1. WHY THIS REPORT IS NEEDED

1.1 5 requests for funding from the Committee's allocated CIL budget have been raised. The requests are as follows:

1 Title	Refurbishment of playground at Barnet Hill Academy
Raised by (Councillor)	Cllr Saira Don
Ward	West Hendon
Member Request	I request funding for the refurbishment of the playground at Barnet Hill Academy which was previously used as the car park to Barnet College before becoming the children's playground. The funds are needed to help improve the outdoor and public facing spaces by adding greenery and play areas to the estate. The itemised quotes attached cover the cost of these hoped for improvements and I request the amount to pay for them with a few hundred pounds more as contingency. The image below shows the poor natural surroundings both internally and externally of the current playground. Living and learning adjacent to the M1 is not helpful and so improving the natural environment through shrubbery, seeded roofs, planters and a well-being garden will all help the students, environment and community space within the educational context. The current state of the playground has an impact on the children's ability to learn and develop.
Funding Required (£)	£19,000

2 Title	Feasibility study for traffic management on High Street NW7
Raised by (Councillor)	Cllr Val Duschinsky
Ward	Mill Hill
Member Request	To undertake a feasibility study which would include a traffic survey and tracking of large vehicles (e.g. refuse vehicles) which might affect the green area including looking at: <ul style="list-style-type: none"> • One-way system along Milesplit Hill between High Street and Hollies End: • High Street and Milesplit Hill west side to be for traffic travelling northbound • Milesplit east side to be for traffic travelling southbound • Existing pond to act as mini-roundabout • Double yellow lines on main corners and at junctions of Milesplit Hill and of High Street with The Ridgeway • Outside no. 2 Angel Cottage: footway cannot be widen but signs and road markings could help pedestrians and double yellow lines could prevent parking • Signs to restrict HGV to drive through High Street and Milesplit Hill
Funding Required (£)	£5000

3 Title	Benches for Brookside Walk Play Area
Raised by (Councillor)	Cllr Nizza Fluss
Ward	Hendon

Funding Required (£)	£4000

4 Title	Creating a play area at Glen Gardens
Raised by (Councillor)	Cllr Linda Freedman

A lot of these individuals are new to the area (having seen the route advertised in Council Barnet First) and the board will have information of the correct routes to follow. 2. REASONS FOR RECOMMENDATIONS

- 2.1 As identified above Members of the Council have requested that the Committee consider requests for CIL funding. In line with guidance for Members' route to support applications for CIL funding, the Committee is asked to determine the desired course of action.

- 2.2 CIL funding can be used to fund a wide range of infrastructure (as outlined in section 216(2) of the Planning Act 2008, and regulation 59, as amended) to support the development of a local area. The Act specifically names roads and transport, flood defenses, schools and education facilities, medical facilities and recreational facilities; but is not restrictive. Therefore, the definition can extend to allow the levy to fund a very broad range of facilities provided they are 'infrastructure'.
- 2.3 Further examples are: play areas, parks and green spaces, cultural and sports facilities, district heating schemes, police stations and community safety facilities. The flexibility in how the funds can be applied is designed to give local areas the opportunity to choose the infrastructure they need to deliver their Local Plan.
- 2.4 Guidance states that the levy is intended to focus on the provision of new infrastructure and should not be used to remedy pre-existing deficiencies in infrastructure provision, unless those deficiencies will be made more severe by new development. Therefore, if funds are intended to be used to address existing deficiencies, it is recommended that funds are used to either increase the capacity of existing infrastructure or to repair failing existing infrastructure, where it is recognised as necessary to support development in the area.
- 2.5 Guidance states that local authorities must allocate at least 15% of levy receipts to spend on priorities that should be agreed with the local community in areas where development is taking place. Therefore, a decision was made to honour the provision of a 15% contribution to each of the Council's Area Committee. This is capped at £150k per committee per year.
- 2.6 Applications relating to requests should be made to this Area Committee via Members' Items as outlined in the Council's Constitution. In line with guidance, applications submitted by Members should receive an initial assessment by an appropriate Officer, and should be accompanied by a recommendation (i.e. that the Committee should support or refuse the application).
- 2.7 Members should note that the committee has the power to discharge CIL-related environmental infrastructure projects and therefore has joint budget responsibility across the Area Committees which can be spent in 2018/19. Furthermore, it is noted that any request can be considered only by this Committee if it is in line with its terms of reference as contained in the Council's Constitution.

3. ALTERNATIVE OPTIONS CONSIDERED AND NOT RECOMMENDED

- 3.1 Not applicable; Members of the Council are able to submit applications for non-CIL funding to the Area Committee Budgets via Members' Items. As a result, the Committee are requested to consider the Ward Members request and determine. Therefore, no other recommendation is provided from Officers.

4. POST DECISION IMPLEMENTATION

- 4.1 Post decision implementation depends on the decision taken by the Committee, and the assessing officer's recommendation.

5. IMPLICATIONS OF DECISION

- 5.4.2 Council Constitution, Article 2 Members of the Council, Section 2.3 states any Member will be permitted to have one matter only (with no sub items) on the agenda for an Area Committee where the Member is sponsoring an application to an Area Committee Budget relating to their ward.
