The Code of Practice for Litter and Refuse 2006 can be found at <https://www.gov.uk/government/publications/code-of-practice-on-litter-and-refuse> it describes litter and fly tipping as:

- **Litter** - is most commonly assumed to include materials, often associated with smoking, eating and drinking, that are *improperly* discarded and left by members of the public; or are spilt during business operations as well as waste management operations.
- **Fly Tipping** - The illegal disposal of controlled waste is commonly known as fly-tipping. There is no specific definition of fly-tipping other than in the offences set out in section 33 of the Environmental Protection Act 1990, including the deposit or disposal of controlled waste without a waste management licence, or its disposal in a manner likely to cause pollution of the environment or harm to human health.
