Barnet Substance Misuse Service update

Luke Kwamya

Head of Public Health Commissioning

22nd October 2021

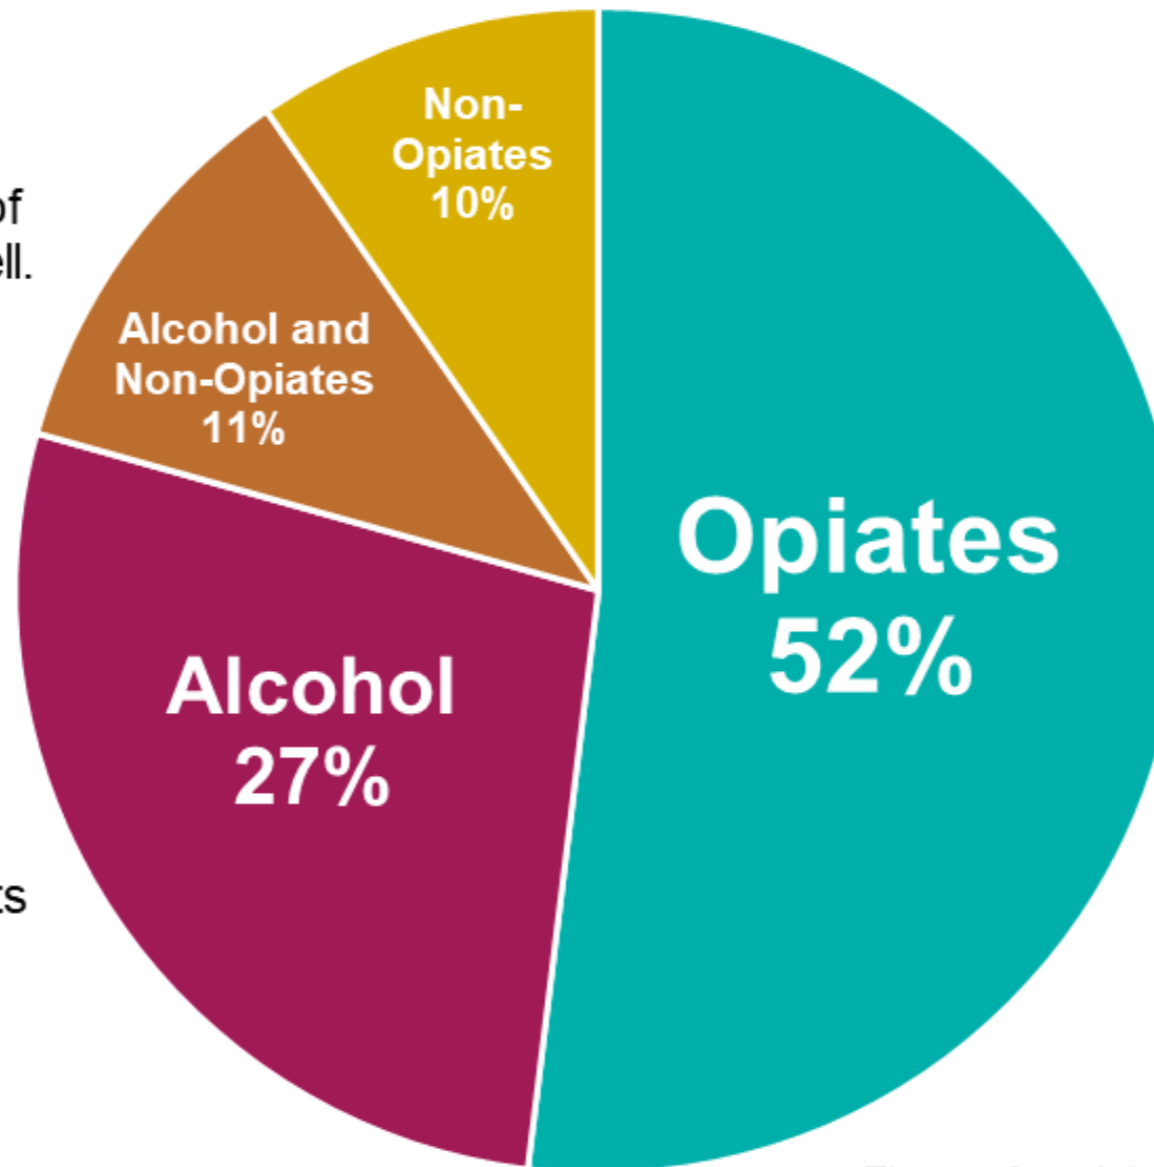

Substance Misuse Service update

- **Change Grow Live** became our new service provider in April 2020
- **COVID-19 lockdowns** transformed service delivery and affected referrals
- **Successful funding applications**
 - Rough Sleeping Drug and Alcohol Treatment Grant
 - Universal Drug Treatment, Crime and Harm Reduction Grant

Adult Substance Misuse Service

What substances do our adult clients use?

21% of clients are being treated for their use of **non-opiate** drugs like cocaine. Just over half of them use **alcohol** as well.

More than half of clients are being treated for their use of **opiates** like heroin. They may also be using alcohol.

