7. RE-ADMISSION OF THE PRESS AND PUBLIC: ANNOUNCEMENT OF THE DECISION OF THE SUB-COMMITTEE

The Chairman reported that the decision (below) would follow within five days.

This is an application for a new premises licence made under section 17 of the Licensing Act 2003 in relation to **The Spirited Club, 33 Linden Lea, London N2 0RF** (the "Premises").

The application is to allow the sale of alcohol for consumption off the premises only from 09:00 hours until 17:00 hours Monday to Friday and for the Premises to be open to the public between 09:00 to 17:00 Monday to Sunday.

The Premises are a residential property. The Premises are not currently licenced and the panel notes that the licence application includes a plan of the Premises, shown at page 33 of the Report. This appears to show the layout of the Premises and a locked cupboard located on the 2nd floor of the Premises wherein the alcohol will be stored.

The validity of the Notice of Application (“the Notice”) displayed outside the Premises has been brought to the attention of the panel. The Notice was exhibited properly outside the Premises but upon inspection, within the consultation period, the Notice:

- (i) refers to the applicant as Sager Enterprises yet the application has been made by Richard Sager.
- (ii) states that the register of licensing applications can be inspected at Building 4, North London Business Park, Oakleigh Road South, London N11 1NP.
- (iii) was amended by the Applicant on 19th July 2018 by deleting any reference to “collection”.

Regulation 26(4) of the Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005/42 details what must be included in a notice. Looking at the notice as a whole, the non-compliance aspects relate to the name of the applicant and the register location both of which have been resolved.

Name of Applicant

The Applicant confirmed to the Panel that he is the sole director of Sager Enterprises and was set up for the purposes of working as a self-employed consultant following redundancy in 2017. The Applicant and Sager Enterprises are one of the same person.

Register of Licensing Applications

Due to a change in location, the register is no longer kept at this address and the notices were not changed to reflect this. The Panel were advised that this has now been rectified. Nevertheless, the Notice states that appointments to inspect the register can be made by telephoning 020 8359 7995 during office hours. The individual requesting to inspect the register was subsequently provided with all of the relevant information held on the register.

The Licensing Act 2003 and the Licensing Act 2003 (Licensing authority’s register) (other information) Regulations 2005 (“2005 Regulations”) stipulate that the Council has to keep a register of licensing applications. However, the regulations are silent on the prescribed form and manner in which the register must be kept. The 2005 Regulations do not specify the form or the manner only that a record of the information should be contained in the register. In any event, the information contained on the register was provided prior to the hearing and no prejudice has been caused.

It is unfortunate that the Notice states that it is possible to inspect the application at North London Business Park, when the register is no longer kept there. However, the Notice

does state that appointments to inspect the register can be made by telephoning 020 8359 7995 during office hours.

Neither the Licensing Act nor any subsequent guidance indicates the effect of any non compliance. The case of R (on the application of Akin) v Stratford Magistrates Court is analogous to this case. The case concerned an alleged irregularity in a licensing procedure and the test set out in the earlier immigration case of R v Secretary of State for the Home Department Ex Parte Jeyanthan was followed. The test was threefold:-

1. Was there substantial compliance?
2. Was the non compliance capable of being waived?
3. If not, the consequences of non compliance.

The Panel are satisfied that there has been substantial compliance with regulation 26(4). The Notice has informed residents of the proposed application for a premises licence and the representations were received after the amendment to the Notice and are specific to the issue of collection. Furthermore, the non-compliance is capable of being waived, the information contained in the register was provided and the Applicant has addressed the Panel on the issue of the name of the Applicant.

Neither the Licensing Act 2003 or the 2005 Regulations specify the consequences of non-compliance and it is not Parliament's intention to invalidate a notice following procedural failure. The Panel finds that no prejudice has been caused to those wishing to make representations as the purpose of the Notice was to inform interested persons of the intended application for a premises licence and to ensure that all interested persons were heard. Applying the three-fold test as set out above the Panel does not find that the Notice was invalid.

