings up to the period 2018/19.

- 9.18.3 As of the end of March 2013 a total of £10.419m had been spent on Wave 1, representing an increase of £0.572m against the budget set in October 2012. A further £1.162m will be incurred in 2013/14 as a result of the delay to contract commencement dates for NSCSO and DRS. The overall costs to deliver the projects contained within Wave 1 are projected to be £1.734m above the original budget.
- 9.18.4 Despite this increased delivery cost, the financial savings expected to be delivered by the Wave 1 programme of activity are projected to be higher than original estimates. The revised savings projection for the same time period (i.e. to FY 2018/19) is now £155m, which is £53m higher than originally anticipated.
- 9.18.5 This increase in required budget relates in the main to the delay in reaching contract close on NSCSO and DRS as a result of the Judicial Review challenge against the Council's decision to award the NSCSO contract to Capita. The legal challenge has to date resulted in a significant delay to the original target contract signature and go-live dates for these two projects. This delay has resulted in the council having to maintain the project delivery resources and structures in place for a significantly longer period than originally planned. The costs associated with this include maintaining or increasing Commercial, Procurement, HR, Legal and Project Management resource and support.
- 9.18.6 Appendix H shows the actual spend to date and remaining 2013/14 projected spend against existing budgets for Wave 1 projects.

### **Judicial Review**

- 9.18.7 Following the Judicial Review challenge against the Council's decision to proceed with the implementation of the NSCSO contract and prospective decision to proceed with the DRS contract on the basis that the Council had not met the consultation requirements of Section 3 of the Local Government Act 2013, the Council engaged legal representation to defend its position including the appointment of a QC to represent the Council in court.
- 9.18.8 To date, the cost of defending this challenge has cost the Council in excess of £0.350m in legal fees.
- 9.18.9 It is expected that further costs will be incurred although this cannot be accurately projected at this time due to the uncertain nature of the length of the legal process. As a result of this it is requested that that a total of £0.500m is set aside to cover costs already incurred and the likely additional costs that will be incurred in concluding the legal proceedings.

### One Barnet Transformation Programme, 'Wave 2'

- 9.18.10 At Cabinet on 20 February 2012, the extension of this corporate change programme to include 5 new major projects was approved to create 'Wave 2' of the One Barnet Transformation Programme. These five projects are focused on:
  - Community Safety
  - Early Intervention
  - Health Integration and Demand Management
  - Strategic Review of Leisure
  - Street Scene

- 9.18.11 A further three 'enabling projects' were approved by Cabinet Resources Committee on 20 June 2012:
  - Implementation of the Information Management Strategy
  - Extension of Customer Services Transformation
  - Reorganisation of the Council's Staffing Structure
- 9.18.12 It is proposed that an additional two projects are run under the One Barnet Programme with the aim of delivering improved customer experience and savings efficiencies in the following service areas:
  - Registration and Nationality Service
  - Mortuary Service

### 9.18.13. The following changes to Wave 2 budgets are now requested:

- o Projected underspend in PMO of £0.447m will be reallocated to
  - £0.247m additional resource for the council restructure
  - £0.020m for safer communities
  - £0.097m for registration and nationality review
  - £0.070m for mortuary service review
  - £0.013m retained as contingency
- £1.0m returned to transformation reserve for health and SC integration (funded from section 256)

#### Key projects reporting in the new structure:

In quarters 3 and 4 the collation of key projects highlight reports has been carried out by the Performance Team, with responsibility for this function transferred from Commercial Services as a part of the transition to the new organisational model.

The established approach to reporting against service-level projects corporately will be reviewed and refreshed for quarter 1 2013/14 as we embed the new organisational model. The current is based upon the timeliness of projects when assigning RAG ratings.

