## **Brent Reservoir Big Splash Event, 27 - 28 July 2019**

### **AGENDA ITEM 4**

The Canal & River Trust is organising in partnership with the Phoenix Canoe club as part of London's National Park City festival. The National Park City programme is a GLA backed initiative aimed at encouraging people to make the most of London's parks and waterways. In order to encourage the use of London's Green and Blue infrastructure the GLA are running a Festival in July, they hope this will be "the largest free celebration of London's outdoor spaces".

One element of the festival is the "Big Splash", this strand of the festival looks to put on a variety of water based activities across London so that Londoners can get out on to the water for free. The Trust is keen to promote Brent Reservoir as a part of the festival so that we can highlight the importance of the reservoir as a water resource, leisure facility and SSSI. The event at Brent Reservoir will occur on the 27th and 28th July, Phoenix Canoe Club will be running Paddleboard, Canoe and kayak taster session and the Trust will have a gazebo set up outside the canoe club with some information about our work across London's waterways.

Brent Councillors Roxanne Mashari (Vice Chairman) and Parvez Ahmed  
Canal and River Trust: Richard Bennett  
London Wildlife Trust: Dianne Murphy  
Hendon Rifle Club: Dale Langdale  
Welsh Harp Sailing Association: David Rose and John Shepherd  
West Hendon Allotment Society: Liz Hall

**1. Minutes of the Previous Meeting**

An amendment to Item 7 was noted. In the statement, 'The Council took a pro-active approach and was looking to plant 10,000 trees a year', the number of trees was amended to 1000.

**2. Absence of Members**

Apologies for absence were received on behalf of Cllr Anne Clarke, Cllr Nagus Narenthira, Mr Richard Bennett, Derrick Chung, Daniella Picker, Mr Clive Cohen and Mr Roy Beddard.

**3. Disclosable Pecuniary interests and Non-Pecuniary interests**

None.

**4. Report of the Monitoring Officer (if any)**

None.

**5. London Borough of Brent - Welsh Harp Management Plan 19 - 28**

Mr Leslie Williams presented the report and reiterated that the joint management plan between the Canal River Trust, Barnet Council and Brent Council is on the Brent Council website.

The Action Plan is updated for each Committee attached to the agenda. The online version is colour coded according to progress. Under item 3.3 works with Canal and

River Trust and Welsh Harp Sailing Association to trial the willow scrub management at the edge of the reservoir was completed. The band of marshland about 5-20m wide along the southern and northern shores of the reservoir is very conducive for the growth of willow scrub and trees creating a wind shadow which affects water sports.

Brent introduced the Public Spaces Protection Order (PSPO) which comes into force in Brent's parks on the 3rd of April this year.

Initiatives are meant to be educational and about enforcement. Training of Brent staff will be carried out to undertake enforcement.

Mr David Rose from the Welsh Harp Sailing Association presented photographs of the marshland. The section of scrub that was cleared created a much better view to the Welsh Harp Reservoir. Reeds are preserved to allow sunlight and to encourage habitat in the area. Willows by the water edge have been cut and need to be controlled in future.

More activities will be organised following the consultation and discussion of best area for wild life and plants to form.

Engineers carried out works safely near the car park as discussed at previous meetings.

The Chairman thanked Mr Rose on behalf of the Committee.

### **PUBLIC SPEAKER – Anne John, Brent Resident**

Anne explained how she has walked extensive grounds along Barnet and Brent Greenspaces for a long time and has worked in the Council for many years.

One issue that has been raised to the Committee for immediate attention is the encampment, in York Park on a little bend opposite the first big tower block. It would be a huge operation to remove the gigantic long standing black tent. The main concern is the bird nesting area on the bend where so much rubbish has been dumped.

Other issues include the plastic along the side of the water by Cool Oak Lane bridge where many tins and bottles have been dumped.

It was noted that the dumping ground of furniture on cool oak lane was cleared by the London Wildlife Trust with a group of 50 volunteers a week ago. Bad areas were identified but it was too dangerous to carry on clearing. It is a hot spot identified by Community Safety team. If there was a CCTV camera in place, the Council could then capture number plates and catch culprits easily.

Cllr Don is regularly reporting on litter cleaning. It was noted that a cut-off lamppost and street sign have fallen. During a commitment meeting, CCTV was requested and Cllr Don has written to the Council for an update.

## **RESOLVED:**

- (i) The Chairman recommended a Notice be put up in the problematic area and/or installation of CCTV to prevent repeated cleaning. Matthew Gunyon to raise recommendation again with Barnet Community Safety.
- (ii) Joint work to be carried out with Barratt London, Canal & River trust, and Greenspaces with regards to illegal encampment and finding a more suitable place for campers to live.

