and transformation partnership

# Improving planned orthopaedic surgery for adults in north central London

Engaging with Barnet Residents

Barnet - Health Overview and Scrutiny Committee

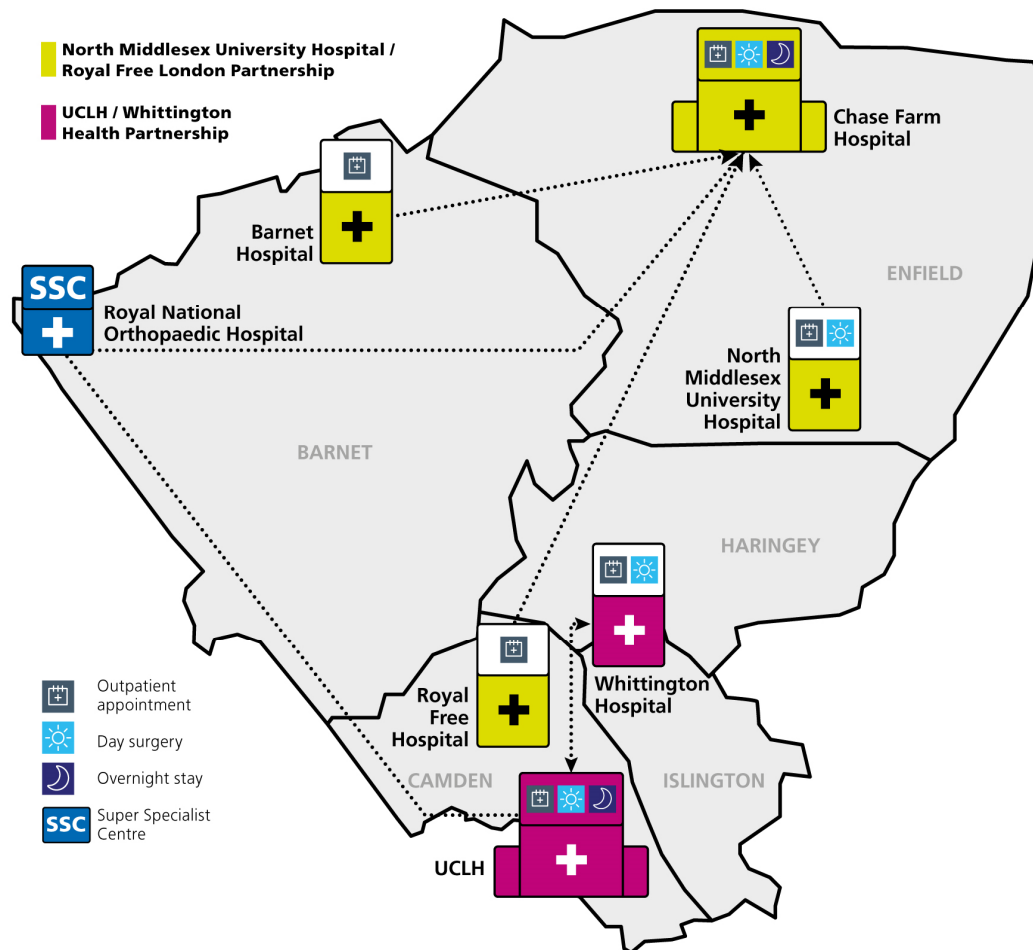

# Reminder: our consultation proposals

- Two partnerships for planned orthopaedic care:
  - **University College London Hospitals** working with **Whittington Health**
  - **The Royal Free London Group** (Royal Free Hospital, Barnet Hospital, Chase Farm Hospital) working with **North Middlesex University Hospital**
- **Chase Farm Hospital** and **University College London Hospital** with dedicated operating theatres and beds, for patients who need to stay overnight
- **A choice** of NHS hospitals for those needing **day surgery**
- **A choice** of NHS hospitals for **outpatient appointments**

## Reminder of our consultation proposals: where could patients go in future?

Patients would choose one of the two partnerships

The choice would determine where outpatient care and surgery would take place

GPs and physiotherapists would support decision-making

## Public consultation: methodology

Public consultation ran from **13 January 2020 – 6 April 2020**. Residents and all other stakeholders were able to participate in the consultation in a range of ways:

- By answering questions in a structured questionnaire
- Meetings organised by NLP team with stakeholder groups
- Meetings organised by NLP team with specific equalities groups
- Deliberative events (round-table discussions)
- Outreach sessions in the community such as information stands
- Individual telephone interviews (transgender, carers, BAME)
- By calling a dedicated phone line for feedback
- Written responses by freepost or email

## The public consultation: adjusting for the impact of Covid

- Last few weeks of the consultation were impacted by the Covid-19 Pandemic, and 20 events that had been scheduled between the 16 March and 6 April were cancelled (including two of the advertised deliberative events in Islington and Haringey)
- The remainder of the consultation was conducted virtually, following discussion with NHSE-I and the JHOSC chair. This was done through:
  - Targeted telephone interviews (focusing on groups identified as potentially more impacted from the equalities analysis)
  - Reminders to third and voluntary sector contacts for a response to the consultation

# Consultation: Focus on Barnet

Barnet Healthwatch Primary Care Meeting

Barnet Mencap - Have your say group

Barnet Voluntary Sector Forum

Barnet Cophall Leisure Centre - Community Health Talks

Barnet Diabetes UK

Barnet Hospital Staff and patient Group