Key projects issues identified in quarter 4:

- MASH Multi-Agency Support Hub (Children's Safeguarding): Phase 1 of the MASH is up and running. Phase 2 is under development and relevant partners are engaged with the process. Police security issues have now been resolved. The MASH will now be delivered in July 2013.
- 2. NLWA Procurement The fine details of the Inter Authority Agreement are still being agreed, with closure slipping back from March 2013 to Spring 2013
- 3. Depot Relocation Project in a phase of review and is currently being rated as red as a redefinition of the project scope is being undertaken, reviewing available options and ensuring that a clear cost model is in place.
- 4. Flood Risk Alleviation Scheme Progress has been slow for the following reasons: i) The Sustainable Urban Drainage Systems (SuDS) regulations has been delayed by at least 6 -12 months (now expected to come to force on 1/4/14); this has delayed the Flood Risk Management Strategy, and ii) Legal/procurement delays in appointing consultants to carry out watercourse surveys.

### 3. Methodology for traffic light ratings

### 3.1 Thresholds for awarding directorate-level health rating traffic lights

	Green	en Green Amber R		Red
	Good performance	Good, with some concerns	Some concerns	Serious concerns
Revenue & capital budget mgt - variance % (above and below)	0%	< 0.5%	0.5 - 1%	More than 1%
Corporate Plan & HR performance scores	More than 2	0.5 to 2	-1 to 0.	Less than -1

\*NB Revenue outturn tolerance levels: Green rating within RAG methodology for budget variance is determined by the final outturn being no more than 0.5% under spend or 2.5% over spend

### 3.2 Method for producing the Corporate Plan, HR/People and Project health ratings

Each individual performance indicator is traffic lighted according to the same four point traffic light scale: Green, Green Amber, Red Amber and Red. Points for each are awarded, as shown in the table below, and then added together to produce the overall health rating score for each directorate.

	Points for each indicator
Green	1
Green Amber	0.5
Red Amber	-0.5
Red	-1

For example, if there were four indicators in a particular directorate and each achieved one of the four traffic lights, the net result would be a score of 0 and this would produce a Red Amber overall health rating, based on the table above in paragraph 1.2.

### 3.3 Method for producing individual performance indicator traffic light ratings

Any target that is met achieves a Green traffic light. Targets that have not been met, but where 80% or more of the targeted improvement has been achieved, will be given a Green Amber traffic light.

Traffic Light	% of targeted improvement achieved	Description
Green	100% or more	Meeting or exceeding target
Green Amber	>80% <100%	Near target with some concerns
Red Amber	>65% <80%	Problematic
Red <65%		Serious concerns

If the targeted improvement is below 80% but above 65% the indicator will get a Red Amber rating.

For example, if the baseline is 80 people and the target is 100 people, the targeted improvement is 20. 80% of 20 is 16, so the outturn would need to be at least 96 people to achieve Green Amber and at least 93 people to achieve a Red Amber.

Whilst initial traffic lights will be based on this objective criteria, they may subsequently be changed through discussion between Directorates and the Performance team, based on the individual circumstances and prospects for each target. Where this has occurred it will be

clearly stated in the report with the reasons given.

The criteria for red and amber traffic lights for HR/People measures differs for each indicator; the amber criteria for each is shown alongside the indicator in the individual data tables.

In addition to the above criteria, Any performance indicator that is less than 10% off target and has a positive direction of travel will automatically qualify to be amber rated. <u>Both</u> of the following criteria need to be met if a service is to have a red-rated performance indicator amended to either a green-amber or a red-amber:

### For an indicator to be rated as Green amber:

- 1. No more than 5% off target, and;
- 2. A positive direction of travel

### For an indicator to be rated as Red amber:

- 1. Between >5% and no more than 10% off target, and;
- 2. Positive direction of travel or negative direction of travel not in excess of 2.5% (if the service has a clear story and improvement activity in place)

#### **Corporate Risk Register**

The following risk register represents those risks in place at the time of reporting at quarter 4, the mitigation strategies in place for each risk and the proposed treatment of each risk. The risk register has been compiled as a result of risk champions across the Council and is subject to challenge and discussion at Assistant Director and Director level prior to reporting to Members.

