General points

The following procedure is based on Regulations made by the Secretary of State under the Licensing Act 2003 (“the Hearings Regulations”) which may be viewed or downloaded from the website of the Department for Culture, Media and Sport by following links from www.culture.gov.uk

The procedure is intended as a general framework to ensure natural justice and a fair hearing. The conduct of individual hearings may vary slightly according to circumstances and the discretion of the Chairman. In all cases, however, this general framework will be followed.

The procedure allows each party a maximum period of 5 minutes in which to present their case (Regulations 16 & 24). At the end of the time allowed, the Chairman will terminate the presentation and the hearing will proceed in the form of a discussion led by the authority to explore points of dispute. The discussion will not be timed.

The procedure is subject to periodic review and amendment to reflect best practice and relevant legislative changes. An updated version of this procedure is published as soon as possible following any such amendments.

In addition, a description of how, when and where the video was recorded and what it contains must be submitted. These must be supplied to the Authority at least five working days before the hearing.

Chairman proceeds through all objectors dealing with all matters of contention.

4. Officers Comments

Guidance issued under section 182 of Licensing Act 2003 (April 2018)

1.16 Conditions on a premises licence or club premises certificate are important in setting the parameters within which premises can lawfully operate. The use of wording such as "must", "shall" and "will" is encouraged. Licence conditions:

- must be appropriate for the promotion of the licensing objectives;
- must be precise and enforceable;

- must be unambiguous and clear in what they intend to achieve;
- should not duplicate other statutory requirements or other duties or responsibilities placed on the employer by other legislation;
- must be tailored to the individual type, location and characteristics of the premises and events concerned;
- should not be standardised and may be unlawful when it cannot be demonstrated that they are appropriate for the promotion of the licensing objectives in an individual case;
- should not replicate offences set out in the 2003 Act or other legislation;
- should be proportionate, justifiable and be capable of being met;
- cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder and their staff, but may impact on the behaviour of customers in the immediate vicinity of the premises or as they enter or leave; and
- should be written in a prescriptive format.

1.17 Each application must be considered on its own merits and in accordance with the licensing authority's statement of licensing policy; for example, if the application falls within the scope of a cumulative impact policy. Conditions attached to licences and certificates must be tailored to the individual type, location and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.

Determining actions that are appropriate for the promotion of the licensing objectives

9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.

9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

9.44 Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its

determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination.

In relation to conditions, the statutory guidance at chapter 10.8 states that “The licensing authority may not impose any conditions unless its discretion has been engaged following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives.

Full Copies of the Councils Statement of Licensing Policy, the Statutory Guidance to the Act and the Council’s Guide to Good Practice at Licensed Premises will be available at the Licensing Sub Committee hearing or in advance if required.

NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Continued from previous page...

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- A **current** Immigration Status Document issued by the Home Office to the holder with an endorsement indicating that the named person is allowed to stay indefinitely in the UK or has no time limit on their stay in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.

- A certificate of registration or naturalisation as a British citizen, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.

Continued from previous page...

- A **current** passport endorsed to show that the holder is allowed to stay in the UK and is currently allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder which indicates that the named person can currently stay in the UK and is allowed to work relation to the carrying on of a licensable activity.

- A Certificate of Application, **less than 6 months old**, issued by the Home Office under regulation 18(3) or 20(2) of the Immigration (European Economic Area) Regulations 2016, to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence.
- Reasonable evidence that the person has an outstanding application to vary their permission to be in the UK with the Home Office such as the Home Office acknowledgement letter or proof of postage evidence, or reasonable evidence that the person has an appeal or administrative review pending on an immigration decision, such as an appeal or administrative review reference number.

 - (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
 - (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:-

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

Continued from previous page...

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

Subject: Re: New Premises Licence Application – 100 Golders Green Road NW11 8HB

I confirm my objections to the applications for both

94 Golders Green Rd and 98 Golders Green Rd as follows

I have serious concerns about the proposed hours of these applications.

I would comment as follows

- the prevention of crime and disorder: crime in the local area is increasing with a burglary spike on adjoining streets. The extended hours cannot but risk exacerbating this and putting extra pressure on the police.*
- public safety. Golders Green Rd becomes increasingly threatening as it gets later in the evening. Extended opening hours will only make this worse.*
- the prevention of public nuisance: this is already an area with a drink problem and a PSPO - extended hours will exacerbate this*
- the protection of children from harm. The Golders Green Rd has been a magnet for underage young people congregating and hours extended will again exacerbate this*

These are the same concerns as for 100 Golders Green Rd.

I take it that there is no application for 96 Golders Green Rd.

Subject: Re: New Premises Licence Application – 100 Golders Green Road NW11 8HB

I have serious concerns about the proposed hours of this application. I would comment as follows

- the prevention of crime and disorder: crime in the local area is increasing with a burglary spike on adjoining streets. The extended hours cannot but risk exacerbating this and putting extra pressure on the police.
- public safety. Golders Green Rd becomes increasingly threatening as it gets later in the evening. Extended opening hours will only make this worse.
- the prevention of public nuisance: this is already an area with a drink problem and a PSPO - extended hours will exacerbate this
- the protection of children from harm. The Golders Green Rd has been a magnet for underage young people congregating and hours extended will again exacerbate this.

Dear Councillor

I have carried out a search on Public Access - <https://publicaccess.barnet.gov.uk/online-applications/search.do?action=advanced&searchType=Licencing> to determine if there are any other premises in the vicinity with similar times.

I can confirm that 113 Golders Green Road NW11 8HR are licensed for late night refreshment during the hours of 23:00 – 01:00 Friday to Saturday and 23:00 – 00:00 Sunday to Thursday. With regards to opening hours, it is on the licence but is not something that we would enforce as some premises do not specify opening times on their applications.

This information would also be relevant in regards to your responses to the premises applications for 94 and 98 Golders Green Road.

Should you wish to submit a representation against the applications, please do so in writing to licensingadmin@barnet.gov.uk by 8th April 2020. Please note, the representation must relate to one or more of the Licensing Objectives, which are as follows:-

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance and
- the protection of children from harm.