## **6. London Borough of Barnet - Welsh Harp Management Plan pgs. 29 - 34**

The reported fly tipping over Cool Oak Lane Bridge was being investigated by Officers from Barnet Community Safety. The Council has tasked an external contractor to carry out enforcements.

An update was provided with regards to the West Hendon Playing Fields Master Plan.

Key changes included the area of the local nature reserve as well as the tennis courts and skate park which will be relocated.

Final draft documents will be published on the Council's webpage on the 7th of March 2019.

The Section 106 update was provided on the West Hendon Estate money regarding the SSSI mitigation. Current work was being done by the London Wildlife Trust around the area on the A5 where scrub and bags of rubbish have been removed. The reported gap in the fence has been closed and replaced with a gate.

One of the members wanted to know if a SSSI Warden was going to be in post and if he or she would attend the next meeting. Matthew confirmed that there was already a Warden from the London Wildlife Trust who was not funded from s106 pot of money. It was explained that up to 60% of the £500,000 of the s106 money could be spent on a Warden.

Planning consent has been put in place for a fixed term and needed to be revisited.

**Action:** To check on claim grant £1000 a month from Baratt London – Welsh Harp Committee

## **7. Update on activities in the Welsh Harp**

Covered under previous items.

## **8. Any Other Business**

As good weather approaches for the canoeing season, the Welsh Harp Sailing Association welcomes residents to the Harp. Sunday is the 'Push the Boat Out' day.

Vice Chairman, Cllr Mashari announced that it was the last meeting under Cllr Hart's Chairmanship. Cllr Mashari thanked Cllr Hart for his excellent Chairmanship of the Committee.

### **Any Other Items that the Chairman Decides are Urgent**

None.

The meeting ended at 9.03 pm.

### Summary

To update the committee regarding the on-going site management issues and report the position on the Local Nature Reserve (LNR).

### Officers Recommendations

1. That the committee consider and note the contents of this report and to invite the committee to make comments on the contents of the report.

## 1. WHY THIS REPORT IS NEEDED

1.1 The Welsh Harp Joint Consultative Committee is comprised of Canals and Rivers Trust, Brent Council, Welsh Harp Conservation Group, Welsh Harp Sailing Association and Barnet Council. The committee is a consultative committee only and meets on a quarterly basis.

1.2 The committee is invited to note and make comments on the on-going site management issues during this quarter as follows:

### 1.3 Illegal encampments

The Greenspaces Team continue to work closely with the Barnet Community Safety Team, the Local Police and other partners to identify and remove encampments;

1.3.1 The encampment discussed at the previous meeting located in York Park was cleared in partnership with Barratts, Canals and Rivers Trust and the Council. A team attended site after the event and undertook a cleansing of the area in question

### 1.4 Litter

1.4.1 Litter and bin schedules will continue to be reviewed by the operational service within Street Scene to ensure the service delivered meets the needs of the area.

1.4.2 The reported fly tipping in and around Cool Oak Lane Bridge was reported to the [BarnetCST@barnet.gov.uk](mailto:BarnetCST@barnet.gov.uk) and allocated to an officer to arrange enforcement patrols and to investigate if a camera should be deployed along this area.

### 1.5 West Hendon Playing Fields Master Plan & Replacement Ball Court

1.5.1 The Draft Master Plan approved to go to full public consultation by the Environment Committee 14 March 2019. The Draft Master Plan is currently out to consultation (3 June – 28 July 2019). Representations can be made through the council's online engagement portal here;

<https://engage.barnet.gov.uk/draft-masterplan-west-hendon-3>

Local residents were sent flyers, posters were erected in the park, social media is being used to inform people of the consultation and, several public drop in sessions have been arranged as part of the consultation;

Date	Time	Location
Friday 28 <sup>th</sup> June	2pm – 5pm	West Hendon Community Hub
Saturday 29 <sup>th</sup> June	10am – 1pm	By the playground at West Hendon Playing Fields
Wednesday 10 <sup>th</sup> July	8.30am – 12pm	Parkside View Nursery, West Hendon Pavilion
Wednesday 17 <sup>th</sup> July	3pm – 6pm	West Hendon Community Hub
Friday 26 <sup>th</sup> July	2pm – 5pm	By the playground at West Hendon Playing Fields

## **2. REASONS FOR RECOMMENDATIONS**

- 2.1 The terms of reference of the Welsh Harp Joint Consultative Committee include that it considers and co-ordinates all the interests of recreation, leisure, maintenance and nature conservation with the object of protecting the Welsh Harp Reservoir and surrounding open land as a unique environment for both recreation and wildlife conservation.