Amendment to the Notice

The Applicant confirmed that he was advised to amend the Notice by the Licensing Officer so that it read to allow collection from the Premises by couriers. The amendment is purported to have taken place on 19th July 2018, before 26th July 2018 the final date for the advertisement period. Furthermore, the inspection of the notice could not have taken place without knowledge of the application. All of the representations were received on or around 24th July 2018, after the amendment to the notice and relate specifically to the issue of collection of alcohol from the Premises.

The Panel acknowledges the concern that the deletion of the word collection is a material amendment and potentially individuals who may have looked at the notice prior to the amendment may not have made representations on the issue of collection due to not being aware of the amendment. Notwithstanding, these concerns, the Panel notes that the amendment was made on 19th July 2018, seven days before the consultation period ended. Looking at the representations received from members of the public, six in addition to a petition signed by 12 individuals, all were received on or after 24th July 2018, after the amendment. Furthermore, all representations were received from residents of either Linden Lea or Rowan Walk and within close proximity to the Premises and are specific to the issue of collection.

Neither the Licensing Act nor subsequent regulations indicate the effect of an amendment at such a late stage. The Notice of Application was affixed to a tree in the front garden of 33 Linden Lea for 28 days. The case of R (on the application of Clarke) v Bristol City Council [2013] EWHC 4530 (Admin) is comparative to this case. The

advertising requirements of a local authority's application for a review of a licence were questioned in that the notice of the review was not on display for the entire four-month period. The notice was absent from outside the premises for three days. The Judge held on appeal that *"the purpose of the notice is to allow preparation of responses to review of the licences. The intention of Parliament here is plainly to ensure that those who have an interest in premises have a chance to make representations. A defective notice will not always thwart any review."*

Subsequently, the Panel is satisfied that members of the public were given an opportunity to make representations regarding this application. There was no injustice caused by the amendment given that all representations received were from residents of either Linden Lea or Rowan Walk, within direct proximity to the Premises, and the concerns raised were specific to collection.

Following discussions between the Applicant and the Metropolitan Police, the Applicant has agreed to include additional conditions in his application, which are set out in Annex 2 to the Report.

No representations were received from any of the responsible authorities however a number of objections have been received from members of the public, namely residents of Linden Lea and Rowan Walk. Those representations relate to the licensing objectives of public safety, the prevention of public nuisance and the protection of children from harm.

The residents make, near identical representations which are:

- (a) the Premises is in a highly populated residential area with many families walking in the streets after school hours and particularly between 17.00hrs and 19.00hrs.
- (b) the increase in traffic congestion from the deliveries of alcohol by vans or larger vehicles will endanger the safety of pedestrians and residents who frequently use Linden Lea as a pathway to access Lyttleton playing fields.
- (c) there is a primary school within close vicinity of the Premises.
- (d) increase in road traffic and parking is likely to lead to more accidents and heighten the risk to children using the pavements and roads. Parking is limited on Linden Lea and already congested.
- (e) the collection of alcohol purchased online by unknown numbers of customers either on foot or in vehicles.
- (f) no guarantee that the consumption of alcohol will not take place within the vicinity of the Premises, namely on benches or the entrance to Lyttleton playing fields.
- (g) the sale of alcohol from a residential property sets a terrible example to children and teenagers.
- (h) granting a licence would alter the character of Hampstead Garden Suburb to its detriment and set an unwelcome precedent.

- (i) the Premises is within Hampstead Garden Suburb Trust area and is bound by the original Lease Agreements of the Trust. Houses are to be used for residential purposes only and may not carry out any commercial practice.

In addition to the above, the Panel heard from two members of the public regarding the potential fire hazard due to the volume of alcohol being stored in the Premises and the potential expansion of the business. Concerns were raised that this venture is a business rather than a hobby.

It was highlighted that Barnet Council's Licensing Policy is silent on whether premises licences can be granted in respect of residential property for the sale of alcohol. The Licensing 2003 Act makes no distinction between residential and commercial premises and therefore there is no requirement to do so. For the purposes of this case, under s.1 (6) of the Licensing Act 2003, "*premises are used for a licensable activity if that activity is carried on or from the premises*". Furthermore, s.193 of the Licensing Act 2003 defines premises as "*any place and includes a vehicle, vessel or moveable structure*". The Licensing Act 2003 does not recognise a premises as a pub or a shop it only looks to define the licensable activities.