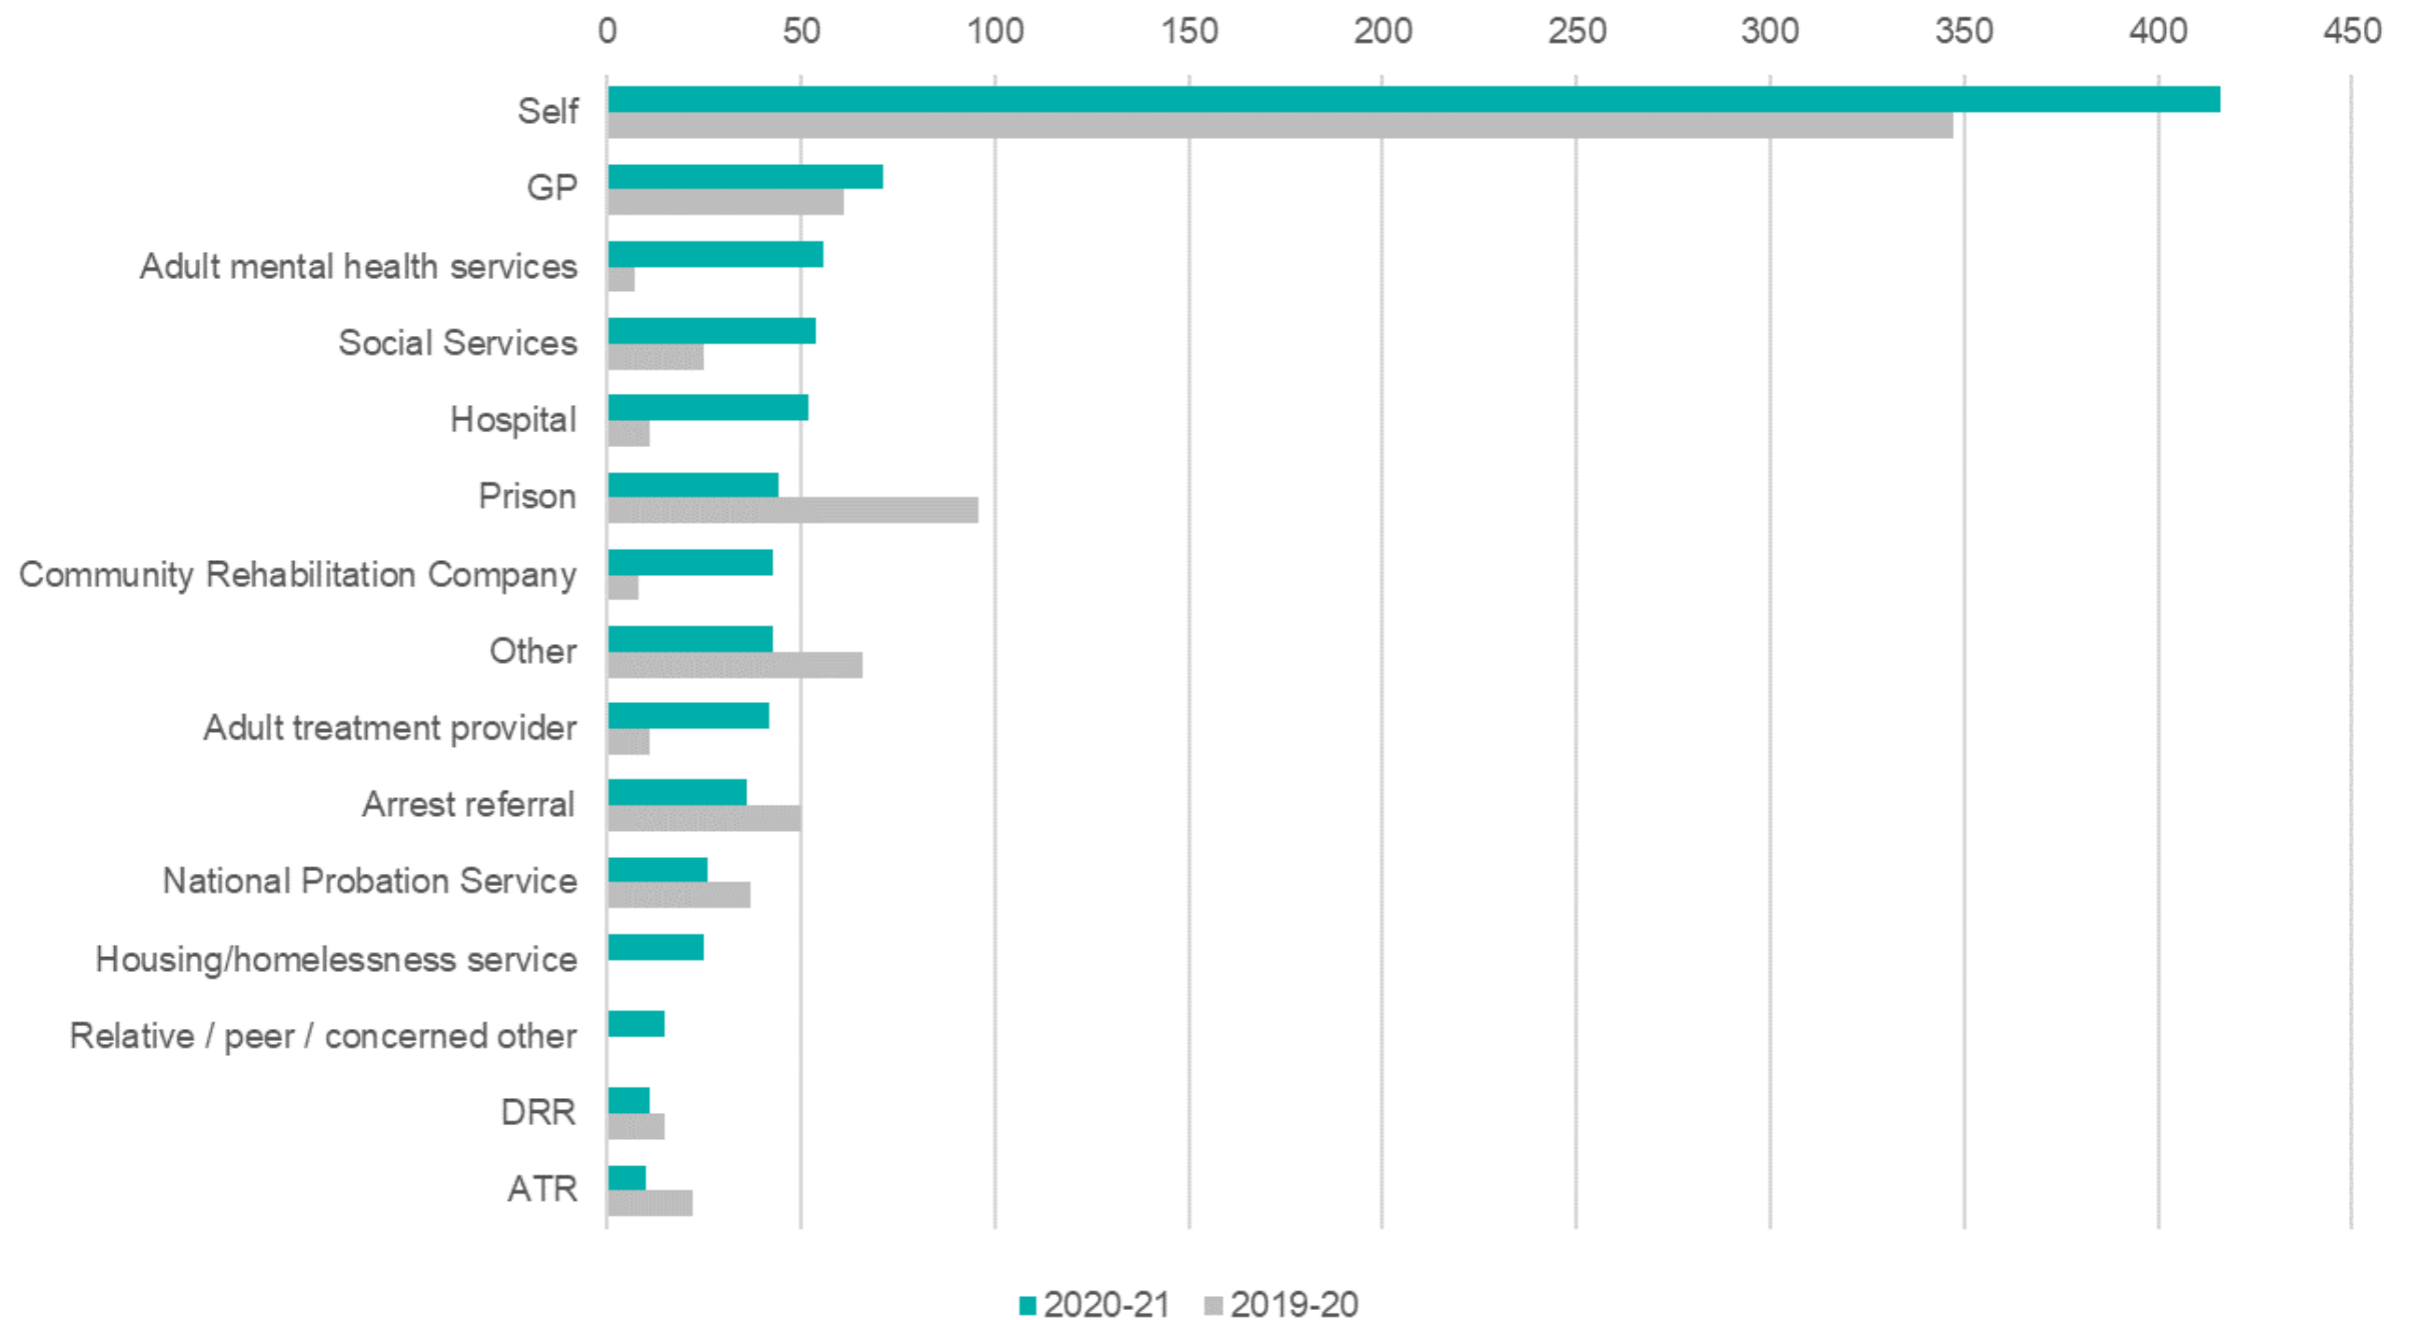

Over a quarter of clients are being treated for **alcohol** use alone.

Substance categories set by NDTMS
Figures for adults in structured treatment, Q1 2021-22

Data source: Change Grow Live case management system

How did adult referrals change in 2020-21?

