- 2.12 Cabinet Resources Committee, 18th April 2013 (Decision item 15) – agreed, amongst other items, the Heads of Terms for the Deed of Variation to the West Hendon Principal Development Agreement.

Skills and Enterprise Activities

- 2.13 Delegated Powers Report, 23 September 2011 (number 1,443) – the Interim Director for Planning, Housing and Regeneration authorised the Council to enter into an agreement with the Greater London Authority which will provide the Council with a grant of up to £416,685 to fund a range of physical improvements and capability building initiatives for local traders, aimed at delivering economic uplift to Chipping Barnet Town Centre.
- 2.14 Delegated Powers Report, 7 November 2011 (number 1,467) - the Interim Director for Planning, Housing and Regeneration authorised for the London Borough of Barnet to enter into a Tripartite Agreement with London Councils and Greater London Enterprise Ltd, relating to all aspects of the two year funding and delivery of an European Social Fund Match Funded Employment Project, towards an extension of the WorkFinder job brokerage pilot. Authorisation also given to release £180,000 of Section 106 and £25,000 of London Borough of Barnet monies, as match funding towards this European Social Fund Employment Project and the two year WorkFinder.
- 2.15 Cabinet, 20 June 2012 (Decision Item 6) - approval of The Barnet Skills, Employment and Enterprise Action Plan; and the NEET Platforms package of support to help young people into employment, including support to local businesses.

- 2.16 Delegated Powers Report, 30 August 2012 (number 1,773) – the Leader of the Council authorised for the Council to enter into an agreement with the Greater London Authority which will provide the Council with a grant of up to £1,074,060 for North Finchley town centre and £1,676,625 for Cricklewood town centre to fund a range of physical improvements to the public realm and its de-cluttering as well as broader initiatives to support the area, aimed at delivering economic uplift. Round two must be delivered by 31st March 2014.

General

- 2.17 Cabinet, 14th September 2011 (Decision item 7) – approved the Regeneration Strategy, which provides an overview of current regeneration in the borough and sets out the strategic objectives for the successful future delivery of the regeneration schemes.
- 2.18 Cabinet Resources Committee, 28 February 2012 (Decision Item 17) – agreed the findings of the Regeneration Review and the proposed next steps (as set out in the detailed Action Plan attached as Appendix A to the report).
- 2.19 Cabinet Resources Committee, 17th December 2012 (Decision item 11) - endorsed the general progress being made towards delivering the Borough's regeneration schemes and skills and enterprise activities, including key wins, achievements and successes in the last twelve months as well as current challenges and expected activities in 2013.

3. CORPORATE PRIORITIES AND POLICY CONSIDERATIONS

- 3.1 The regeneration of the Council's regeneration estates and skills and enterprise activities contribute to the delivery of the Corporate Plan 2013-2016 outcome 'to maintain the right environment for a strong and diverse local economy'. The four priorities under this outcome are: regenerating priority areas; improving skills and employment opportunities; engaging with businesses; and providing infrastructure to support growth.
- 3.2 The estate regeneration programmes and skills and enterprise activities also support the 'A Sustainable Community Strategy for Barnet 2010–2020' through the following objectives:
1. A new relationship with citizens - the new developments will offer more choice and promote independence by providing a number of different housing options such as shared ownership to residents and those in the wider community. The skills and enterprise agenda focuses on equipping residents and businesses with the tools and support to prosper and grow in Barnet.
 2. A one-public-sector approach - the Council is working together with other public sector partners to ensure the delivery of the programmes.
 3. A relentless drive for efficiency - the Council is working with development partners to ensure that the programmes are delivered in the most cost effective way.

- 3.3 The regeneration schemes and skills and enterprise activities also comply with strategic objectives in the Council's Housing Strategy 2010-2025 which include:
1. Increasing housing supply, including family sized homes, to improve the range of housing choices and opportunities available to residents; and
 2. Promoting mixed communities and maximising opportunities available for those wishing to own their home.
 3. Supporting residents into employment.
- 3.4 Furthermore, the regeneration schemes and skills and enterprise activities also comply with the strategic objectives in the Council's Regeneration Strategy (September 2011), including:
1. Enhance Barnet as a Successful London Suburb through delivery of quality new places and neighbourhoods in the areas of the borough in greatest need of investment and renewal
 2. Deliver sustainable housing growth and infrastructure, and improve the condition and sustainability of the existing housing stock
 3. Ensure residents in all areas of the borough can share in Barnet's success while taking responsibility for the well-being of their families and their communities
 4. Promote economic growth by encouraging new business growth while supporting local businesses and town centres
 5. Help residents to access the right skills to meet employer needs and take advantage of new job opportunities
- 3.5 Finally, the regeneration schemes and skills and enterprise activities are a key component of 'A Growth Strategy for Barnet'. The strategy sets out the Council's commitment to mitigating the impact of continued austerity by creating the environment for growth in the local economy. The regeneration and enterprise activities are key drivers for growth as they bring significant investment in infrastructure, create new jobs and homes, support residents into work, reinvigorate communities, improve living standards and support local town centres.

