Public Comment

No.	Agenda Item	Raised by	Comment
1.	10. Members Items' - Area Committee Funding Applications: 3) Disabled-friendly swing, a slide, and safety surfacing at Brookside Walk play area (Councillor Anthony Finn).	Helen Meyer	<p>Safety surfacing is of utmost immediate attention. Now with Coronavirus more families are stuck in with children, and are dependent on using local play areas. This park has long been underdeveloped compared to other parks in the area like Silkstream Park/Montrose Playing Fields where funding and development are no issue!</p> <p>Returning home with muddy pushchairs and shoes on a DRY weather day, could easily be avoided if proper pathways were made like in normal parks. The play-area surfacing and surface access to it, must be improved and made safe with long-lasting surfacing. More toddler play equipment is also necessary.</p>