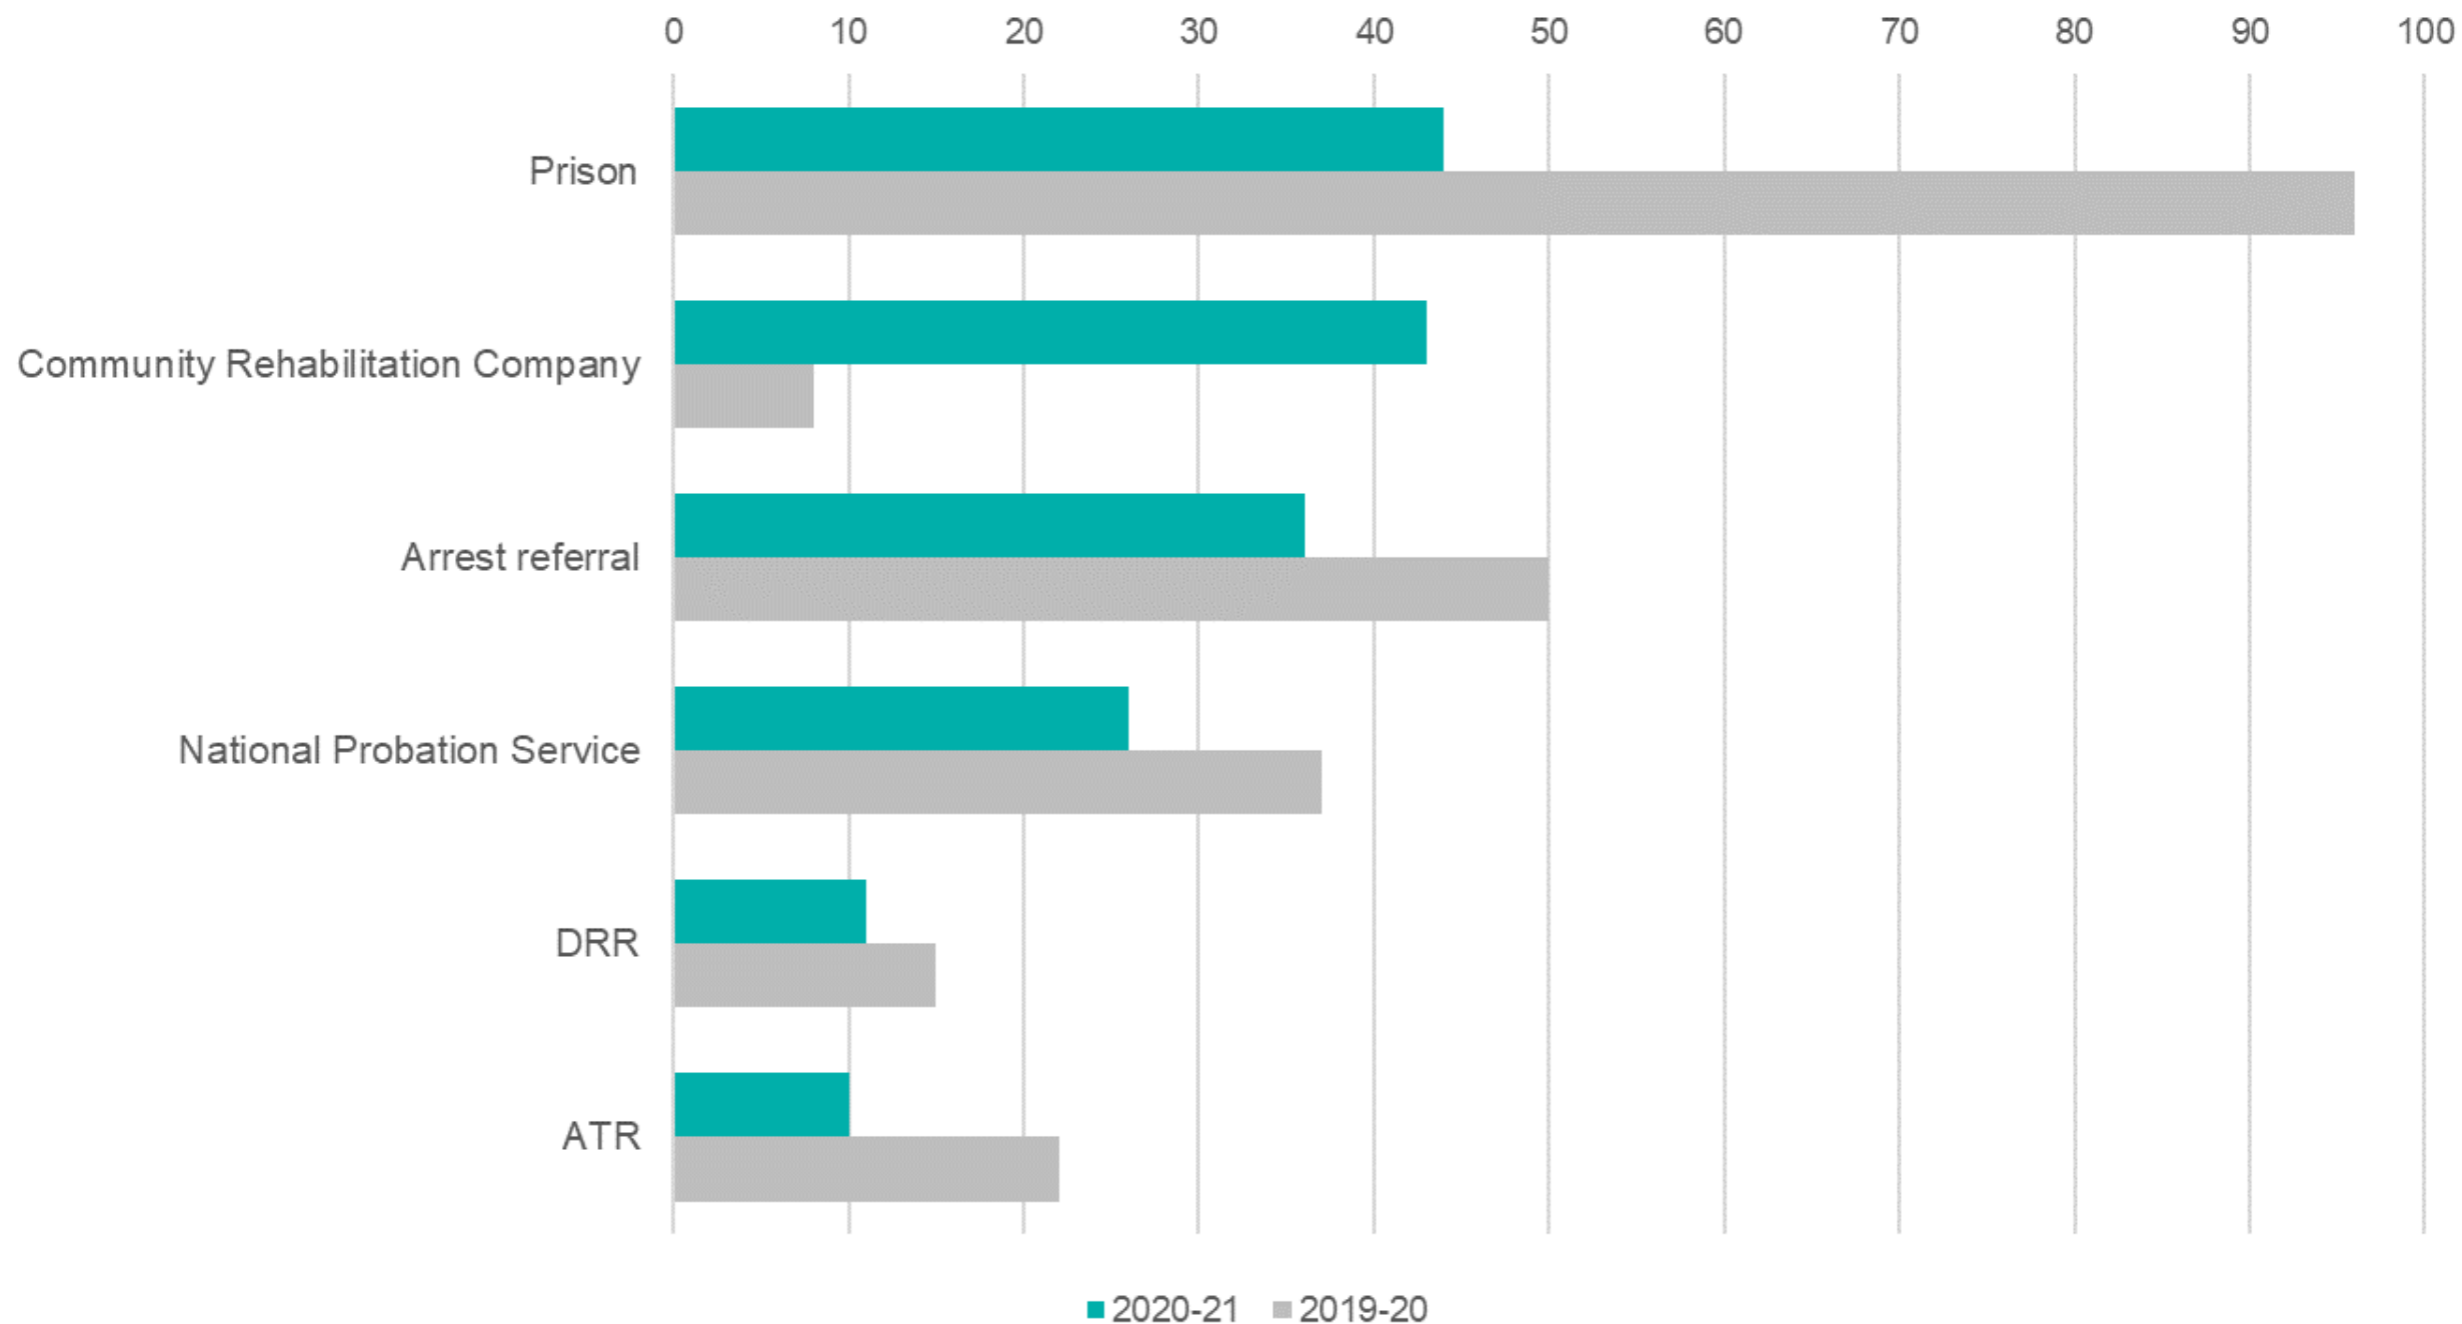

More self and health referrals, but fewer from criminal justice

Data source: Quarter 2-4 data from WDP and Change Grow Live case management systems