The Applicant addressed the representations made in view of promoting the licensing objectives. He clarified that there will be no increase in vehicular traffic be it from parking, on foot or from deliveries. Deliveries will be made either by the Applicant directly to his friends off site or via the Royal Mail or courier with the Applicant stating that he would take deliveries to his local post office for onward distribution. Deliveries to the Premises will be of six cases, containing thirty-six bottles, in total, every two weeks from a van within office hours.

The Applicant clarified that the club is called the Spirited Club and not the Spirit Club. It is a fun name in recognition of nature of the group. It is made up of seven of his close friends and purpose of the club is not to generate incremental income, it is solely a not for profit hobby. There will be no advertisement of the hobby or physical consumption of alcohol or collection from the Premises. Sales will be to his friends who are members of the Spirited Club and not to members of the public.

In respect of the storage of alcohol, the Applicant clarified that the bedroom where the storage room is located is not currently used as bedroom. He further explained that there is a large heavy table in front of the door to the storage area, preventing children from being able to access the cubby hole. The Applicant stated that he is aware of other residents, within the Suburb, having large alcohol collections which are stored within their property.

To alleviate concerns regarding the storage of flammable liquids, the Applicant suggested further conditions on the licence namely to store a maximum of one hundred 700ml bottles of whiskey/spirits at any one time and no more than two deliveries in any four-week period in order to address the concerns raised by the residents.

In respect of the specific representations made by the objectors the Sub-Committee concluded that:

1. Although the Premises is in a residential and highly-populated area the nature of the business meant that it was unlikely to
 - a. lead to harm to those walking within the vicinity of the Premises.

- b. increase traffic congestion from deliveries by vans or larger vehicles thereby endangering the safety of pedestrians and increase the risk of road traffic accidents

There was no evidence that could support a conclusion that it might.

2. Customers will be members of the Spirited Club and purchases will not be collected in person at the Premises. Therefore there is no risk of consumption of alcohol within the vicinity of the Premises.
3. The volume of alcohol has been limited to a maximum number to address the concerns raised regarding the potential for this business to grow.
4. The concerns regarding the impact on the character of Hampstead Garden Suburb and potential planning implications, whilst of concern to those making representations, are outside the remit of this licensing sub-committee and alternative recourses are available to those concerned.

The Sub-Committee has considered all the written and oral representations, as well as the relevant statutory legislation, the statutory guidance and Barnet's Licensing Policy.

Taking all things in to account, the Panel has decided to grant this application together with the conditions agreed with the Metropolitan Police, namely:

- (a) All sales of alcohol will only be made to persons who have become a member. Becoming a member will be done by completing a questionnaire/personal information form which will be accompanied by debit/credit card payment details (card details will be stored with an appropriate financial services company).
- (b) Customers collecting purchases of alcohol from the Premises will be asked to produce ID to ensure they are over 18 if the seller is in any doubt of their age. Applying a 'challenge 25' style policy will help prevent accidental supply to those underage. If the person appears under 25, they should be asked to produce ID to prove they are over 18.
- (c) Sales of alcohol to be delivered will be paid for by card to ensure an age verification process takes place at the point of payment. The delivery will be signed for and the person signing for the delivery must be able to prove they are over 18 if it is not the person named on the card used for payment.
- (d) There will be no consumption of alcohol purchased on the Premises. Persons residing at the premises and their private guests are exempt from this.
- (e) In the event that the licence holder moves from the Premises, the licence will be surrendered.

and the following additional conditions:

- (i) The Premises to store a maximum of one hundred 700ml bottles of whiskey/spirits at any one time.
- (ii) There be no more than two deliveries to the Premises in any 4-week period and

(iii) No customers are permitted to collect purchases from the Premises.

Due to the Applicant confirming that there will be no collection of purchases from the Premises, condition (iii) supersedes the agreed police condition (b) above and is thereby redundant.

The Sub-Committee considered that these additional conditions were appropriate in order to support the promotion of the licensing objectives.

