Appendix 2 – Traffic Management and Accident Reduction proposals including prioritisation of Minor Traffic Management Schemes

Accident Reduction Schemes

The provisional 2017/18 programme identified in September 2016 included development and introduction of accident reduction proposals:

AGENDA ITEM 12

- 1) Completion of 16/17 locations
- 2) Implementation of proposals currently at design stage: EDGWARE RD (Hay La to Kingsbury Rd) # HIGH ROAD (NTH FINCHLEY)/KINGSWAY # HIGH RD EAST FINCHLEY (East End Rd - Church La) # STATION RD (Edgwarebury Lane to A5) # WOODHOUSE RD (Summers La to Colney Hatch La)
- 3) New design locations BALLARDS LA (Granville Rd-Alexandra Gr) # CRICKLEWOOD LA/CLAREMONT RD # GREAT NORTH RD/THE BISHOP'S AVENUE # HIGH RD NORTH FINCHLEY

Further detail is provided in Table 1 below.

Note: Accident reduction locations are locations with higher than average numbers of personal injury accidents to vulnerable road users.

Appendix 2 – Traffic Management and Accident Reduction proposals including prioritisation of Minor Traffic Management Schemes

Minor traffic management schemes

Prioritisation has been carried out on 236 scheme requests received in 2016/17 and unfulfilled requests from 2015/16. The top 11 proposals (all scoring 23.5 points or more) are identified in table 2 below.

Of these one (number 8) is already included in work at Pollard Road in the Accident Reduction scheme programme. A number are larger proposals that would not be developed and implemented in a single year. They are nevertheless retained in the proposed work programme (table 3) for completion of outline design only in 2017/18, with funding for implementation to be determined from future programmes.

Table 2 – extract from prioritisation output

It is also intended that a small part of the allocation be used to address very minor items (<£500 each as they are identified).

Appendix 3 – School Travel Plan and 20mph initial work programme

School Travel Plan Schemes

The provisional 2017/18 programme identified in September 2016 was.

1) Completion of 2016/17 locations

2) Detailed design and implementation (provisional locations):

Manorside/Tudor # Annunciation (Burnt Oak) # Dollis Infants (Mill Hill) # Edgware School (Edgware) # Etz Chaim (Mill Hill) # Frith School (Mill Hill) # Garden Suburb Infant # Mill Hill County (Hendon) # Osidge Lane, Brunswick Park School (Brunswick Park)

3) Outline design newly prioritised locations

As noted in the main report it is anticipated that completion of items 1 and 2 is likely to require a significant proportion of the available allocation for this work so introduction of newly prioritised locations has been deferred to allow this to be carried out against the most up to date travel plan information when necessary. Preliminary work on some proposals has not progressed as quickly as expected and this is reflected in the initial work programme proposed for 2017/18 that is set out below.

School Travel Plan Schemes Initial Work programme 2017/18

(1) Complete 2016/17 work still in progress		
School / Project	Ward	Work to complete in 2017/18
The Avenue	High Barnet	Residual construction tasks and closedown

Walksafe N14 (Hampden Way)	Brunswick Park	Residual construction tasks and closedown
Moss Hall	West Finchley	Design amendments, complete construction and closedown
Etz Chaim	Mill Hill	Post construction issues and closedown
(2a) Locations for detailed design and implementation		
School	Ward	Work to complete in 2017/18
Brunswick Park, Osidge Lane	Brunswick Park	Finalise crossing design, consult and implement
Manorside /Tudor	West Finchley / Woodhouse	Confirm proposal for detailed design, complete design and consult. Potential implementation.
(2b) Locations for optioneering and outline design		
School	Ward	Work to complete in 2017/18
Dollis Infants	Mill Hill	Develop options and outline design. Potential progression to detailed design & consultation.
Edgware School	Edgware	Develop options and outline design. Potential progression to detailed design & consultation.
Frith Manor School	Mill Hill	Develop options and outline design. Potential progression to detailed design & consultation.
Garden Suburb Infants	Garden Suburb	Develop options and outline design. Potential progression to detailed design & consultation.
Annunciation Infants	Burnt Oak	Develop options and outline design. Potential progression to detailed design & consultation.
Mill Hill County	Hendon	Develop options and outline design. Potential progression to detailed design & consultation.
(3) Reprioritised new locations (to be confirmed)		

20mph programme

The provisional 2017/18 programme identified in September 2016 was.