Criminal justice referrals

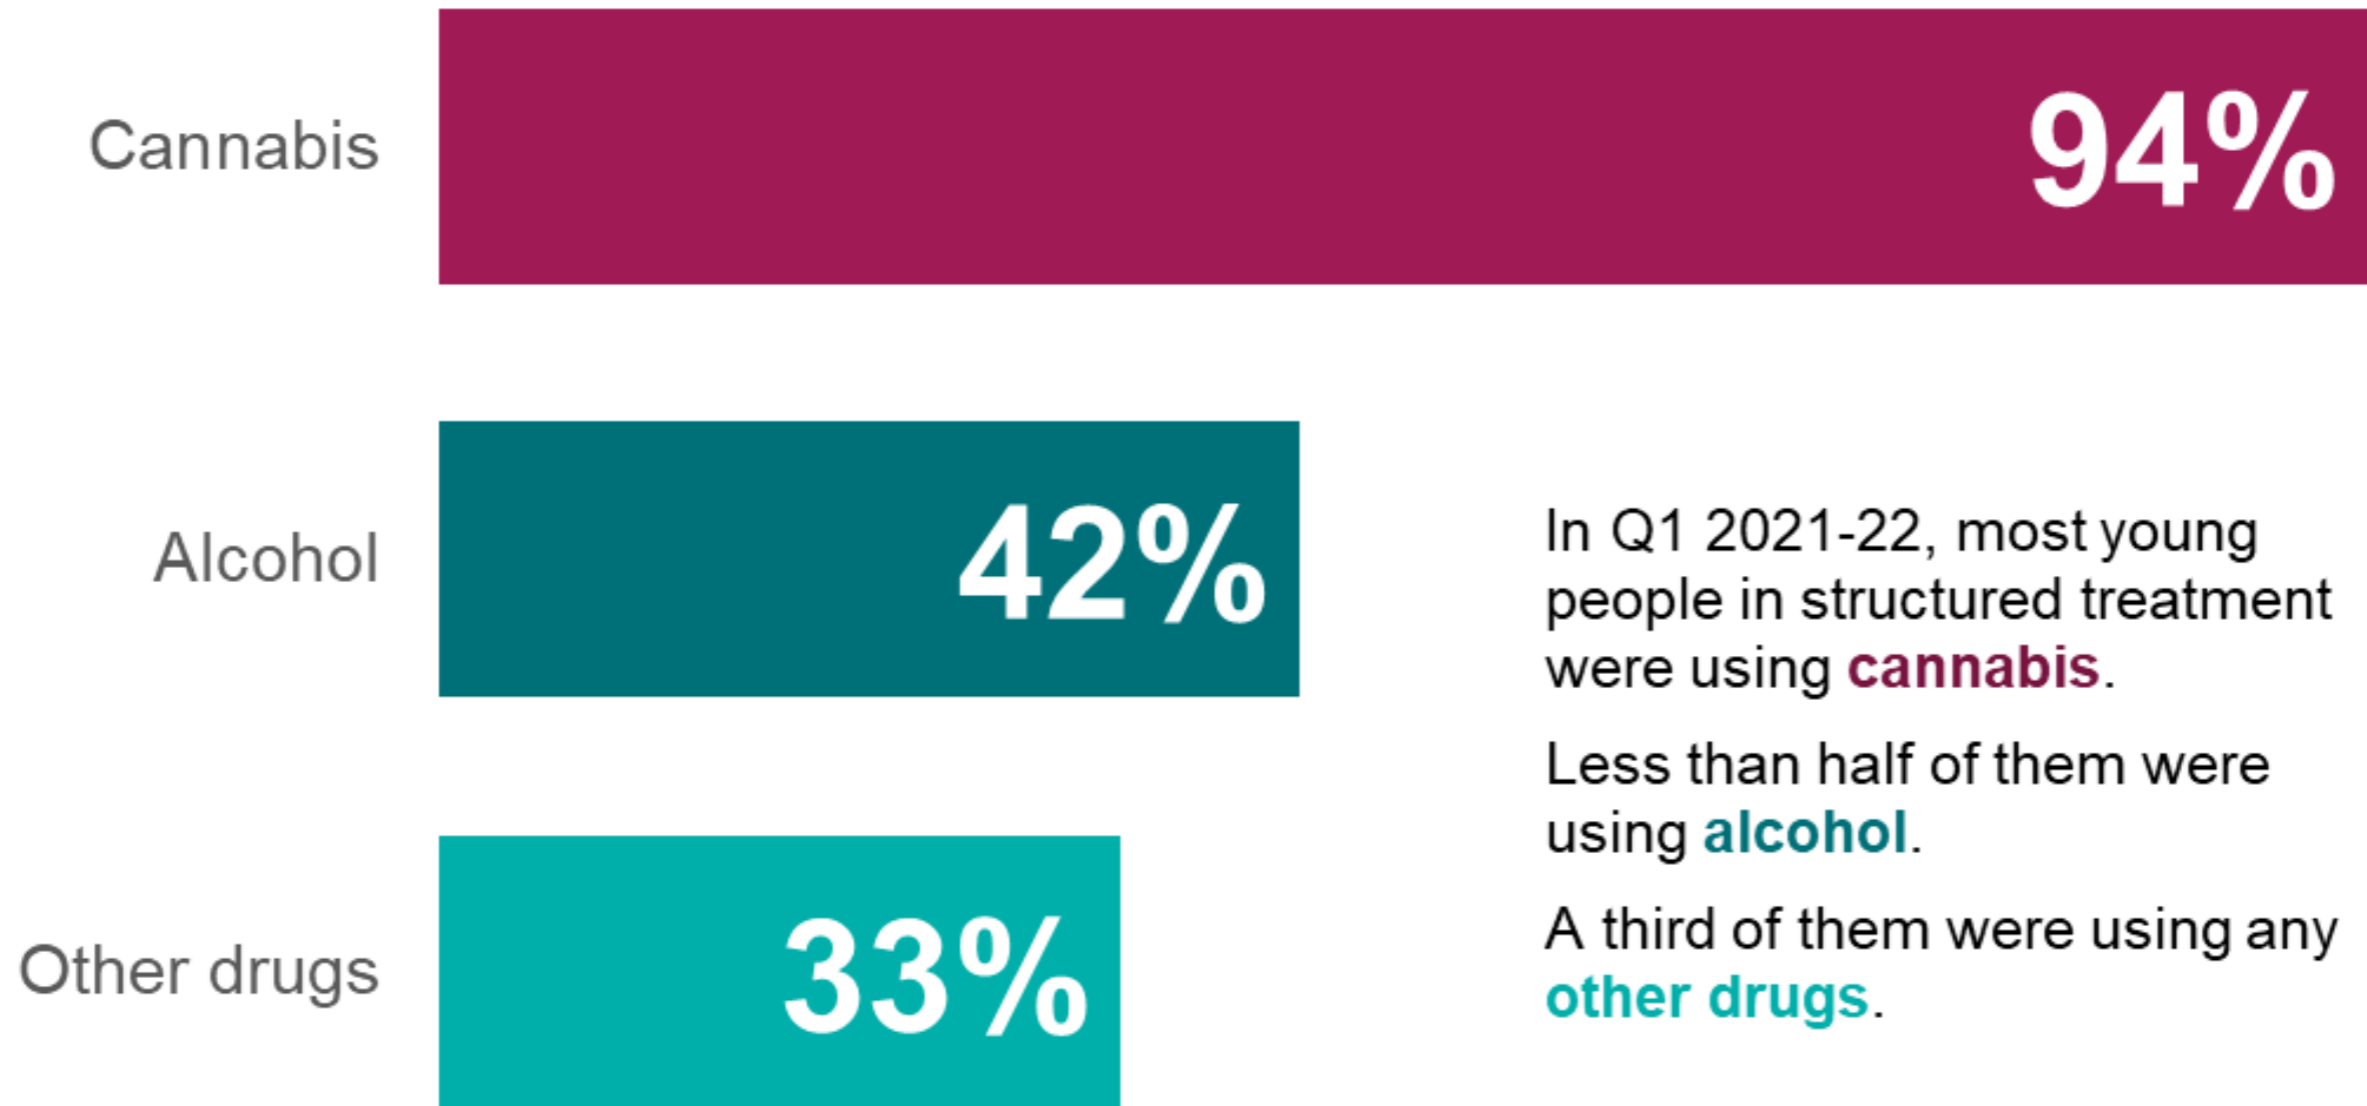

Fewer referrals from most criminal justice sources, but more from CRC

Data source: Quarter 2-4 data from WDP and Change Grow Live case management systems

Young People's Substance Misuse Service

What substances do young people in treatment use?

