Summary

At the meeting of the Hendon Area Committee on 17 September 2019, the Committee considered a report which detailed the results of a feasibility study carried out to improve safety at the junction of Lawrence Street with Holcombe Hill, NW7, and outlined proposals for consideration to address the concerns at this location. The Committee asked how long the proposed design would remain valid before having to be reviewed. Officers advised the design would remain valid for the next few years.

The Chairman moved a motion to defer the item to the final meeting of the financial year, 17th

March 2020, to review funding availability at that time. The Committee unanimously agreed to the motion to defer. The initial report and findings are found in the enclosed appendices.
