SS 15	Commercial Waste - Fortnightly collection	Fortnightly collection annual cost contracts for all commercial wheeled bin container for customers with a recycling contract	Per contract	N/A - New Charge	50% reduction on a weekly contract per annum for general waste	New charge - a key way to incentivise recycling is to offer fortnightly waste collection alongside customers taking up the recycling offer	Customers who take on an annual recycling contract (excluding sacks) will be offered a fortnightly collection of waste. By only offering weekly waste we are in danger of leaving the recycling containers financially unattractive.
SS 16	Commercial Waste - Contract Change	Contract change fee (exc. upgrades)	Per occurrence	N/A - New Charge	£25.00	To cover the admin cost of contract cancellations	A number of customers regularly change their contracts (downgrades, change of name etc.). Each change requires a new contract this incurs significant administrative workload. We would not expect to charge all customers who make these changes but we have a number that change regularly and this charge will help cover the cost of this
SS 17	Commercial Waste	Overweight charge per collection	Per container per collection	N/A - New Charge	£20.00	Overweight bins incur high disposal costs and lead to a loss of income. Charging for overweight bins based on a pre agreed level which will be included within the commercial waste contracts will discourage this and protect the council. Weighing technology on commercial waste vehicle will easily allow the crews to know which bins are overweight. Charging may so encourage those with heavy bins to utilise the recycling services.	Some bins are extremely heavy and while the crews may still be able to lift the bins this will lead to a loss of any financial contribution to the authority due to higher disposal costs. The weight limit will be set at a reasonable level based on industry standards to ensure that the charge is fair
SS 18	Commercial Waste - Contaminated Bins (240L and below)	Additional charge for collection of a contaminated bin - 240 Litre and below	Per collection	N/A - New Charge	£17.55	Contaminated bins need to be emptied as an additional collection, and the contents sent to the appropriate disposal facility i.e. contaminated recycling may need to be sent for disposal as EfW	Some commercial bins will be contaminated and this charge provides the provision to empty these at a suitable cost as if the customer is unable or unwilling to take out any contamination
SS 19	Commercial Waste - Contaminated Bins (360L)	Additional charge for collection of a contaminated bin - 360 Litre	Per collection	N/A - New Charge	£18.79	Contaminated bins need to be emptied as an additional collection, and the contents sent to the appropriate disposal facility i.e. contaminated recycling may need to be sent for disposal as EfW	Some commercial bins will be contaminated and this charge provides the provision to empty these at a suitable cost as if the customer is unable or unwilling to take out any contamination

SS 21	Commercial Waste - Contaminated Bins (1100L and above)	Additional charge for collection of a contaminated bin - 1100 Litre and above	Per collection	N/A - New Charge	£28.33	Contaminated bins need to be emptied as an additional collection, and the contents sent to the appropriate disposal facility i.e. contaminated recycling may need to be sent for disposal as EfW	Some commercial bins will be contaminated and this charge provides the provision to empty these at a suitable cost as if the customer is unable or unwilling to take out any contamination
SS 22	Schools: Annual General Waste Collection (44 Weeks)	Weekly collection of 240 Litre bin or smaller 44 weeks a year	Per container	N/A - New Charge	£227.50	Revision on the charging for schools to promote recycling. Controlled Waste Regulations 2012 state schools should only be charged for collection, as such collections charges will be based on 44 weeks for a school year but have flexibility for schools add extra collections during holidays if required	If schools were charged the full cost of collection across 52 weeks they would see a large increase in costs compared to their current charges (which is that they pay the full charge for trade waste and receive free recycling collections - however this approach is not consistent with CWR 2012). The 44 week collection ties in with the standard academic year and will help provide an incentive to maintain and increase recycling. Some schools are open all year and for these a separate charge below will enable them to better control their waste and recycling costs