- All sales of alcohol will only be made to persons who have become a member. Becoming a member will be done by completing a questionnaire/personal information form which will be accompanied by debit/credit card payment details (card details will be stored with an appropriate financial services company).
- Customers collecting purchases of alcohol from the premises will be asked to produce ID to ensure they are over 18 if the seller is in any doubt of their age. These will become enforceable conditions, should the licence be varied. Additional conditions may be attached to the licence if the committee thinks it appropriate.

The Committee must have regard to all of the representations made and the evidence it hears, and is asked to note that it may not attach conditions or reject the whole or part of the application merely because it considers it desirable to do so. It must actually be appropriate in order to promote the licensing objectives.

In relation to conditions, the statutory guidance at chapter 10.8 states that “The licensing authority may not impose any conditions unless its discretion has been engaged following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives.

Full Copies of the Councils Statement of Licensing Policy, the Statutory Guidance to the Act and the Council's Guide to Good Practice at Licensed Premises will be available at the Licensing Sub Committee hearing or in advance if required.

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

Continued from previous page...

List here steps you will take to promote all four licensing objectives together.

I am both the premises owner and the designated premises supervisor; as such, I will remain up-to-date on all applicable laws and licensing objectives and ensure they are adhered to. Particular attention will be paid to;

a) Protection of Children From Harm; deliveries will only be completed if proof-of-age can be demonstrated (note sales are limited to friends of the business owner, where proof-of-age is less of a concern, however should there be any doubt, proof of age will also be sought in such an instance). Similarly, the alcohol will be stored in an out-of-sight, locked location, from children and will not be stored in an accessible area prior to dispatch from the premises.

Whilst no specific commercial or consumption activity (physical sale or imbibing of alcohol) will take place on the premises, multiple actions to support both the prevention of crime and disorder and public safety have been identified and will be adhered to to ensure these specific objectives are also fully met, e.g. use of a burglar alarm coupled with security lighting and double glazing / 6-bolt Matadoor, no public advertising of the 'hobby' nor address from which the alcohol is dispatched. Similarly receipt and dispatch of goods will be scheduled to minimise any disturbance to the general locale.

As a licensed premises we are acutely aware that our approach, process and 'operations' functions fully adhere to and promote the licensing objectives. I fully-intend to support these objectives through operating schedules, processes and infrastructure discussed above and below.

b) The prevention of crime and disorder

The premises are fitted with secure doors (front door is a 6-bolt Matadoor) and windows (with internal secondary glazing).

There is an alarm on the premises that is directly connected to the Alarm Company and who call the registered premises owners if the alarm is triggered.

There are security lights at both the front and back of the premises that are triggered by movement on the property, as well as lights at the front of the house that remain on throughout the night.

Volume of alcohol to be held on the premises is limited, given the application is for the support of a hobby rather than a full commercial enterprise. There is no advertising of the hobby, nor publication of the address of the premises in any material.

There is no planned consumption of paid-for alcohol on the premises, resulting in no foreseeable public disorder situation arising.

c) Public safety

There are lights at the front of the premises that are triggered by movement on the property, as well as lights at the front of the house that remain on throughout the night and when dark (e.g. during winter).

All parts of the premises are kept in good, safe working order, despite the premises not being used to host customers or to physically execute the face-to-face sale or consumption of alcohol.

A log book shall be kept upon the premises in which shall be entered particulars of inspections made; those required to be made by statute, and information compiled to comply with any public safety condition attached to the premises licence that requires the recording of such information. The log book shall be kept available for inspection when required by persons authorised by the Licensing Act 2003 or associated legislation.

d) The prevention of public nuisance

There is no planned consumption of paid-for-alcohol on the premises, resulting in no foreseeable public disorder situation. This includes no customers coming to the premises or standing around at any time during the day.

Deliveries of goods necessary for the operation of the hobby will be carried out at such a time or in such a manner as to prevent nuisance and disturbance to nearby residents.

Any dispatches to the Royal Mail or other postal service will be made during normal working hours. Likewise, any removal of waste packaging will be completed no later than 8pm in the evening to reduce noise levels at the premises.

