<h3>Summary</h3>
<p>Statutory consultation has been carried out regarding the proposed amendment of a parking place to provide a disabled parking space in Victoria Grove.</p> <p>This report summarises the objection received to the proposal and determines whether the proposal should be introduced or not, and if so, with or without modification.</p>

<h3>Decisions</h3>
<p>To authorise officers to implement the proposed measure as shown on drawing no. SCR178-11 through to the making of the relevant Traffic Management Order.</p>

1. WHY THIS REPORT IS NEEDED

- 1.1 Following receipt of an application to provide a designated parking bay within close proximity of No. 51 Victoria Grove, N12, which met the Council's criteria, a proposal was developed to remove a resident permit parking space in order to provide a disabled bay.
- 1.2 As part of the statutory consultation process, the proposal was advertised by way of notices in the local press newspapers and in the London Gazette. In addition, similar notices were erected on-street in the vicinity of the affected roads and letters and plans outlining the proposal were delivered to premises in close proximity to the proposal.
- 1.3 In response to the statutory consultation, one objection was received to the proposed parking space removal on the basis that:
- 1.4 The proposal would add to the frustration of trying to find a parking space as a result of the limited number of spaces available.
- 1.5 An already existing disabled bay in Victoria Grove is hardly used; therefore residents do not require a second bay.
- 1.6 Officer comments to the objections are as follows:

Impact on residents' ability to park near their homes

- 1.7 Victoria Grove falls within the North Finchley 'FN, FNZ' Controlled Parking Zone (CPZ) which operates from 9am to 5pm, Monday to Saturday.
- 1.8 The applicant currently parks in Victoria Grove, as close to their property as possible.
- 1.9 Disabled bays are located as close as possible to the applicant's home to assist the mobility needs of the applicants..A designated disabled bay would guarantee a suitable parking space at all times
- 1.10 The authority is currently investigating the existing disabled bay requirement outside of property No.31 Victoria Grove.
- 1.11 If the bay is no longer required, processes will be followed to remove the bay.
- 1.12 *Having considered the content of the objections received to the proposal, it is considered that the proposed designated disabled parking bay outside of No.51 Victoria Grove should proceed.*

2. REASONS FOR RECOMMENDATIONS

- 2.1 It is considered that the measures are required to accommodate the provision of a disabled person's parking, and allow a resident to park as close as possible to their home to assist their mobility needs.

3. ALTERNATIVE OPTIONS CONSIDERED AND NOT RECOMMENDED

- 3.1 Alternative options could be to not to introduce a designated disabled bay, however it is considered that the proposed way forward, having considered the content of the objections received in light of the impact on the disabled resident.

4. POST DECISION IMPLEMENTATION

- 4.1 The introduction of the designated disabled bay, if approved, will require the requestor and objectors to be written to, to advise of the outcome, the relevant road markings and signage to be introduced, and the relevant Traffic Management Orders amended to reflect the revised layout.

5. IMPLICATIONS OF DECISION

5.1 Corporate Priorities and Performance

- 5.1.1 The Council's Corporate Plan states that strategic objectives that will work with local partners to create the right environment to promote responsible growth, development and success across the Borough. In particular the Council will maintain a well-designed, attractive and accessible place, with sustainable infrastructure across the Borough. The plan also acknowledges that future success of the Borough depends on effective transport networks.

5.2 Resources (Finance & Value for Money, Procurement, Staffing, IT, Property, Sustainability)

- 5.2.1 The introduction of the proposed measures would require amendments to existing Traffic Management Orders (TMO).
- 5.2.2 The costs of amending the designated disabled bay would be met from the 2018/19 Local Implementation Plan (LIP) allocation for Disabled Parking Provision. The allocation is £75k as set out in the LIP report agreed by Environment Committee in March.
- 5.2.3 The approximate implementation cost for the disabled bay is £230.
- 5.2.4 The works will be carried out under the existing LOHAC term maintenance contractual arrangements.

5.3 Social Value

- 5.3.1 The potential social benefits of making the proposed amendment would include an improved accessibility for a disabled resident to parking in their street.

5.4 Legal and Constitutional References

- 5.4.1 Section 16 of the Traffic Management Act 2004 places an obligation on Highway Authorities to ensure the expeditious movement of traffic on their road network. Authorities are required under section 17 to make arrangements as

they consider appropriate for planning and carrying out the action to be taken in performing the duty.

5.4.2 The Council as the Highway Authority has the necessary legal powers to introduce or amend Traffic Management Orders (TMO's) under the Road Traffic Regulation Act 1984.

5.4.3 Statutory consultation has been carried out with all affected frontages, Ward councillors and relevant stakeholders in accordance with the provisions of The Local Authorities' Traffic Order (Procedure) (England and Wales) Regulations 1996.

5.4.4 Article 9 of the Council's Constitution states that Chief Officers have the delegated powers;

'to make decisions and approve expenditure relating to their functions and the functions of their Department... providing (1) that the sum expended is within the approved budget for the Department and/or relevant portfolio, and (2) the amount in relation to any single matter does not exceed £181,302.'

5.5 Risk Management

5.5.1 It is not considered that the issues involved are likely to give rise to policy considerations as the proposed measures have a specific purpose and benefit which has been outlined within the consultation material.

5.5.2 It is considered that the issues involved in proposing or introducing the measures may lead to some level of public concern from local residents who feel that they do not wish for the measure to be introduced, or from residents/motorists in the area concerned about parking being displaced into their road or network of roads. However, for both issues, it is considered that adequate consultation across a sufficient area has ensured that members of the public have had the opportunity to comment in the statutory consultation on the proposed measure which have been considered within this report.

5.6 Equalities and Diversity

5.6.1 The 2010 Equality Act outlines the provisions of the Public Sector Equalities Duty which requires Public Bodies to have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Equality Act 2010
- Advance equality of opportunity between people from different groups
- Foster good relations between people from different groups

5.6.2 The proposals in this report are designed to improve access for a person with a protected characteristic.
