

Appendix 2: Summary of Consultation with Councillors

Telephone conversation with Councillor Jack Cohen (14:33 26/10/2015)

GR: I am ringing you regarding the recent the Public Inquiry, the appellant submitted a Section 106 Agreement in order to provide contributions towards Travel Plan Monitoring and Traffic Management Measures. Officers will be seeking authorisation under delegated powers to enter into this agreement however I wanted to discuss this with ward councillors before initiating this.

JC: Why would they want to do this? It seems that they would be seeking to gain advantage by doing this?

GR: It would be maintained that the Council's position is unchanged in that the proposals would harm highway safety. We could be seen to be unreasonable if we didn't agree. It has been made clear that whilst this may help mitigate part of the impact this does not change the Council's position.

JC: Sounds ok to me

Telephone conversation with Councillor Eva Greenspan (14:46 26/10/2015)

GR: I am ringing you regarding the recent the Public Inquiry, the appellant submitted a Section 106 Agreement in order to provide contributions towards Travel Plan Monitoring and Traffic Management Measures. Officers will be seeking authorisation under delegated powers to enter into this agreement however I wanted to discuss this with ward councillors before initiating this.

EG: I see, this doesn't in any way address our concerns. Shouldn't this be approved by the committee?

GR: We would still wish to enter into agreement because if the appeal was allowed we would not get the obligations which are considered necessary. The report seeks authorisation for the Director of Assurance to agree that the agreement is signed.

EG: This is ok, as long as the inspector is advised that this should have been provided at an earlier stage.

GR: Acknowledged.

Telephone conversation with Councillor Shimon Ryde (15:25 26/10/2015)

GR: I am ringing you regarding the recent the Public Inquiry, the appellant submitted a Section 106 Agreement in order to provide contributions towards Travel Plan Monitoring and Traffic Management Measures. Officers will be seeking authorisation under delegated powers to enter into this agreement however I wanted to discuss this with ward councillors before initiating this.

SR: Has this been discussed with the ward councillor who was at the meeting? (JC)

GR: Yes, JC has agreed to this course of action.

SR: I see, this is likely to be ok with me too then. Can you e-mail me so I have a written record of our discussion?

GR: Agreed.

Telephone conversation with Councillor Peter Zinkin (16:57 26/10/2015)

GR: I am ringing you regarding the recent the Public Inquiry, the appellant submitted a Section 106 Agreement in order to provide contributions towards Travel Plan Monitoring and Traffic Management Measures. Officers will be seeking authorisation under delegated powers to enter into this agreement however I wanted to discuss this with ward councillors before initiating this.

PZ: Has this been discussed with the other ward Councillors?

GR: Yes. Councillor Shimon Ryde has copied you an e-mail with his comments.

PZ: This seems fine, I will come back to you tomorrow if there are any problems.
