

## **West Road Residents Association**

West Road Residents Association (Chipping Barnet Area Committee) is a residents association.

They want to install a set of gates at each end of the service track that runs from West Road to Uplands Road, which is located behind the houses in West Walk and Woodfield Drive. This is due to a number of burglaries in the area especially to the elderly and children. The residents in the 85 households have all signed up to this.

## **Financial Review**

The cost is £7,259.10 but the association is asking for half of this amount which is £3,629.55. The other half will be paid for by the residents. They did not send in their financial statement.

## **Safeguarding Policy**

Formed on an informal basis and have collected signature of all the households involved.

## **Equality and Diversity Policy**

Formed on an informal basis and have collected signature of all the households involved.

The previous request to this Committee on 30<sup>th</sup> March, 2016 was refused.