Continued from previous page...

e) The protection of children from harm

Alcohol will be stored at the top of the premises, out of sight of children. More specifically, a cubby hole in the loft has been identified as the store cupboard; this has a locked door leading to it which will prevent any children from gaining access.

Alcohol will not be temporarily stored in general areas prior to dispatch to the Royal Mail or other postal service.

Alcohol will be delivered via RM or other postal service on a recorded delivery basis and require proof of age upon delivery, specifically Challenge 25 - a retailing strategy that encourages anyone who is over 18 but who appears under 25 to present acceptable ID (e.g. a card bearing a PASS hologram, a photographic driving licence or a passport) if they wish to take receipt of the alcohol; without this, the parcel will not be handed over.

Richard,

We have received your application for a premises licence. This type of business model has only been put forward to us a couple of times over the last year or so and we have had to design the conditions as best we can, given the unique set up which is different from your usual retail fronted premises.

In order to promote the licensing objectives I enclose a proposal of appropriate conditions;

- All sales of alcohol will only be made to persons who have become a member. Becoming a member will be done by completing a questionnaire/personal information form which will be accompanied by debit/credit card payment details (card details will be stored with an appropriate financial services company).
- Customers collecting purchases of alcohol from the premises will be asked to produce ID to ensure they are over 18 if the seller is in any doubt of their age. Applying a 'challenge 25' style policy will help prevent accidental supply to those underage. If the person appears under 25, they should be asked to produce ID to prove they are over 18.
- Sales of alcohol to be delivered will be paid for by card to ensure an age verification process takes place at the point of payment. The delivery will be signed for and the person signing for the delivery must be able to prove they are over 18 if it is not the person named on the card used for payment.
- There will be no consumption of alcohol purchased on the premises. Persons residing at the premises and their private guests are exempt from this.
- In the event that the licence holder moves from this premises, the licence will be surrendered.

Please let me know if these conditions are acceptable or if you feel any part would cause problems.

Regards

Vicky Wilcock

Subject: Application for a Premises Licence at 33 Linden Lea pursuant to the Licensing Act 2003 by Sager Enterprises.

To:
The London Borough of Barnet Licencing Team
The London Borough of Barnet Planning Authority
The Chairman, Hampstead Garden Suburb Trust
The Chairman HGS Residents' Association
London Borough of Barnet, Local Ward Councillors

The undersigned are residents of Linden Lea and Rowan Walk, London N2, two quiet residential streets within the Conservation Area and close to an entrance to the Lyttelton Playing Fields, a popular venue for children, families and local primary schools.

We object to the licencing application to run an online business involving the sale of alcohol from 33 Linden Lea, London N2, a notice of which is attached to a tree in its front garden.

Such commercial activity will necessarily involve deliveries of alcohol by vans or larger vehicles, increasing occasional traffic congestion in this residential area. It will also involve the collection of alcohol purchased online by an unknown number of customers either on foot or in vehicles.

Though the application excludes consumption on the premises, there can be no guarantee that it will not take place nearby on convenient benches or in the almost adjacent entrance to the Playing Fields. This would damage the local environment and is highly undesirable in this residential area.

We call on the Licensing Authority to reject this application; and also on the Barnet Planning Authority, the Hampstead Garden Suburb Trust, the HGT Residents' Association and our Ward Councillors actively to support our objection.

Subject: Licensing Application 27062018 - Spirit Club 33 Linden Lea London N2 0RF

Dear Sirs,

I am writing to object to the above Licensing Application for the above residential property, which I only became aware of today from a small concealed notice strung on a tree near my property at Rowan Walk London N2. None of the residents of Rowan Walk & Linden Lea and the neighbouring houses on Linden Lea know of this application. Please see sketch diagram of street plan and photos for your reference.

The location of the property in question is totally unsuitable for a business selling alcohol / spirits even, if online and not for consumption on the property itself. People will still be collecting the alcohol from the property and more than likely arriving by car parking in the street and possibly loitering about after.

