WHAT IS IT?

Covid -19 has had a considerable impact on our community and NW7Hub, which works to support the elderly and vulnerable, and those suffering with financial hardship due to Covid, are keen to increase our offering to support our young residents.

There is real concern of a growing physical and mental health crisis, not just in the elderly and socially isolated but also with our young community. There has been a rise in anxiety and social isolation, and lack of activity, especially for those who aren't as confident with organised sports.

AIMS

- PROVIDE A SFAE SPACE FOR YOUNG PEOPLE TO MEET
- ORGANISE COMMUNITY ACTIVITIES AND VOLUNTEERING

These young people are already volunteering, they care deeply about their future and others; showing integrity and awareness of social issues facing us all. They need our help to blossom after the pandemic.

We will provide a safe space, organisation and guidance for the Youth Board to help reach their potential and add value to their community, as they rebuild their confidence and emerge post Covid.

We have already started to reach out to young people and have been blown away by the demand for this, as well as the depth of quality, integrity and commitment shown by them. We anticipate high demand.
