Summary

This report provides an update on the North Central London's Sustainability and Transformation Partnership (STP)

Officers Recommendations

1. That the Committee note the report on the STP.**1. WHY THIS REPORT IS NEEDED**

The aim of the STP is to establish a partnership of the NHS and local authorities, working together with the public and patients where it's the most efficient and effective way to deliver improvements.

This report outlines the ambitions of the STP and how it affects all the Boroughs involved, including Barnet. The five NCL CCGs now work under joint arrangements with a single accountable Officer and Chief Finance Officer.

The aim of the STP is to transform, improve and integrate care where this improves health and wellbeing outcomes and sustainability of services.

5.6 **Equalities and Diversity**

5.6.1 Equality and Diversity issues are a mandatory consideration in decision making in the Council pursuant to the Equality Act 2010. This means the Council and all other organisations acting on its behalf must fulfil its equality duty when exercising a public function. The broad purpose of this duty is to integrate considerations of equality and good relations into day to day business, requiring equality considerations to be reflected into the design of policies and the delivery of services and for these to be kept under review.

5.6.2 The specific duty set out in s149 of the Equality Act is to have due regard to need to:

Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act; Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; Foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

5.6.3 The relevant protected characteristics are – age; disability; gender reassignment; pregnancy and maternity; race; religion or belief; sex; sexual orientation. Health partners

as relevant public bodies must similarly discharge their duties under the Equality Act 2010 and consideration of equalities issues should therefore form part of their reports.