1) Completion of 1617 locations:

2) Provisional 1718 locations for detailed design and implementation:

Summerside School # Childs Hill School # Claremont Primary School # Lyonsdown School # Woodcroft Primary School # Woodridge Primary School # Courtland Primary School # Moss Hall Nursery School # Queen Elizabeth (Boys) School # Parkfield Primary School

3) Reserve locations if appropriate

Subsequently some proposals from section 2 and 3 above have been brought forward in the 2016/17 programme to substitute for other proposals that have not progressed as quickly as originally expected. Proposals brought forward include work in the vicinity of Lyonsdown School, Queen Elizabeth (Boys) School and Woodcroft Primary School as well as Holly Park School from the reserve list. Work related to Childs Hill School has been incorporated with work for St Agnes School, and schemes related to other schools in the programme or on the reserve list have also been combined where they are in the same area.

As noted in the main report it is anticipated that completion of items 1 & 2 will not leave significant scope to include new locations. This is reflected in the initial work programme proposed for 2017/18 set out below.

20mph Initial Work programme 2017/18

(1) Complete 2016/17 work still in progress

School	Ward	Work to complete in 2017/18
Deansbrook Infant School [including Mathilda Marks Kennedy School]	Hale	Address consultation comments and implement final proposal
St Agnes RC School [including Childs Hill School]	Childs Hill	Address consultation comments and implement final proposal
Broadfields Primary School	Edgware	Consult with residents and implement final proposal
Garden Suburb Infant School	Garden Suburb	Confirm proposal for consultation, consult and implement final proposal
Mill Hill Foundation Schools [including St Paul's C of E Primary School and St Vincent's Catholic Primary School]	Mill Hill	Confirm proposal for consultation, consult and implement final proposal
St Joseph's RC Primary School	Hendon	Confirm proposal for consultation, consult and implement proposal
Northside School	West Finchley	Complete Feasibility Study
Lyonsdown School	Oakleigh	Residual construction tasks and closedown
Queen Elizabeth (boys) school	High Barnet	Residual construction tasks and closedown
Woodcroft Primary School	Burnt Oak	Residual construction tasks and closedown
Holly Park School	Coppetts	Residual construction tasks and closedown

(2) Locations for detailed design and implementation

School	Ward	Work to complete in 2017/18
Summerside Primary School	Woodhouse	Confirm proposal for detailed design, complete design, consult and potentially implement
Claremont Primary School	Childs Hill	Confirm proposal for detailed design, complete design, consult and potentially implement

Woodridge Primary School	Totteridge	Confirm proposal for detailed design, complete design, consult and potentially implement
Courtland Primary School*	Hale	Confirm proposal for detailed design, complete design, consult and potentially implement
Moss Hall Nursery School	West Finchley	Confirm proposal for detailed design, complete design, consult and potentially implement
Parkfield Primary School	West Hendon	Confirm proposal for detailed design, complete design, consult and potentially implement
(3) Reserve location to progress if capacity available in programme		
School	Ward	Description of next stage
Northside School	West Finchley	Follow on work from Feasibility study
Re-prioritised new locations if needed		

* 20mph already present. Proposal may involve enhancement if appropriate.

Appendix 4 – Parking Review schemes initial work programme

Parking Review schemes

Prioritisation has been carried out on over 200 unfulfilled Controlled Parking Zone (CPZ) related requests received in 2016/17 as well as unfulfilled requests from 2015/16. This includes requests for new CPZs, requests to amend CPZs and eligibility investigations.

The top 5 schemes have been selected for progression, with another 3 schemes selected for initial investigation.

Due to the scoring mechanism, it has been noted that minor scheme requests do not generally score in the same way as the major scheme requests, resulting in a number of minor request being situated towards the middle of the priority listing.

It is considered that the top 5 “Amend CPZ” items should be selected for progression and that, due to their nature, that all CPZ eligibility requests should be investigated.

Further detail is provided in Table 1 below.

Furthermore, a number of requests for waiting restrictions (yellow lines), on the basis of improving safety and traffic flow have been received. However, the Council is currently considering how to address minor parking requests generally, including how these should be managed and funded moving forward and currently prioritisation of these minor parking requests have been deferred. The locations of the requested waiting restrictions are listed in Table 2 below.
