

Location **22 To 27 Monkswell Court Colney Hatch Lane London N10 2JH**

Reference: **18/1590/FUL** Received: 12th March 2018

Accepted: 12th March 2018

Ward: Coppetts Expiry 7th May 2018

Applicant: Mr Gavin Bass

Proposal: Replacement of the existing timber doors with new access control door entry systems to the front and rear entrances incorporating flat concrete landings and steps to the front and ramps to the rear of the block with associated hand railings. (Amended)

Recommendation: Approve subject to conditions

AND the Committee grants delegated authority to the Head of Development Management or Head of Strategic Planning to make any minor alterations, additions or deletions to the recommended conditions/obligations or reasons for refusal as set out in this report and addendum provided this authority shall be exercised after consultation with the Chairman (or in his absence the Vice- Chairman) of the Committee (who may request that such alterations, additions or deletions be first approved by the Committee)

- 1 The development hereby permitted shall be carried out in accordance with the following approved plans:

-Planning Statement prepared by Capital; dated March 2018

-478/MC/01

-478/MC/02 Rev A

-478/MC/06

Reason: For the avoidance of doubt and in the interests of proper planning and so as to ensure that the development is carried out fully in accordance with the plans as assessed in accordance with Policies CS NPPF and CS1 of the Local Plan Core Strategy DPD (adopted September 2012) and Policy DM01 of the Local Plan Development Management Policies DPD (adopted September 2012).

- 2 This development must be begun within three years from the date of this permission.

Reason: To comply with Section 51 of the Planning and Compulsory Purchase Act 2004.

- 3 The colour of doors shall be as per the email confirmation received from the agent George Plakides in an email dated 4 June 2018 and retained as such thereafter.

Reason: To safeguard the visual amenities of the building and surrounding area in accordance with Policy DM01 of the Development Management Policies DPD (adopted September 2012) and Policies CS NPPF and CS1 of the Local Plan Core Strategy (adopted September 2012).

Informative(s):

- 1 In accordance with paragraphs 186-187, 188-195 and 196-198 of the NPPF, the Local Planning Authority (LPA) takes a positive and proactive approach to development proposals, focused on solutions. The LPA has produced planning policies and written guidance to assist applicants when submitting applications. These are all available on the Council's website. A pre-application advice service is also offered. The LPA has negotiated with the applicant/agent where necessary during the application process to ensure that the proposed development is in accordance with the Development Plan.

Officer's Assessment

1. Site Description

The application site relates to the western building located at Monkswell Court on Colney Hatch Lane; the subject building is three storeys and is occupied by apartments 22- 27.

The surrounding area can be defined by two storey terraced dwellings with private amenity space to the rear, and three storey apartment blocks, particularly those in the immediate vicinity of Monkswell Court.

The application site is not listed, nor does it fall within a conservation area. The application site is not within close proximity to an area of archaeological importance.

As the subject building is a flatted development, the proposal site does not benefit from permitted development rights.

2. Site History

Reference: 16/6285/LIC

Address: Monkswell Court, Colney Hatch Lane, London, N10 2JH

Decision: Exempt

Decision Date: 17 October 2016

Description: Installation of cabinet, box, pillar, pedestal or similar apparatus with dimensions of 400mm (Width), 1210mm (Height) and 370mm (Depth)

Reference: 18/1591/FUL

Address: 7 - 21 Monkswell Court, Colney Hatch Lane, London, N10 2JH

Decision: Pending Consideration

Description: Replacement of the existing timber doors with new access control door entry systems to the front and rear entrances incorporating flat concrete landings and steps to the front and ramps to the rear of the block with associated hand railings.

Reference: 18/1588/FUL

Address: 1-6 Monkswell Court, Colney Hatch Lane, London, N10 2JH

Decision: Pending Consideration

Description: Replacement of the existing timber doors with new access control door entry systems to the front and rear entrances incorporating flat concrete landings and steps to the front and ramps to the rear of the block with associated hand railings.

3. Proposal

This application seeks planning permission for the replacement of the existing timber doors with new powder coated aluminium access control door entry systems to the front and rear entrances, incorporating flat concrete landings with steps to the front of the block and replacement railings to the rear of the block at 22 - 27 Monkswell Court, Colney Hatch Lane.