## **3. ALTERNATIVE OPTIONS CONSIDERED AND NOT RECOMMENDED**

- 3.1 None

## **4. POST DECISION IMPLEMENTATION**

- 4.1 The committee note the actions being implemented as set out under section one.

## **5. IMPLICATIONS OF DECISION**

### **5.1 Corporate Priorities and Performance**

- 5.1.1 The Councils Corporate Plan 2015 – 2020 identifies as one of its Corporate Priorities that Barnet's parks and open spaces will be amongst the best in London. The need to develop more innovative ways of maintaining its parks and green spaces, including through greater partnerships with community groups and focus on using parks to achieve wider public health priorities for the borough.

### **5.2 Resources (Finance & Value for Money, Procurement, Staffing, IT, Property, Sustainability)**

- 5.2.1 Any costs incurred from the programmes and initiatives will be met within the existing Greenspaces budget.

### **5.3 Social Value**

- 5.3.1 The Public Services (Social Value) Act 2013 requires people who commission public services to think about how they can also secure wider social, economic and environmental benefits. Before commencing a procurement process, commissioners should think about whether the services they are going to buy, or the way they are going to buy them, could secure these benefits for their area or stakeholders.

### **5.4 Legal and Constitutional References**

- 5.4.1 The Local Authority has a statutory duty under the Countryside and Rights of Way Act 2000 to safeguard, protect and enhance sites of special scientific interest. The Local Authority has the power under Section 21 of the National Parks and Access to the Countryside Act 1949 to acquire, declare and manage nature reserves. However, English Nature must be consulted by the Authority in the use of the powers given by section 21. The 1949 Act states that a Local Nature Reserve (LNR) must be

managed in such as a way to ensure that use of the site does not result in any damage to its natural features.

5.4.2 As set out in the Terms of Reference of the Joint Committee:  
 “to consider and co-ordinate all the interests of recreation / leisure / maintenance / nature conservation and statutory requirements of the British Waterways Board and the Environment Agency at the Welsh Harp; with the object of protecting the Welsh Harp Reservoir and surrounding open land as a unique environment for both recreation and wildlife conservation”.

5.4.3 Barnet’s Constitution – Article 8 – Joint Arrangements- states at paragraph 8.1 that the Council may establish joint arrangements with one or more Local Authorities. Such arrangements may involve the appointment of a Joint Committee with these Local Authorities.

## 5.5 Risk Management

5.5.1 *There are no risk management issues associated with this report.*

## 5.6 Equalities and Diversity

5.6.1 Parks and Open Spaces benefit all sectors of the community by improving the local environment. Maintenance is carried out according to the management plan and takes into account requests from residents, users and Members. Improvements are made, wherever possible, to ensure equal access for all users.

The 2010 Equality Act outlines the provisions of the Public Sector Equalities Duty which requires Public Bodies **to have due regard** to the need to:

- eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Equality Act 2010
- advance equality of opportunity between people from different groups
- foster good relations between people from different groups

The broad purpose of this duty is to integrate considerations of equality into day business and keep them under review in decision making, the design of policies and the delivery of services

## 5.7 Corporate Parenting Principles

5.7.1 N/A

## 5.8 Consultation and Engagement

5.8.1 The Consultative Committee continues to meet on a quarterly basis, the committee comprises the land owners, legislative bodies, and third sector volunteer groups who work within the reserve to deliver positive outcomes.

## 5.9 Insight

5.9.1 None

## **6. BACKGROUND PAPERS**

- 6.1 The Welsh Harp Management Plan can be found on Brent Council's website: [www.brent.gov.uk/parks](http://www.brent.gov.uk/parks) in the biodiversity section.

## REPORT CLEARANCE CHECKLIST

*(Removed prior to publication and retained by Governance Service)*

*Note: All reports must be cleared by the appropriate Committee Chairman, Chief Officer, Legal, Finance and Governance as a minimum. Report authors should also engage with subject matter experts from other service areas where this is required (e.g. procurement, equalities, risk, etc.). The name and date that the chairman or officer has cleared the report must be included in the table below or the report will not be accepted.*

**Legal, Finance and Governance require a minimum of 5 working days to provide report clearance. Clearance cannot be guaranteed for reports submitted outside of this time and your report is likely to be withdrawn from the agenda and deferred to the next scheduled meeting.**