Since the last report (January 2013) the performance areas which continue to be of concern are staff moral and sickness with a re-occurring theme in service performance reports on the impact of mobilisation. These issues are captured and mitigating action described in the existing 'People' risk. There has been little movement for many of the risks as the controls and treatments continue to be implemented. Risks were reviewed and challenged at the Performance Delivery Board (May 2013) where it was agreed that the 'Financial Resilience' risk narrative should include capital programme slippage, and risks around emergency accommodation and planning applications recovery programme should be escalated. Emerging challenges identified as part of Quarter 4 performance will be assessed ahead of Quarter 1 and risks captured as appropriate.

Financial Resilience – given the slow recovery of the economy there is a risk of key concerns over delivering savings over the next few years and managing to deliver services at the highest standards over such uncertainty. This risk may be further increased locally pending outcome of the judicial review for NSCSO and DRS outsource contracts (worst case scenario planning). Cause: further cuts to local government funding in future years There will be further information provided by the Spending Review in June 2013. #### Appendix I

#### Monitoring Performance of Equalities and Diversity

#### 1. Introduction

- 1.1 The Public Sector Equality Duty came into force on 5 April 2011. Under the duty, we should ensure we are paying due regard to:
- Eliminate unlawful discrimination, harassment and victimisation and any other conduct prohibited by the Act;
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it; and
- **Foster good relations** between people who share a protected characteristic and people who do not share it.
- 1.2 Protected characteristics specified in the act are:
  - Age,
  - Disability,
  - Race,

- Gender & Gender reassignment,
- Pregnancy and maternity,
- Sexual orientation,
- Religion or belief,
- Marriage and civil partnership
- 1.3 Under the Act, public authorities have to ensure that they meet those duties in relation to all of their functions, including any that are contracted out. The council must also publish information to show our compliance with this duty (including, in particular, information relating to persons who share a relevant protected characteristic who are its employees; and other persons affected by its policies and practices) and prepare and publish one or more specific, measurable objective which helps us to further these three aims. We must ensure that all information we publish is accessible and free.
- 1.4 Our current equalities strategic objective, which is derived from the constitution and set out in Corporate Plan, is as follows:

Our commitment is that citizens will be treated equally, with understanding and respect; have equal opportunities with other citizens and receive quality services provided to Best Value principles

We currently measure performance against this objective using a set of measures drawn from the 2012 Residents' Perception Survey. The 2012/13 quarter 4 monitoring and performance report indicates continued progress against the objective.

#### 2. New Corporate Plan and Barnet as a Commissioning Council

The council has a new Corporate Plan (2013/14) which restates our corporate equalities objective, sitting alongside three clear corporate objectives and an agreed set of performance targets to deliver these objectives.

Within this context it is recommended that the council adopts a set of specific equalities measures that reflect both the overarching equalities objective, and relate to the corporate objectives. This approach is intended to ensure that we continue to measure our progress from an equalities perspective in a more transparent and clearly defined way, particularly as Barnet enters a time of significant growth and change as a borough.

In addition, the council has undergone a significant transformation process and is now a commissioning council. The commissioning approach demands that a robust equalities approach is demonstrated in everything we do and every change we make. In order to support this process each Delivery Unit has identified some of the key equalities measures for 2013/14, reflecting specific challenges or opportunities for this year and proposed a set of equalities indicators to measure this.

#### 3. Recommended Performance Measures

The following tables detail the proposed equalities performance measures set out by corporate objective as described in the Corporate Plan.

Some of these are new measures and will be baselined and require new data collection during 2013/14. In some circumstances, negotiations to set up contracts or service level agreements are still underway and indicative measures have been identified at this stage.

This information will be used to provide an annual report highlighting progress towards the delivery of our equalities objective and commitments. The emphasis is on using the information to complete analysis of key issues, trends and areas requiring action.