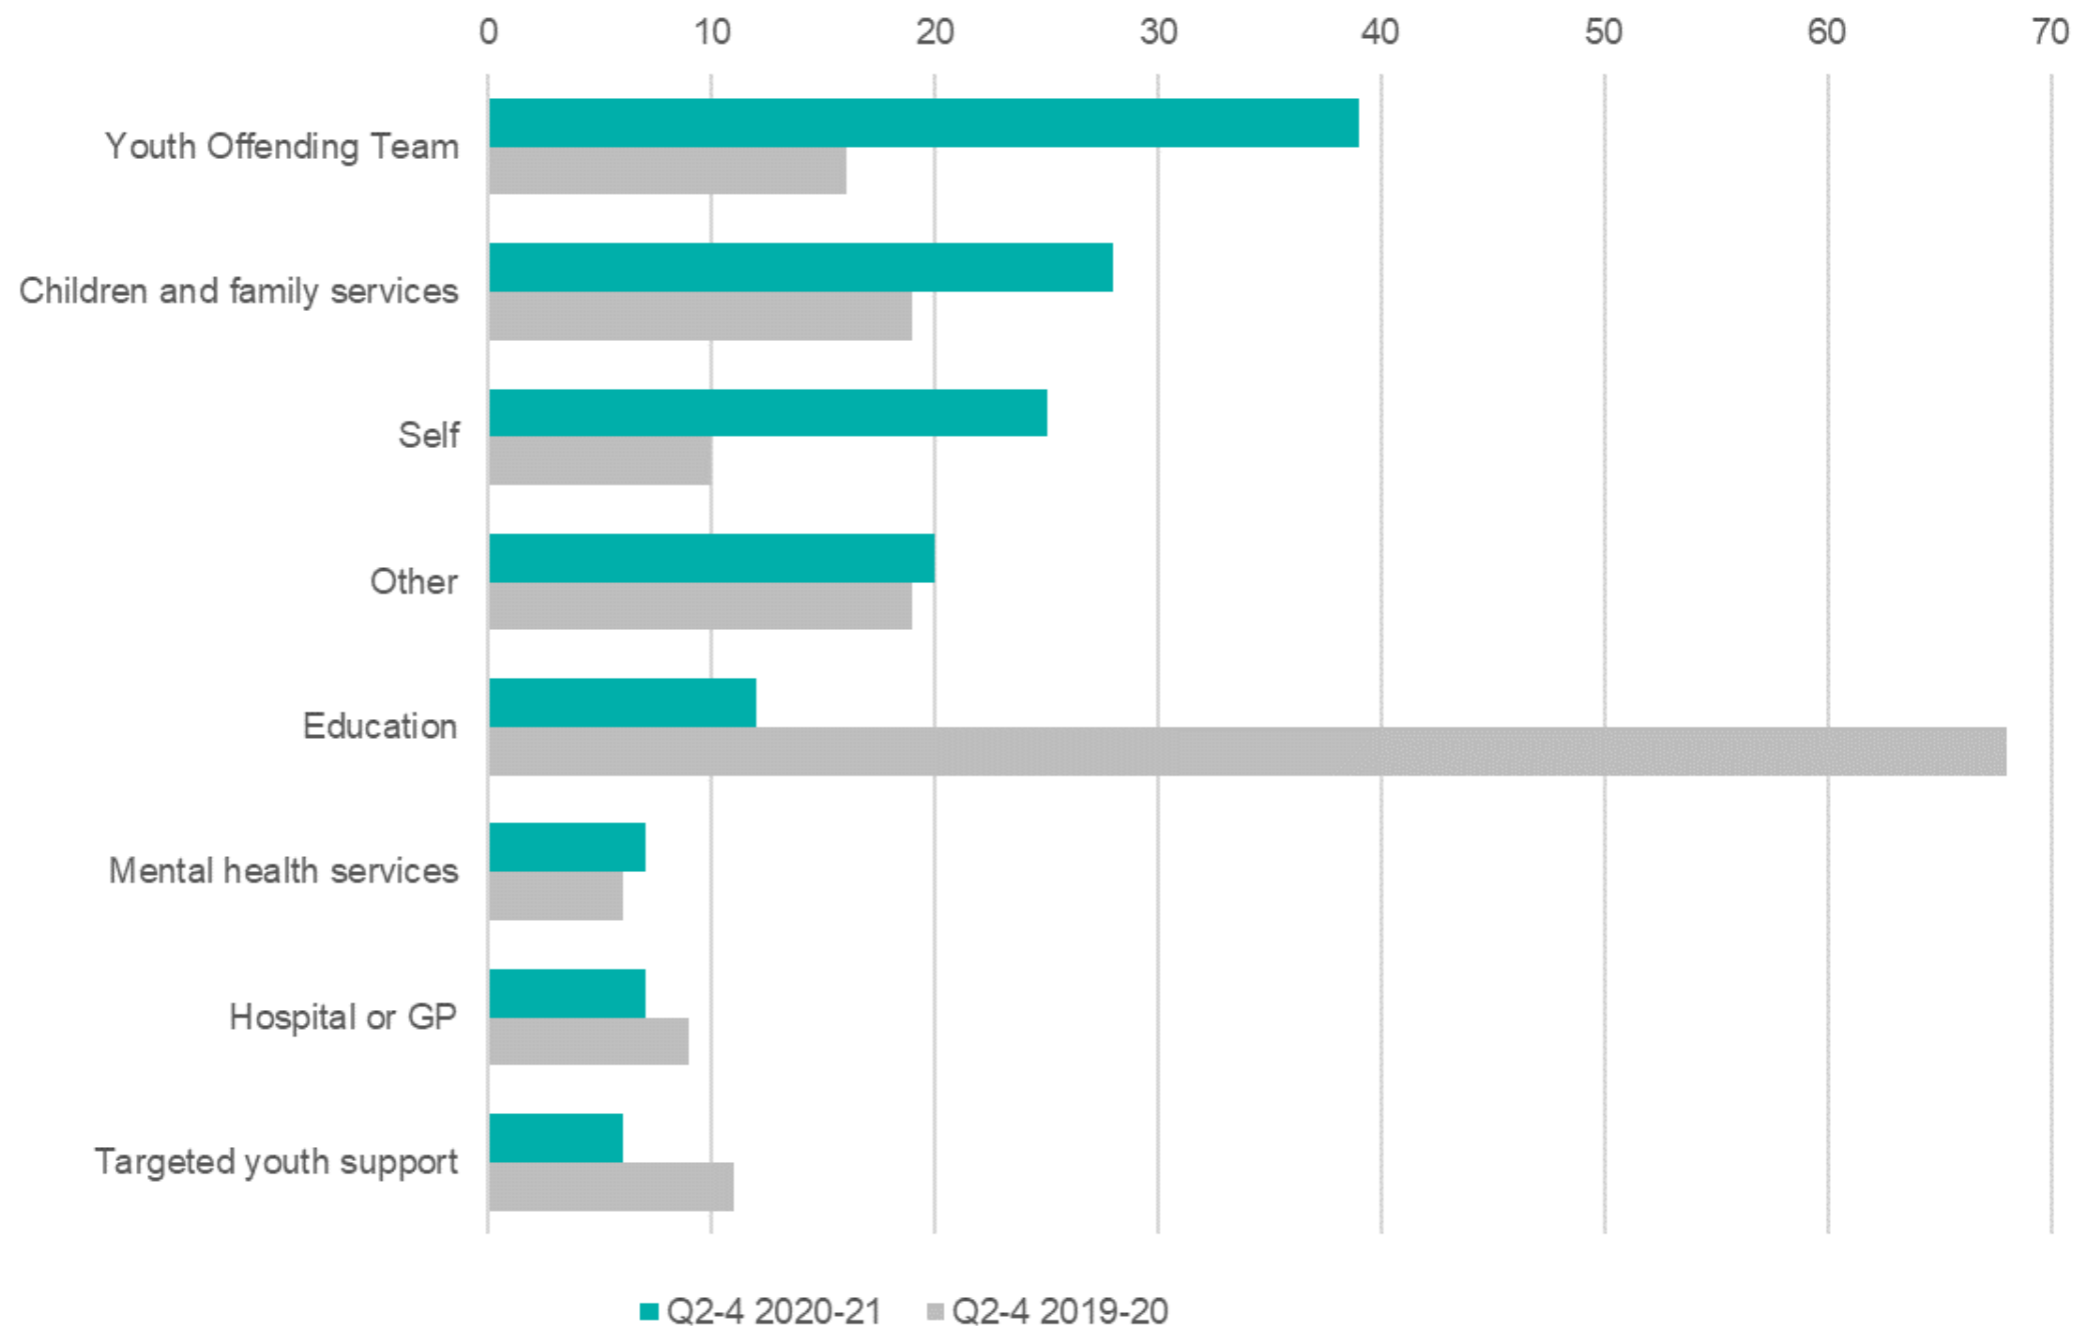

Data source: Change Grow Live case management system
