1. RECOMMENDATIONS

- 1.1 That, having considered the performance of the Pension Fund for the quarter to September 2012, the Committee instruct the Deputy Chief Executive and Chief Finance Officer to address any issues that it considers necessary.**

2. RELEVANT PREVIOUS DECISIONS

- 2.1 Council – 11th September 2007 – Minute 64.
- 2.2 Pension Fund Committee – 4 February 2010, Item 6
- 2.3 Pension Fund Committee – 4 September 2012, Item 6

3. CORPORATE PRIORITIES AND POLICY CONSIDERATIONS

- 3.1 To ensure that the pension fund is being invested prudently and to the best advantage in order to achieve the required funding level. Effective monitoring of the Pension Fund will provide support towards the Council's corporate priorities in providing better services, with less money.

4. RISK MANAGEMENT ISSUES

- 4.1 A key risk is that of poor investment performance. The performance of Fund managers is monitored by the committee every quarter with reference to reports from JLT the Pension Fund investment adviser and the WM Company Ltd, a company that measures the performance of pension funds. If fund manager performance is considered inadequate, the fund manager can be replaced.
- 4.2 Risks around safeguarding of pension fund assets are highlighted in the current economic climate following sovereign debt crisis in the Eurozone. Fund managers need to have due regard to longer term investment success, in the context of significant market volatility. Both Newton's and Schroder's will attend this Committee to update on their approach in this context.

5. EQUALITIES AND DIVERSITY ISSUES

- 5.1 Pursuant to the Equalities Act 2010, the council is under an obligation to have due regard to eliminating unlawful discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act; advancing equality of opportunity between persons who share a relevant 'protected characteristic' and those who do not share it; and fostering good relations between persons who share a relevant 'protected characteristic' and persons who do not share it. The 'protected characteristics' are: f age, disability, gender reassignment, pregnancy, and maternity, race, religion or belief, sex and sexual orientation

- 5.2 The rules governing admission to and participation in the Pension Fund are in keeping with this public sector equality duty. Good governance arrangements and monitoring of the pension fund managers will benefit everyone who contributes to the fund.
- 6. USE OF RESOURCES IMPLICATIONS (Finance, Procurement, Performance & Value for Money, Staffing, IT, Property, Sustainability)**
- 6.1 As Administering authority for the London Borough of Barnet Pension Fund, the Council is required to invest any funds not required for the payment and administration of pension fund contributions and benefits.
- 6.2 The Pension Fund has appointed external fund managers to maximise pension fund assets in accordance with the fund investment strategy. The Pension Fund is a long term investor and volatility of investment return is expected, though in the longer term, the appointed fund managers are expected to deliver positive returns in accordance with the fund benchmarks. The Scheme benchmark is a liability driven benchmark and is dependent on the movement in gilt yield. The Growth portfolio targets of the respective Diversified Growth Funds are Newton; LIBOR +4%, and Schroder; RPI+5%.
- 6.3 The total value of the pension fund's investments including internally managed cash as at 30 September 2012 was £748.813 million. (Compared to £716.617million as at 30 June 2012 and £708.877 million at 31 March 2012). The graph in Appendix A shows how the market value of the fund has grown since 2006. Excluding internally managed cash of £5.26 million, the total market value of externally managed investments rose by £32.57 million over the quarter.
- 6.4 Over the quarter at a total scheme level, the Fund's externally managed investments produced a return of 4.7%. In relative terms the Fund outperformed the liability benchmark return for the quarter by 5.3%. This was due to a combination of rising equity markets and improved corporate bond returns which caused the expected value of liabilities to fall. All funds out performed or tracked their respective benchmarks for the quarter with the exception of the Newton bond portfolio which underperformed the benchmark by 0.3%
- 6.5 Over the 12 months to 30 September 2012, the total Scheme return (ex property) was 11.3 versus the liability benchmark return of 6.2%.
- 6.6 Of great concern is the underperformance of Schrodgers diversified growth fund which has under performed since inception in January 2011, by -8.64% (0.45% compared to 9.09%). Over the same period the Newton real return fund has underperformed its benchmark by -0.6% (4.06% versus 4.67%). Schrodgers corporate bond performance since inception is also -1.65% below benchmark, but Newton's bond portfolio currently out performs its benchmark since inception by 0.37%.
- 6.7 For the quarter, the Newton Corporate Bond portfolio underperformed, returning 6.3% against its benchmark of 6.6% and over the year the Fund returned 15.9% compared to the benchmark return of 16.2%. Schroder's Corporate Bond portfolio marginally outperformed the benchmark for the quarter by 0.1% returning 5.7% and marginally outperformed for the year with a 13.7% performance return against benchmark return of 13.5%.

- 6.8 Over the quarter for diversified growth, the Newton Real Return DGF has outperformed, 4.2 versus a benchmark return of 1.1% while one year return was 9.6% compared to a benchmark return of 4.7%. Schroder has outperformed for the quarter, 3.9% versus a benchmark return of 2.2% while one year return was 8.5% compared to a benchmark return of 7.8%.
- 6.9 For Legal and General, overseas equity performance was in-line with the benchmark of 3.9% and the fixed interest fund also tracked the benchmark with a 5.7% return.
- 6.10 When compared to the WM Local Authority Universe (Appendix C), the Fund out performed the average local authority over the quarter and has had top decile performance for the last two quarters .However the Fund has underperformed relative to the local authority universe over one year by(-1%) and over three years by (-0.4%).
