

10. Proposal to continue to fund services, previously funded from the ESG, from maintained school budget shares

1. Proposal

- 1.1 The council proposes to ask the maintained schools' representatives on the Schools Forum to agree that some services, previously funded from the Education Services Grant, should continue to be funded from the budget shares of maintained primary and secondary schools.
- 1.2 As in the previous three years, the proposal for 2022-23 is once again to charge the cost of services formerly funded from the ESG to the budgets of maintained schools. The level requested is £700k, which matches the level requested in 2021-22.
- 1.3 The services and the total amount to be funded under this proposal are set out in the table in section 2.7 below. In summary, these are:
- Statutory and regulatory duties
 - Asset management
 - Monitoring national curriculum assessments

2. Background

- 2.1 The ESG proposal is a consequence of the removal of Education Services Grant from the council. The council lost £2.8m of funding of statutory services to maintained schools, of which £300,000 related to school improvement services.
- 2.2 The Education Services Grant was additional funding given to academies and local authorities until 2016-17 for services such as school improvement, education welfare services, asset management and strategic planning.
- 2.3 The DfE has allocated funding towards school improvement functions through a special school improvement grant for the last three years.
- 2.4 The General Fund element of the ESG (£2.8m for Barnet in 2016-17) related to local authority statutory duties in respect of services to maintained schools only (community and voluntary-aided schools, not Academies or Free Schools).
- 2.5 Government guidance made clear that councils may request retention of a share of maintained school budgets to cover the loss of ESG income. The council has made such request in each of the last three years.
- 2.6 The proposal will mean that the council can continue to provide the statutory services to maintained schools without having to make further cuts to other front-line services that have

already faced significant budget reductions. The council needs to charge the proposed total amount to maintained school budgets in order to maintain a central education function. The council cannot legally stop providing these services. They all relate to statutory duties.

2.7 The following table sets out the LA responsibilities for maintained schools only and the estimated expenditure in 2021-22 and 2022-23:

3. Impact on individual school budgets

3.1 The proposal, if approved, would mean a deduction from the budgets of maintained primary and secondary schools of approximately **£23.61 per pupil** based on 2021/22 pupil numbers. The per pupil deduction rate will be finalised once pupil census numbers for 2022-23 are known.

Recommendation - Schools Forum are requested to approve the proposal for 2022-23 to charge the cost of services formerly funded from the ESG to the budgets of maintained schools, maintaining the level of £700,000.
