Appendices Minutes of the Financial Planning Group, 13th January

2014.

Minutes of the Financial Planning Group, 10th February

2014.

1. RECOMMENDATION

1.1 That the Health and Well-Being Board notes the minutes of the Financial Planning Group of 13th January and 10th February 2014 set out in Appendix 1.

2. RELEVANT PREVIOUS DISCUSSIONS AND WHERE HELD

- 2.1 Cabinet, 14 February 2011– agreed partnership working for health in Barnet that proposed to delegate responsibility for the social care allocation through the NHS to the shadow Health and Well-Being Board via a section 256 agreement.
- 2.2 Cabinet Resources Committee, 2 March 2011 approved criteria for the allocation of funds within the section 256 agreement and agreed high level spending areas to be overseen by the Health and Well-Being Board.
- 2.3 Health and Well-Being Board, 26th May 2011 item 5 approved the establishment of the Financial Planning Group as a sub-group of the Health and Well-Being Board.
- 3. LINK AND IMPLICATIONS FOR STRATEGIC PARTNERSHIP-WIDE GOALS (SUSTAINABLE COMMUNITY STRATEGY; HEALTH AND WELL-BEING STRATEGY; COMMISSIONING STRATEGIES)
- 3.1 The Medium Term Financial Strategy (MTFS) and Priorities and Spending Review (PSR) of the Council and the NHS Quality, Innovation, Productivity and Prevention Plan (QIPP) and Financial Recovery Plan for Barnet CCG are aligned to both the achievement of the Sustainable Community Strategy objective of 'Healthy and Independent Living', and to the objectives of the Health and Well-Being Strategy. Underpinning the achievement of these Strategies is the requirement to shift resources to the community with statutory services working alongside people to take greater responsibility for their own and their families' health.

4 NEEDS ASSESSMENT AND EQUALITIES IMPLICATIONS

4.1 The MTFS has been subject to an equality impact assessment considered by Cabinet, as will the specific plans within the Priorities and Spending Review as these are developed. The QIPP plan has been subject to an equality impact assessment considered by NHS North Central London Board.

5. RISK MANAGEMENT

5.1 There is a risk that without aligned financial strategies across health and social care of financial and service improvements not being realised or costs being shunted across the health and social care boundary. The Financial Planning sub-group has identified this as a key priority risk to mitigate, and the group works to align timescales and leadership of relevant work plans which affect both health and social care.

6. LEGAL POWERS AND IMPLICATIONS

- 6.1 The Council and NHS partners have the power to enter into integrated arrangements in relation to prescribed functions of the NHS and health-related functions of local authorities for the commissioning, planning and provision of staff, goods or services under Section 75 of the National Health Service Act 2006 and the NHS Bodies and Local Authorities Partnership Arrangements Regulations 2000. This legislative framework for partnership working allows for funds to be pooled into a single budget by two or more local authorities and NHS bodies in order to meet local needs and priorities in a more efficient and seamless manner. Funds pooled by the participating bodies into single budget can be utilised flexibly to support the implementation of commissioning strategies and improved service delivery. Arrangements made pursuant to Section 75 do not affect the liability of NHS bodies and local authorities for the exercise of their respective functions. The Council and CCG now have two overarching section 75 agreements in place.
- Onder the Health and Social Care Act 2012, a new s2B is inserted into the National Health Service Act 2006 introducing a duty that each Local Authority must take such steps as it considers appropriate for improving the health of the people in its area. The 2012 Act also amends the Local Government and Public Involvement in Health Act 2007 and requires local authorities in conjunction with their partner CCG to prepare a strategy for meeting the needs of their local population. This strategy must consider the extent to which local needs can be more effectively met by partnering arrangements between CCGs and local authorities, and at 195 there is a new duty-- Duty to encourage integrated working:
 - s195 (1) A Health and Wellbeing Board must, for the purpose of advancing the health and wellbeing of the people in its area, encourage persons who arrange for the provision of any health or social care services in that area to work in an integrated manner.
 - s195 (2) A Health and Wellbeing Board must, in particular, provide such advice, assistance or other support as it thinks appropriate for the purpose of encouraging the making of arrangements under section 75 of the National Health Service Act 2006 in connection with the provision of such services.
- 6.3 As yet, there is no express provision in statute or regulations which sets out new integrated health budgets arrangements, and so the s75 power remains.
- NHS organisations also have the power to transfer funding to the Council under Section 256 of the National Health Service Act 2006, and the Council similarly has the power to transfer money to the NHS under Section 76 of the NHS Act 2006. These powers enable NHS and Council partners to work collaboratively and to plan and commission integrated services for the benefit of their population. The new integrated budgets arrangements replace the current use of Section 256 money although Section 256 will remain in place.
- 7. USE OF RESOURCES IMPLICATIONS- FINANCE, STAFFING, IT ETC