The alterations of the proposal are as follows:

Front Elevation:

- o Front door to be replaced with powder coated aluminium door with a side window panel;
- o 3 new steps leading to the front door, with a landing area with a depth of 1.4 metres in front of the doorway; and,
- o Handrails approximately 1m in height above the finished floor level of the remodelled steps and landing, leading to the doorway.

Rear Elevation:

- o Handrails to be replaced with approximately 1 metre high railings adjoining the step access towards the doorway;
- o Rear doors to be replaced with powder coated aluminium door with side window panel.

4. Public Consultation

Consultation letters were sent to 61 neighbouring properties.

A total of 8 letters of objection were received.

The concerns raised through these submissions are summarised as follows:

- o The view out of flat 7 will be impacted with people walking right next to the sitting room window
- o The value of the unit and/or rent income will be impacted due to walkways running next to windows of flat 7
- o The amendments will alter the historic look and the uniformity of Monkswell Court
- o Development is not in keeping with the characteristics of the property.
- o Concerns regarding the design and material to be used.
- o Is the additional work and costs required? Nothing wrong with the existing rail.
- o Removal of the hedges will affect privacy of ground floor flats.
- o Been contributing to garden services, waste of money.
- o Prefer a simple intercom system.
- o Strongly object to all three applications.
- o Concerns regarding the fire escape system.

5. Planning Considerations

5.1 Policy Context

National Planning Policy Framework and National Planning Practice Guidance

The determination of planning applications is made mindful of Central Government advice and the Local Plan for the area. It is recognised that Local Planning Authorities must determine applications in accordance with the statutory Development Plan, unless material considerations indicate otherwise, and that the planning system does not exist to protect the private interests of one person against another.

The National Planning Policy Framework (NPPF) was published on 27 March 2012. This is a key part of the Governments reforms to make the planning system less complex and more accessible, and to promote sustainable growth.

The NPPF states that 'good design is a key aspect of sustainable development, is indivisible from good planning, and should contribute positively to making places better for people'. The NPPF retains a presumption in favour of sustainable development. This

applies unless any adverse impacts of a development would 'significantly and demonstrably' outweigh the benefits.

Whilst capable of being a material consideration, at this early stage very limited weight should be attached to the Draft National Planning Policy Framework. Although this weight will increase as the Draft National Planning Policy Framework progresses to examination stage and beyond, applications should continue to be determined in accordance with the 2012 National Planning Policy Framework.

The Mayor's London Plan 2016

The London Development Plan is the overall strategic plan for London, and it sets out a fully integrated economic, environmental, transport and social framework for the development of the capital to 2031. It forms part of the development plan for Greater London and is recognised in the NPPF as part of the development plan.

The London Plan provides a unified framework for strategies that are designed to ensure that all Londoners benefit from sustainable improvements to their quality of life.

The Mayor's Draft London Plan

Whilst capable of being a material consideration, at this early stage very limited weight should be attached to the Draft London Plan. Although this weight will increase as the Draft London Plan progresses to examination stage and beyond, applications should continue to be determined in accordance with the 2016 London Plan.

Barnet's Local Plan (2012)

Barnet's Local Plan is made up of a suite of documents including the Core Strategy and Development Management Policies Development Plan Documents. Both were adopted in September 2012.

- Relevant Core Strategy Policies: CS NPPF, CS1, CS5.
- Relevant Development Management Policies: DM01, DM02 and DM03.

The Council's approach to extensions as set out in Policy DM01 is to minimise their impact on the local environment and to ensure that occupiers of new developments as well as neighbouring occupiers enjoy a high standard of amenity. Policy DM01 states that all development should represent high quality design and should be designed to allow for adequate daylight, sunlight, privacy and outlook for adjoining occupiers.

Policy DM02 states that where appropriate, development will be expected to demonstrate compliance to minimum amenity standards and make a positive contribution to the Borough. The development standards set out in Policy DM02 are regarded as key for Barnet to deliver the highest standards of urban design.

Policy DM03 states the Council's desire for all development to meet the highest standards of accessible and inclusive design.

Supplementary Planning Documents

Residential Design Guidance SPD (2016)

- Sets out information for applicants to help them design developments which would receive favourable consideration by the Local Planning Authority. The SPD states that

large areas of Barnet are characterised by relatively low density suburban housing with an attractive mixture of terrace, semi-detached and detached houses. The Council is committed to protecting, and where possible enhancing the character of the borough's residential areas and retaining an attractive street scene.

