

## Constitution and General Purposes Committee

4 October 2021

<b>Title</b>	<b>Draft Proposals for New Polling Districts and Polling Places</b>
<b>Report of</b>	John Hooton – Barnet Returning Officer
<b>Wards</b>	All
<b>Status</b>	Public
<b>Urgent</b>	No
<b>Key</b>	No
<b>Enclosures</b>	Appendix 1 – Borough wide summary map of polling arrangement proposals Appendices 2-25 - Ward specific draft polling arrangement proposals (coming into effect from May 2022) Appendix 26 – List of proposed polling places
<b>Officer Contact Details</b>	John Bailey, Head of Electoral Services 020 8359 3008 - <a href="mailto:john.bailey@barnet.gov.uk">john.bailey@barnet.gov.uk</a> Emily Bowler, Head of Assurance & Business Development 020 8359 4463 - <a href="mailto:emily.bowler@barnet.gov.uk">emily.bowler@barnet.gov.uk</a>

### Summary

The new electoral arrangements for Barnet Council will come into effect at the Local Government elections on 5<sup>th</sup> May 2022. Barnet will continue to have 63 councillors (the same as at present) but there will be an increase in the number of wards, from 21 to 24, with 15 three-councillor and 9 two-councillor wards.

This report includes the draft proposals for new polling districts and their respective polling places to serve at local elections within each of the new wards.

## **Officers Recommendation**

**That the Committee notes and comments upon the Returning Officer's proposals, detailed within appendices 1-26, ahead of the six-week statutory public consultation that will take place between mid-October and December 2021.**

### **1. WHY THIS REPORT IS NEEDED**

- 1.1 The Local Government Boundary Commission for England (LGBCE) completed a statutory review of the London Borough of Barnet's electoral arrangements in January 2020. The LGBCE's final recommendations mean that:
- Barnet will continue to have 63 councillors
  - There will be an increase in the number of wards from 21 to 24
  - Councillors will be elected to 15 three-councillor and 9 two-councillor wards across the borough
  - The boundaries of all wards will change, none will stay wholly the same.

- 1.1 Following the outcome of the Local Government Boundary Commission for England (LGBCE) statutory review, extensive changes are required to the current polling district boundaries and to polling place locations throughout the borough. By law, the new ward boundaries (served by the new polling districts and polling places) come into effect at the local government elections on 5 May 2022. The Register of Electors must be re-published under the new wards ahead of the election (so that poll cards can be issued to electors within their new wards and relevant new polling districts).
- 1.2 In order to comply with the requirements of the Representation of the People Act 1983 sections 18A-18E (as amended by section 17 of the Electoral Registration and Administration Act 2013), and to effectively prepare new polling arrangements as will be necessary due to the Electoral Review of Barnet (detailed in 1.1), the Head of Electoral Services, working on behalf of Barnet's Returning Officer has reviewed and created proposals for all polling districts and polling places in the borough.
- 1.3 Following the implications of the LGBCE review outlined in 1.1 above and to allow for the conduct of legally compliant elections in the future, electors within the new

wards will need to be assigned to new polling districts that are wholly contained within and coterminous with the new wards. Each of the new polling districts will need to be served by polling places (and polling stations) that meet, so far as is practicable, the requirements for in-person voting, as laid out by the Electoral Commission.

- 1.4 The Constitution and General Purposes Committee terms of reference include: ‘responsibility for overseeing the Council’s governance arrangements including Electoral Services, including elections and electoral registration performance; and polling places and polling district boundaries.’

## **2. REASONS FOR RECOMMENDATIONS**

- 2.1 Following the publication of the LGBCE’s Electoral Review of Barnet (as detailed in 1.1 above), widespread changes must be made across Barnet’s polling districts and polling places.

- 2.2 Electoral Services have completed assessment visits to every potential polling place that was identified or suggested as an alternative or additional venue to existing polling places through the Cross-Party Reference Group meetings.

- 2.3 When assessing the suitability of the polling venue, council officers have followed the guiding principles as agreed at the Cross-Party Reference group meetings:

- To ensure that all electors within each ward are within as reasonable and equitable distance of their polling venue as is practicable (whilst taking into account the operating capacity and accessibility, particularly for those with disabilities, of individual venues)
- To minimise the use of schools - seeking to use practical alternative arrangements for electors where these are available
- To eliminate so far as possible the use of temporary, portable offices (which offer poor accessibility, poor facilities and can only serve very small numbers of electors at a time) – to eliminate excessive costs and highly problematic logistical issues

- 2.4 A proposal detailing polling districts and their designated polling places has been designed for all 24 wards (see Appendices 1-26), which took into account polling place suitability and utilised analysis of direct-line distance and road network distance for all electors to identified potential polling places.