- 7.1 Ernst and Young were commissioned by the Financial Planning sub-group to estimate the health and adult social care savings that integration across these services will bring. This work was completed in March 2014, to inform both the final Better Care Fund application and Outline Business Case for integrated care, and the locally set saving plans and investment priorities (i.e. the MTFS and PSR for the local authority, and QIPP and the financial recovery plan for the CCG).
- 7.2 Projects and enablement schemes linked to Section 256 funding are reviewed by the Financial Planning sub-group to ensure that the projects have a clear programme of work and that approved business cases are adequately resourced to deliver the agreed outcomes.

8. COMMUNICATION AND ENGAGEMENT WITH USERS AND STAKEHOLDERS

- 8.1 Ernst and Young conducted a number of workshops with users and stakeholders in the last quarter of 2013 to inform the detail of the integrated care model they produced.
- 8.2 The Financial Planning sub-group will also factor in engagement with users and stakeholders to shape its decision-making in support of the Priorities and Spending Review, and Barnet CCG's financial recovery plan.

9. ENGAGEMENT AND INVOLVEMENT WITH PROVIDERS

- 9.1 The Outline Business Case and the draft version of the Better Care Fund application have been discussed with the Health and Social Care Programme Board, which brings together commissioners and providers involved in integrating health and social care services in Barnet.
- 9.2 The Financial Planning sub-group will also factor in engagement with providers to shape its decision-making in support of the Priorities and Spending Review, and Barnet CCG's financial recovery plan.

10. DETAILS

- 10.1 The Barnet Health and Well-Being Board on the 26th May 2011 agreed to establish a Financial Planning sub-group to co-ordinate financial planning and resource deployment across health and social care in Barnet. The financial planning sub-group meets bi-monthly and is required to report back to the Health and Well-Being Board.
- 10.2 Minutes of the meeting of the sub-group held on the 13th January and 10th February 2014 are included at Appendix 1.
- 10.3 The Health and Well-Being Board is asked to note the final version of the Outline Business Case for health and social care integration, developed by Ernst and Young and overseen by the Health and Well-being Financial

Planning Group. The work has focused on the services that are needed to support frail elderly residents, and those with long-term conditions.

- 10.4 As it has developed, the Outline Business Case has informed both the Better Care Fund application (first submitted to NHS England in draft on the 14th February 2014, and to be submitted as a final version to NHS England on the 4th April 2014), and Barnet's locally set saving plans and investment priorities (i.e. the MTFS and PSR for the local authority, and QIPP and the financial recovery plan for the CCG). The Financial Planning sub-group will use the Outline Business Case to make its future investment decisions, and will as such be a key strategic driver for spend across health and social care over the coming years.
- 10.5 The Health and Well-Being Financial Planning Group met on the 13th February 2014 to agree the actions required to complete both the Outline Business Case and the Better Care Fund application. The recommendations from these discussions will be presented to the Health and Well-Being Board on the 20th March in a separate paper on integrated care.
