

Meeting Planning and Environment Committee

Date 13 February 2014

Subject Application to Register Land known

as The Reddings Green between Reddings Close and Lawrence Street, Mill Hill, NW7 as a Town or

Village Green.

Report of Assistant Director - Development

Management and Building Control

Summary This report contains the result of officers'

investigations into the relevant facts and legal issues in deciding whether or not to register the subject land as a Town or Village Green under the Commons Act

2006.

RECOMMENDATIONS

- 1.1 That the application for registration as a Town or Village Green under Section 15(2) of the Commons Act 2006 in respect of the land known as The Reddings Green, between Reddings Close and Lawrence Street, Mill Hill, NW7, as shown on the site location plan 2 is either;
 - REFUSED as the application cannot meet the requirements of s15(2) of the Act as the applicant's use has been 'by right' and not 'as of right' and it cannot be established that the use of the land by the applicants has been without permission of the landowner which in this case is LB Barnet; or,
 - REFERRED to a non-statutory public inquiry for an independent Inspector to determine the Village Green status of the land

Members should note the following advice in the relevant sections of the report as set out below:

2. RELEVANT PREVIOUS DECISIONS

2.1 Such matters should not form part of the Committee's considerations

3. CORPORATE POLICIES AND POLICY CONSIDERATIONS

3.1 The Council as the Registration Authority is obliged by law to determine applications to register land as a Town or Village Green.

4. RISK MANAGEMENT ISSUES

4.1 Such matters should not form part of the Committee's considerations.

5. EQUALITIES AND DIVERSITY ISSUES

5.1 Equality Duties and the Equality Act 2010

The Equality Act 2010 (the Act) came into force in April 2011. The general duty on public bodies is set out in Section 149 of the Act. The duty requires the Council to pay regard to the need to eliminate discrimination and promote equality with regard to those with protected characteristics such as race, disability, and gender including gender reassignment, religion or belief, sex, pregnancy or maternity and foster good relations between different groups when discharging its functions.

Equality duties require Authorities to demonstrate that any decision it makes is reached in a fair, transparent and accountable way, considering the needs and the rights of different members of the community. This is achieved through assessing the impact that changes to policies, procedures and practices could have on different equality groups. It is an opportunity to ensure better decisions are made based on robust evidence.

Section 149 of the Act states that:

- (1) A public authority must, in the exercise of its functions, have due regard to the need to-
- (a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
- (b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
- (c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
- (2) Having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to-
- (a) remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic:
- (b) take steps to meet the needs of persons who share a relevant protected characteristic that are different to the needs of persons who do not share it;
- (c) encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.
- (3) The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular steps to take account of disabled persons' disabilities.
- (4) Having due regard to the need to foster good relations between persons who share relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to-
 - (a) tackle prejudice, and
 - (b) promote understanding
- (5) Compliance with the duties in this section may involve treating some persons more favourably than others; but that is not to be taken as permitting conduct that would otherwise be prohibited by or under this Act.
- (6) The relevant protected characteristics are-
 - · age;
 - · disability
 - · gender reassignment
 - · pregnancy and maternity
 - · race
 - · religion or belief
 - · sex
 - · sexual orientation

The proposals would not result in any physical alterations to the site. It is not considered that any of the protected groups listed above would be affected by the proposal.

- S149 (5) of the Act requires that the Council have due regard to the need to:-
- "(5) having due regard to the need to foster good relations between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to:-
- (a)Tackle prejudice and
- (b) Promote understanding"

The proposals would not result in any physical alterations to or change of use of the site. It is not considered that there would be any change in the type of relation of any protected groups listed above who would remain unaffected by the proposals.

- 6. USE OF RESOURCES IMPLICATIONS (Finance, Procurement, Performance & Value for Money, Staffing, IT, Property, Sustainability)
- 6.1 None in the context of this report.

7. LEGAL ISSUES

- 7.1 S.15(1) of the 2006 Act provides that any person may apply to a commons registration authority to register land as a town or village green, where one of subsections (2), (3) or (4) applies.
- 7.2 This application is made under s.15 (2), which states:
 - (2) This subsection applies where-
 - (a) a significant number of the inhabitants of any locality, or of any neighbourhood within a locality, have indulged as of right in lawful sports and pastimes on the land for a period of at least 20 years; and
 - (b) they continue to do so at the time of the application. (Emphasis added)
- 7.3 "A significant number"
- 7.4 There is no statutory definition of a "significant number" of local inhabitants. It does not mean considerable or substantial. What matters is that the number of people using the land in question has to be significant to indicate that their use of the their land signifies that it is in general use by the local community for informal recreation, rather than occasional use by individuals as trespassers. It is considered that the application would meet this criteria.

