## 5.4 Legal and Constitutional References

5.4.1 The Local Authority has a statutory duty under the Countryside and Rights of Way Act 2000 to safeguard, protect and enhance sites of special scientific interest. The Local Authority has the power under Section 21 of the National Parks and Access to the Countryside Act 1949 to acquire, declare and manage nature reserves. However, English Nature must be consulted by the Authority in the use of the powers given by section 21. The 1949 Act states that a Local Nature Reserve (LNR) must be managed in such a way to ensure that use of the site does not result in any damage to its natural features.

 “to consider and co-ordinate all the interests of recreation / leisure / maintenance / nature conservation and statutory requirements of the British Waterways Board and the Environment Agency at the Welsh Harp; with the object of protecting the Welsh Harp Reservoir and surrounding open land as a unique environment for both recreation and wildlife conservation”.