- 2.5 If these proposals are subsequently approved following public consultation and CGP Committee in January 2022, the borough’s polling arrangements would benefit from:

- A reduction in polling districts and polling places from 94 to 91
- A reduction in polling stations from 156 to 149<sup>1</sup>

---

<sup>1</sup> Numbers of polling station can vary dependent on election franchise and number of postal voters

- A reduction in number of schools venues used from 31 to 13
- A reduction in number of portable offices used from 11 to 0

- 2.6 The review of polling places will also help to smooth the delivery of in-person voting across Barnet on polling day, as electors will be more evenly spread across the borough's polling stations. This more even spread of electors being allocated to polling venues has enabled the reduction in polling places and stations shown, despite the increase in the number of wards.
- 2.7 The reduction in polling places overall and eliminating the use of portable offices will help to ensure that polling costs can be well managed by the council when statutory local elections are delivered.

### **3. ALTERNATIVE OPTIONS CONSIDERED AND NOT RECOMMENDED**

- 3.1 In accordance with the provisions of Statutory Instrument: The London Borough of Barnet (Electoral Changes) Order 2020 No. 1106, the new wards within Barnet are legislated to come into effect from 6 May 2022. There is no lawful alternative to introducing new polling districts and polling places to serve these new wards at the elections on 6 May 2022.

### **4. POST DECISION IMPLEMENTATION**

- 4.1 Following approval of the draft polling district and polling places by Committee, there will be a statutory six-week public consultation from mid-October 2021 to invite comments on these proposals from residents, electors and a wide-range of stakeholders.
- 4.2 All comments and representations will be considered by Electoral Services, in consultation with the Returning Officer, before the final proposals are presented to CGP Committee for approval in January 2022 ahead of the Local Government Elections on 5<sup>th</sup> May 2022.
- 4.3 Approval by CGP Committee in January 2022 will establish the list of designated polling districts and polling places to be used for future local elections in Barnet.
- 4.4 Following approval by CGP Committee, Barnet's Register of Electors will be re-published in full to introduce new roll numbers for all electors based upon their new wards and polling districts.

### **5. IMPLICATIONS OF DECISION**

#### **5.1 Corporate Priorities and Performance**

- 5.1.1 The Barnet Plan sets out the four priorities for the borough. The plan focuses on the key outcomes we are seeking to achieve and how we will work to achieve those outcomes. This work supports the council's priority of Clean, Safe and Well Run.
- 5.1.2 Ensuring that the designation of polling districts and polling places give all electors reasonable and accessible facilities for voting (so far as is practicable within the circumstances), ensures that the democratic rights of all registered electors within

Barnet are protected.

5.1.3 In addition, by enabling electors to vote as easily and accessibly as possible, their views are expressed, and elected Councillors ensure that they are taken into account and acted upon throughout all aspects of the council's priorities, values, activities and outcomes.

## 5.2 **Resources (Finance & Value for Money, Procurement, Staffing, IT, Property, Sustainability)**

5.2.1 The Council is responsible for the costs of conducting local (council) elections, including, when held, local by elections that elect the Borough's own councillors. At all other elections all 'actual and necessary' costs are recovered by the Returning Officer from the relevant governing body for that election (e.g. central government for national UK elections or referendums and the GLA for the London Mayoral and Greater London Assembly elections).

5.2.2 The possible reduction in polling places overall and in particular eliminating the use of portable offices is likely to result in cost savings to the council when local elections are run.

## 5.3 **Social Value**

5.3.1 As stated at 5.1

## 5.4 **Legal and Constitutional References**

5.4.1 Following the Local Government Boundary Commission for England's 'Electoral Review' of Barnet, a draft order was laid before Parliament in July 2020. This has subsequently become Statutory Instrument 2020 No. 1106 'The London Borough of Barnet (Electoral Changes) Order 2020'. This legislates that the new wards within Barnet come into effect from 6 May 2022.

