Agenda Item No	Question
Agenda Item 8 NHS Sustainability Plan	Mr Ben Samuel I am fascinated by the NHS' sustainability plan. Whilst visiting Barnet General Hospital car park to support the striking doctors, I noticed that solar panels only cover a minority of the roof space, and none of the car park. I previously lobbied Barnet Council for solar panels in the car park and received positive noises but have not noticed much action. Could you explain to me why it is that the NHS does not realise this potential for solar energy generation?