- States developments should normally be consistent in regard to the form, scale and architectural style of the original building which can be achieved through respecting the proportions of the existing house and using an appropriate roof form.
- In respect of amenity it states that developments should not be overbearing or unduly obtrusive and care should be taken to ensure that they do not result in harmful loss of outlook, appear overbearing, or cause an increased sense of enclosure to adjoining properties. They should not reduce light to neighbouring windows to habitable rooms or cause significant overshadowing, and should not look out of place, overbearing or intrusive when viewed from surrounding areas.

Sustainable Design and Construction SPD (adopted 2016)

- Provides detailed guidance that supplements policies in the adopted Local Plan, and sets out how sustainable development will be delivered in Barnet.

5.2 Main issues for consideration

Officers consider that the main planning considerations are as follows:

- o Design and Integration
- o Impact upon residential amenity

5.3 Assessment of proposals

Design and Integration

Due to the size and scale of the proposed development officers are of the opinion that it appears subordinate to the main property, and doesn't appear as a bulky or prominent feature, nor does it result in an alteration to the location of access into units 22 - 27.

Objectors have raised concerns regarding the materials proposed to be used, stating that the use of aluminium would be out of character and detract from the historic character of the buildings. It is noted that the buildings are not subject to either local or statutory listings and therefore the impact on heritage is not a relevant consideration. This proposal is one of three, the other two being under reference nos. 18/1588/FUL and 18/1591/FUL, with all applications seeking to install the same doors on all of the 3 blocks within Monkswell Court, and therefore the applicant's intention to replace all front and rear doors to match is clear. On this basis, the introduction of aluminium powder coated front and rear access doors is considered acceptable, noting that these will be green to be consistent with other joinery in the buildings, and match the existing doors.

Additionally, the proposed steps, ramps and railings are not considered to detract from the character or function of the subject building, noting that there are similar railings, ramps and means of access that are present on the site and in the locality. Therefore, the proposed development would not have a detrimental impact upon the property or the amenity of the individual units.

Overall, Officers are of the view that the would make a positive contribution to the front and rear elevations of 22 - 27 Monkswell Court, and the materials would compliment the main property, it is therefore considered that the proposed development would not have a detrimental impact upon the character of the area.

Impact upon Residential Amenity

It will be important that any scheme addresses the relevant development plan policies (for example policy DM01 of the Barnet Local Plan and policy 7.6 of the London Plan) in respect of the protection of the amenities of neighbouring occupiers. This will include taking a full account of all neighbouring sites and the amenity of residents within the subject site. This approach is echoed under Policies CS5, DM01, DM02 DM04 of the Barnet Council Development Plan Document. These policies seek to manage the impact of new developments and ensure that there is not an excessive loss of amenity in terms daylight/sunlight, outlook and privacy for existing residential occupiers or gardens.

As the proposal only seeks to replace the doors to the front and rear entrances and the access-ways into the building whilst occupying the same position/location, it would not be detrimental to the amenity of the surrounding residential properties.

Third Party Representations

In addition to the above assessment, the following comments are made in response to remaining matters raising through consultation:

- o Is the additional work and costs required? Nothing wrong with the existing rail. The cost of the development is not a material planning consideration. Furthermore, whether the replacement is necessary is not a matter to be considered.
- o Removal of the hedges will affect privacy. No vegetation will be removed as a result of this proposal.
- o Been contributing to garden services, waste of money. This not a material planning consideration.
- o Prefer a simple intercom system.

The LPA can only consider the merits of what is being proposed.

- o Concerns regarding the fire escape system.

This is not a material planning consideration, and is something that would be assessed by the building regulations team.

6. Equality and Diversity Issues

The existing development does not conflict with either Barnet Council's Equalities Policy or the commitments set in the Equality Scheme and supports the Council in meeting its statutory equality responsibilities. The proposed alterations maintain the existing universal access to the ground floor units of the subject building through the retention of the existing ramp at the rear of the property.

7. Conclusion

Having taken all material considerations into account, it is considered that subject to compliance with the attached conditions, the proposed development would have an acceptable impact on the character and appearance of the application site, the street scene and the locality. The development is not considered to have an adverse impact on the amenities of neighbouring occupiers. This application is therefore recommended for APPROVAL.

Site Location Plan