My reasons for objecting are on the following grounds:-

A) A substantial increase in car traffic in a relatively small residential street and a congested corner with Rowan Walk - with much more foot traffic of people going in and out of the property. This part of the street is usually full of parked cars from residents who do not have big enough driveways - and from drivers who park to go Lyttleton playing fields which backs onto Linden Lea and has access between no 25 and 27 - which is only 3 houses away from no 33. There is continuous congestion already from various builders, gardeners and service trade people who regularly park on this corner making it difficult for any car to navigate on a good day. It is also the bus route of the H2 which often gets stuck in the melee of traffic at this point of the street. It will become even more of a nuisance if this Licence is granted.

B) This part of the street, the junction in front of no 33 Linden Lea and Rowan Walk is the regular route used by many mothers with baby buggies and toddlers going to the aforementioned park, which also has a playing ground and a baby club and used daytime usually after 9 am and 3pm - within the hours the proposed licensing permit.

Added congestion from vans delivering to no 33 would endanger the safety of the children, as drivers often do a U turn or try to reverse on Linden to turn left into Rowan Walk as a shortcut - which is also a narrow street with grass verges. Cars already regularly mount the pavement to get past the parked cars. It will be an accident waiting to happen to invite any further cars into this location and will surely endanger these children and pedestrian. In addition

primary school children from Kerem School on Norrice Lea regularly and daily, use Rowan Walk to come back from school between 3.30 and 4.15 weekdays. It would endanger them also.

This is a residential street in a residential neighbourhood with a majority of families with young children who should not have premises selling alcohol on their door step which surely should not be allowed and encouraged. It would be an absolute folly to allow it and I urge you to consider the consequences.

I await to hear from you.

Yours faithfully
David Sadka

Subject: Spirit Club, 33 Linden Lea, London N2 0RF

Dear Sirs,

I live at Linden Lea with my family.

I note that there are only 4 grounds upon which I am entitled to object but I am astounded that Barnet Council are even considering allowing the sale of alcohol from a house in a residential area such as this.

I object to the use of 33 Linden Lea to sell alcohol for a number of reasons;

Linden Lea is a road full of families with young children. Aside from the obvious that selling alcohol from a house sets a terrible example to the children, the increase in the number of vehicles that would be using the road will certainly increase the danger to the children. Linden Lea is a busy road already being a cut through from Kingsley Way to Norrice Lea and also due to the number of people using the road to park when using the entrance to Lyttleton Playing Fields. An increase in traffic and further difficulty in parking will undoubtedly lead to more accidents and a heightened risk of harm to the many children using the pavements and road.

I do not feel it necessary to comment on the increase in public nuisance and potential crime that selling alcohol from a house will cause as it should be abundantly clear to anyone that this application is totally out of keeping with the neighbourhood.

Yours faithfully,

Simon Shelley

To whom it may concern

I would like to oppose the application for a liquor license at the above address.

This is a family neighbourhood with young children and youths. I don't feel it's appropriate for them to have the ability to purchase alcohol at the end of our road, which is also next to a playing field.

The streets are small and have limited parking.

Thank you

Dear Sirs

I write on behalf of Hampstead Garden Suburb Trust in respect of the application by Sager Enterprises for a Premises Licence to permit the online sale and delivery of alcohol at 33 Linden Lea Hampstead Garden Suburb London N2 0RF, reference number LAPRE1/18/58772.

The Hampstead Garden Suburb Trust is a charity whose purpose is to preserve the character and amenity of Hampstead Garden Suburb. The Trust is the ground landlord and operates a Scheme of Management granted by the High Court under the Leasehold Reform Act 1967 for the Suburb which grants the Trust powers controlling the use and appearance of properties on the estate choosing to purchase their freehold.

The Suburb was planned as a mainly residential suburb of London rather than a city or town. As such there are only a small number of areas planned as shops or for business activities. This separation of uses and the residential use of individual houses are important aspects of the character and amenity of the Suburb. Granting a Premises Licence at 33 Linden Lea would alter that character to the detriment of the Suburb, and affect the amenity of nearby residents. It would also set an unwelcome precedent.

For the above reasons, the Trust urges Barnet to reject this application.

Yours faithfully

Nick Packard
