Road Safety & Parking Requests - Hendon

Area	Ward Cllr	Location	Request	Response	Stage
Hendon	Cllr Duschinsky	Woodcroft Ave and Bunns Lane	The need for the introduction of a crossing point around Woodcroft avenue towards Bunns lane NW7 and full junction review will have to be carried out in conjunction with the j/w Lyndhurst and j/w Graham Park Way where 2 mini roundabouts are present at the moment, and it will also require involvement with London Buses in their turning movements and route.	Highways officers reviewing costs for this Feasibility Study.	Technical Assessment - Highways
Hendon	Cllr Duschinsky	The Millway	Request for the following additional measures to be considered on Millway NW7 <ul style="list-style-type: none"> Relocate one of the existing VAS signs on Millway Introduce Slow markings and Undertake a parking review along the length of Millway also consider changing the timings of existing parking restrictions to match school pick up times outside 30 Millway NW7 Investigation on the relocation of disabled bays opposite Costa Coffee. Introduce loading restriction opposite Costa Coffee. Introduce a hatched area/Zigzag School Keep Clear road markings Busy Bee Nursery Carryout a viability study on the Introduction of a Crossing point or refuge in the area outside Busy bee nursery 30 Mill Way NW7 Introduce 20 MPH on Millway due to presence of 2 schools (following outcome of parking review 	Costing received, to be submitted for final approval once additional funding received.	Final approval for funding
Hendon	Cllr Duschinsky	Copthall School	Proposed double yellow lines along upper Page Street and some section with loading restriction Temporary suspended permit holder bays to observe if congestion and traffic problem improves Consider permanently suspended permit holder bays subject to consultation Speed survey to be carried out to determine speed and possibly install VAS signs Feasibility of 20mph speed limit with option to install speed cushions Feasibility to install enforcement camera subject to the agreement of parking enforcement team	Currently being reviewed by Officers	Technical Assessment - Highways
Hendon	Councillor Wardle	Hartland Drive	Installation of double yellow lines on the junction of Hartland Drive and Edgwarebury Lane.	Taken forward with S106 funding	Other Funding

Road Safety & Parking Requests – Hendon

Area	Ward Cllr	Location	Request	Response	
Hendon	Councillor Narenthira	Rushgrove Ave	Rushgrove Avenue speeding and HGV vehicles using residential road as cut through 7.5 access only road.	Feasibility study to include a speed survey required at a cost of £5,000	Final approval for funding allocation
Hendon	Councillor Narenthira	Saracens High School	I would like to request funding for an investigation into the option of installing a pedestrian crossing point	Feasibility study required at a cost of £8,000	Final approval for funding allocation
Hendon	Councillor Don	Rookery Way	Request for Pedestrian Crossing- Rookery Way junction of The Hyde, Highbury Road, and Rookery way NW9	<p>note this item will be addressed as part of wider scheme developments.</p> <p>This is still in the draft LIP programme we have sent to TfL just recently to seek funding for the design to progress next FY. But it is a significant signals scheme which would be timely and at a high cost</p> <p>It also has links to the A5 parallel cycle route scheme we are in the process of designing and both schemes need to be considered together. So, it has not been 'de-prioritised', and is still something we are pursuing – but it is subject to availability of funding from TfL.</p>	Other Funding
Hendon	Councillor Conway	The Greenway	Review of Parking Bays	Currently under investigation with Highways Officers	Technical Assessment - Highways
Hendon	Councillor Conway	Deansbrook Road	Deansbrook Road zebra crossing review for additional measures	Site meeting to be arranged with Councillor	Technical Assessment - Highways
Hendon	Councillor Richman	Cool Oak Lane	Traffic issues at the Cool Oak Lane intersection with the A5.	With Highways Officers, finalising costs for feasibility study	Technical Assessment - Highways

Road Safety & Parking Requests – Finchley & Golders Green

Area	Ward Cllr	Location	Request	Response	Stage
Finchley & Golders Green	Cllr Clarke	Cricklewood Lane	<p>Feasibility study to address concerns raised during Officers & Ward Member site visit including;</p> <p>Traffic speed – Cricklewood Lane between A41 to Finchley Road, in particular close to the shopping area and All Saints School</p> <p>Possible build out incorporating sustainable drainage solutions / planting which would contribute to lowering traffic speed</p> <p>Improvement to public realm</p>	<p>During the site visit various options were discussed including the requirement of a feasibility study to determine the most suitable solution for this location. To also include a speed survey. £7,500 which will include the section between A41 to Finchley Road. Additional £200k of Road Safety funding agreed at P&R in December.</p>	Final allocation
Finchley & Golders Green	Cllr Marshall	Kingsley Way	<p>This location has been raised a number of times through F&GG Resident Forum and to Ward Members. There was also an accident at this location more recently.</p> <p>To request that Engineers undertake a Feasibility Study to investigate the possible location for the uncontrolled crossing point (dropped kerbs and tactile paving) near the entrance to both parks along with 'SLOW' road markings, also carry out a speed survey to identify the traffic speeds on the approaches to the park entrances, so they can understand if speeding is an issue on this road.</p>	<p>Following conversations with Engineers and Jackie Staples, it is suggested that a study may be undertaken to review the concerns raised at this location. The cost for a Feasibility Study would be £5,000. Additional £200k of Road Safety funding agreed at P&R in December.</p>	Final allocation
Finchley & Golders Green	Cllr Mittra	Fairlawn Ave	<p>Officers met with Ward Members onsite having received concerns from residents, during the visit it was identified that there were possible solutions that would require a wider feasibility study. The study will be used for Engineers to provide an update to Ward Members / Committee on their thought around how this location can be improved. The feasibility cost should be raised for £15,000 to review the points below including other options as identified by Engineers</p>	<p>During the site visit it Officers noted that a feasibility study was required to find a suitable solution. Additional £200k of Road Safety funding agreed at P&R in December.</p>	Final allocation
