The LPA has negotiated with the applicant/agent where necessary during the application process to ensure that the proposed development is in accordance with the Development Plan.
- 2 The Community Infrastructure Levy (CIL) applies to all 'chargeable development'.

This is defined as development of one or more additional units, and / or an increase to existing floor space of more than 100 sq m. Details of how the calculations work are provided in guidance documents on the Planning Portal at www.planningportal.gov.uk/cil.

The Mayor of London adopted a CIL charge on 1st April 2012 setting a rate of £35 per sq m on all forms of development in Barnet except for education and health developments which are exempt from this charge.

The London Borough of Barnet adopted a CIL charge on 1st May 2013 setting a rate of £135 per sq m on residential and retail development in its area of authority.

Please note that Indexation will be added in line with Regulation 40 of Community Infrastructure Levy.

Liability for CIL will be recorded to the register of Local Land Charges as a legal charge upon your site payable should you commence development. Receipts of the Mayoral CIL charge are collected by the London Borough of Barnet on behalf of the Mayor of London; receipts are passed across to Transport for London to support Crossrail, London's highest infrastructure priority.

You will be sent a 'Liability Notice' that provides full details of the charge and to whom it has been apportioned for payment. If you wish to identify named parties other than the applicant for this permission as the liable party for paying this levy, please submit to the Council an 'Assumption of Liability' notice, which is also available from the Planning Portal website.

The CIL becomes payable upon commencement of development. You are required to submit a 'Notice of Commencement' to the Council's CIL Team prior to commencing on site, and failure to provide such information at the due date will incur both surcharges and penalty interest. There are various other charges and surcharges that may apply if you fail to meet other statutory requirements relating to

CIL, such requirements will all be set out in the Liability Notice you will receive. You may wish to seek professional planning advice to ensure that you comply fully with the requirements of CIL Regulations.

If you have a specific question or matter you need to discuss with the CIL team, or you fail to receive a 'Liability Notice' from the Council within 1 month of this grant of planning permission, please email us at: cil@barnet.gov.uk.

Relief or Exemption from CIL:

You can apply for relief or exemption under the following categories:

- 3 The applicant is advised that any development or conversion which necessitates the removal, changing, or creation of an address or addresses must be officially registered by the Council through the formal 'Street Naming and Numbering' process.

The London Borough of Barnet is the Street Naming and Numbering Authority and is the only organisation that can create or change addresses within its boundaries. Applications are the responsibility of the developer or householder who wish to have an address created or amended.

Occupiers of properties which have not been formally registered can face a multitude of issues such as problems with deliveries, rejection of banking / insurance applications, problems accessing key council services and most importantly delays in an emergency situation.

Further details and the application form can be downloaded from: <http://www.barnet.gov.uk/naming-and-numbering-applic-form.pdf> or requested from the Street Naming and Numbering Team via street.naming@barnet.gov.uk or by telephoning 0208 359 4500.

- 5 The applicant is advised that the provisions of The Party Wall etc. Act 1996 may be applicable to this scheme. This relates to work on an existing wall shared with another property; building on the boundary with a neighbouring property; or excavating near a neighbouring building. Further information can be found at <https://www.gov.uk/party-wall-etc-act-1996-guidance>.
- 6 The applicant is advised that if any modification is required or proposed to access from the public highway, such works would be subject to a detailed investigation by the Traffic and Development section. Heavy duty access may need to be provided to cater for a heavy duty use and may involve relocation of existing street furniture. The works would be undertaken by the Highway Authority at the applicant's expense. You may obtain an estimate for this and any associated work on the public highway, and further information, from the Traffic and Development Section - Development and Regulatory Services, Barnet House, 1255 High Road, Whetstone N20 0EJ, by telephone on 020 8359 3018, or via crossovers@barnet.gov.uk.

The works on public highway shall either be carried out under S184 or S278 of the Highways Act (1980). As part of the application, the applicant shall submit proposed design and construction details to Development Team for approval. The applicant is also advised that any consequential damage to public highway as a result of the development proposal shall be borne by the applicant.

The applicant is advised that photographic survey shall be undertaken of the public highway likely to be affected by the development proposal prior to commencement of any construction or demolition works on site.

Officer's Assessment

The application was presented to Finchley and Golders Green Area Planning Committee on 26 March 2018. During the course of the meeting Mr Beider, the co-owner of No 91 and one of the named applicants on the application form denied knowledge of the application which led to the questioning of the validity of the application by the Committee. As the Committee could not gain clarity on the proposed development, the Chairman moved to defer the item to allow officers confirm that they are satisfied that the information contained in the application form is correct.

Section 65(5) of the Town and Country Planning Act 1990 stipulates that a Local Planning Authority should not entertain a planning application that does not comply with the requirements of the Development Management Procedure Order ("DMO"). Article 13 of the Development Management Order requires the appropriate notice to be served and the correct certificate to be submitted with the application.

Following the Committee meeting, the agent submitted evidence that the application had been submitted with Mr Beider's authorisation and on his behalf. Mr Beider has also confirmed in writing that he is aware of the application and he and his wife gave consent for the joint application to be submitted in their names as joint applicants. In view of the evidence and written confirmation from Mr Beider, officers are satisfied that Section 65(5) was complied with and the application is valid and can therefore be determined by the Area Planning Committee."

The report which was reported to the Area Committee in March is attached for your consideration.
