

Adult and Communities **Annual Engagement Summit**

11 August 2016

RAF Museum, Hendon

Introduction

The first Adult and Communities Annual Engagement Summit was held on 11 August at the RAF Museum. This event forms an important part of the new Adults and Communities engagement structure.

The Engagement Summit brought together members of the Health and Wellbeing Board, Barnet Council officers, people who use health and social care services and voluntary and community sector organisations.

The aim of the Engagement Summit was to work together to develop a list of adult social care and health subjects that attendees felt were the most important to discuss over the next 12 months.

Lunch and Networking

Before the start of the event there were opportunities to:

- Vote for Involvement Board Resident Representatives

- See the new engagement web pages

- Find out about the trial working groups

- Vote for the new look newsletter

- Network and meet other people.

Welcomes and introductions

The Worshipful The Mayor of the London Borough of Barnet officially opened the event.

Mathew Kendall, Adults and Director welcomed everyone to

Communities the event.

Councillor Helena Hart spoke about the importance of the Partnership Boards and how their work has helped us to continue to shape health and social care services together.

Workshop 1

James Mass, Assistant Director, Communities, spoke about the engagement priorities for 2016-2017.

James spoke about what we want to achieve through working more closely together. He then put forward suggestions of subjects that people may want to consider for discussion.

Everybody was asked to add any subjects they felt were important to be considered for discussion.

Groups were asked to pick three subjects they would like to be taken to the second workshop for further discussion.

The final 10 subjects nominated by the groups were:

1. Hospital discharge
2. Employment
3. Crisis intervention and prevention
4. Information
5. Community equipment and telecare
6. Autism
7. Making services accessible to everyone
8. End of life care
9. Dementia services
10. Guide to good engagement.

You can find the full notes from the workshop in Appendix 1.

Workshop 2

During the second workshop everybody was invited to join a discussion on the subject that was of most interest to them.

Discussions were held around what areas of the subject people felt would be most helpful to work together to improve.

Attendees were asked to tell us:

- What are the issues?
- What could be improved?
- How would you investigate how to make improvements?
- What are the questions that need answers?

The full responses to these can be found in Appendix 2

Round Up

Mathew Kendall advised everyone the work completed today would be taken to the Involvement Board. This is so a final decision can be made on the subjects for the working groups.

The results of the vote for the Resident Representatives for the Involvement Board would be announced over the next two weeks.

All the members of the People Bank database would be invited to attend the engagement working groups as they are set up.

Mathew thanked everyone for all their hard work and looked forward to working with everyone over the coming year.