4. RISK MANAGEMENT ISSUES

- 4.1 Despite the challenging economic climate over the past five years, the Council has continued to progress the physical regeneration schemes.
- 4.2 The viability of each of the physical regeneration projects is substantially dependent on the performance of the housing market over the lifetime of the developments. The recent poor economic climate and the slow recovery in the housing and finance markets added risks on the estate regeneration schemes' ability to progress in the timescales originally envisaged. The risk attached to this is that the Housing Revenue Account may have to maintain properties on the estates for longer than originally envisaged and costs to be recovered will be delayed. Principal Development Agreements are in place on Grahame Park, West Hendon, Stonegrove and Spur Road and Dollis Valley

regeneration estates. Economic sensitivity review mechanisms have been included in the Principal Development Agreements.

- 4.3 In July 2001 the department for transport, local government and the regions issued guidance to local authorities on meeting 'decent homes' standards. The Council was advised that on the basis of the known data the homes on the priority regeneration estates would fail to meet the required standard. In response to the need to address heating, condensation and general structural repairs problems and the modernisation requirements for the homes on these estates, the Council decided to embark on programmes to regenerate these estates to provide well designed, quality and efficient homes. If the estate regeneration schemes do not proceed and complete the Council will be required to bring the remaining properties up to Decent Homes Standard for which there is no current financial provision.
- 4.4 The Council's development partners are currently responsible for a substantial proportion of Council costs in delivering regeneration schemes. The Principal Development Agreements set out the framework for these costs being recovered at later stages of the regeneration projects. These costs include, but are not limited to, the legal costs associated with setting up the Principal Development Agreements, the costs of making and implementing Compulsory Purchase Orders, statutory Home Loss and Disturbance payments to secure tenants required to move, Resident Independent Advisors and cost consultancy advice. If the developer defaults on these payments or the projects do not proceed to stages specified within the Principal Development Agreements, then the Council will not be able to recover the costs already incurred. It is not possible to mitigate against this risk.
- 4.5 The Council also has obligations under the Principal Development Agreements; if the Council fails to fulfil these obligations for each scheme, it may be liable for damages and other financial liabilities given the investment in the regeneration schemes by the Council's developer partners. Thus, the Council will need to ensure that it puts in place, appropriate structures and resources to enable its obligations within the Principal Development Agreements to be met.
- 4.6 The Outer London Funded Town Centre projects required the Council to take on a level of financial risk by undertaking a grant agreement and the subsequent delivery of the works included in the project. The Council is obliged to fund the costs of delivering the project objectives in the first instance, prior to being reimbursed by the GLA by the end of 2013/14.

5. EQUALITIES AND DIVERSITY ISSUES

- 5.1 Pursuant to the Equality Act 2010 ("the Act"), the Council has a legislative duty to have 'due regard' to eliminating unlawful discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act; advancing equality of opportunity between those with a protected characteristic and those without; and promoting good relations between those with protracted characteristics and those without. The 'protected characteristics' are ages, race, disability, gender reassignment, pregnancy and maternity, religion or belief and sexual orientation. The 'protected

characteristics' also include marriage and civil partnership, with regard to eliminating discrimination.

- 5.2 The Council is committed to improving the quality of life and wider participation for all the economic, educational, cultural, and social and community life in the Borough. This is achieved by pursuing successful regeneration of the Borough's regeneration areas. This will benefit all sections of society and the Borough's diverse communities who are seeking housing and contribute to addressing the shortage of housing in the Borough across all tenures.
- 5.3 The regeneration schemes, not including Mill Hill East and Colindale, will deliver a mix of approximately 14,000 affordable, intermediate and private sale flats and houses. The developments will also provide new community facilities and commercial units for business to rent or lease. The council will have 100 per cent nomination rights to the new affordable housing on the housing estate regeneration schemes and re-housing offers will be made to all the existing secure tenants on the existing housing estates who live in a property to be demolished. Thus the regeneration schemes will provide new areas of mixed tenure housing that will make these parts of the borough better place to live and contributing to improved community cohesion in areas with highly diverse populations.
- 5.4 The Equalities Impact Assessments for each scheme are being reviewed to ensure a consistent approach is implemented across the Regeneration Programme. This will be agreed and included in the annual report on the Growth and Regeneration Programme will be submitted to Cabinet Resources Committee in February 2014.
- 5.5 The Skills, Employment and Enterprise Action Plan has the main aim of addressing unemployment and deprivation through specific initiatives to support our most vulnerable residents. It also aims to support business and employment growth.
- 5.6 Also included in the Skills, Employment and Enterprise programme is our work on town centres. The Outer London Funded town centre projects support Barnet's aspiration to create the right environment for vibrant and viable town centres in the borough. Integral to this is the need to respect the diversity of the town centre network and to take into account the different requirements of each town centre, and the different needs and preferences of those who use them. The actions aim to deliver economic uplift to the area, the benefits of which can be shared by all those who live, work and use the North Finchley and Cricklewood town centres.

