#### Section 3: Summary of Top Risks

# **APPENDIX 2**

Note: grey boxes indicate risks and issues that have been previously reported but remain in the highlight report for on-going monitoring due to their overall probability and impact. **Bold** indicates new items.

Description	Cause/Consequence	Action(s) in place	Score
PROGRAMME RISKS			
OB0045 Stakeholders are not identified, communicated with or managed effectively	<ul> <li>CAUSE:         <ul> <li>Project teams do not carry out effective stakeholder mapping</li> <li>Communications Plans are not comprehensive - Stakeholders do not understand the importance and impact of their involvement in projects</li> </ul> </li> <li>CONSEQUENCE:         <ul> <li>Opportunities may be missed as they are not identified or understood</li> <li>Projects may be delayed if further discussion and engagement with stakeholders is required</li> <li>Incorrect decisions could be made if the views of all relevant stakeholders are not taken into account</li> </ul> </li> </ul>	<ul> <li>Each project has a communications plan identifying stakeholders and setting out the communication strategy and approach</li> <li>Programme Stakeholder Engagement and Communications Plan</li> <li>Equalities Impact Assessments (Internal and external) completed to understand the impact of all changes</li> <li>Programme level member engagement plan</li> </ul>	12
PROJECT RISKS			
Mortuary Service	CAUSE:	Continued dialogue with Haringey to ensure that the results of this are an accurate reflection	
Detailed financial appraisal makes available options unviable.	Haringey have indicated that the costs associated with the works required to accommodate the Barnet service may be higher than original estimates <b>CONSEQUENCE:</b> The amount of capital funding required may result in the business case for a shared service option with Haringey unviable.	of the requirement. Contingency planning in place through the assessment of alternative delivery models as part of the options appraisal.	20
SPORT0006: The current GLL contract will not allow LBB to make the c. £900k financial savings set out in the Medium Term Financial Strategy (MTFS) for 2014/15 and potentially up to 2017/18.		The OBC has been approved confirming that the council must finance this savings gap through the reserves or contingency. Continue negotiations with GLL to find a solution from 2015/16.	20
Sport and Physical Activity SPORT0011 The Council are unable to influence or vary the current GLL contract for the remainder of the term or terminate the contract.	CAUSE: GLL are unwilling to vary or negotiate the current contract and no defaults in contractual agreements are found. CONSEQUENCE: Inability to make potential savings and realise benefits.	Negotiation strategy agreed by the Project Board, firstly to start undertaking strict management of the current contract to review what the scope is to negotiate with GLL on the basis they may not adhere to agreements in the contract. To undertake negotiations for the future of the contract looking at options to make savings. Some savings have been identified and negotiations will continue	16
<u>FCC0010:</u> Mobilisation period too short in order to completely upgrade CCTV system by go-live date as specified in Business Case	Cause: ITT deadline extensions were requested by a number of bidders during the clarification questions process, and this was granted. The two week extension delayed governance processes by 6 weeks, meaning that likely contract award date is 27/01/14. With a go-live date of 01/04/14, this leaves only two months to install full system upgrade Consequence: technical upgrade of CCTV system (excluding staff transfer) could lead to delays in realisation of benefits (financial)	<ol> <li>bidders informed of contracted mobilisation period as part of clarification response</li> <li>bidders asked to provide transition plan that still aims for 01/04/14 completion of tech upgrade if possible</li> <li>HR consulted and have advised that TUPE process will not be adversely affected by shortened transition period</li> <li>change control CCTV01 completed and signed off by board highlighting risk of shortened mobilisation period</li> <li>risk to be transferred</li> </ol>	12