Reedbeds: increase	All	Natural growth is encouraged, so costs are low, but need to remove young trees.	Periodic reviews as part of Biodiversity Action Plans.	AMBER	Habitat maintained. Estimates from GIS aerial images suggest that the area of reedbed has increased by 0.09 ha between 2008 and 2016.
Grasslands, paths cutting	Barnet, Brent	Maintenance: within existing resources. Restoration work is currently unfunded. Current path cutting estimated at £5,000 / year.	Spring to autumn.	AMBER	Paths maintained but some have narrowed with scrub growth, particularly at Neasden Recreation Ground (see notes on Marshland). Grasslands: A new grassland maintenance schedule introduced by Brent Council across the Borough (including the Welsh Harp) in spring 2018. Includes emphasis on improving biodiversity value. Fine-tuning in 2019; and aiming for long-term improvements to biodiversity and amenity value. See the following link for areas for areas of spring and summer grassland at Neasden Recreation Ground: <a href="https://www.brent.gov.uk/media/16413216/neasden-recreation-ground.jpg">https://www.brent.gov.uk/media/16413216/neasden-recreation-ground.jpg</a>

Woodland	Brent, Barnet, WHCG, Canal and River Trust	Largely self-managing. Unfunded: management of woodland to increase diversity, but potential for creative use of material.		AMBER	Largely self-managing, but control of willow and other scrub required in marshland at edge of Reservoir.
River Brent Catchment Management Plan	All; led by Environment Agency / Thames 21.		2011 - ongoing	AMBER	Action Plan published at: <a href="http://www.brentcatchmentrivers.org.uk/">http://www.brentcatchmentrivers.org.uk/</a>

Marshland: maintain	Brent Council, Welsh Harp Sailing Association, Canal and River Trust.	Increase the extent of the marshland around the shores of the Reservoir for nature conservation, landscape, and to increase wind for water sports (by reducing excess growth of trees).	Alternate years: reduce young tree growth on shores of Neasden Recreation Ground, Welsh Harp Open Space.	RED	<b>Willow growth is exceeding management work on the shoreline. Estimates from GIS aerial images suggest that the area of marshland (including fen, marsh and swamp) has reduced by 0.3 ha between 2008 and 2016, due to succession to scrub woodland.</b>  <b>Discussions by sailing clubs, Brent, Canal and River Trust and other partners: autumn 2018.</b> <b>Welsh Harp Open Space: trial marshland works by Welsh Harp Sailing Association, February 2019.</b> <b>Discussions to be arranged in summer of 2019 for works in autumn / winter 2019/20.</b>
Marshland: increase	Brent, Barnet, Brent Catchment Partnership	Investigate sources of finance for long-term restoration of river catchment; and for flood alleviation.	Increase the extent of the marshland around the shores of the Reservoir for nature conservation, landscape, and to increase wind for water sports.	RED	<b>Marshland habitat at risk of scrub encroachment. See the comments for 'Marshland maintain', above.</b>
Marshland: orchids	WHCG, Brent	Marshland work by Brent Council. Volunteer work by WHCG.	WHCG to provide information.	RED	<b>As for Marshland, above. Several of the species of marshland orchids present at the Reservoir would benefit from relatively open (un-shaded) situations.</b>

South-bank boardwalk	Canal and River Trust	Canal & Rivers Trust budget: periodic work.	As required.	RED	<b>The boardwalk is damaged.</b>
Invasive species: Japanese Knotweed, Giant Hogweed and other invasive species	Canal and River Trust, Barnet Council, Brent Council	Brent parks have been dealing with Japanese Knotweed at the Brent Reservoir including at Neasden Recreation Ground; and Giant Hogweed at the Welsh Harp Open Space. Barnet have reduced Japanese Knotweed near to Cool Oak Lane bridge. Thames 21 are investigating possible systems for mapping of invasive species; possibly by linking to existing work by other recording partners.	Control of these species requires continuing attention: timely short-term control; control at the time of other works; and as part of longer term management.	RED	<b>On-going by Brent Council and Barnet Council. The Brent River Catchment Partnership are investigating how to improve control along the whole catchment. Operational knowledge is also shared via the River Brent Catchment Partnership.</b>

Wood Lane traffic: Feasibility of traffic analysis / signage for Wood Lane	Barnet Highways (leading) in consultation with Brent Highways.	See the proposals as part of the West Hendon re-development.	Bridge/s: refer to plans for construction works in 2017 (Barnet; Barrett). Damage to existing brickwork by vehicles, 2017.	Status to be advised	Cool Oak Lane bridge and proposals related to West Hendon development.