- 7.5 <u>"of any locality"</u>
- 7.6 A "locality" cannot be created by drawing a line on a map. A "locality" must be a division of the county known to the law, such as a borough, parish or manor.
- 7.7 <u>"or of any neighbourhood within a locality"</u>
- 7.8 A neighbourhood need not be a recognised administrative unit. A housing estate can be a neighbourhood.
- 7.9 <u>"As of right during the relevant period "</u>
- 7.10 To be "as of right" the use must have been without force, without secrecy and without permission. There is open access to the land and the use has not taken place secretly.
- 7.11 In this case, the land is owned by the London Borough of Barnet. The land was originally acquired for Housing under the Housing Act 1936 on 8th January, 1953. The area acquired was some 19.7 acres. In October 1953, 16.66 acres was sold to AW Curton, leaving 3.04 acres in the Council's possession. On 15th April 1954 approval was given by the Minister of Housing and Local Government for the appropriation of 3.04 acres for open space purposes. On 27th August approval was given by the Minister of Housing and Local Government for the further appropriation of 3.19 acres for street improvement. This evidence illustrates that the appropriation of the vast majority of the land which is the subject of the village green application was for the purpose of S164 of the Public Health Act, 1875. In addition the ground maintenance records show that the Council maintain the whole area subject to the village green application and it is known as Lawrence Green. The 1964 Ordnance Survey map and all subsequent maps show all the area to be "Lawrence Green". The Council therefore has evidence to show that the land was appropriated "for the use of the public"
- 7.12 The most significant evidence is that found in the Bye-Laws of London Borough of Barnet relating to Pleasure Grounds 1978. These Bye-Laws are explicitly made under s164 of the Public Health Act 1875 and s15 of the Open Spaces Act 1906. In the First Schedule the land is identified as "Lawrence Green" and is subject to Bye-Laws.
- 7.13 It is clear that in 1978 with the adoption of the Bye-Laws, whatever the statutory purpose the land had been held for previously, the land became subject to the Bye-Laws and therefore at that point the land was appropriated for that statutory purpose. For the whole of the period of 1992-2012 the land has been held by LB Barnet for the purpose of public recreational use under the Public Health Act and Open Space Act. This as a result confirms that the public were permitted by the Council to use the land for recreational activities for the period in question. Therefore, the use of the land has been 'by right' and not 'as of right' and the application cannot fulfil the requirements of s15(2) of the Commons Act 2006.
- 7.14 On 22 January 2014, the applicant was also informed via email that the Council was minded to refuse the application. He was provided a link to the

bye-laws and the land documents referred above in paragraph 7.11 on the same date to allow him an opportunity to review the material upon which the Council's considerations have been based. The applicant was provided this information in order to view and respond to the results of the Council's investigations and to possibly allow him the possibility to conduct his own search of archive material. He was provided the opportunity to make further submissions if he thought, for any reason, that the Council's conclusion about 'user by right' is incorrect. He was informed that his responses would then be put for the attention of the committee who will then take his view into consideration before making a final decision. He was requested that he provide his responses by 11 February 2014. The applicant was provided with a hard copy of all the evidence relied upon by the Council, including all relevant documents relating to the land via post on 23 January 2014.

8. CONSTITUTIONAL POWERS (Relevant section from the Constitution, Key/Non-Key Decision)

8.1 Councils Constitution, Responsibility for Functions, the Planning and Environment Committee Terms of Reference include "Commons registration and town and village greens".

9. BACKGROUND INFORMATION

- 9.1 The site comprises open space is located on the south eastern side of Reddings Close, opposite numbers 1 -9 (consecutively) Reddings close and adjoining the side boundary of 19 Reddings Close as well as the rear boundary of 107 Sunnyfield. To the south east of the open space is Lawrence Street.
- 9.2 The application is made by the Mill Hill Preservation Society ('the Applicants').
- 9.3 The application was received on 18 January 2012. It was accompanied by a statutory declaration in support, relevant maps and evidence forms.

10. ANALYSIS OF APPLICATIONS AND REPRESENTATIONS

- 10.1 The application was advertised by way of press notice, site notice and letters sent to 171 addresses.
- 10.2 An objection was originally received from highway officers. However this related to the inclusion of the public highway within the application site. This has subsequently been omitted and the plan amended accordingly. Highways Officers have raised no objection to the amended plan.

11. LIST OF BACKGROUND PAPERS