5.4.2 In carrying out any review of polling arrangements, the local authority must comply with the steps set out in Schedule A1 Representation of the People Act 1983. The local authority is required to:

- publish a notice of the holding of a review
- consult the (Acting) Returning Officer for every parliamentary constituency which is wholly or partly in its area
- publish all representations made by the Returning Officer within 30 days of receipt by posting a copy of them at the local authority's office and in at least one conspicuous place in their area and, if the authority maintains a website, by placing a copy on the authority's website (regulation 3 of the Review of Polling Districts and Polling Places (Parliamentary Elections) Regulations 2006)
- seek representations from such persons as it thinks have particular expertise in relation to access to premises or facilities for persons who have different forms of disability. Such persons must have an opportunity to make representations and to comment on the representations made by the (Acting) Returning Officer(s).

- on completion of a review, give reasons for its decisions and, in accordance with regulation 4 of the Review of Polling Districts and Polling Places (Parliamentary Elections) Regulations 2006, publish:
  - all correspondence sent to an (Acting) Returning Officer in connection with the review
  - all correspondence sent to any person whom the authority thinks has particular expertise in relation to access to premises or facilities for persons who have different forms of disability
  - all representations made by any person in connection with the review
  - the minutes of any meeting held by the council to consider any revision to the designation of polling districts or polling places within its area as a result of the review
  - details of the designation of polling districts and polling places within the local authority area as a result of the review
  - details of the places where the results of the review have been published

5.4.3 Provision is contained within Section 18E RPA 1983 which provides that no election is to be questioned by reason of any informality relative to polling districts and polling places. Representations can be made to the Electoral Commission which may make directions to alter polling districts and/or polling places.

5.4.4 The Constitution and General Purposes Committee terms of reference (Article 7) includes to *“have responsibility for overseeing the Council’s governance arrangements including: Electoral Services including: elections and electoral registration performance; and polling places and polling district boundaries”*.

## 5.5 Risk Management

5.5.1 By conducting this review of Polling Districts and Polling Places, the Council mitigates the risk that electors find the arrangements for polling within the Borough to be hampered by poor accessibility or the provision of sub-standard facilities (given the practicable circumstances prevailing in each polling district).

## 5.6 Equalities and Diversity

5.6.1 Officers have reviewed the equalities implications. The delivery of this electoral process is strictly governed by legislation, which is in itself designed to provide for reasonable access for all electors – including persons who have different forms of disability (so far as is reasonably practicable in the circumstances). In addition to providing polling stations that are as accessible as practicable in the circumstances, Part 2 Representation of People Act 2000 provides that all voters have the right to request the use of postal or proxy voting arrangements.

5.6.2 The legislation governing this review requires that representations are sought from persons who are considered to have an expertise in access to locations for persons with different forms of disability. In order to fulfil this requirement, the Head of Service for Health and Safety at the London Borough of Barnet will be given oversight of the proposed polling district and polling places arrangements across the borough. The equalities impacts will therefore be reviewed throughout the process.

5.6.3 Pursuant to section 149 of the Equality Act, 2010, the council has a public-sector duty to have due regard to eliminating unlawful discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act; advancing equality of opportunity between those with a protected characteristic and those without; promoting good relations between those with a protected characteristic and those without.

5.6.4 Effective processes and activities with regards to registering residents on the electoral roll, in compliance with all relevant electoral legislation, ensures that all eligible individuals can choose to exercise their democratic rights in the manner in which they choose (as allowed by law).

## 5.7 **Corporate Parenting**

5.7.1 Not applicable

## 5.8 **Consultation and Engagement**

5.7.1. Following committee approval, a public notice will be published to invite representations on the draft polling district and polling place proposals during a six-week period of 'public consultation'.

5.7.2. The public notice will be published and displayed at Hendon Town Hall and posted on the Council's website in mid-October and left on display for six weeks.

5.7.3. This statutory consultation will be promoted through methods usually used for such purposes in Barnet, including website, news articles and social media.

5.7.4. In addition, invitations to submit a representation will be sent to:

- All 63 Councillors of the London Borough of Barnet
- The three Members of Parliament that represent the constituencies within the London Borough of Barnet
- The London Assembly Member for the Barnet and Camden constituency
- All venues put forward for use as a polling place in the proposals
- Known election agents from recent borough wide elections.

5.7.5. All representations received during the consultation period will be reviewed by the Electoral Services officers and Returning Officer and considered as part of the final proposals of polling district and polling places which will be presented to CGP Committee in January 2022 for final approval.

5.7.6. All representations received during the consultation period will be published along with the approved polling districts and polling places after the CGP committee in January 2022.

## 5.8 **Insight**

5.8.1 None