6. USE OF RESOURCES IMPLICATIONS (Finance, Procurement, Performance & Value for Money, Staffing, IT, Property, Sustainability)

6.1 Finance

- 6.1.1 The Council's development partners are currently responsible for a substantial amount of the Council's costs to bring these schemes to fruition. The Principal Development Agreements allow the Council to recover its costs at certain stages of the regeneration projects

- 6.1.2 On each scheme, the Council's costs are budgeted and recorded on a quarterly basis, and are invoiced either quarterly or towards the end of each financial year, depending on the terms of the agreement with the development partner.
- 6.1.3 In order to receive the Outer London Funding for Cricklewood and North Finchley, the Council was required to provide an element of match funding. Details of this were set out in the Delegated Powers Report, 30 August 2012 (number 1,773).

6.2 Performance and Value for Money

- 6.2.1 The Council and its development partners have obligations within the respective Principal Development Agreements to maintain a transparent and open book approach to the management and monitoring of each development. The Council has the right to access management accounts and other relevant documentation to ensure that information being provided in connection with financial matters is accurate and accords with 'Value for Money' criteria.

6.3 Property

- 6.3.1 The Principal Development Agreements for each of the estate regeneration schemes commit the Council, subject to certain pre-conditions, to the phased disposal of all land and property owned by the Council within the area for redevelopment to its respective developer partners, as and when certain pre-conditions and processes are satisfied, and subject to appropriate consent from the Secretary of State. In general the land will be disposed of at nil value. Where the land/property has been specifically acquired by the Council to enable the regeneration schemes to proceed (for example, properties acquired because of hardship, or pursuant to Compulsory Purchase Orders), then all costs incurred by the Council in these acquisitions will be reimbursed as project costs. If the regeneration schemes yield profits above agreed thresholds, the Council will generally receive a share of the eventual profits known as overage.

6.4 Procurement, Staffing, IT and Sustainability

- 6.4.1 There are no issues to report around Procurement, Staffing, IT and Sustainability.

7. LEGAL ISSUES

- 7.1 All of the Council's regeneration schemes are regulated and governed by Development Agreements. Each of these Development Agreements are long term, legally binding agreements, under which, all parties, usually made up of the Council, a Private Sector Limited Company and a Registered Provider as well as any Special Purpose Vehicles or subsidiaries of the development partners required for the delivery of the schemes, have obligations and responsibilities which in the event they are not fulfilled could give rise to legal liabilities.
- 7.2 Most of the Development Agreements and ancillary documents have were made pursuant to the now defunct , "well being power" under Section 2 of the

Local Government Act 2000, whilst the more recent ones have been or are being entered into pursuant to the general power of competence provisions of Section 1 of the Localism Act 2011.

- 7.3 The Outer London Funded projects in Cricklewood and North Finchley required the Council to enter into legally binding agreements with the Greater London Authority for the period of the two-year Grant.

8. CONSTITUTIONAL POWERS (Relevant section from the Constitution, Key/Non-Key Decision)

- 8.1 Council Constitution, Part 3, Responsibility for Functions – Section 3.6 details the functions of the Cabinet Resources Committee which includes all matters relating to land and buildings owned, rented or proposed to be acquired or disposed of by the Council.

- 8.2 The scope of the Overview and Scrutiny Committees is contained within Part 2, Article 6 of the Council's Constitution.

- 8.3 The Terms of Reference of the Overview and Scrutiny Committees are set out in the Overview and Scrutiny Procedure Rules (Part 4 of the Constitution).

- 8.4 Item 8 of the Business Management Overview and Scrutiny Committee Terms of Reference states that its role is:

“To have responsibility for the review of the policy framework and development of policy and strategy not within the remit of other overview and scrutiny committees”.

9. BACKGROUND INFORMATION

- 9.1 An external review of the Council's Regeneration Service was undertaken in 2011. At its meeting on 28 February 2012, Cabinet Resources Committee agreed the findings of the Regeneration Review and the proposed next steps which included a recommendation for reporting on the regeneration schemes and skills and enterprise activities by way of an annual progress report. The rationale for an annual report was to provide momentum and an opportunity to report success, rather than the minutiae of delivery.

- 9.2 The first annual Regeneration Report was considered by Cabinet Resources Committee on 17th December 2012. The Committee endorsed the general progress being made towards delivering the Borough's regeneration schemes and skills and enterprise activities, including key wins, achievements and successes in the last twelve months as well as current challenges and expected activities in 2013.

- 9.3 From 1st October 2013, the Council's Regeneration Service was outsourced, as part of the development and regulatory services, to Re, the joint venture between Capita and the Council. The intention is to alter the timing of the Regeneration Annual Report to match the contractual cycle.

- 9.4 The report attached in **Appendix One**, provides an interim update to the Business Management Overview and Scrutiny Committee on the progress being made towards delivering the Borough's regeneration schemes and skills and enterprise activities, including key achievements and successes in the last twelve months as well as expected activities to end March 2014.
- 9.5 A further briefing on the Growth & Regeneration Programme will be presented to Members at the Member Development Forum on 28th November 2013.
